NOTE 1 – PLAN SUMMARY AND DESCRIPTION:

The following description of the UroPartners, L.L.C. ("Company") 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was amended and restated effective January 1, 2016.

General

The Plan is a defined contribution 401(k) plan covering all full-time employees of the Company who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Plan's investment committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Trustees.

Contributions

Each year, participants may contribute a percentage or flat dollar amount of eligible compensation, as defined in the Plan. The contributions can be made before income tax is calculated to a regular 401(k) account or after income tax is deducted to a Roth 401(k) account. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions, matching Company contribution and additional profit sharing contributions into various investment options offered by the Plan. The Plan currently offers several families of mutual funds and a collective investment fund as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation. Contributions are automatically invested in a designated balanced fund until changed by the participant. The Company contributes 3% of base compensation whether or not a participant contributes to the Plan. In addition, for each year that an employee is eligible to share in contributions, the Company may contribute on the employee's behalf, a discretionary profit sharing contribution. That amount will be allocated among three different groups of employees. The amount contributed to each group will be allocated within the group based on each participant's compensation compared to the total compensation for the group. Contributions are subject to certain limitations. The Company made a $1,589,927 and $1,542,858 profit sharing contribution and a $826,257 and $783,646 safe harbor contribution for the plan years ended December 31, 2018 and 2017, respectively.

NOTE 1 – PLAN SUMMARY AND DESCRIPTION (continued):

Participant Account

Each participant's account is credited with the participant's contributions and (a) the Company's contribution and, allocations of (b) Plan earnings (losses), and charged with an allocation of administrative expenses paid by the plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contribution and the Company's matching contribution plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear the interest at rates commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through periodic payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the fair value of the participant's vested interest in his or her account, or installments over a period not to exceed participant's assumed life expectancy, subject to certain provisions as defined in the Plan. Distributions are also permitted prior to termination if certain age requirements are met. A participant may direct the distribution of the amount in a participant's Rollover Account at any time, even if the participant has not yet reached age 59½. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE 1 – PLAN SUMMARY AND DESCRIPTION (continued):

Forfeited Accounts

Forfeited nonvested accounts totaled $128,336 and $116,444 as of December 31, 2018 and 2017, respectively. This account will be used to reduce future employer contributions or pay expenses of the Plan. No forfeitures were used during 2018 or 2017 to reduce current employer contributions or pay Plan expenses.

The Plan was amended effective January 1, 2017 to permit forfeitures to be used to reduce any employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the plan valuation policies utilizing information provided by the custodian of the Plan. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's accounts and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Reclassification

Certain prior year amounts have been reclassified for consistency with the current year presentation. These reclassifications had no effect on the reported net assets available for benefits.

Subsequent Events

Subsequent events were evaluated through October 4, 2019, which is the date the Plan's financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS:

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that prices. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: This fund is composed of an additional stable value collective trust fund which consists of fully benefit-responsive investment contracts and is valued at the net asset value of units of the collective trust. The net asset value, referred to as NAV, is used as a practical expedient to estimate fair value. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, and then divided by the number of shares outstanding. The NAV of the fund is calculated daily, and net investment income and realized and unrealized gains on investments are not distributed but rather reinvested and reflected in the net assets value of the fund.

NOTE 3 – FAIR VALUE MEASUREMENTS (continued):

There are no significant restrictions, redemption terms, or holding periods which would limit the ability of the Plan or the participants to transact at the NAV. Participant transactions may occur daily. If the Plan initiates a full redemption, the issuer reserves the right to require 12 months' notification in order to ensure that security liquidations will be carried out in an orderly manner.

The following table sets forth, by level within the fair value hierarchy the Plan's investments fair value as of December 31, 2018 and 2017:

Fair Value Measurements at the End of the Reporting Period Using:

December 31, 2018	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
Total assets in the fair value hierarchy - Mutual Funds	$ 42,684,396	$ 42,684,396	$ -	$ -
Investments measured at NAV	2,903,381			
Investments, at fair value (a)	$ 45,587,777			

December 31, 2017	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
Total assets in the fair value hierarchy - Mutual Funds	$ 45,636,882	$ 45,636,882	$ -	$ -
Investments measured at NAV	2,663,087			
Investments, at fair value (a)	$ 48,299,969			

NOTE 3 – FAIR VALUE MEASUREMENTS (continued):

(a) Investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN:

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian as of December 31, 2018 and 2017:

	2018	2017
Investments at fair value	$ 45,587,777	$ 48,299,969
Notes receivable from participants	455,632	491,131
Net appreciation (depreciation) in fair value of investments	(6,003,531)	5,684,258
Dividends and interest	2,226,446	1,625,965
Interest income on notes receivable from participants	17,223	15,345
Other income	71,594	62,205

NOTE 5 – RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 – PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS:

Plan investments were managed by Great-West Life & Annuity Insurance Company (Great-West). Great-West is the custodian of the Plan and, therefore, these transactions qualify as party in interest transactions.

The Plan paid $166,645 and $147,256 of administrative fees to Great-West during the years ended December 31, 2018 and 2017, respectively.

NOTE 8 – TAX STATUS:

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to tax examinations for years prior to 2015.
