Note 1: Description of the Plan

The following description of the ENGIE 401(k) Plan (the "Plan") provides only general intonation. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). With the exception of certain union employees, nonresident aliens, inpatriates (other than an inpatriate employee who is subject to local employment terms and conditions), and leased employees, the Plan covers substantially all employees of ENGIE Holdings Inc. (the "Company"). There are no age or service requirements.

The Company acts as the Plan administrator and is responsible for the Plan. Great-West Trust Company LLC (the "Trustee") is the trustee of the assets of the Plan, and Empower Retirement serves as the record keeper of the Plan, maintaining individual accounts for each participant.

The Company entered into an Amended and Restated Stock Purchase Agreement with Atlas Power Finance LLC, a wholly owned subsidiary of Atlas Power, LLC, an indirect wholly owned subsidiary of Dynegy Inc. for the sale of the majority of its thermal assets located throughout the United States. The closing date of sale was February 7, 2017. With this transaction, certain employees were terminated and received information to facilitate an individual rollover to Dynegy's 401(k) plan or an IRA. In addition, those employees with balances greater than $5,000 may leave their accounts in the Company's plan until age 70 ½, when mandatory required minimum disbursements must take place.

On January 1, 2018, ENGIE Insight Services Inc. became a participating employer in the Plan. On January 16, 2018 the merger of the ECOVA 401(k) plan into the ENGIE 401(k) was completed transferring all participant balances.

On February 20, 2018, ENGIE North America Inc. acquired Infinity Renewables. Employees of the purchased entity became employees of ENGIE North America Inc. and began participating in the Plan. Participants were given the option to roll their balances from their former 401(k) plan into the Plan.

On March 31, 2018, ENGIE North America Inc. acquired SoCore Energy and SoCore Engineering LLC from Edison Group. SoCore Engineering LLC became a participating employer of the Plan, effective April 1, 2018. Employees of SoCore Energy became employees of ENGIE North America Inc. on April 1, 2018. Such employees transferred their former 401(k) plan account balances with Edison Group into the Plan.

On April 1, 2018, SolaireDirect became a participating employer of the Plan as part of an effort to integrate with the Company's North America business units and leverage payroll and financial shared services as well as benefit plans. Participants were given the option to roll their balances from their former 401(k) plan into the Plan.

On June 1, 2018, employees of ENGIE Storage Inc. became employees of ENGIE North America Inc. as part of an effort to integrate with the Company's North America business units and leverage payroll

and financial shared services as well as benefit plans. Such employees formerly participated in a 401(k) plan provided through ADP Total Source administered through Voya Financial, Inc. (the "Voya Plan"). The Voya Plan was terminated and participant balances were transferred into the Plan.

Contributions

Participants may contribute up to 100% of their eligible compensation, as defined in the Plan.

Effective January l, 2017, the Company contributes 100% of each participant's elective deferrals made that do not exceed 3% of employee compensation plus 50% of salary deferrals between 3% and 5% of employee compensation. The quarterly profit-sharing contribution is equal to 1.5% of employee compensation. The Plan is a safe harbor plan. Effective January 1, 2018, the quarterly profit-sharing contribution moved to discretionary.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, Company profit-sharing contributions and allocations of Company discretionary contributions and Plan earnings, and charged with withdrawals and allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

If not previously enrolled, all new employees are automatically enrolled into the Plan sixty days after the employee's initial hire date. Absent an election by the employee to the contrary, 3% is automatically withheld from his/her compensation and deposited in the Plan as an employee contribution. This amount will increase by 1% each year until it reaches a maximum of 6% and 10% of participants' before-tax pay, for 2017 and 2018, respectively. Additionally, the non-elective quarterly profit-sharing contributions were changed to discretionary for the 2018 plan year and after. If the employee does not select an investment option, the contributions will be invested in the Vanguard Target Retirement Fund that most closely matches the employees target retirement year, but may be subsequently redirected by the employee at any time. Each employee is responsible for directing his/her account.

Investments

Upon enrollment in the Plan, a participant may direct employee contributions into various investment options. Company contributions are contributed according to the same allocation.

Vesting

All participant and employer contributions and earnings thereon vest immediately. Upon termination of service, retirement, death, disability, or termination of the Plan, the participant may receive a lump-sum amount equal to his/her account balance.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as a transfer between the investment fund and the loan fund. Loan terms range from one to five years, or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear

interest at the prime rate, as defined in the Plan document, plus 1% of interest on the date of the loan. Principal and interest are paid ratably through payroll deductions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Risk and Uncertainties

The Plan utilizes various investment instruments, including mutual funds and a common collective trust fund that is considered to be a stable value fund. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The common collective trust fund (Putnam Stable Value Fund) is stated at fair value as determined by the issuer of the common collective trust based on the net asset value as a practical expedient of the underlying investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds and stable value fund are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Administrative Expenses

Administrative expenses of the Plan may be paid by the Company or the Plan, as provided in the Plan document.

Benefit Payments

Benefits are recorded upon distribution.

Note 3: Fair Value Measurements

ASC 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows:

- Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets;
- Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and
- Level 3, which refers to securities valued based on significant unobservable inputs.

Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis as of December 31, 2018 and 2017.

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value				
Mutual funds	$ 257,801,478	$ -	$ -	$ 257,801,478
	$ 257,801,478	$ -	$ -	$ 257,801,478
Investment measured at net asset value				
Common collective trust fund				35,816,995
Total investments				$ 293,618,473

	December 31, 2017			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value				
Mutual funds	$ 233,355,161	$ -	$ -	$ 233,355,161
	$ 233,355,161	$ -	$ -	$ 233,355,161
Investment measured at net asset value				
Common collective trust fund				36,940,756
Total investments				$ 270,295,917

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of the transfer between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended, December 31, 2018 and 2017, there were no transfers between levels.

The valuation methods described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4: Stable Value Fund

The stable value fund (the "Fund") is a common collective trust fund sponsored by Putnam Fiduciary Trust Company. The Fund is valued on a daily basis by Putnam Fiduciary Trust Company. Contributions and redemptions to the Fund may be made daily at the current net asset value and are considered as made immediately after the daily valuation. Subject to certain restrictions, withdrawals from the Fund are generally permitted daily. As of December 31, 2018 and 2017, the balance of the Fund was $35,816,995 and $36,940,756, respectively.

Note 5: Exempt Party-In-Interest Transactions

Transactions with the Trustee and the funds they manage qualify as party-in-interest transactions. Investment management fees and operating fees paid by the Plan were included as a reduction of the return earned on each fund. Additionally, participant loans qualified as exempt party-in-interest transactions.

During 2018, Empower Retirement, the Plan's record keeper, paid the Plan directly $100,000 in unused expense credits which were payable to the Plan. This amount is recorded as other additions in the Statements of Changes in Net Assets Available for Benefits.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7: Tax Status

The Plan uses a prototype plan document sponsored by Great-West Trust Company. Great-West Trust Company received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the plan's administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax position taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by the taxing jurisdictions.

Note 8: Information Certified by the Trustee

Information on investments as of December 31, 2018 and 2017 and related investment income for the year ended December 31, 2018 has been certified by the Trustee of the Plan, as permitted by 29 CFR 2520.103-8 of the Department of Labor rules under ERISA.

Note 9: Delinquent Participant Contributions

For the year ended December 31, 2018, participant contributions, including loan repayments of $900 were not remitted to the Plan on a timely basis as defined by the DOL Rules and Regulations under ERISA. Plan management will make the correction under under the Voluntary Fiduciary Correction Program in 2019 and pay the lost earnings to the affected participants.

Note 10: Subsequent Events

For the year ended December 31, 2018, subsequent events were evaluated through October 10, 2019, the date the financial statements were available to be issued.

On April 3, 2018, ENGIE North America Inc. and Axium Infrastructure (operating jointly as Longwood Energy Partners) completed the acquisition of Matep LLC. Such employees continued to participate in a 401(k) plan provided through Fidelity and administered through Fidelity Financial, Inc. (the "Fidelity Plan"). In an effort to integrate with the Company's North America business units and leverage payroll and financial shared services as well as benefit plans, the Fidelity Plan was terminated and participant balances were transferred into the Plan effective August 1, 2019.
