Board of Directors
Community Action Agency of Columbiana County, Inc. Retirement Plan
Lisbon, Ohio

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Community Action Agency of Columbiana County, Inc. Retirement Plan (the "Plan") as of and for the year ended December 31, 2018, in accordance with auditing standards generally accepted in the United States of America, we considered Community Action Agency of Columbiana County, Inc. Retirement Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information referred to in Note C to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in Community Action Agency of Columbiana County, Inc. Retirement Plan's internal control to be significant deficiencies:

COMPLETENESS OF DECLINING ENROLLMENT FORMS

During participant data testing, we noted that four of the fifteen declining enrollment forms selected for testing were either incomplete with regards to pertinent eligibility information or were missing. We recommend that the Plan implement procedures to ensure a form is completed for each employee who has decided to opt-out of the Plan and to review the completeness of these forms on a recurring basis in order to ensure they are complete and signed.

INACCURATE PAYROLL RECORDS

During participant data testing, we noted that contributions per the payroll records did not agree to the contributions per the AUL One America Participant Summary for two participants. Upon further review, we noted while one error was corrected in the participant's account, the payroll records were not properly updated to reflect the adjustment. For another participant, we noted that a corrected matching contribution was paid to the participant during 2018 but was included in the Plan balance for 2017 based on the timing of the payment made as well as the closing of the Plan's 2017 records. For the same participant, we noted that the corrected matching contribution was erroneously adjusted twice in the payroll records. We recommend that the Plan implement procedures to ensure payroll records are updated to properly reflect contributions made to participant accounts.

During our audit, we also became aware of deficiencies in internal control other than significant deficiencies or material weaknesses, and the following other matters are opportunities for strengthening internal controls and operating efficiency:

CHANGES TO PASSWORDS

During the review of the AUL One America SOC report, we noted that users of the AUL portal are not required to change their passwords. We recommend that users periodically update their passwords as an opportunity to strengthen internal controls.

FUND INCOME ALLOCATION

During income allocation testing, we noted that the fund performance for an individual participant did not match the fund performance as a whole. We recommend that the Plan review the bookkeeping prepared by AUL to ensure the investment income is properly allocated among the participants.

We will review the status of these comments during our next audit engagement. We have already discussed many of these comments and suggestions with various Plan personnel, and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters, or to assist you in implementing the recommendations.

Management has elected to respond to the comments noted above in terms of plans of action to address the deficiencies noted. This response was not subjected to the auditing procedures applied in the audit of financial statements and, accordingly, we express no opinion on it. Management's responses are attached to this letter.

This communication is intended solely for the information and use of Plan management, the plan administrator, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

MANAGEMENT'S RESPONSE TO DEFICIENCIES

COMPLETENESS OF DECLINING ENROLLMENT FORMS

CAA understands the need to have the signed documents on file. We implemented a procedure last year to ensure we have the appropriate document. We did not know that every line had to be completed on the document. In order to make sure that is done, here is a process we will implement:

> The HR assistant is responsible for ensuring that all new hires complete their 403(b) paperwork within 2 weeks of new hire. A follow up email to the employee if they are not received will be done. A second follow up email to the program director will be done by the HR assistant if it is still not received. The HR director will be copied on the email to the program director for follow up with the program director. We will make sure that all information is included on the declination form. Documentation of process will be kept on file.

INACCURATE PAYROLL RECORDS

The payroll clerk errors were made because she did not get approval to process them in the payroll system. These payroll errors did not affect the balance in any employee account at AUL One America. AUL One America made the decision to change their 2017 plan reports when CAA made a correction in 2018 regarding an employee match. This was not discussed with CAA. The errors in the payroll system information and the change AUL made to 2017 plan year (instead of 2018) did not cause any employee loss. CAA will implement the changes recommended. CAA believes that these changes will ensure these errors do not happen in the future.

We have implemented a new report to monitor that employee matches are posted timely. That will reduce the payroll corrections that need to be done. The payroll clerk will not process adjustments in the payroll system without review and approval of the HR director. Documentation will be kept on file.

CHANGES TO PASSWORDS

Due to a limitation in the AUL system, no reminder is sent to change a password. CAA will document password changes. Changes will be done at a minimum of two times per year.

FUND INCOME ALLOCATION

CAA will work with AUL One America to clarify when the allocation is done, how the allocation is performed, and to understand what AUL includes in the allocation. CAA will then review the allocation information and documentation of the CAA review will be kept on file.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.

Board of Directors
Community Action Agency of
Columbiana County, Inc. Retirement Plan
Lisbon, Ohio

Independent Auditor's Report

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Community Action Agency of Columbiana County, Inc. Retirement Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information referred to in Note C, which was certified by American United Life Insurance Company (AUL), the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2018 and 2017 and for the year ended December 31, 2018, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

As described in Note I, the Plan has excluded from investments in the accompanying statements of net assets available for benefits, certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance bulletin No. 2009-2, Annual Reporting Requirements for 403(b) Plans. The effects on the financial statements of the failure to include the annuity and custodial accounts in investments have not been determined. Further investment income and distributions related to such accounts were also excluded in the accompanying statement of changes in net assets available for benefits. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements. Our disclaimer of opinion is not modified with respect to this matter.

The supplemental schedule of assets held for investment purposes as of December 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF PLAN

The following description of Community Action Agency of Columbiana County, Inc. Retirement Plan (Plan) is provided for general information purposes. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution 403(b) retirement plan, which became effective March 1, 1993, for the purpose of providing retirement benefits to eligible employees, as defined in the Plan agreement. Employees of Community Action Agency of Columbiana County, Inc. (Company) are eligible to defer into the Plan on their date of employment. Effective February 22, 2018, union and non-union employees working at least 20 hours per week are eligible to participate in the Plan. Eligibility to share in employer contributions is reached when an employee has attained age 21 and completed two years of employment. The Plan Committee along with investment advisors determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Each year participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan agreement, subject to Internal Revenue Service limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other plans and IRAs. The Company matches a portion of participant contributions to the Plan, up to 3 percent of annual compensation. The employer may make a discretionary non-elective contribution allocated pro rata based on eligible employee compensation. No discretionary non-elective contributions were made in 2018 or 2017.

Investment Options:

Upon enrollment in the Plan, a participant may direct contributions into any of several investment funds. Participants may change their investment option allocations at any time.

Participant Accounts:

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in all employee and employer contributions, plus earnings thereon.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits:

A participant benefit upon retirement, death or termination is the value of the participant's account and is payable in a lump sum amount. Earlier distributions may be made from the participant's contributions to the extent necessary to meet financial hardship. In service distributions are available at age 59 ½ from the vested portion of the participants' accounts.

Transfers:

Along with the Plan, the Agency sponsored a 403(b) plan, Community Action Agency of Columbiana County 403(b) Plan for Union Transportation Employees, for employees subject to a collective bargaining agreement. In February 2018, the union plan was terminated, and the Plan was amended to extend eligibility to all union employees working at least 20 hours per week. For the year ended December 31, 2018, plan transfers reported in the statement of changes in net assets available for benefits from the union plan totaled $199,608.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's committee determines the Plan's valuation policies utilizing information provided by the investment custodian and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits:

Benefits are recorded when paid.

Administration Expenses:

All expenses of the Plan are paid by the plan sponsor, except for asset management fees and participant specific fees. Asset management fees are netted against Plan earnings.

Subsequent Events:

Management evaluated all activity of the Plan through August 26, 2019 the date the financial statements were available to be issued, and concluded that no subsequent events require recognition or disclosure in the financial statements or notes.

NOTE C - INFORMATION CERTIFIED BY THE CUSTODIAN

In accordance with section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by AUL, the custodian of the Plan. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The custodian has certified as to the completeness and accuracy of the investments it holds and changes in net assets arising from said investment activity as of December 31, 2018 and 2017, and for the year ended December 31, 2018, and the schedule of assets held for investment purposes as of December 31, 2018.

NOTE D - INVESTMENTS AT FAIR VALUE AND GUARANTEED INVESTMENT CONTRACT

FASB ASC 820 requires the Plan to classify its assets and liabilities based on valuation methods using three levels. Level 1 inputs are based on quoted prices in active markets for identical investments. Level 2 inputs are based on significant observable market inputs, such as quoted prices for similar investments and quoted prices in inactive markets. Level 3 inputs are based on significant unobservable inputs that reflect the Plan's determination of assumptions that market participants might reasonably use in valuing the investments. The valuation levels are not necessarily an indication of risk or liquidity associated with the underlying investments.

NOTE D - INVESTMENTS AT FAIR VALUE AND GUARANTEED INVESTMENT CONTRACT (CONTINUED)

Mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end (Level 1). The stable value collective trust fund is a fully benefit-responsive investment contract and is valued at contract value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

2018	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ 2,892,983	$ 0	$ 0	$ 2,892,983

2017	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ 2,853,106	$ 0	$ 0	$ 2,853,106

The Plan holds a synthetic investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With traditional investment contracts, the Plan owns only the contract itself. Synthetic and traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The synthetic investment contract held by the Plan includes a wrapper contract that provides a guarantee that the credit rate will not fall below 0 percent. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

NOTE D - INVESTMENTS AT FAIR VALUE AND GUARANTEED INVESTMENT CONTRACT (CONTINUED)

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured breach of the Plan's investment guidelines
2. A violation of a material obligation under the contract
3. A material misrepresentation
4. A material amendment to the contract without the consent of the issuer.

NOTE E - PARTY-IN-INTEREST

Included in Plan investments are shares of mutual funds managed by AUL. AUL is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

NOTE F - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested and net assets of the Plan are to be distributed to participants on the basis of individual account balances at the date of termination.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - INCOME TAX STATUS

The Plan is currently not required to report to the Internal Revenue Service for determination. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

NOTE I - EXCLUDED ANNUITY CONTRACTS

The Plan has determined that certain annuity contracts and/or custodial accounts satisfy the terms and conditions of the Department of Labor's Field Assistance Bulletin No. 2009-02 (listed below) and as a result, these contracts and/or accounts have been excluded from the Plan's financial statements and the scope of the audit as of December 31, 2018 and 2017 and for the year ended December 31, 2018. These annuity contracts are individually titled to the owner of the annuity and not held in trust by the Plan. The Plan no longer contributes to them, and they are therefore deemed to have been distributed by the Plan.

NOTE I - EXCLUDED ANNUITY CONTRACTS (CONTINUED)

a. The contracts and/or accounts were issued to a current or former employee before January 1, 2009.

b. The employer ceased to have any obligation to make contributions (including employee salary reduction contributions), and in fact ceased making contributions to the contracts and/or accounts before January 1, 2009.

c. All of the rights and benefits under the contracts and/or accounts are legally enforceable against the insurer or custodian by the individual owner of the contract or account without any involvement by the employer.

d. The individual owners of the contracts are fully vested in the contracts and/or accounts.
