1. DESCRIPTION OF THE PLAN

The following description of the Mattson Technology, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution savings plan sponsored by Mattson Technology, Inc. (the "Company"), pursuant to Section 401(a) and related provisions of the Internal Revenue Code (IRC), was established effective April 1, 1994. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination or financial hardship. The Plan covers all employees of the Company who meet certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent laws.

Plan administration

The Company has designated the 401(k) Committee (the "Committee") to administer the Plan and carry out the duties imposed by ERISA. The Committee has delegated certain responsibilities for the operation and administration of the Plan. Beginning September 4, 2018, trustee and custodian services are provided by Fidelity Management Trust Company (Fidelity) and for the period from January 1, 2018 to September 3, 2018, custodian services were provided by Standard Insurance Company (Standard) and designated officers of the Company serve as the trustees of the Plan.

Eligibility

Effective September 4, 2018, all employees, except for non-resident aliens and leased employees, as defined in the Plan, become eligible to participate in the Plan after attaining age 18. Prior to September 3, 2018, all employees, except non-resident alien and temporary employees, as defined in the Plan, became eligible to participate in the Plan after attaining age 18.

Participant contributions

Participants may elect to contribute their eligible pre-tax or after-tax (as Roth) earnings, as defined in the Plan, to the Plan through payroll deferrals up to the maximum annual amount allowed by the IRC. Participants are also allowed to rollover pre-tax or Roth after-tax contributions from other qualified retirement plans.

Employer contributions

The Company is allowed to make discretionary matching contributions to the Plan. During the year ended December 31, 2018, the Company made discretionary matching contributions equal to 20% of participants' pre-tax and Roth after-tax deferrals up to an annual limit of $3,000.

1. DESCRIPTION OF THE PLAN (continued)

Participant accounts

Each participant's account is credited with the participant's contribution or rollovers and allocations of (a) the Company's discretionary matching contributions, if any, and (b) Plan earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of all their contributions into the various investment options offered by the Plan.

Vesting

Participants are immediately 100% vested in all contributions allocated to their accounts, plus earnings thereon.

Fees and expenses

Fees and expenses charged under participant accounts impact retirement savings and fall into three basic categories. Investment fees are generally assessed as a percentage of assets invested and are deducted directly from investment fund balances. They can be in the form of sales charges, loads, commissions, or management fees. Plan administration and recordkeeping fees cover the routine expenses for the services of lawyers, accountants, third party administrators, and other advisors. The Plan requires that certain expenses related to the Plan be paid directly by the Company, but permits certain expenses incurred to administer the Plan to be paid from Plan assets. Currently, the Company directly pays all expenses incurred to operate and administer the Plan. Transaction-based fees are associated with optional services offered under the Plan, and are charged directly to participant accounts for particular Plan features that may be available, such as a participant loan or the maintenance of a terminated participant's account.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, financial hardship, disability, or death. If a terminated participant's account balance is equal to or less than $1,000, the balance will be immediately distributed in a lump-sum cash payment. Unless otherwise elected, terminated participant account balances greater than $1,000 and less than $5,000 must be rolled over to an individual retirement plan designated by the Committee. For account balances of $5,000 or more, participants may elect to receive a distribution as either a lump-sum cash payment, a direct rollover into another qualified plan, substantially equal installment payments over a period of time, or postpone payment to a later date and remain in the Plan as described in the Plan.

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

Under the terms of the Plan, participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the value of their account balance. Notes receivable from participants (participant loans) must be repaid within five years, unless the participant loan is issued to finance the purchase of a primary residence, in which case the loan term may be longer. Participant loans are secured by the participant's account balance and bear interest at a rate defined by the Committee which is commensurate with local prevailing rates. Beginning September 4, 2018, a participant may have only one loan outstanding at any given time, and prior to September 4, 2018, participants were allowed have up to two outstanding loans if one loan was for the purchase of a primary residence. Loans outstanding as of December 31, 2018 bear annual interest rates between 3.25% and 6.25%.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value and contract value. As of December 31, 2018 Fidelity certifies the fair value of investments and as of December 31, 2017 Standard certifies both the contract value of the Plan's fully benefit-responsive contract and the fair value of all other investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate transactions under the terms of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants

Participant loans are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. If a participant ceases to make loan repayments and the Committee deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Benefits

Benefits are recorded when paid.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE AND CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan effective September 4, 2018, and Standard, the custodian of the Plan prior to September 4, 2018, have certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefit as of December 31, 2018 and 2017. Fidelity has also certified notes receivable from participants as of December 31, 2018.
- Net depreciation in fair value of investments, dividends, and interest reflected on the accompanying statement of changes in net assets available for benefit for the year ended. Fidelity has also certified interest income on notes receivable from participants for the period from September 4, 2018 to December 31, 2018.
- Investments reflected on the Schedule of Assets (Held at End of Year).

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE AND CUSTODIAN (continued)

Accordingly, as requested by the Plan administrator, the Plan's auditor performed no procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

The Plan defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are as follows:

- *Level 1* - inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- *Level 2* - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- *Level 3* - inputs that are unobservable for the asset or liability that are supported by little or no market activity and that are significant to the fair value of the asset or liability.

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in these methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at NAV as a practical expedient to fair value based on the value reported by the issuer. The common/collective trust's NAV is not a publicly quoted price in an active market. The common/collective trust held by the Plan has no unfunded commitments, a daily redemption frequency, and a redemption notice period of 12 months.

4. FAIR VALUE MEASUREMENTS (continued)

Pooled separate accounts: Valued at NAV as a practical expedient to fair value based on the value reported by the issuer. The pooled separate accounts' NAV is not a publicly quoted price in an active market. All pooled separate accounts held by the Plan have no unfunded commitments, a daily redemption frequency, and a redemption notice period of 60 days.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 28,984,327	$ -	$ -	$ 28,984,327
	$ 28,984,327	$ -	$ -	28,984,327
Investments measured at NAV practical expedient				6,891,106
				$ 35,875,433

Because all of the Plan's assets as of December 31, 2017 are measured at fair value using NAV as a practical expedient to fair value, there are no assets subject to disclosure within the fair value hierarchy.

5. INVESTMENT CONTRACT WITH STANDARD

The Plan had an investment contract with Standard totaling $6,073,769 as of December 31, 2017. Standard maintained the contributions to the contract in its general account, as part of the general assets of Standard.

The Plan's investment contract with Standard met the fully benefit-responsive investment contract criteria, and therefore, was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

5. INVESTMENT CONTRACT WITH STANDARD (continued)

The contract issuer was contractually obligated to repay the principal and interest at a specified interest rate that was guaranteed to the Plan. The crediting rate was based on a formula established by the Standard on a monthly basis but may not be less than 3% on an annual basis. The contract could not be terminated before the scheduled maturity date. Standard could terminate the contract with 30 days advance written notice to the Plan for reasonable cause, which included the Plan's failure to abide by the state or federal law, failure to render performance necessary to comply with the terms of the contract, failure of the Plan to maintain assets of at least $25,000 in the contract, Plan disqualification, and failure to adopt the Plan in a reasonable period of time. Standard could not terminate the contract at any amount less than the contract value.

Certain events could limit the ability of the Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that caused a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

6. INCOME TAX STATUS

Effective September 4, 2018, the Plan adopted the Fidelity Volume Submitter Defined Contribution Plan, and prior to September 4, 2018, the Plan had adopted the Standard Retirement Services, Inc. (Standard Retirement) Defined Contribution Volume Submitter Plan and Trust. The Internal Revenue Service (IRS) has informed Fidelity and Standard Retirement by a letter dated March 31, 2014, that each volume submitter plan is designed in accordance with applicable sections of the IRC, and that any employer adopting this form of either volume submitter plan will be considered to have a plan qualified under applicable sections of the IRC. The Plan administrator, Fidelity, and Standard Retirement believe the Plan is currently designed and has been operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity and Standard, or one of their respective affiliates, during the period from September 4, 2018 to December 31, 2018, and from January 1, 2018 to September 3, 2018, respectively. Because Fidelity and Standard are the trustee and custodian of the Plan, respectively, transactions between the Plan and Fidelity or Standard, or any of their affiliates, qualify as exempt party-in-interest transactions.

Fidelity receives revenue from mutual fund service providers for services they provide to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan. If the revenue received from such mutual fund service providers exceeds the amount due to Fidelity, they remit the excess to the Plan's trust on a quarterly basis. Such amounts are referred to as "revenue sharing" and may be applied to pay Plan administrative expenses. During 2018, revenue sharing amounts were reclassified to other income in the statement of changes in net assets available for benefits.

9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 30, 2019, the date the financial statements were available to be issued. Effective May 1, 2019, the Plan was amended to allow after-tax contributions by participants.
