MAXWELL, LOCKE & RITTER, LLP 401(K) PROFIT SHARING PLAN
AUSTIN, TEXAS
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2018 AND 2017

NOTE 1: Description of Plan

The following brief description of the Maxwell, Locke & Ritter, LLP 401(K) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution profit sharing plan sponsored by Maxwell, Locke & Ritter, LLP (the "Plan Sponsor") for its employees and is subject to and is in conformity with the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was originally adopted on January 1, 1992, and has been amended from time to time since that date. The Plan document was most recently restated effective January 1, 2016.

The Leadership Team, designated by the Plan Sponsor, has responsibility for the administration of the Plan. TD Ameritrade Trust Company, as trustee, has responsibility for the management, operation and administration of the trust fund. The Plan's investments are held by TD Ameritrade as trustee.

Retirement Horizons, Inc. ("RHI") is the recordkeeper of the Plan. Maxwell, Locke & Ritter Wealth Management, LLC is the investment consultant. A fee is charged by the trustee, recordkeeper, and investment consultant for services rendered.

Eligibility - All employees are eligible participants for the Plan except for the following ineligible classes of employees: (a) employees whose employment is governed by a collective bargaining agreement in which retirement benefits were the subject of good faith bargaining; (b) anyone who becomes an employee as the result of a merger or other acquisition; (c) anyone who is a leased employee; (d) employees who are employed by an affiliated employer which does not adopt this Plan; (e) employees who are considered to be independent contractors on date of hire or on the first day of each subsequent Plan year; and (f) employees who are classified as interns or temporary employees. Participants may enter the Plan on the same date their employment begins, except as noted above.

NOTE 1: Description of Plan (continued)

Contributions - Participants may contribute an amount not to exceed the maximum allowed by the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan Sponsor may contribute matching contributions each plan quarter at the discretion of the Leadership Team. The Plan Sponsor elected to make no matching contributions for the years ended December 31, 2018 and 2017, respectively. The Plan Sponsor may also make non-elective profit sharing contributions to the Plan. These contributions are discretionary in timing and amount. The Plan Sponsor contributed $1,007,511 and $919,283 of non-elective profit sharing contributions during the years ended December 31, 2018 and 2017, respectively.

Participant Accounts - Each participant's account is adjusted for the participant's contributions and distributions, the Plan Sponsor's contributions, and pro-rata allocation of Plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions and any earnings or losses thereon. Vesting in the employer's matching and profit sharing contributions, forfeitures and any earnings or losses thereon is as follows:

YEARS OF SERVICE	VESTING %
Less than 2 years of service	0%
Two years but less than 3 years of service	20%
Three years but less than 4 years of service	40%
Four years but less than 5 years of service	60%
Five years but less than 6 years of service	80%
Six years of service or more	100%

Forfeitures - At December 31, 2018 and 2017, forfeited, nonvested accounts totaled approximately $10,000 and $15,000, respectively. The Leadership Team may elect to pay Plan administrative expenses with such forfeitures. Thereafter, forfeitures are used to restore previous forfeitures of participant accounts. Any remaining forfeitures are used to reduce the employer's contribution. Forfeitures totaling approximately $15,000 and $43,000 were used to fund employer contributions for the years ended December 31, 2018 and 2017, respectively.

NOTE 1: Description of Plan (continued)

Investment Options - Upon enrollment a participant may direct employee and Plan Sponsor contributions in any of the investment options established by the Leadership Team. Participants may change their investment options daily.

Notes Receivable From Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan terms range from 1 - 5 years. However, loans may exceed 5 years if used for the purchase, construction, reconstruction or rehabilitation of the participant's principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate of one percentage point higher than the current prime lending rate (5.5% and 4.5% at December 31, 2018 and 2017, respectively). Principal and interest is paid ratably through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits - Upon termination of employment due to death, disability, and retirement or other reasons, participants will be entitled to receive distribution of their vested balances in a lump-sum amount or in installments.

Plan Termination - Although there is no present intention to do so, the Plan Sponsor may terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in their account balances and the trustee shall dispose of the Plan assets by distribution to participants and beneficiaries.

NOTE 2: Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared using the accrual basis of accounting.

Valuation of Investments - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at a measurement date. See Note 3 for a description of the valuation and methodologies used to determine each investment's respective fair value.

Net appreciation or depreciation of the fair value of investments consists of the unrealized appreciation or depreciation of investments held during the year, as well as the realized gain or loss on sale of investments which represents the difference between net sales proceeds and cost or previous fair value of the investments sold.

NOTE 2: Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend rate.

Tax Status - The Plan received a favorable determination letter from the Internal Revenue Service ("IRS") dated March 31, 2008, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended and restated since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America ("GAAP") require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS or state or local taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions within the standard statute of limitation periods; however, there are currently no audits for any tax periods in progress.

Benefit Payments – Benefits are recorded when paid.

Plan Expenses - Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements, including legal, administrative, and accounting fees. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Custodial fees are incurred and paid by the Plan Sponsor. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Reclassifications - Certain reclassifications have been made to the 2017 financial statements in order for them to be in conformity with the 2018 presentation.

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2: Summary of Significant Accounting Policies (continued)

Subsequent Events - The Plan's Leadership Team has evaluated all subsequent events that may qualify for disclosure through October 9, 2019, which is the date financial statements were available to be issued. There were no transactions that are required to be disclosed under the professional guidance.

NOTE 3: Fair Value Measurements

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3: Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at net asset value ("NAV") of shares held by the Plan at year end.

Money market funds: Valued at NAV of shares held by the Plan at year end based on similar assets in active markets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	December 31, 2018		
	Level 1	**Level 2**	**Total**
Mutual funds	**$ 32,177,252**	**$ 0**	**$ 32,177,252**
