No discretionary contributions were made for the years ended December 31, 2018 and 2017.

Participant Accounts

Each participant account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts

Forfeiture balances attributed to the Company's matching and discretionary contributions can be applied to pay expenses under the Plan. Forfeitures not used to pay expenses shall be applied to reduce future Company contributions.

A. Description of the Plan – continued

Discretionary contributions for those participants and earnings or losses thereon vest in accordance with the following schedule:

Number of Completed Years of Service	Vesting Percentage
1 year	33%

A. Description of the Plan – continued

Investment Options

Upon enrollment in the Plan, a participant may direct his or her salary deferrals and any employer contributions into a variety of investment options, which vary in degree of risk. Participants may change their investment options daily.

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of $1,000 and a maximum equal to the lesser of $50,000 or 50% of their vested account balances. Loans are available to all participants. Loan transactions are treated as a transfer to (from) the investment fund (to) from notes receivable from participants. Loan terms range from one to five years or up to fifteen years for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest. The interest rate must be one that a bank or other professional lender would charge for a note in a similar circumstance. At December 31, 2018 and 2017, interest rates ranged from 4.25% to 5.75% and 4.25% to 5.25%, respectively. Principal and interest are paid ratably through payroll deductions, which provides for payments to be made not less frequently than quarterly.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or termination of employment, a participant or designated beneficiary is entitled to receive in a lump sum the value of the participant's vested interest in his or her account as defined by the Plan. Payment shall be made as soon as practicable following the participant's normal retirement date, disability, termination of employment, or death, as the case may be. Payment of benefits to participants with balances less than $5,000 will be made in a mandatory lump-sum distribution.

As of December 31, 2018 and 2017, there were no unpaid benefit payment requests.

Certain in-service withdrawals are allowed. A participant may also elect to withdraw all or a portion of his or her vested account balance while employed after reaching age 59 ½. A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of medical expenses incurred by the participant, his or her spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of tuition, related educational fees, and room and board expenses for the next twelve months of post-secondary education; (4) needed to prevent eviction of the participant from his or her principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) for burial or funeral expenses of the participant's deceased parent, spouse, or dependents; or (6) for the repair of damage to the participant's principal residence that would qualify for casualty deduction under the Internal Revenue Code (the "Code"). Upon receipt of a hardship distribution, the participant may not make any elective deferrals for at least six months.

A. Description of the Plan – continued

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. To the extent possible, Plan administrative costs are paid by any available forfeitures. Any remaining expenses will be paid by the Company. The Company paid $28,182 and $39,215 for administrative and accounting fees on behalf of the Plan during the years ended December 31, 2018 and 2017, respectively. Under the terms of the Plan, the Plan is not responsible for reimbursing the Company for any fees paid by the Company. These administrative expenses are not reflected in the accompanying financial statements.

Transfer In

Assets transferred into the Plan as a result of the merger during the year ended December 31, 2018, totaled approximately $1,524,000.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year-end. Purchases and sales of investments are reflected on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

B. Summary of Significant Accounting Policies – continued

Contributions

Contributions from the participants and the Company are accrued in the period in which they are earned in accordance with salary deferral agreements and become obligations of the Company, as determined by the Plan Administrator.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. For the years ended December 31, 2018 and 2017, there were no significant transfers between levels. The three levels defined in GAAP are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

C. Fair Value Measurements – continued

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- Mutual funds are valued at the published per share net asset value ("NAV") of shares held by the Plan and are classified within Level 1 of the valuation hierarchy.

- The common collective trust fund is a stable value fund and is composed mostly of fully benefit-responsive investment contracts that are valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

There have been no changes in the methodologies used at December 31, 2018 and 2017. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2018 and 2017. The Plan has no assets classified within Level 2 or Level 3 of the valuation hierarchy.

	2018	
	Level 1	**Total**
Mutual funds	$23,699,644	$23,699,644
Total investments in the fair value hierarchy	$23,699,644	23,699,644
Investments measured at NAV[(a)]		3,358,656
Total investments at fair value		$27,058,300

	2017	
	Level 1	**Total**
Mutual funds	$23,594,942	$23,594,942
Total investments in the fair value hierarchy	$23,594,942	23,594,942
Investments measured at NAV[(a)]		2,926,720
Total investments at fair value		$26,521,662

(a) In accordance with GAAP, the common collective trust fund that was measured at NAV per share (or its equivalent) has not been classified in the fair value hierarchy.

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the years ended December 31, 2018 and 2017, there were no significant transfers between levels.

C. Fair Value Measurements – continued

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2018 and 2017, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Stable value collective trust fund	$ 3,358,656	N/A	Daily	12 months

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Stable value collective trust fund	$ 2,926,720	N/A	Daily	12 months

D. Information Certified by the Trustee

The Plan Administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator limited auditing procedures with respect to the investment information certified by the trustee, which included total investments as of December 31, 2018 and 2017, net realized and unrealized gains on investments and interest and dividend income, and all information included in the accompanying supplemental schedule Form 5500, Schedule H, line 4i – Schedule of Assets (Held at End of Year).

E. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their entire account balances.

F. Tax Status

The Plan utilizes a prototype document sponsored by Great-West. Great-West received a favorable opinion letter dated March 31, 2014, that states the Plan is qualified under Section 401(a) of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

G. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in mutual funds and a common collective trust fund managed by Great-West. Great-West acts as trustee for only those investments as defined by the Plan. Transactions in such investments, as well as loans made to the participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

H. Subsequent Events

In preparing the accompanying financial statements, management of the Plan has evaluated all subsequent events and transactions for potential recognition or disclosure through September 10, 2019, the date the financial statements were available for issuance.
