NOTES TO FINANCIAL STATEMENTS

DEIORIO FOODS, INC. 401(k) PLAN

December 31, 2018 and 2017

NOTE A--DESCRIPTION OF THE PLAN

The following description of the DeIorio Foods, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of DeIorio Foods, Inc. (the Company/Plan Sponsor). An eligible employee's participation in the elective deferral, employer safe harbor and employer discretionary profit sharing contribution features of the Plan is on the first day of the calendar month coincident with or next following the date the employee attains age twenty-one and completes one year of service, as defined by the Plan. The Plan is subject to the provisions of ERISA. The Plan Administrator is responsible for oversight of the Plan and with assistance of the Plan's investment advisor, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions: Each year, participants may contribute tax-deferred and after-tax Roth dollars through a payroll deduction equal to the lesser of 90% of eligible compensation (elective deferral contributions) or $18,500 and $18,000 into the Plan for 2018 and 2017, respectively. Contributions are subject to certain limitations determined by the Internal Revenue Service (IRS). Additionally, if a participant has or is projected to attain age 50 before the end of the Plan year, that participant may make "catch-up" contributions as determined by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants who do not elect their own deferral rate or investment option have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a default investment fund selected by the Company. The Plan also includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the safe harbor feature of the Plan. The Company makes safe harbor contributions in an amount no less than 3% of a participant's compensation and the participant's safe harbor contributions are invested in a designated balanced fund until changed by the participant. During 2018 and 2017, the Company made safe harbor contributions totaling $213,130 and $211,515, respectively.

Additional discretionary profit sharing contributions may also be made at the option of the Company. Such employer profit sharing contributions are allocated to individual accounts of qualifying participants in the ratio that each qualifying participant's compensation for the Plan year bears to the total compensation of all qualifying participants for the Plan year. There were no discretionary profit sharing contributions made by the Company to the Plan in 2018 and 2017. Contributions are subject to certain individual account and aggregate Plan limitations.

NOTE A--DESCRIPTION OF THE PLAN--Continued

Participant Accounts: Each participant's account is credited with the elective deferral, employer safe harbor and discretionary profit sharing contributions as well as Plan earnings and losses and loan activity. Plan earnings and losses are allocated based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions and the Company's safe harbor and discretionary profit sharing contribution portions of their accounts plus actual earnings or losses thereon.

Receivables--Notes From Participants: Participants may borrow from their vested accounts a minimum of $500 with the maximum amount being the lesser of 50% of the vested account balance or $50,000 reduced by the highest outstanding loan balance at any time in the preceding year. Loan terms are up to five years, unless the loan is for the purpose of acquiring a principal residence then a reasonable timeframe will be determined at the time the loan is made but no more than thirty years. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 2%. Participants are permitted to have no more than two loans outstanding at a time. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits: Upon termination of service due to retirement, death, termination of employment, proven hardship or disability, a participant or their beneficiary may elect to receive a lump-sum cash distribution equal to the value of the participant's vested interest in his or her account or a series of substantially equal installments over a period of not more than a participant's or beneficiary's life expectancy. For termination of service for other reasons, a participant will receive a lump sum distribution of their vested account balance. If a participant's vested account balance is between $1,000 and $5,000, and the participant fails to make a distribution election, a lump-sum amount will be rolled over to an individual retirement account without their consent. If a participant's vested account balance is $1,000 or less, and the participant fails to make a distribution election, a lump-sum amount will be paid to the participant without their consent.

NOTE B--SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE B--SIGNIFICANT ACCOUNTING POLICIES--Continued

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and custodian. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Receivables--Notes From Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Recent Accounting Pronouncement: During 2017, the Plan adopted Accounting Standards Update (ASU) No. 2015-07, "Fair Value Measurement" (Topic 820): "Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)". The amendments in the ASU remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of net assets available for benefits. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The standard was adopted retrospectively and had no impact on the statements of net assets available for benefits or statements of changes in net assets available for benefits.

NOTE B--SIGNIFICANT ACCOUNTING POLICIES--Continued

Events Occurring After Reporting Date: Plan management has evaluated events and transactions that occurred between December 31, 2018 and October 9, 2019, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements. There were no such events or transactions identified by Plan management.

NOTE C--INFORMATION CERTIFIED AND PROVIDED BY CUSTODIANS (UNAUDITED)

The following is a summary of the Plan's asset information as of and for the years ended December 31, 2018 and 2017, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from the information provided by the custodians and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian, that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule relating to the following assets:

	2018	2017
Participant directed investments, at fair value:		
Shares in registered investment companies	$ 2,766,032	$ 3,401,773
Collective trust fund	11,179	12,036
Receivables--notes from participants	167,725	98,142
Total participant directed investments, at fair value	$ 2,944,936	$ 3,511,951

The custodians also certified to the completeness and accuracy of $(375,362) and $377,323 of net (depreciation) appreciation in the fair value of investments, $221,009 and $125,489 of dividends and $7,394 and $4,381 of interest income on receivables--notes from participants for the years ended December 31, 2018 and 2017, respectively.

NOTE D--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) Topic 820, "Fair Value Measurements and Disclosures", are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Registered investment companies: Valued at the daily closing price as reported by the registered investment companies. The registered investment companies are open-ended and are registered with the Securities and Exchange Commission. Registered investment companies are required to publish their daily net asset value and transact at that price. The shares held in registered investment companies are deemed to be actively traded.

NOTE D--FAIR VALUE MEASUREMENTS--Continued

Collective trust fund: Valued at the net asset value (NAV) of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the trustee reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by Level, within the fair value hierarchy, the Plan's investments at fair value, as of December 31:

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Shares in registered investment companies	$2,766,032	$-0-	$-0-	$2,766,032
Collective trust fund[(a)]				11,179
Total investments at fair value				$2,777,211

	December 31, 2017			
	Level 1	Level 2	Level 3	Total
Shares in registered investment companies	$3,401,773	$-0-	$-0-	$3,401,773
Collective trust fund[(a)]				12,036
Total investments at fair value				$3,413,809

(a) In accordance with FASB ASC Topic 820-10, the collective and common trust funds, which are measured at NAV per share (or its equivalent) are not classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE D--FAIR VALUE MEASUREMENTS--Continued

The following table summarizes the investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2018 and 2017. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Participant Redemption Frequency (if currently eligible)	Plan Redemption Notice Period
		December 31, 2018		
Collective trust	$ 11,179	N/A	Daily	24 months[(b)]
		December 31, 2017		
Collective trust	$ 12,036	N/A	Daily	24 months[(b)]

[(b)] 12 months effective May 1, 2018.

NOTE E--RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

The Plan issues loans to participants, which are secured by the balances in the participants' accounts. Therefore, related transactions qualify as party in interest transactions. All other transactions which may be considered parties in interest transactions relate to normal Plan management and administrative services, and the related payment of fees.

Fees paid by the Plan to the custodians of the Plan for participant recordkeeping and investment services amounted to $22,986 and $13,870 for the Plan years ended December 31, 2018 and 2017, respectively. Administrative expenses for recordkeeping and auditing services are provided by parties in interest and are paid directly by the Plan Sponsor.

Automatic Data Processing (ADP) provides certain administrative services to the Plan pursuant to a Service and Expense Agreement between the Plan Sponsor and ADP. ADP receives revenue from the investment service providers for services ADP provides to the investment funds. This revenue is used to offset certain amounts owed to ADP for its administrative services to the Plan.

NOTE F--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants maintain their 100% nonforfeitable interest in their account balances.

NOTE G--TAX STATUS

The Plan adopted a non-standardized form of prototype plan sponsored by ADP, Inc. The IRS has determined and informed the prototype plan sponsor by a letter dated July 8, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, the Plan continues to qualify and the related trust continues to be tax-exempt as of December 31, 2018. Therefore, no provision for income taxes has been included in the Plan's 2018 financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE H--RISKS AND UNCERTAINTIES

The Plan's investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE I--RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
