INDEPENDENT AUDITOR'S REPORT

October 9, 2019

To the Plan Administrator of Western International 401(k) Plan
Dallas, TX

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Western International 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2018, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Minnesota Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting
We draw attention to Note 1 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter
The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2018 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter—2017 Financial Statements
The financial statements of the Plan as of December 31, 2017, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Reliance Trust Company, the trustee of the Plan in 2017. Their report, dated September 21, 2018, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the 2018 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of Western International 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

In preparation of these financial statements and related footnotes, the Plan's management has considered events through October 9, 2019, the date these financial statements were available to be issued.

Basis of Presentation - The Plan maintains its accounting records on the modified cash basis of accounting which is a special-purpose framework of accounting and financial reporting generally accepted in the United States of America, and the accompanying financial statements have been prepared on that basis of accounting. Under the modified cash basis of accounting, benefit payments are recorded when paid, rather than payments being recognized when incurred, and contributions are recognized when received, rather than when the contribution is made.

General - The Plan is a defined contribution profit sharing plan adopted as of January 1, 2000, by WI Realty I, L.P. and its affiliate, Texas Western Management Partners, LP, known collectively as (the "Company"). All employees of the Company who have completed three months of service and are 18 years of age or older and who are not a leased employee are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is defined by Section 401(k) of the Internal Revenue Code.

Plan Year - The plan year begins January 1 and ends December 31. Participants may enter the Plan either on January 1 or July 1 following satisfaction of their eligibility requirement.

Contributions - Each year, participants may contribute up to 100% of pretax annual compensation, limited to $18,500 for 2018 and $18,000 for 2017. Participants age 50 or older may elect to defer an additional $6,000 for 2018 and 2017. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company makes profit-sharing contributions equivalent to the ratio of participant's contributions to total participant contributions, and safe harbor contributions of 100% of the first 3% and 50% up to 5% of the participant's compensation. Contributions are subject to certain limitations as defined in the Plan as required by ERISA.

Participant Accounts - Each participant's account is credited with (1) the participant's contribution, (2) the participant's rollover amount from another qualified plan, and (3) the allocation of (a) the Company's contribution, and (b) Plan earnings, and is charged with an allocation of administration expenses. Allocations are based on participant contributions, participant earnings, or account balances, as defined in the Plan.

1. Description of Plan (continued)

Payment of Benefits - Distributions to a participant or to the beneficiaries of the participant are made in a lump sum upon retirement, death, disability, or other termination of employment. Distributions equal the value of the participant's vested balance in his or her account. Benefits are recorded when paid.

Investment Options - Upon enrollment in the Plan, a participant may direct contributions into the investment options provided by the Plan. Participants may re-allocate their accounts periodically.

Vesting - Participants are fully vested at all times in their elective deferral account and rollover account plus actual earnings thereon, as well as any safe harbor contributions and employer profit sharing contributions.

Administrative Fees - The Company absorbs a significant portion of the administrative costs of the Plan.

Rollovers - Participants may transfer retirement savings from other qualified savings plans at other plan sponsors into the Plan.

Reclassification - Certain prior year balances have been reclassified to conform with current presentation.

2. Summary of the Accounting Policies

Investment Valuation - The Plan's investments during 2017 and for a majority of 2018 were composed of mutual funds and a common collective trust which are stated at fair value and are based on closing market prices and a guaranteed investment option which is stated at contract value. For the end of 2018, the Plan's investments are composed of pooled separate accounts, which are stated at fair value and are based on closing market prices, and a guaranteed investment option, which is stated at contract value. All investment values are certified by Minnesota Life Insurance Company for 2018 and Reliance Trust Company for 2017.

Risks and Uncertainties - The Plan provides for various investment options. These investments are exposed to risks from changes in interest rates and other market fluctuations. It is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

2. Summary of the Accounting Policies (continued)

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statement and the reported amount of revenues and expenses for the year then ended. Actual results could differ from those estimates.

Loans to Participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of the vested account balance. Loan terms range from one to five years, unless it is used to acquire a participant's principal residence, in which case it may exceed 5 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. Principal and interest are paid ratably through regular payroll deductions. Participants are allowed to have up to 5 loans outstanding at a time.

3. Fair Value Measurements

Generally accepted accounting principles establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

1) Quoted prices for similar assets or liabilities in active markets
2) Quoted prices for identical or similar assets or liabilities in inactive markets
3) Inputs other than quoted prices that are observable for the asset or liability
4) Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for the Plan's assets measured at fair value on a recurring basis and recognized in the accompanying 2018 and 2017 statement of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy.

Mutual funds: The fair value of mutual funds is based on quoted market prices of the shares held by the Plan at year-end. Accordingly the fair value of these assets is established using Level 1 inputs.

Common collective trust: The fair value of the collective trust funds consists of valuations based on quoted prices in markets that are not active. Accordingly the fair value of these assets is established using Level 2 inputs.

Pooled separate investments: The fair value of pooled separate accounts is based on quoted net asset values of the units held by the Plan at year-end. According the fair value of these assets is established using Level 2 inputs.

December 31, 2018	Fair Value	Quoted Prices In Active Markets for Identical Assets Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled Separate Accounts	$ 8,414,945	$ -	$ 8,414,945	$ -
	$ 8,414,945	$ -	$ 8,414,945	$ -

December 31, 2017	Fair Value	Quoted Prices In Active Markets for Identical Assets Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	$ 7,650,827	$ 7,650,827	$ -	$ -
Common Collective Trust	686,998	-	686,998	-
	$ 8,337,825	$ 7,650,827	$ 686,998	$ -

4. Investment Contract with Insurance Company

During 2018, the Plan entered into an investment contract with Minnesota Life Insurance Company totaling $180,749. During 2017, the Plan held an investment contract with Reliance Trust Company totaling $117,664. Minnesota Life and Reliance maintain the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0% percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

These contracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Minnesota Life and Reliance, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

5. Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the trustee:

	2018	2017
Mutual funds, at fair value	$ -	$ 7,650,827
Common collective trust, at fair value	-	686,998
Pooled separate investments, at fair value	8,414,945	-
Guaranteed account, at contract value	180,749	117,664
Participant loans receivable	290,552	228,394
Total investment income (loss)	(582,053)	1,106,770

6. Income Taxes

The IRS has determined and informed the Plan sponsor by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If terminated, net assets of the Plan will be distributed to participants and beneficiaries as prescribed by the terms of the Plan. Participants will become 100% vested in their accounts.

8. Related Party and Party in Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary to the Plan or party rendering services to the Plan, the employer and certain others. As such, transactions conducted with the Company, auditors, trustee, custodian and third party administrator qualify as party-in-interest transactions. The Plan invests in certain funds managed by the plan custodian which qualify as party-in-interest transactions.

9. Prohibited Transactions

During 2018, the Plan identified additional employer match contributions from 2018 that were not contributed to employees in 2018. The Plan determined and corrected employer match contributions in March 2019, which totals $4,838. Due to the financials being presented on a modified cash basis of accounting, there are no accruals related to this amount.
