1. Plan Description

The following description of the Ma Laboratories, INC. 401K Plan and Trust (the "Plan") provides only general information. Interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees who are employed by Ma Laboratories, Inc. (the "Plan Sponsor") and affiliates. The Plan was formed January 1, 2007 and most recently amended and restated on June 1, 2018. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and to certain sections of the Internal Revenue Code ("IRC"). All employees who have reached the age of 21 and who have completed six consecutive months of service are eligible to participate in the Plan.

Amendments

The Plan document was amended effective June 1, 2018 to exclude service requirements for matching and nonelective contributions and to make minor changes to the Plan name.

Plan Administration

The Plan Sponsor is the administrator of the Plan. As administrator, the Plan Sponsor has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan (including the authority and responsibility to invest, manage, and control the assets of the Plan specifically allocated to the trustee). Reliance Trust Company ("Reliance") is the trustee for the Plan, and acts at the direction of the Plan's administrator. The Plan Sponsor pays the majority of all necessary and proper expenses incurred in the administration of the Plan. Such expenses are primarily comprised of legal fees, auditing fees, and expenses relating to the maintenance of the Plan's records.

Contributions

Employees who elect to participate in the Plan may contribute a portion (1% - 90%) of their eligible compensation, pre-tax up to the limits imposed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor may make discretionary elective matching contributions based on employee deferrals. The Plan also allows non-elective contribution at the discretion of the Plan Sponsor. The Plan Sponsor did not make or approve any employer contributions for the year ended December 31, 2018.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Plan Sponsor's discretionary matching contribution (if any), Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance.

Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

1. Plan Description, continued

Vesting

Participant contributions, rollovers, and net earnings on these contributions are fully vested when made or earned.

Discretionary employer matching and non-elective contributions (if any), as well as all earnings on these contributions, vest according to the following schedule:

Years of Service	Vesting Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Forfeitures

Forfeitures (if any) that occur during a Plan year will be used to reduce future employer contributions or to pay Plan expenses. Forfeitures amounted to approximately $1,200 and $1,100 as of December 31, 2018 and 2017, respectively. No forfeitures were used during the year ended December 31, 2018.

Payment of Benefits

When participants leave the employer upon retirement (age 65) or for any other reason, those participants (or their beneficiaries) may receive the full value of their salary deferrals, vested employer contributions, rollovers, and the net earnings thereon in a single lump-sum payment. In-service distributions are available to participants at age 59½. Financial hardship distributions are available for certain immediate and heavy financial needs. Participants should refer to the Plan document for the specific needs that qualify for a financial hardship distribution.

In order to receive distributions, participants (or their beneficiaries) are required to file the appropriate forms with the Plan administrator. Account values will be determined as of the day the distribution is made.

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment. In the event of a mandatory distribution greater than $1,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan administrator will pay the distribution in a direct rollover to an Individual Retirement Account designated by the Plan administrator.

Participant Notes Receivable

Participants are allowed one loan at any time and may borrow from their fund accounts a minimum of $500 up to 50% of the value of their account balance, or $50,000, whichever is less. Participant notes receivable terms range from one to five years, except for loans used to purchase a primary residence, which have a maximum term of thirty years. Participant notes receivable are secured by no more than 50% percent of the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the loan originates. The interest rate on participant notes receivable as of December 31, 2018 was 5.25% to 7.25% per annum. Principal and interest are paid in equal installments through bi-weekly payroll deductions.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in a specific percentage or dollar amount, into a series of mutual and money market funds offered by the Plan. Participants may change their investment options at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investment bought and sold, as well as held during the year.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefit payments are recorded when paid.

Expenses

Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

3. Information Prepared and Certified by the Trustee (Unaudited)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Reliance as of December 31, 2018 and 2017, and for the year ended December 31, 2018:

	2018	2017
Total investments	$ 15,248,790	$ 15,837,774
Participant notes receivable	$ 111,774	$ 60,056
Net depreciation in fair value of investments	$ (2,039,961)	
Dividends and interest	$ 1,120,449	
Interest on participant notes receivable	$ 4,457	

4. Fair Value Measurements

Accounting Standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 13,505,319	$ -	$ -	$ 13,505,319
Money market fund	1,743,471	-	-	1,743,471
	$ 15,248,790	$ -	$ -	$ 15,248,790

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 14,163,610	$ -	$ -	$ 14,163,610
Money market fund	1,674,164	-	-	1,674,164
	$ 15,837,774	$ -	$ -	$ 15,837,774

The Plan's valuation methodology used to derive the fair values of mutual and money market funds was derived from quoted market prices, as all of these instruments have active markets.

5. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by Reliance, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees incurred by the plan for the investment management services are included in net depreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

6. Tax Status

The Plan Sponsor adopted a prototype Plan document. The Plan document obtained its latest opinion letter on July 8, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving that opinion letter; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. Plan Termination

The Plan Sponsor has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Plan Sponsor reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances and distributions would be made to participants as described in the Plan agreement.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term that could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

9. Excess Contributions Payable

As of December 31, 2018 and 2017, payables of $89,621 and $52,348, respectively, were recorded for amounts refundable to Plan participants for contributions made in excess of amounts allowed by the IRS.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2018 and 2017 to the Form 5500:

	2018	2017
Per the financial statements	$ 15,270,943	$ 15,845,482
Excess contributions payable	89,621	52,348
Per the Form 5500	$ 15,360,564	$ 15,897,830

The following is a reconciliation of the net decrease in net assets per the financial statements for the year ended December 31, 2018 to the Form 5500:

Per the financial statements	$ (574,539)
2018 Excess contributions payable	89,621
2017 Excess contributions payable	(52,348)
Per the Form 5500	$ (537,266)

11. Subsequent Events

Effective June 1, 2019, the Plan was amended to change minimum eligibility service requirement from six months to three months of service.

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through August 28, 2019, the date which these financial statements were available to be issued. Management concluded that no material subsequent events have occurred, other than listed above, since December 31, 2018 that require recognition or disclosure in such financial statements.
