Joe Basil Chevrolet Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Joe Basil Chevrolet Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan sponsored by Joe Basil Chevrolet, Inc. (the "Plan Sponsor"). Employees must be at least 21 years of age and complete one year of service with a minimum of 1,000 hours in order to become a participant in the Plan and begin making elective deferrals.

The Plan was established effective December 16, 1986 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective January 1, 2010, the Plan was amended and restated, in order to adopt a non-standardized prototype plan. The Plan was amended effective March 16, 2017 to amend the employer matching contribution formula from being based on a participant's elective contributions to being based on eligible compensation.

Contributions – Participants may elect to contribute between 1% and 100% of their annual compensation, limited by the amount imposed by law. Additionally, participants age 50 or older may elect to make a catch-up contribution limited to the amount imposed by law. The Plan Sponsor makes a matching contribution equal to 50% of the first 2% and 25% of the next 4% of a participant's eligible compensation. The Plan also allows the Plan Sponsor to make additional discretionary contributions to the Plan. In order to receive Plan Sponsor discretionary contributions, participants must be actively employed by the Plan Sponsor on the last day of the Plan year. There were no additional discretionary contributions made by the Plan Sponsor for the years ended December 31, 2018 and 2017.

Participant Accounts – Individual accounts are maintained for each Plan participant. Participant accounts are increased by participant contributions, employer contributions, and the participant's share of Plan earnings. Participant accounts are decreased by participant distributions and the participant's share of Plan expenses and losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their salary deferral and rollover contributions and actual earnings thereon. Participants vest in Plan Sponsor matching contributions and Plan Sponsor discretionary contributions at the rate of 20% each year of service and become fully vested after five years. Forfeitures from non-vested Plan Sponsor discretionary contributions are used to reduce administrative expenses or any type of future Plan Sponsor contributions. Forfeitures used to offset Plan Sponsor contributions totaled $6,516 and $5,200 in 2018 and 2017, respectively. Forfeitures used to offset administrative expenses totaled $9,334 and $6,315 in 2018 and 2017, respectively.

1. Description of the Plan (continued)

Payment of Benefits – Upon termination of service due to retirement, death, disability, or as required by law, a participant may elect to receive a lump-sum distribution in an amount equal to the vested value of their account. The Plan permits in-service distributions for participants age 59½ and older and for financial hardships, as defined in the Plan document.

Notes Receivable from Participants – In accordance with Plan provisions, participants are permitted to borrow a minimum of $1,000 up to a maximum amount equal to the lesser of 50% of their account balance, reduced by any outstanding loan balance, or $50,000 reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made. Interest rates vary between 5.25% and 7.25%. Participants may only have one loan outstanding at any time. Loans are repayable over a period of up to five years, or longer if used for the purchase of a primary residence. Notes receivable from participants in the accompanying statements of net assets available for benefits are measured at their unpaid principal balances plus accrued but unpaid interest, if any.

Income Taxes – The Plan Sponsor obtained a letter dated March 31, 2008 in which the Internal Revenue Service ("IRS") stated that the prototype plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code"). The Plan has been amended subsequent to the IRS determination letter. However, the Plan Administrator believes that the Plan is operating in compliance with the requirements of the Code. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America ("U.S. GAAP") require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management is not aware of any uncertain tax positions that would cause the Plan to lose its tax status or to otherwise be subject to other taxes or penalties

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan agreement to discontinue its contributions at any time and to terminate its participation in the Plan, subject to the provisions of ERISA. In the event of partial or complete Plan termination, participants will become fully vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared under the accrual method of accounting in accordance with U.S. GAAP.

2. Summary of Significant Accounting Policies (continued)

Valuation of Investments – The Plan's investments are stated at fair value, as determined by Massachusetts Mutual Life Insurance Company ("Mass Mutual") except for its fully benefit-responsive investment contract, which is valued at contract value (Note 4). Shares of mutual funds are valued at quoted market prices which represent net asset value of shares held by the Plan at year end. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's investment in a guaranteed interest account is reported at contract value. Interest is credited on contract balances using a single-interest crediting rate applied to all contributions made regardless of the timing of the contributions. Interest-crediting rates are reviewed on a semi-annual basis for resetting.

Pooled separate accounts are valued at their unit value (net asset value) based on the fair value of the underlying mutual funds at year end.

Life insurance contracts are reported at cash surrender value, which approximates fair value. The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains and losses and the unrealized appreciation (depreciation) in the fair value of those investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Benefit Payments – Benefits are recorded when paid.

Plan Expenses – Certain accounting and administrative expenses of the Plan are paid by the Plan Sponsor. Expenses relating to investment activity are paid by the Plan.

Party-in-Interest Transactions – Plan investments in pooled separate accounts, the guaranteed interest account, and life insurance contracts are managed by Mass Mutual. Mass Mutual is the custodian as defined by the Plan (the "Custodian") and, as such, transactions with the Custodian qualify as party-in-interest transactions. Fees paid to the Custodian for services amounted to $36,856 and $10,304 for the years ended December 31, 2018 and 2017, respectively.

Risks and Uncertainties – Investments are exposed to various risks, such as interest rate and market risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amount reported in the accompanying financial statements.

2. Summary of Significant Accounting Policies (continued)

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Subsequent Events – The Plan Administrator has evaluated subsequent events, for recognition and disclosure, October 9, 2019, the date the accompanying financial statements were available to be issued, and has determined that no additional recognition or disclosure was necessary.

3. Information Certified by the Custodian (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplementary schedule is complete and accurate:

	2018	2017
Investments, at fair value	$ 9,508,878	$ 10,505,180
Investments, at contract value	2,019,140	1,853,549
Notes receivable from participants	260,111	153,760
	$ 11,788,129	$ 12,512,489

During 2018 and 2017, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the years), appreciated (depreciated) in value as follows:

	2018	2017
Investment income (loss)		
Interest and dividends	$ 82,279	$ 73,315
Net appreciation (depreciation) in	(673,783)	1,829,012
	$ (591,504)	$ 1,902,327

4. Investment Contract with Insurance Company

The Plan has a fully benefit-responsive group annuity insurance contract with Mass Mutual. Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the accompanying financial statements at contract value at December 31, 2018 and 2017. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value. Such events include the following: (a) removal of a group of participants from Plan coverage as a result of temporary absence, (b) change in position or other occurrence qualifying as a temporary break in service under the Plan, (c) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer, (d) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan Sponsor's business, (e) removal from the Plan of one or more groups or classifications of participants, (f) partial or complete Plan termination, or (g) Plan disqualification.

5. Fair Value Measurements

The schedule below provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value of the Plan's assets. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- **Level 1** – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date. There were no assets held by the Plan as of December 31, 2017 that utilized Level 1 inputs as its primary measure of value.
- **Level 2** – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security.

5. Fair Value Measurements (continued)

- **Level 3** – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability. There were no assets held by the Plan as of December 31, 2018 and 2017 that utilized Level 3 inputs as its primary measure of fair value.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	2018	2017
Level 1		
Mutual funds	$ 5,832,905	$ 0
Level 2		
Life insurance contracts	270,622	253,798
Total investments in fair value hierarchy	6,103,527	253,798
Investments measured at net asset value		
Pooled separate accounts	3,675,973	10,505,180
Total investments at fair value	$ 9,779,500	$ 10,758,978

Investments Measured at Net Asset Value (NAV) – Pooled separate accounts invest in a variety of separate investments and mutual funds. The fair value of these accounts is not publicly quoted. As permitted by ASU No. 2015-12, the fair value is determined at NAV per share as a practical expedient to estimate fair value as long as certain requirements are met. The accounts can be redeemed at NAV, as determined by the Custodian, as of the measurement date.

The Plan implemented a Zero Revenue Sharing Investment Strategy starting August 1, 2018. This strategy maintained the best of the Plan's current funds in their zero-revenue format and replaced the remaining managed funds to a low-cost index funds. As a result, approximately $6.5 million of Plan assets were transferred from pooled separate accounts to mutual funds.
