BOGLE VINEYARDS, INC. 401(K) RETIREMENT PLAN

Notes to Financial Statements
December 31, 2018

NOTE 1 DESCRIPTION OF PLAN

The following description of the Bogle Vineyards, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering non-union employees of Bogle Vineyards, Inc. (the Company) who are age 18 and older. The Plan excludes non-resident aliens and seasonal and temporary employees who work under 1,000 hours in a calendar year. Part-time employees whose regularly scheduled service is less than 500 hours of service are eligible to participate but are not eligible for employer matching or profit sharing contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA). All investments are participant directed. The Plan is administered by the employer. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 100% of compensation, as defined in the Plan, and may make pre-tax or Roth (after-tax) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective January 1, 2018, the Plan was amended to provide for automatic escalation of participant deferral amounts by 1% per year to a maximum of 10% of compensation.

The Company may make an employer match or profit sharing contribution to the Plan at the option of the Company's Board of Directors. Matching contributions are equal to 50% of participant deferrals, to a maximum of 4% of compensation. Company contributions are funded after each payroll. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Employer match and profit sharing contributions vest over three years as follows: one year, 20%, two years, 50%, three years, 100%.

NOTE 1 DESCRIPTION OF PLAN – CONTINUED

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1% above the prime rate. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a period up to assumed life expectancy. For hardship withdrawals, a participant may receive the value of the interest in his or her account as a lump-sum distribution. The Plan was amended effective July 1, 2018, to provide involuntary cash-outs upon termination of employment for balances of $5,000 or less.

Forfeitures

Forfeitures are used to reduce employer contributions or to pay administrative expenses. Current year forfeitures amounted to $0, and forfeitures available to reduce future contributions amounted to $1,874 as of December 31, 2018.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Accordingly, income is recorded when received rather than when earned, and expenses are recorded when paid rather than when the obligation is incurred.

Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value as reported to the Plan by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Investment Valuation and Income Recognition – Continued

Purchases and sales of securities are recorded on a settlement-date basis. Interest and dividends are recorded when received. Net appreciation (depreciation) includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the modified cash basis. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

Management has evaluated subsequent events through the date the financial statements were available to be issued, which was October 9, 2019.

NOTE 3 FAIR VALUE MEASUREMENTS

The framework for measuring fair value prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

NOTE 3 FAIR VALUE MEASUREMENTS – CONTINUED

The three levels of fair value hierarchy are described as follows:

Level 1: Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable, inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017.

NOTE 3 FAIR VALUE MEASUREMENTS – CONTINUED

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Mutual funds	$10,166,494	$ -	$ -	$10,166,494
Total assets at fair value	$10,166,494	$ -	$ -	$10,166,494

Assets at Fair Value as of December 31, 2017

	Level 1	Level 2	Level 3	Total
Mutual funds:	$10,373,738	$ -	$ -	$10,373,738
Total assets at fair value	$10,373,738	$ -	$ -	$10,373,738

NOTE 4 CERTIFIED INVESTMENTS

Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net appreciation (depreciation) in fair value of investments, interest and dividends for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company (the trustee of the Plan).

NOTE 5 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 TAX STATUS

The Plan has adopted a prototype plan designed by Boston Financial Data Services. The Internal Revenue Service has determined by a letter dated June 1, 2015, that the prototype Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The plan administrator believes there are no uncertain tax positions requiring disclosure in the financial statements.

NOTE 7 RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment companies managed by T. Rowe Price. T. Rowe Price is also the record keeper as defined by the plan. Therefore, these transactions qualify as party-in-interest transactions. In addition, other income was received from T. Rowe Price, and administrative expenses paid to service providers are party-in-interest transactions.

NOTE 8 CONTINGENCIES, RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 OPERATIONAL DEFECTS

During the years ended December 31, 2018 and 2017, certain of the Plan's provisions were not properly applied in the daily operation of the Plan. During the year ended December 31, 2018, the Plan sponsor deposited $405 for a 2017 missed match for one participant to make the affected participant and the Plan whole, including interest. Subsequent to year end, an additional $9,708 was deposited for 2018 to correct missed auto escalations for certain participants and to make a QNEC to correct discrimination testing failures. Additionally, one participant in 2018 was matched when not eligible for a match in the amount of $2,272; the match was removed subsequent to year end.
