1. DESCRIPTION OF PLAN

The following description of the HME Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which was adopted on January 1, 1988, is a defined contribution plan to provide retirement benefits for eligible employees of HM Electronics, Inc. and its wholly owned subsidiaries (the "Company"). The Company is the Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration

The Company and certain members of the Company's management are the trustees and the Plan Administrator, and are responsible for monitoring and maintaining the individual participant account balances. Effective October 8, 2018, the Plan Sponsor changed the Plan's third party administrator from Newport Group, Inc. to Fidelity Management Trust Company and the Plan's custodial functions from Newport Trust Company to Fidelity Management Trust Company.

Eligibility to Participate

Employees who are at least 21 years of age and one hour of service are eligible to participate.

Contributions

Participants may contribute up to 100% of annual compensation, as defined by the Plan. Participants who have attained age 50 within the plan year are eligible to make "catch-up" contributions. Contributions are subject to certain Internal Revenue Service ("IRS") limitations. Contributions can be made either on a pre-tax basis, or participants may elect to designate some or all of their contributions as "Roth Contributions" which are made on an after-tax basis. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Such contributions are 100% vested and non-forfeitable. The Plan allows participants to make rollover contributions from a qualified plan. Effective October 8, 2018 the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Those participants who are automatically enrolled will have their deferral increased annually by 1% on August 1 until a deferral rate of 10% is reached.

The Company may make matching contributions of 50% of each participant's contribution up to 6% of the participant's compensation, including Roth 401(k) deferral contributions. These employer discretionary matching contributions are subject to overall employer contribution limits and additions to individual participant account limits. Each participant becomes vested in their employer discretionary matching contributions per the vesting schedule. During 2018, employer matching contributions totaled $1,142,594.

1. DESCRIPTION OF PLAN (continued)

Contributions (continued)

Participants may direct their contributions and their allocated share of employer contributions into a variety of investment options as offered by the Plan and can change their investment options at any time.

Participant Accounts

All investments are directed by Plan participants. Upon enrollment in the Plan, a participant directs contributions into any of the available investment options. Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's salary reduction and rollover contributions; employer matching contributions and an allocation of the employer's qualified non-elective contributions and Plan earnings. Allocations are based on participant account balances or as an equal dollar amount based on the number of participants in the Plan, as defined by the Plan. The benefit to which a participant is entitled to is the amount that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their rollover and participant salary reduction contributions plus actual earnings thereon. The Company's matching contribution vests 25% after each year of service and the participant is 100% vested after four years. For vesting purposes, a year of service is defined as a Plan year in which an employee works at least 1,000 hours.

Participants become fully vested upon termination for reason of retirement, death or disability, if the Plan is terminated, or if there is a partial plan termination. Nonvested benefits are forfeited by participants upon termination for reasons other than normal retirement, death, Plan termination, or disability.

Forfeitures

Forfeited nonvested account balances may be used to reduce future employer contributions. For the year ended December 31, 2018 and 2017, forfeited nonvested accounts totaling $52,087 and $37,285, respectively, were used to reduce employer contributions. At December 31, 2018 and 2017, there were no forfeited accounts held by the Plan.

Payment of Benefits

A participant's vested account balance becomes distributable upon termination of service due to disability, retirement or death. Upon severance of employment for other than disability, retirement death, benefits are paid to employees based on the amount allocated to their account multiplied by the vesting percentage at the time of termination. The participant or beneficiary will be paid in a lump sum. The distribution shall be made to the participant or beneficiary in accordance with the election of the participant. Participants may defer receiving these benefits until their normal retirement age if their vested account balance exceeds $5,000.

1. DESCRIPTION OF PLAN (continued)

Payment of Benefits (continued)

Participants may also elect to withdraw in cash certain vested amounts to the extent necessary to meet a financial hardship, in accordance with the regulations and rulings of the Internal Revenue Code ("IRC"). After a withdrawal, a stipulated period of time must lapse, as defined by the Plan, before a participant can make additional deferred contributions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, all participant accounts become fully vested and non-forfeitable.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2018. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount of 50% of their vested account balance or $50,000 reduced by the highest outstanding loan balance in a participants' account during the prior twelve month period, subject to certain Department of Labor ("DOL") and IRS requirements. Loan transactions are treated as a transfer between the respective investment fund and the loan fund. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined periodically by the Plan Administrator. The interest rates on borrowings range from 4.25% to 6.25% per annum and mature through April 2027. Principal and interest are paid ratably through payroll deductions. Effective October 8, 2018 a participant can have up to two loans outstanding at any given time.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Accordingly, actual results may differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Administrative Expenses/Investment Advisory Fees

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments. Fees related to the services provided by the Plan's financial advisor are included in the investment advisory fees.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded for loans to participants. If a participant ceases to make loan repayments and the Plan Administrator deems the participants loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid.

Corrective Distributions

Corrective distributions are required in the event that participant or employer contributions exceed contribution limitations of the Plan or to comply with IRC nondiscrimination requirements. As of December 31, 2018, such amounts are recorded as excess contributions payable and are reported in the accompanying statements of net assets available for benefits and as a corresponding reduction to contributions. The Plan distributed the 2018 and 2017 excess contributions to the applicable participants during 2019 and 2018, respectively.

Subsequent Events

The Plan evaluated subsequent events for their potential impact on the financial statements and disclosures through October 3, 2019 which is the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY CUSTODIANS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2018, net depreciation in fair value of investments, and interest and dividends on investments and interest income on notes receivable from participants for the year ended December 31, 2018, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Fidelity Management Trust Company, the current custodian of the Plan, or Newport Trust Company, the former custodian of the Plan.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures ("ASC 820") establishes a framework for measuring fair value. That framework provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- Level 2 – Inputs other than quoted prices included within Level 1 that observable for the assets or liability, either directly or indirectly, such as:
    a. Quoted prices for similar assets or liabilities in active markets
    b. Quoted prices for identical or similar assets or liabilities in inactive markets
    c. Inputs other than quoted prices that are observable for the asset or liability
    d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the assets or liability.
- Level 3 – Inputs to the valuation methodology include prices or valuation techniques that require inputs that are unobservable and significant to the overall fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2018 and 2017.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. FAIR VALUE MEASUREMENTS (continued)

Pooled Separate Accounts: These investments are public investment securities valued using the NAV. The NAV, as provided by the investment custodian, is used as a practical expedient of fair value.

Common/collective trust: The fair value of participation units held in the Reliance Trust Stable Value Fund (MetLife Series 25053, Class 60), a common/collective trust ("CCT") is based on net asset value, as reported by the manager of the collective trust fund, Reliance Trust Company, and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. The NAV is used as a practical expedient to estimate fair value. The CCT invests entirely in the MetLife Group Annuity Contract 25053, which consists of separately managed investment portfolios in fixed income securities, and also enter into wrapper contracts, which are issued by third-parties and are designed to allow the Fund to maintain a constant net asset value.

The following tables set forth the Plan's investment assets at fair value by level within the valuation hierarchy as of December 31, 2018 and 2017:

2018:	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Balance as of December 31, 2018**
Mutual funds	$ 39,778,173	$ 39,778,173
Total assets in the fair value hierarchy	$ 39,778,173	$ 39,778,173
Investment measure at net asset value[1]	–	8,397,036
Investments at fair value	$ 39,778,173	$ 48,175,209

2017:	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Balance as of December 31, 2017**
Mutual funds	$ 39,616,538	$ 39,616,538
Total investments at fair value	$ 39,616,538	$ 39,616,538
Investment measure at net asset value[1]	–	5,505,567
Investments at fair value	$ 39,616,538	$ 45,122,105

[1]In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. FAIR VALUE MEASUREMENTS (continued)

Investments Measured Using Net Asset Value per Share as Practical Expedient

The following tables set forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as a practical expedient of fair value as of December 31, 2018 and 2017:

December 31, 2018:

Instrument	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Reliance Stable Value Trust Fund	$ 7,618,679	N/A	Daily	None
Pooled separate accounts	778,357	N/A	Daily	None
	$ 8,397,036			

December 31, 2017:

Instrument	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Reliance Stable Value Trust Fund	$ 5,505,567	N/A	Daily	None

5. DISTRIBUTIONS PAYABLE

Participants are generally required by IRS regulations to receive a Required Minimum Distribution (RMD) from the Plan, unless they are a more than five percent owner of the Plan Sponsor, no later than April 1 of the calendar year following the calendar year they turn 70½ or terminate their employment, whichever is later. During 2018, the Plan failed to remit RMDs totaling $110,094. These amounts were accrued as distributions payable at December 31, 2018, and were remitted to participants in the first quarter of 2019.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and money market funds managed by Newport Trust Company, former custodian, and Fidelity Management Trust Company, current custodian. Newport Trust Company is the former custodian and Fidelity Management Trust Company is the current custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions as defined by Department of Labor regulations. Fees paid by the Plan to Newport Trust Company for administrative services was $11,002. Fees paid by the Plan to Fidelity Management Trust Company for administrative services was $1,588.

7. TAX STATUS

The Plan has adopted a volume submitter plan sponsored by Fidelity Management & Research Company. The volume submitter plan provider has received an advisory letter dated March 31, 2014 from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. DOL Employee Benefits Security Administration ("EBSA"). Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine income tax examinations by taxing jurisdiction; however, there are currently no income tax examinations for any tax periods in progress.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO IRS FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2018	2017
Net assets available for benefits per the financial statements	$ 48,592,525	$ 45,395,635
Add: current year distributions payable	110,094	–
Add: current year excess contributions payable	32,314	56,261
Net assets available for Plan benefits per the Form 5500	$ 48,734,933	$ 45,451,896

9. RECONCILIATION OF FINANCIAL STATEMENTS TO IRS FORM 5500 (continued)

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2018:

This representation letter is provided in connection with your audits of the financial statements of HME Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017; the related statement of changes in net assets available for benefits for the year ended December 31, 2018; and the related notes to the financial statements.

We have determined that the Plan custodian, Fidelity Management Trust Company, qualifies to issue a certification of the Plan's asset activity under Section 2520.103-5 of the Department of Labor's (DOL) Rules and Regulations. Therefore, as permitted by Regulation 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), we have instructed you not to perform any auditing procedures with respect to asset information certified or provided by Fidelity Management Trust Company, the custodian, other than comparing that information with the related information included in the financial statements and supplemental schedule. Because of the significance of the information that you did not audit, we understand that you will not express an opinion on the financial statements and supplemental schedule as a whole.

We confirm, to the best of our knowledge and belief, that as of October 3, 2019

Financial Statements

1. We have fulfilled our responsibilities, as set out in the terms of the audit arrangement letter dated June 11, 2019, for the preparation and fair presentation of the financial statements referred to above in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

2. We acknowledge our responsibility for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

HME

3. We acknowledge our responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud.

4. We are responsible for making the accounting estimates included in the financial statements. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable and reflect our judgment based on our knowledge and experience about past and current events, and our assumptions about conditions we expect to exist and courses of action we expect to take.

5. In that regard, we are responsible for the estimation methods and assumptions used in measuring assets and liabilities reported or disclosed at fair value, including information obtained from brokers, pricing services or other third parties. The methods and significant assumptions used to determine fair values of the financial instruments are as follows:

   Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

   Pooled Separate Accounts: These investments are public investment securities valued using the NAV. The NAV, as provided by the investment custodian, is used as a practical expedient of fair value.

   Common/collective trust: The fair value of participation units held in the Reliance Trust Stable Value Fund (MetLife Series 25053, Class 60), a common/collective trust ("CCT") is based on net asset value, as reported by the manager of the collective trust fund, Reliance Trust Company, and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. The NAV is used as a practical expedient to estimate fair value. The CCT invests entirely in the MetLife Group Annuity Contract 25053, which consists of separately managed investment portfolios in fixed income securities, and also enter into wrapper contracts, which are issued by third-parties and are designed to allow the Fund to maintain a constant net asset value.

   Our valuation methodologies have been consistently applied from period to period. The methods and assumptions used result in a measure of fair value appropriate for financial statement measurement and disclosure purposes.

HME

6. All significant estimates and material concentrations known to management that are required to be disclosed in accordance with the Risks and Uncertainties Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) have been properly recorded and/or disclosed in the financial statements. Significant estimates are estimates at the statement of net assets available for benefits date that could change materially within the next year. Concentrations refer to the nature and type of investments held by the Plan, or markets in which events could occur that would significantly disrupt normal finances within the next year.

7. Related-party relationships and transactions have been appropriately accounted for and disclosed in accordance with the requirements of U.S. GAAP.

8. Transactions with parties in interest, as defined in ERISA Section 3(14) and regulations thereunder, including sales, purchases, loans, transfers, leasing arrangements and guarantees, and amounts receivable from or payable to related parties have been appropriately accounted for and disclosed.

9. All events subsequent to the date of the financial statements, and for which U.S. GAAP requires adjustment or disclosure, have been adjusted or disclosed.

10. The effects of all known actual or possible litigation and claims have been accounted for and disclosed in accordance with U.S. GAAP.

11. We have no intention to terminate the Plan.

12. In connection with Accounting Standards Codification 205-40, Presentation of Financial Statements Going Concern, during the Plan year ended December 31, 2018, management has concluded that as of the date of this letter, there are no conditions or events that raise substantial doubt regarding the Plan's ability to continue as a going concern within one year from the date the Plan's 2018 financial statements are issued. For the purposes of this determination, substantial doubt would exist when conditions and events, considered in the aggregate, indicate it is probable that the Plan would be unable to meet its obligations as they became due within one year after the financial statements issuance date.

13. We have properly reported and disclosed amendments to the Plan instrument, if any.

14. We have no knowledge of any uncorrected misstatements in the financial statements.

15. We are in agreement with, and approve, the adjusting journal entries that you have identified through your audit procedures.

16. With respect to any non-attest services provided by Squar Milner LLP, including but not limited to providing assistance in drafting of the Plan's financial statements and related disclosures, we confirm that we have complied with our responsibilities with respect to such non-attest services which includes our being responsible for (a) making all management decisions and
