(1) Description of plan

The following description of the Cleveland Clinic Investment Pension Plan (Plan) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions. Copies of these documents are available from the Total Rewards Department at The Cleveland Clinic Foundation (Foundation).

General - The Plan is a defined contribution plan sponsored by the Foundation and certain of its affiliated entities (System) that was established January 1, 2010 for the benefit of the System's employees who were active as of or hired on or after January 1, 2010, excluding substantially all staff and senior/selected key exempt management employees (as defined). Effective January 1, 2018, certain employees of Akron General Medical Center who are represented by the United Steel Workers of America, AFL-CIO, CLC, Local Union No. 1014L were eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Foundation is the plan administrator (Plan Administrator) and, by action of its Board, has established a Retirement Committee to act on its behalf as the Plan Administrator. The Retirement Committee has overall responsibility for the operation and administration of the Plan, including actions with respect to contracts, trusts, evaluation and engagement of investment fund managers and other Plan matters as required.

Contributions - Contributions made by the System to each participant's account represent a percentage (up to 5.5%) of the participant's annual salary and are based on the participant's years of service with the System. The System also makes supplemental contributions to certain participants (up to 4.0% of the participant's annual salary) based on the sum of their age and years of service. This supplemental contribution will expire on December 31, 2019. Years of service are based on a participant's total period of employment with the System, including service prior to establishment of the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participant investment account options - All contributions to the Plan are deposited in accounts maintained by Fidelity Management Trust Company (Fidelity). All contributions and earnings are to be invested as directed by the participants in any of the various mutual funds or guaranteed investment contracts held by Fidelity. Additionally, self-directed brokerage account investments are available through Fidelity Brokeragelink. Separate accounts are maintained for each participant.

Participant accounts - Each participant's account is credited with an allocation of the System's contribution, plan earnings, and charged with administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Any nonvested participant accounts are forfeited upon termination.

Vesting - Benefits are fully vested after three years of service.

(1) Description of plan (continued)

Payment of benefits - On termination of service due to death, disability or retirement, or other reasons, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installments over a period not to exceed the life of the participant or their beneficiary. Benefit payments are subject to certain restrictions as defined in the Plan document. If the vested portion of a participant's account does not exceed $5,000 upon termination of service, the Plan is permitted to make a lump sum distribution to the participant under certain conditions as defined in the plan document.

Forfeited accounts - At December 31, 2018 and 2017, forfeited non-vested accounts totaled $1,062,315 and $86,759, respectively. These accounts will be used to reduce future employer contributions. For the years ended December 31, 2018 and 2017, employer contributions were reduced by $2,707,771 and $4,153,203, respectively, from forfeited nonvested accounts.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Master Trust - The investments of the Plan, along with the investments of certain other plans sponsored by the Foundation and its affiliates were pooled for investment purposes into a master trust effective January 1, 2018 pursuant to an agreement between Fidelity, the trustee, and the Foundation – The Cleveland Clinic Foundation DC Plans Master Trust. The Plan's interest in the Master Trust and all changes in that interest are presented in separate line items in both the statements of net assets available for benefits and the statements of changes in net assets available for benefits in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2017-06, *Plan Accounting: Defined Benefit Pension Plans (Topic 960): Employee Benefit Master Trust Reporting*. ASU 2017-16 also requires that the Plan disclose the general types of investments held by the Master Trust and also the dollar amount of the Plan's interest in each of those general types of investments. These disclosures are provided in Note 4. The pooling of the Plan's assets into the Master Trust had no impact on the Plan's net assets available for benefits.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

(2) Summary of significant accounting policies (continued)

New accounting pronouncement – In August 2018, the FASB issued ASU No. 2018-13, *Fair Value Measurement, Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement.* This ASU intends to improve the effectiveness of disclosures in the notes to financial statements by modifying disclosure requirements for fair value measurements. The ASU is effective for the Plan for annual and interim reporting periods beginning after December 15, 2019 with early adoption permitted. The Plan is currently assessing the impact that ASU 2018-13 will have on its consolidated financial statements and will adopt the provision upon the effective date.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the System and are not included in the statements of changes in net assets available for benefits. The System may obtain reimbursement from the Plan for certain administrative expenses paid on behalf of the Plan. Investment related expenses are included in investment loss – participation in Master Trust or net appreciation of fair value of investments.

A Revenue Credit Account is maintained at Fidelity which is funded quarterly based on revenue sharing on covered investments, as defined, in excess of a quarterly participant fee. The Revenue Credit Account may be used to reimburse the System for fees and expenses or to pay such vendors directly for services provided to the Plan. Amounts not used to pay expenses of the Plan may be allocated to Plan participants. During 2018 and 2017, the Plan earned revenue credits of $99,474 and $58,064, respectively, which is reported in the financial statements as other income.

Investment valuation and income recognition – Investments, including investments held in the Master Trust, are reported at fair value (except for the fully benefit-responsive investment contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

(3) Information prepared and certified by the trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and is complete and accurate with respect to investments:

- Investments at fair value
- Investments at contract value
- Net investment loss – participation in Master Trust
- Net appreciation in fair value of investments
- Dividends and interest

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

(4) Master Trust

The following is financial information with respect to the Master Trust:

While all of the investments of the participating plans are deemed part of the Master Trust, each plan maintains a separate accounting of its share of the investments and its participation in the net appreciation or depreciation of the Master Trust's investments based on fair value measured using the methodologies described in Note 5.

(5) Fair value measurements

Authoritative guidance provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

(5) Fair value measurements (continued)

- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily hold investments in mutual funds.

The following table sets forth by level, within the fair value hierarchy, the Master Trust's investments at fair value at December 31, 2018:

	Master Trust Investments at Fair Value at December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,591,433,365	$ -	$ -	$ 1,591,433,365
Self-directed brokerage accounts	76,680,508	-	-	76,680,508
Total investments at fair value	$ 1,668,113,873	$ -	$ -	$ 1,668,113,873

(5) Fair value measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2017 (prior to establishment of the Master Trust):

	Plan Investments at Fair Value at December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 696,512,845	$ -	$ -	$ 696,512,845
Self-directed brokerage accounts	12,455,532	-	-	12,455,532
Total investments at fair value	$ 708,968,377	$ -	$ -	$ 708,968,377

(6) Fully benefit-responsive investment contracts

The Master Trust holds certain fully benefit-responsive guaranteed investment contracts (GICs) issued by MetLife and Prudential Insurance Company of America at December 31, 2018. In 2017, these contracts were held by Fidelity. Contributions to these contracts are maintained in the general accounts of the contract issuers. Each account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed for a specified period of time as outlined in the GICs. The crediting interest rate is based on a formula agreed upon with the issuers, but may not be less than 1.5% to 3.0%. Such interest rates are reviewed on a quarterly or annual basis for resetting using a portfolio rate approach where a single interest crediting rate is applied to all contributions made regardless of the timing of those contributions. The contracts are evergreen and do not have maturity dates.

The GICs meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Fidelity, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan’s ability to receive amounts due is dependent on each issuer’s ability to meets its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

(6) Fully benefit-responsive investment contracts (continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuers. Such events could include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. These events could cause contract value to be reduced subject to the application of market value adjustments, as defined in the contracts. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

There are no events that permit the issuers to terminate the contracts which would require the Plan to transact at amounts different than contract value.

(7) Related party transactions and party-in-interest transactions

Fees for legal, accounting, trustee, and other services are paid by the System. Administrative fees, including penalties for withdrawals, charged by Fidelity are deducted from the individual accounts of applicable participants. Other party-in-interest transactions include the purchase and sale of investments through Fidelity, the trustee of the Plan. Such transactions are exempt from being prohibited transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are deducted from the NAV of the respective mutual fund, rather than through a direct payment.

(8) Plan termination

Although it has not expressed any intent to do so, the System has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In addition, each participating affiliate reserves the right to terminate the Plan as applicable to itself. In the event of plan termination, participants would become 100% vested in the benefits accrued to the date of termination.

(9) Tax status

The Internal Revenue Service has determined and informed the System by a letter dated January 31, 2014, that the Plan and the related trust are designed in accordance with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

(9) Tax status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(10) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(11) Subsequent events

The Plan has evaluated events that have occurred subsequent to the year ended December 31, 2018 through October 3, 2019, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
