ULRICH 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2018 and 2017

A. Description of the Plan

General

The following description of the Ulrich 401(k) Plan (the "Plan") provides only general information. The Plan is sponsored by Ulrich Barn Builders, LLC (the "Company" or "Plan Administrator"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan, which was adopted effective January 1, 2016 and most recently amended on September 13, 2018, is a defined contribution plan under Section 401(k) of the Internal Revenue Code (the "Code") covering substantially all employees of the Company. Employees are eligible for entrance into the Plan upon completing three consecutive months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Ascensus Trust Company serves as the trustee and Vanguard Fiduciary Trust Company serves as the custodian.

Contributions

Each year, participants may voluntarily contribute a percentage or a flat dollar amount of their annual compensation up to the maximum allowable by the Code regulations. Participants may also contribute amounts representing distributions from other qualified employee benefit plans. Some or all of a participant's contribution may be designated as a Roth deferral contribution. Roth deferral contributions are made on an after-tax basis; however, such contributions will not be taxed at the time of distribution to the participant.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the Plan year may make catch-up contributions in accordance with and subject to the limitations imposed by the Code.

The Company makes a "safe harbor" contribution equal to 100% of employee deferrals, up to 4% of eligible compensation. In addition, the Company may make an additional discretionary employer contribution to the Plan in such amounts as determined by management. Participants must generally be employed for the entire plan year, including the last day of the Plan year, to be eligible for the discretionary employer contribution. There were no additional discretionary employer contributions for the year ended December 31, 2018.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions; and (b) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

A. Description of the Plan – continued

Forfeited Accounts

Forfeited balances of participants' non-vested accounts are used to offset Company "safe harbor" and/or discretionary contributions. During the year ended December 31, 2018, there were no forfeitures used to offset "safe harbor" and/or discretionary employer contributions. There were no unallocated forfeitures as of December 31, 2018 and 2017.

Vesting

Participants are immediately vested in their voluntary contributions and the employer "safe harbor" contributions, plus actual earnings thereon. Vesting in the discretionary employer contributions portion of their accounts, plus actual earnings thereon, is as follows:

Years of Service	Vested Percentage
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Company contributions become fully vested in the event of retirement at age 65, disability, or death of a participant.

Investment Options

Upon enrollment in the Plan, a participant may direct his/her salary deferrals and any Company contributions into a variety of investment options, which vary in degree of risk.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or termination of employment, a participant or designated beneficiary is entitled to receive, in a lump sum, the value of the participant's vested interest in his/her account as defined by the Plan. Payment shall be made as soon as practicable following the participant's normal retirement date, disability, termination of employment, or death, as the case may be. Payment of benefits to participants with balances less than $5,000 will be made in a mandatory lump-sum distribution.

A. Description of the Plan – continued

Payment of Benefits – continued

Effective September 13, 2018, a participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of medical expenses incurred by the participant, his/her spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of tuition, related educational fees, and room and board expenses for the next twelve months of post-secondary education; (4) needed to prevent eviction of the participant from his/her principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) for burial or funeral expenses of the participant's deceased parent, spouse, or dependents; or, (6) for the repair of damage to the participant's principal residence that would qualify for casualty deduction under the Code. Upon receipt of a hardship distribution, the participant may not make any elective deferrals for at least six months.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with Plan provisions, the Company pays substantially all costs relating to asset charges and recordkeeping. All significant administrative expenses are paid by the Company and are not reflected in the accompanying financial statements.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

B. Summary of Significant Accounting Policies – continued

Investment Valuation and Income – continued

The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year-end. Purchases and sales of investments are reflected on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Contributions

Contributions from the participants and the Company are accrued in the period in which they are earned in accordance with salary deferral agreements and become obligations of the Company, as determined by the Plan Administrator.

Payment of Benefits

Benefits are recorded when paid.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. For the year ended December 31, 2018, there were no significant transfers between levels. The three levels defined in GAAP are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

C. Fair Value Measurements – continued

GAAP requires a description of the methodologies used to measure the fair value of assets and liabilities. These methodologies, which are described below, were consistently applied to all investments carried as of December 31, 2018 and 2017.

- Mutual funds are measured using the published net asset values of the shares held by the Plan at year-end and are considered Level 1 investments.

There have been no changes in the methodologies used at December 31, 2018 and 2017. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2018 and 2017. All of the Plan's investments are classified as Level 1 investments. The Plan has no assets classified within Level 2 or Level 3 of the valuation hierarchy.

	2018	
	Level 1	**Total**
Mutual funds	$ 521,915	$ 521,915
Total investments at fair value	$ 521,915	$ 521,915

	2017	
	Level 1	**Total**
Mutual funds	$ 346,051	$ 346,051
Total investments at fair value	$ 346,051	$ 346,051

The mutual funds are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the year ended December 31, 2018, there were no transfers between levels.

D. Information Certified by the Trustee

The Plan Administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator limited auditing procedures with respect to the investment information certified by Ascensus Trust Company, the trustee, which included total investments as of December 31, 2018 and 2017, the total investment income for the year ended December 31, 2018, and all information included in the accompanying supplemental schedule Form 5500, Schedule H, line 4i - Schedule of Assets (Held at End of Year).

E. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their entire account balances.

F. Tax Status

The Company has adopted a volume submitter profit sharing plan and trust document on which the Internal Revenue Service (the "IRS") has issued an advisory letter dated March 31, 2014, stating that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving the advisory letter. However, the Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

G. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of mutual funds managed by Vanguard Fiduciary Trust Company, the custodian. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

H. Reconciliation of Financial Statements to Form 5500

Employer contribution receivable	-	(12,400)
Net assets available for benefits per the Form 5500	$ 521,915	$ 346,051

The following is a reconciliation of the net increase in net assets available for benefits for the year ended December 31, 2018, per the accompanying financial statements to the Form 5500:

Net increase in net assets available for benefits per the financial statements	$ 151,064
Prior year participant contributions receivable per the financial statements	12,400
Prior year employer contributions receivable per the financial statements	12,400
Net increase in net assets available for benefits per the Form 5500	$ 175,864

The reconciling items noted above are due to the difference in the method of accounting used in preparing the Form 5500 as compared to the Plan's financial statements. Government reporting rules were used in preparing the Form 5500, whereas the Plan's financial statements have been prepared on the accrual basis of accounting as required by GAAP.

I. Subsequent Events

In preparing the accompanying financial statements, management of the Plan has evaluated all subsequent events and transactions for potential recognition or disclosure through October 2, 2019, the date the financial statements were available for issuance.
