(1) DESCRIPTION OF PLAN

The following description of the Barson Composite Corporation 401(k) Plan (***"Plan"***) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering certain employees of Barson Composite Corporation and its subsidiaries, Hitemco, LLC and Hitemco Medical Applications, Inc. (collectively, the ***"Company"***), who are eighteen years of age or older. Employees of the Company may begin participation in the Plan after 90 days of service for purposes of salary deferrals and after-tax voluntary contributions. Plan participants must be employed by the Company for at least one year and have been credited with 1,000 hours of service in order to become eligible to receive employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (***"ERISA"***).

Administration

Certain administrative functions of the Plan are performed by employees of the Company. No such employee receives compensation from the Plan.

Charles Schwab Bank serves as a custodian and record keeper for the Plan at December 31, 2018 and 2017.

The Company has appointed a third party administrator, Alliance Benefit Group of Michigan, Inc., as the administrator of the Plan (the ***"Administrator"***). The Administrator performs the day-to-day operations and all reporting relating to the Plan.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan. Participants, who are age 50 or older and making contributions to the Plan, are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans.

The Company may make a matching employer contribution to the Plan equal to a discretionary percentage of the salary deferrals that the participants contribute to the Plan. The Company may also make discretionary profit-sharing contributions to the Plan. Profit-sharing contributions are allocated to participants based upon their relative compensation. The Company made a discretionary contribution of $50,500 to the Plan in 2018.The Company did not make a discretionary contribution to the Plan in 2017.

Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and allocations of (a) the Company’s matching and profit-sharing contributions and (b) Plan earnings (losses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions is based on years of service as follows:

Years of Service	Percentage Vested
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Regardless of the vesting schedule, participants are fully vested in their accounts upon normal retirement, death or total and permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Notes are secured by 50% of the balance in the participant's account and bear interest at rates ranging from 5.25% to 7.25%, which is commensurate with local prevailing rates as determined by the plan administrator. Loan terms may not extend beyond five years except loans for the purchase of a home, for which the plan administrator may permit a longer payment term. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of employment or service due to death, disability or retirement, participants are entitled to receive the vested portion of their accounts in a lump sum distribution.

Forfeitures

Forfeitures of terminated participants' non-vested account balances may be used to reduce future employer contributions or pay administrative expenses of the Plan. There were no forfeited non-vested accounts at December 31, 2018 and December 31, 2017.

Administrative Expenses

Certain administrative expenses are paid by the Company and therefore excluded from these financial statements.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (***"U.S. GAAP"***) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent participant notes receivable are recorded as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Subsequent events have been evaluated through October 7, 2019, the date the financial statements were available to be issued.

(3) FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

This hierarchy consists of three broad levels:

Level 1 – Inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.

Level 2 – Inputs consist of observable inputs other than quoted prices for identical assets.

Level 3 – Inputs are unobservable and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

There have been no changes in the valuation methodologies used at December 31, 2018 and 2017. The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2018 and 2017:

Mutual Funds – The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Collective Investment Trusts – The fair value of the collective investment trust is based on the unit value of the trusts, which is based on the market value of the underlying assets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

	2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$5,715,497	$ -	$ -	$5,715,497
Collective investment trusts ***(a)***	-	-	-	1,548,614
	$5,715,497	$ -	$ -	$7,264,111

	2017			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$6,333,337	$ -	$ -	$6,333,337
Collective investment trusts ***(a)***	-	-	-	917,966
	$6,333,337	$ -	$ -	$7,251,303

(a) Investments that are measured at fair value using the net asset per share practical expedient have not been classified in the fair value hierarchy. These investments have been included in this table to permit reconciliation to the amounts presented in the statements of net assets available for benefits.

The collective investment trusts held by the Plan are the Morley Stable Value Fund and the FRS Total Return Bond Fund (the ***"Funds"***), which are not registered under the Investment Company Act of 1940 nor with the Securities and Exchange Commission under the Securities Act of 1933. The objective of the Funds is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments. The Funds seek to achieve this objective by investing primarily in a variety of high quality stable value investment contracts as well as cash and cash equivalents. At December 31, 2018 and 2017, all of the investment contracts held by the Funds were deemed to be fully benefit-responsive. The Funds' net asset value is determined each business day and unitholder transactions are processed daily at the Funds' current net asset value.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2018 and 2017, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

(4) INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of compliance as permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, and related investment activity included in the statements of changes in net assets available for benefits for the years ended December 31, 2018 and 2017, and the supplemental schedule of assets (held at end of year) as of December 31, 2018.

(5) PARTY-IN-INTEREST TRANSACTIONS

Alliance Benefit Group of Michigan (***"ABGMI"***) provides plan administration and investment advisory services to the Plan. Fees for these services were $25,589 in 2018 and $23,090 in 2017. Charles Schwab Bank (***"Schwab"***) is the custodian of the plan. Custody fees were $4,720 in 2018 and $4,112 in 2017. The Plan also incurred accounting fees of $8,250 in 2018 and $8,100 in 2017.

(6) TAX STATUS

The underlying non-standard prototype Plan has received an opinion letter from the Internal Revenue Service (***"IRS"***) dated March 31, 2008 stating that the form of the Plan is accepted under Section 401(a) of the Internal Revenue Code (the ***"Code"***) for the use by employers for the benefit of their employees. The Plan Sponsor has adopted this Plan and may rely on the current qualifications of the IRS prototype plan opinion letter. Once qualified, the Plan must operate in conformity with the Code to maintain qualification. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes the Plan has been designed to comply with the requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has not identified any uncertain tax positions taken or expected to be taken in an income tax return which would require adjustment to or disclosure in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2015.

(7) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

(8) RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
