ULMER & BERNE LLP RETIREMENT/401(k) PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following brief description of the Ulmer & Berne LLP Retirement/401(k) Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, covering all eligible employees of Ulmer & Berne LLP (the Firm), who have attained age 21 and meet certain years of service requirements. Prior to the Eighth Restatement of the Ulmer & Berne LLP Retirement/401(k) Plan on January 1, 2017, the Plan only covered eligible employees who are not participating in the Ulmer & Berne LLP Separate 401(k) Plan (the Separate Plan). As of January 1, 2017, the Separate Plan was merged into the Ulmer & Berne Retirement/401(k) Plan. Eligible employees following the restatement include all employees, except for leased employees, and further exclude associate lawyers, Counsel, and law clerks until the earlier of January 1 following completion of six full years of service or cessation of employment in the excluded class. Plan participation commences the first day of the month following such eligibility. Eligible employees, once meeting the employment and age requirements described above, are able to make deferrals into the Plan following three months of consecutive service in which at least 250 hours of service were earned. Participants become eligible for the Company's non-elective contributions and matching contributions after one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, eligible participants may elect to have up to 100% of their compensation contributed to the Plan through payroll reductions on a pre-tax basis or after-tax basis, as defined by the Plan. The Firm will match 50% of each dollar the participant contributes on the first 2.5% of pay that the participant defers to the Plan. The Firm can also make discretionary profit-sharing contributions. To qualify for matching and discretionary profit-sharing contributions, generally, the participant must have completed a year of service and be employed on the last day of the year. Total annual contributions made to the Plan on behalf of any participant are subject to limitations imposed under the Internal Revenue Code (IRC). Total Firm contributions, including matching and discretionary profit-sharing contributions, were $3,469,231 and $3,439,735 for the years ended December 31, 2018 and 2017, respectively.

Participant Accounts

Each participant's account is credited with his or her payroll reduction contributions, the Firm matching contributions, allocations of discretionary profit-sharing contributions and investment earnings, and charged with an allocation of administrative expenses. The Firm's discretionary profit-sharing contributions generally are allocated to eligible participant accounts based on a formula specified in the Plan which is integrated with Social Security, provided that there is an additional overriding formula specified for participating partners. Administrative expenses are allocated based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF THE PLAN (continued)

Forfeitures

Forfeitures are created when participants terminate employment prior to becoming entitled to full benefits. At December 31, 2018 and 2017, forfeited non-vested accounts totaled $9,814 and $29,392, respectively. In 2018 and 2017, forfeitures used to offset the Firm's matching and discretionary contributions were $41,385 and $28,762, respectively.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Firm's matching contributions and discretionary profit-sharing contributions and earnings thereon is based on years of service according to the following schedule:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years but less than 3	20%
3 years but less than 4	40%
4 years but less than 5	60%
5 years but less than 6	80%
6 years or more	100%

Notes Receivable from Participants

Participants may borrow 50% of their vested account balance, a minimum of $500 up to a maximum of $50,000. Notes receivable terms range from one to five years or up to 20 years for the purchase of a primary residence. Notes receivable are secured by 50% of the participant's vested account balance and bear interest at a rate commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions. Interest income of $27,464 and $28,292 for the years ended December 31, 2018 and 2017, respectively, has been included in other income in the accompanying Statements of Changes in Net Assets Available for Benefits.

Administrative Expenses

Loan administration fees are paid by the Plan participants. All other Plan administrative expenses are paid by the Plan or the Firm, at the discretion of the Firm.

1. DESCRIPTION OF THE PLAN (continued)

Payment of Benefits

If the participant has terminated employment with the Firm before attaining fifty-five (55) years of age and if the participant's non-forfeitable accrued benefit (excluding, with respect to Plan years beginning after December 31, 2001, amounts attributable to rollover contributions) exceeds $1,000, the participant may elect to receive a lump-sum payout (including a rollover distribution) as soon as administratively practicable after such benefit amount can be ascertained in accordance with the Plan document, or the participant may elect to delay receipt of such accrued benefit (as the same is adjusted from time to time to reflect future valuations) until either (i) such future time as the participant attains their normal retirement age, at which time it would be distributed in a lump-sum, or (ii) the participant subsequently elects, within sixty (60) days after receipt of their year-end valuation statement for such Plan year or any succeeding Plan year, to receive such payout or to direct such rollover.

If the participant has terminated employment with the Firm after attaining fifty-five (55) years of age, he or she may elect to delay commencement of benefits until a future date, which may not be later than the date as of which benefits must commence pursuant to the Plan document, and may elect to receive payment in a lump-sum or over one of the following periods (or a combination thereof):

- The life of the participant and a designated beneficiary
- A period certain not extending beyond the life expectancy of the participant; and
- A period certain not extending beyond the joint life and last survivor expectancy of the participant and a designated beneficiary

If the participant's accrued benefit is to be distributed in other than a lump-sum, then the amount to be distributed each year must be at least an amount equal to the quotient obtained by dividing the participant's accrued benefit by the life expectancy of the participant or the joint and last survivor expectancy of the participant and designated beneficiary. For this purpose, life expectancy and joint and last survivor expectancy are computed by use of the return multiples contained in U.S. Treasury Regulation Section 1.72-9. For purposes of this computation, a participant's life expectancy may be calculated no more frequently than annually; however, the life expectancy of a designated beneficiary who is not the participant's spouse may not be recalculated. Further, if the participant's spouse is not the designated beneficiary, the method of distribution selected must assure that at least 50 percent of the present value of the amount available for distribution is paid within the life expectancy of the participant.

As an additional alternative or supplement to the foregoing distribution methods and so long as such participant is receiving at least the minimum annual distributions required under the Plan after attainment of the participant's required beginning date, the participant may elect at any time with reasonable advance notice to the Plan administrator and trustee, to receive periodic and/or non-periodic payments, and to vary the amount of such periodic payments to be received, from the participant's account(s) as the participant may specify, provided such requests are reasonable and administratively practicable.

If the participant has not terminated employment with the Firm, in-service withdrawals of employer contributions are allowed in certain situations specified by the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

As of and for the years ended December 31, 2018 and 2017, the accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis: investment income and contributions are recognized when received and disbursements are recognized when paid. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in conformity with U.S. generally accepted accounting principles (GAAP).

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on the investments purchased and sold, as well as held, during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Subsequent Events

The Firm evaluated subsequent events through September 26, 2019, the date these financial statements were available to be issued. Other than the matter described in Note 9, there were no other material subsequent events that required recognition or additional disclosure in these financial statements.

3. INFORMATION CERTIFIED BY THE TRUSTEE

The following table presents investments, investment activity, and notes receivable from participants, which have been certified as complete and accurate by Charles Schwab Trust Company, the trustee of the Plan, as of and for years ended December 31, 2018 and 2017, and have not been audited by the independent auditors.

	2018	2017
Registered investment companies	$ 99,542,683	$ 109,640,299
Common/collective trusts	50,801,892	53,877,348
Notes receivable from participants	769,848	805,438
Total investments	$ 151,114,423	$ 164,323,085

During 2018 and 2017, the Plan's investments in registered investment companies and common/collective trusts (including gains and losses on investments purchased, sold, as well as held during the year) appreciated (depreciated) in value as follows:

	2018	2017
Registered investment companies	$ (11,242,142)	$ 12,363,495
Common/collective trusts	(1,758,705)	4,305,643
	$ (13,000,847)	$ 16,669,138

4. FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. It applies to fair value measurements already required or permitted by existing standards. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs used in valuation models (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets. Level 2 inputs include those other than quoted prices that are observable for the asset or liability. Level 2 inputs are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. FAIR VALUE MEASUREMENTS (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Registered investment companies - Valued at quoted market prices.

Common/collective trusts - Valued at quoted market prices or valued at the fair value of the guaranteed investment contract, based on the present value of future cash flows using the current discount rate. Similarly, the fair value of a wrapper contract provided by a security-backed contract issuer is the present value of the difference between the current wrapper fee and the contracted wrapper fee. The fair values of the security-backed contracts are based on the cumulative value of their underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Total
Registered investment companies	$ 99,542,683	$ -	$ 99,542,683
Common/collective trusts	-	50,801,892	50,801,892
Total assets at fair value	$ 99,542,683	$ 50,801,892	$ 150,344,575

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Total
Registered investment companies	$ 109,640,299	$ -	$ 109,640,299
Common/collective trusts	-	53,877,348	53,877,348
Total assets at fair value	$ 109,640,299	$ 53,877,348	$ 163,517,647

5. LIFE INSURANCE PREMIUMS

Participants may elect to purchase a life insurance policy using a portion of their 401(k) subject to certain maximum limitations. These life insurance policies are allocated funding arrangements. The cash surrender value at both December 31, 2018 and 2017 of $119,278 and $320,485, respectively is not included in the Plan's assets.

6. TAX STATUS

The Plan obtained its latest determination letter on June 27, 2017, in which the Internal Revenue Service (IRS) stated that the Plan is in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. Additionally, prior to June 27, 2017, the Plan was operating under a favorable determination letter dated March 16, 2012.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their account balances.

8. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment companies and common/collective trusts managed by Charles Schwab Trust Company. Charles Schwab Trust Company is the Plan's trustee, and therefore, these transactions are considered party-in-interest transactions.

9. EMPLOYER CONTRIBUTION CORRECTION

For the Plan year ended December 31, 2018, the Plan administrator failed to defer elective contributions on the last payroll for a limited number of terminated participants. Contributions in the amount of $1,054 will be corrected and remitted during 2019. The correction will be made outside of the Voluntary Fiduciary Correction Program, as permitted under the IRS guidelines. Due to the modified cash basis of reporting, as described in Note 2, the amount is not shown as a receivable in the accompanying 2018 Statement of Assets Available for Benefits. Lost earnings will also be calculated and remitted during the 2019 Plan year.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
