NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Rockwell Architecture, Planning & Design, P.C. 401(k) Savings Plan (the "Plan") is provided for general information only. Participants should refer to the plan document for a more complete description of the Plan's provision.

(a) General

The Plan is a defined contribution plan covering all full-time employees of Rockwell Architecture, Planning & Design, P.C., Rockwell Group, LLC, and Imagination Playground, LLC (collectively, the "Company" or "Plan Sponsor"), who are 21 years of age and have three months of eligible service. Imagination Playground, LLC was sold in October 2018. The company had one employee whose balance remains in the Plan, but the employee is no longer eligible to contribute into the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Participants may contribute up to 100% of their salary on a tax-deferred basis, but no more than the amount permitted by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. In addition, the Company can make discretionary matching contributions. For the year ended December 31, 2018, the Company made discretionary matching contributions in the amount of $247,699.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, known as rollovers.

The Company may make what is referred to as Qualified Nonelective Employer Contributions (i.e., employer contributions) which are designed to help the Plan satisfy certain nondiscrimination requirements. No such contributions were made during 2018. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

(c) Participants' Accounts

An individual participant's account is comprised of the participant's elective deferred contributions, including rollovers, the employer's matching contributions, applicable fund earnings, an allocation of administrative expenses, and unrealized fair market value adjustments. Unrealized fair market value adjustments are based on quoted market prices as of the last business day of each year. Allocations are based on participant earnings or account balances, as defined. The ultimate benefit to be received by a participant depends on the aggregate amount contributed to each participant's account over the years and the investment earnings allocated to his or her account.

(d) Vesting

Participants are always 100% vested in their voluntary contributions and rollovers from another qualified plan, plus actual earnings thereon.

(continued)

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Participants become vested in the Plan Sponsor's contributions after five years of continuous service with the Plan Sponsor, based on a graded schedule. Upon termination of employment, the nonvested portion, if any, of a participant's company matching contribution account shall be forfeited. Any forfeitures may be used to pay the Plan's administrative expenses and to reduce the Company's future matching contributions. At December 31, 2018 and 2017, the nonvested forfeiture account totaled $54,056 and $39,127, respectively. For the year ended December 31, 2018, $10,829 of forfeitures was used to reduce employer contributions.

(e) Investment Options

The plan administrator determines and approves investment options set up for the Plan. Upon enrollment in the Plan, a participant can direct contributions into various investment options offered by the Plan. The Plan's record keeping service agreement is with The Vanguard Group, Inc., which subcontracts the performance of these services to Ascensus, LLC, the Plan's record keeper. Ascensus, LLC also acts as agent for the Plan's trustee, Ascensus Trust Company. Ascensus Trust Company invests the monies according to participant directions.

(f) Payment of Benefits

Distributions of plan benefits, as defined, are permitted upon the earlier of retirement, death, disability, separation of service with the Plan Sponsor, or attainment of age 59-1/2. Benefits are recorded when paid.

Withdrawals are also available in certain hardship situations and through in-service withdrawals (nonhardship), as defined by the plan document.

(g) Notes Receivable from Participants

The loans are secured by the balance in the participants' accounts and bear interest at a fixed rate that was equal to the prime rate (as specified in the Wall Street Journal), plus one percentage point. For the year ended December 31, 2018, the interest rates on existing loans range from 4.25% to 6.25% per annum. Loan repayments must be made biweekly, over a period not to exceed five years, except when the loan is used for the purchase of a primary residence, in which case the repayment term may not exceed 30 years. The minimum amount that can be borrowed is $1,000 and the maximum amount is the lesser of 50% of a participant's vested account balance or $50,000, reduced by the participant's highest outstanding loan balance during the prior 12-month period. Up to 50% of the participant's vested balance may be used as collateral for the loan.

(continued)

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

(h) Administrative Expenses

The Plan is administered by the Company. Administrative expenses are paid by the Plan and the Company, as provided by the plan document. Expenses that are paid by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits.

(i) Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

(b) Investments

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend rate. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year. The collective investment trusts' fair value is estimated by using net asset value (NAV) as a practical expedient. This is based on information reported by the Trustee, using the audited financial statements of the collective investment trusts at year-end. See Note 3 for discussion of fair value measurements.

(c) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

(continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(d) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(e) Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update 2018-13, "Fair Value Measurement - Disclosure Framework (Topic 820)." The updated guidance improves the disclosure requirements on fair value measurements. The updated guidance is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. The Plan is currently assessing the timing and impact of adopting the updated provisions.

(f) Subsequent Events

The Plan has evaluated subsequent events after December 31, 2018 through October 7, 2019, the date that the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

- Level 1 - Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 - Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 - Unobservable inputs supported by little or no market activity for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determinant for fair value requires significant management judgment or estimation.

(continued)

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017:

- Mutual funds - Valued at the closing price reported in the active market in which the individual security is traded.
- Common collective trust - A trust with an underlying investment in a fully benefit responsive guaranteed investment contract that is valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The following tables summarize the Plan's investments at fair value as of December 31, 2018 and 2017 based on the inputs used to value them:

	Fair Value as of December 31, 2018			
Type of Security	Level 1	Level 2	Level 3	Total
Mutual funds	$ 13,300,812	$ -	$ -	$ 13,300,812
Total assets in fair value hierarchy	$ 13,300,812	$ -	$ -	13,300,812
Investments measured at NAV				1,698,879
				$ 14,999,691

	Fair Value as of December 31, 2017			
Type of Security	Level 1	Level 2	Level 3	Total
Mutual funds	$ 14,157,335	$ -	$ -	$ 14,157,335
Total assets in fair value hierarchy	$ 14,157,335	$ -	$ -	14,157,335
Investments measured at NAV				1,641,464
				$ 15,798,799

In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(continued)

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no transfers between levels 1 and 2 during the years ended December 31, 2018 and 2017.

Investment Measured Using the NAV per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2018 and 2017. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

	December 31, 2018			
Type of Security	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust - Wilmington Trust Retirement and Institutional Services Company Collective Investment Trust III for MetLife Group Annuity Contract No. 25554, Class J	$1,698,879	N/A	Daily	Daily

	December 31, 2017			
Type of Security	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust - Wilmington Trust Retirement and Institutional Services Company Collective Investment Trust III for MetLife Group Annuity Contract No. 25554, Class J	$1,641,464	N/A	Daily	Daily

The MetLife Group Annuity Contract simulates the performance of a guaranteed interest contract through the guarantee of a specific interest rate and a portfolio of financial instruments that are owned by MetLife.

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - INVESTMENTS

The following unaudited information was obtained from data that has been prepared and certified to be complete and accurate by the Plan's record keeper, Ascensus, LLC, as agent for the trustee, Ascensus Trust Company.

Information contained in the statements of net assets available for benefits for investments at fair value, as determined by quoted market price as of December 31, 2018 and 2017, consisted of the following:

	2018	2017
Investments - at fair value:		
Mutual funds	$ 13,300,812	$ 14,157,335
Common collective trust	1,698,879	1,641,464
	$ 14,999,691	$ 15,798,799

During the year ended December 31, 2018, the Plan's investments (including investments bought, sold, and held during the year) depreciated in fair value by $1,121,001.

During the year ended December 31, 2018, the Plan received interest and dividend income of $280,762.

NOTE 5 - RELATED PARTY TRANSACTIONS

The Plan's record keeping service agreement is with The Vanguard Group, Inc., which subcontracts the performance of these services to the Plan's trustee, Ascensus Trust Company. Certain plan investments are shares of Vanguard mutual funds. As the Plan's record keeping service agreement is with The Vanguard Group, Inc., transactions with these mutual funds qualify as party-in-interest transactions. Fees paid by the Plan to Vanguard for record keeping services amounted to $17,845 for the year ended December 31, 2018. Fees paid by the Plan to Ascensus Trust for investment management services amounted to $40,972 for the year ended December 31, 2018.

NOTE 6 - INCOME TAX STATUS

The underlying standardized prototype plan has received an opinion letter from the IRS, dated January 1, 2018, stating that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Rockwell Architecture, Planning & Design, P.C. 401(k) Savings Plan (the "Plan") is provided for general information only. Participants should refer to the plan document for a more complete description of the Plan's provision.

(a) General

The Plan is a defined contribution plan covering all full-time employees of Rockwell Architecture, Planning & Design, P.C., Rockwell Group, LLC, and Imagination Playground, LLC (collectively, the "Company" or "Plan Sponsor"), who are 21 years of age and have three months of eligible service. Imagination Playground, LLC was sold in October 2018. The company had one employee whose balance remains in the Plan, but the employee is no longer eligible to contribute into the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Participants may contribute up to 100% of their salary on a tax-deferred basis, but no more than the amount permitted by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. In addition, the Company can make discretionary matching contributions. For the year ended December 31, 2018, the Company made discretionary matching contributions in the amount of $247,699.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, known as rollovers.

The Company may make what is referred to as Qualified Nonelective Employer Contributions (i.e., employer contributions) which are designed to help the Plan satisfy certain nondiscrimination requirements. No such contributions were made during 2018. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

(c) Participants' Accounts

An individual participant's account is comprised of the participant's elective deferred contributions, including rollovers, the employer's matching contributions, applicable fund earnings, an allocation of administrative expenses, and unrealized fair market value adjustments. Unrealized fair market value adjustments are based on quoted market prices as of the last business day of each year. Allocations are based on participant earnings or account balances, as defined. The ultimate benefit to be received by a participant depends on the aggregate amount contributed to each participant's account over the years and the investment earnings allocated to his or her account.

(d) Vesting

Participants are always 100% vested in their voluntary contributions and rollovers from another qualified plan, plus actual earnings thereon.

(continued)

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Participants become vested in the Plan Sponsor's contributions after five years of continuous service with the Plan Sponsor, based on a graded schedule. Upon termination of employment, the nonvested portion, if any, of a participant's company matching contribution account shall be forfeited. Any forfeitures may be used to pay the Plan's administrative expenses and to reduce the Company's future matching contributions. At December 31, 2018 and 2017, the nonvested forfeiture account totaled $54,056 and $39,127, respectively. For the year ended December 31, 2018, $10,829 of forfeitures was used to reduce employer contributions.

(e) Investment Options

The plan administrator determines and approves investment options set up for the Plan. Upon enrollment in the Plan, a participant can direct contributions into various investment options offered by the Plan. The Plan's record keeping service agreement is with The Vanguard Group, Inc., which subcontracts the performance of these services to Ascensus, LLC, the Plan's record keeper. Ascensus, LLC also acts as agent for the Plan's trustee, Ascensus Trust Company. Ascensus Trust Company invests the monies according to participant directions.

(f) Payment of Benefits

Distributions of plan benefits, as defined, are permitted upon the earlier of retirement, death, disability, separation of service with the Plan Sponsor, or attainment of age 59-1/2. Benefits are recorded when paid.

Withdrawals are also available in certain hardship situations and through in-service withdrawals (nonhardship), as defined by the plan document.

(g) Notes Receivable from Participants

The loans are secured by the balance in the participants' accounts and bear interest at a fixed rate that was equal to the prime rate (as specified in the Wall Street Journal), plus one percentage point. For the year ended December 31, 2018, the interest rates on existing loans range from 4.25% to 6.25% per annum. Loan repayments must be made biweekly, over a period not to exceed five years, except when the loan is used for the purchase of a primary residence, in which case the repayment term may not exceed 30 years. The minimum amount that can be borrowed is $1,000 and the maximum amount is the lesser of 50% of a participant's vested account balance or $50,000, reduced by the participant's highest outstanding loan balance during the prior 12-month period. Up to 50% of the participant's vested balance may be used as collateral for the loan.

(continued)

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

(h) Administrative Expenses

The Plan is administered by the Company. Administrative expenses are paid by the Plan and the Company, as provided by the plan document. Expenses that are paid by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits.

(i) Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

(b) Investments

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend rate. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year. The collective investment trusts' fair value is estimated by using net asset value (NAV) as a practical expedient. This is based on information reported by the Trustee, using the audited financial statements of the collective investment trusts at year-end. See Note 3 for discussion of fair value measurements.

(c) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

(continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(d) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(e) Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update 2018-13, "Fair Value Measurement - Disclosure Framework (Topic 820)." The updated guidance improves the disclosure requirements on fair value measurements. The updated guidance is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. The Plan is currently assessing the timing and impact of adopting the updated provisions.

(f) Subsequent Events

The Plan has evaluated subsequent events after December 31, 2018 through October 7, 2019, the date that the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

- Level 1 - Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 - Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 - Unobservable inputs supported by little or no market activity for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determinant for fair value requires significant management judgment or estimation.

(continued)

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017:

- Mutual funds - Valued at the closing price reported in the active market in which the individual security is traded.
- Common collective trust - A trust with an underlying investment in a fully benefit responsive guaranteed investment contract that is valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The following tables summarize the Plan's investments at fair value as of December 31, 2018 and 2017 based on the inputs used to value them:

	Fair Value as of December 31, 2018			
Type of Security	Level 1	Level 2	Level 3	Total
Mutual funds	$ 13,300,812	$ -	$ -	$ 13,300,812
Total assets in fair value hierarchy	$ 13,300,812	$ -	$ -	13,300,812
Investments measured at NAV				1,698,879
				$ 14,999,691

	Fair Value as of December 31, 2017			
Type of Security	Level 1	Level 2	Level 3	Total
Mutual funds	$ 14,157,335	$ -	$ -	$ 14,157,335
Total assets in fair value hierarchy	$ 14,157,335	$ -	$ -	14,157,335
Investments measured at NAV				1,641,464
				$ 15,798,799

In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(continued)

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no transfers between levels 1 and 2 during the years ended December 31, 2018 and 2017.

Investment Measured Using the NAV per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2018 and 2017. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

	December 31, 2018			
Type of Security	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust - Wilmington Trust Retirement and Institutional Services Company Collective Investment Trust III for MetLife Group Annuity Contract No. 25554, Class J	$1,698,879	N/A	Daily	Daily

	December 31, 2017			
Type of Security	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust - Wilmington Trust Retirement and Institutional Services Company Collective Investment Trust III for MetLife Group Annuity Contract No. 25554, Class J	$1,641,464	N/A	Daily	Daily

The MetLife Group Annuity Contract simulates the performance of a guaranteed interest contract through the guarantee of a specific interest rate and a portfolio of financial instruments that are owned by MetLife.

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - INVESTMENTS

The following unaudited information was obtained from data that has been prepared and certified to be complete and accurate by the Plan's record keeper, Ascensus, LLC, as agent for the trustee, Ascensus Trust Company.

Information contained in the statements of net assets available for benefits for investments at fair value, as determined by quoted market price as of December 31, 2018 and 2017, consisted of the following:

	2018	2017
Investments - at fair value:		
Mutual funds	$ 13,300,812	$ 14,157,335
Common collective trust	1,698,879	1,641,464
	$ 14,999,691	$ 15,798,799

During the year ended December 31, 2018, the Plan's investments (including investments bought, sold, and held during the year) depreciated in fair value by $1,121,001.

During the year ended December 31, 2018, the Plan received interest and dividend income of $280,762.

NOTE 5 - RELATED PARTY TRANSACTIONS

The Plan's record keeping service agreement is with The Vanguard Group, Inc., which subcontracts the performance of these services to the Plan's trustee, Ascensus Trust Company. Certain plan investments are shares of Vanguard mutual funds. As the Plan's record keeping service agreement is with The Vanguard Group, Inc., transactions with these mutual funds qualify as party-in-interest transactions. Fees paid by the Plan to Vanguard for record keeping services amounted to $17,845 for the year ended December 31, 2018. Fees paid by the Plan to Ascensus Trust for investment management services amounted to $40,972 for the year ended December 31, 2018.

NOTE 6 - INCOME TAX STATUS

The underlying standardized prototype plan has received an opinion letter from the IRS, dated January 1, 2018, stating that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
