YP HOLDINGS LLC PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

NOTE 1 - DESCRIPTION OF PLAN

The following description of the YP Holdings LLC Pension Plan (the “Plan”) provides general information about the Plan’s provisions. Participants should refer to the Plan documents and summary plan description for a more complete description of the Plan’s provisions, copies of which may be obtained from the Plan sponsor.

General: On May 9, 2012, the YP Holdings LLC (“YP”) completed the acquisition of the print and digital advertising business of AT&T Yellow Pages Holdings, LLC (“AT&T”). Effective May 7, 2012, YP formed the Plan. Each active participant in the AT&T Pension Benefit Plan (“AT&T Plan”) one day prior to the May 7, 2012 effective date that remained an active employee of YP became an active participant of the Plan. The corresponding accrued benefit obligations under the AT&T Plan were transferred to the Plan on May 7, 2012. YP was the Plan sponsor through June 30, 2017. On June 30, 2017 all the ownership interest in the legal entities related to the operations of YP were acquired by Dex Media Holdings, Inc. The combined company called DexYP will operate as a privately held company. Effective July 1, 2017, Dex Media Holdings, Inc. (“Dex Media” or the “Company”) became the Plan sponsor. Effective June 30, 2017, no individual will become eligible to participate in the Plan on or after July 1, 2017.

The Plan is a noncontributory qualified defined benefit pension plan that covers substantially all bargained employees of the Plan sponsor and is subject to the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Employees are eligible to participate in the Plan if they meet the eligibility requirements for the underlying applicable program, which are discussed below.

Prior to July 1, 2017, the YP Holdings LLC Employee Benefits Committee (the “YP Committee”) was responsible for the general administration of the Plan. Effective July 1, 2017, the plan administrator is Dex Media’s Employee Benefits and Asset Management Committee (“EBAMC”), which was appointed by the Compensation and Benefits Committee of Dex Media’s Board of Directors. The EBAMC has the authority to select, retain, monitor and discharge recordkeepers and was responsible for administering the Plan, including day to day functions, benefit payments, and claims, and for effectuating amendments. The EBAMC has authority to remove and/or instruct the trustee, establish and maintain a funding and investment policy and select and monitor funds.

During July 2018, plan management identified a partial plan termination due to a reduction in active participants that occurred during 2016 and 2017 as the result of a series of forced employment reductions. Plan management filed a “Post-Event Notice of Reportable Events” in October 2018 with the Pension Benefit Guaranty Corporation (“PBGC”), a U.S. Governmental agency, notifying them of the active participant reduction, and partial plan termination. On October 8, 2018, the PBGC informed plan management that they had accepted the reportable event notice filing pursuant to ERISA Section 4043(c).

Master Trust: Effective July 1, 2018, the Plan began participating in the Dex Media Master Trust (“Master Trust”). Through June 30, 2018, the Master Trust only held the assets of the Consolidated Pension Plan of Dex Media (“CPPDM”), another qualified plan sponsored by the Company. Effective July 1, 2018, the Master Trust held the assets of both the Plan and the CPPDM. Wells Fargo Bank, N.A. became the trustee of the Master Trust effective July 1, 2018. Wells Fargo Bank, N.A. was also trustee of The Plan’s assets prior to participating in the Master Trust. State Street Bank and Trust Company was the trustee of the Master Trust through June 30, 2018.

Eligibility, Vesting and Benefits: The Plan and related component programs that comprise the complete plan were designed to maintain certain historical provisions and benefits provided by the AT&T Plan.

NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Accordingly, there are effective dates contained in the program descriptions that pre-date the existence of the Plan. In addition, there are AT&T predecessor entities mentioned in the Plan component program descriptions that have been succeeded by entities within the YP Controlled Group.

The Plan is comprised of the following component programs under which participants' benefits are determined:

- The Bargained Cash Balance Program maintains benefits for various collective bargaining units that have negotiated for their members to receive this specific cash balance form of pension benefit, but excludes new hires from certain collective bargaining units beginning August 8, 2009.
- The Bargained Cash Balance Program #2 maintains benefits for various collective bargaining units that have negotiated for their members to receive this specific cash balance form of pension benefit and includes a substantial majority of bargained employees hired after August 8, 2009.
- The Southwest Program maintains benefits for a collective bargaining unit that has negotiated for its members to receive this pension benefit and covers participants employed by Southwestern Bell Yellow Pages, Inc. or successor entities (or a Non-management Nonunion employee in the same business unit) as defined by the Plan document, but excludes most new hires after various negotiated dates beginning August 8, 2009.
- The West Program maintains benefits for a collective bargaining unit that has negotiated for its members to receive this pension benefit and covers participants employed by a West Participating Company or successor entity, as defined by the Plan document, but excludes most new hires after various negotiation dates beginning after August 8, 2009.
- The Southeast Program maintains benefits for a collective bargaining unit that has negotiated for its members to receive this pension benefit and covers participants employed by a Southeast Participating Company, as defined by the Plan document, but excludes most new hires after various negotiated dates beginning August 8, 2009.
- The East Program maintains benefits for a collective bargaining unit that has negotiated for its members to receive this benefit and covers participants employed by an East Participating Company or successor entity, as defined by the Plan document, but excludes most new hires after various negotiated dates beginning after August 8, 2009.
- The Midwest Program maintains benefits for a collective bargaining unit that has negotiated for its members to receive this pension benefit and covers participants employed by a Midwest Participating Company or successor entity, as defined by the Plan document, but excludes most new hires after various negotiated dates beginning after August 8, 2009.

Bargained Cash Balance Program: Under the Bargained Cash Balance Program, employee pension benefits are calculated using a cash balance formula applying pay and interest credits, as defined by the Plan documents, which are credited to a hypothetical account. Employees of certain collectively bargained units become eligible to participate in the Bargained Cash Balance Program if they have completed one year of service and are vested after five years of service (effective January 1, 2010, for active employees, three years of service). Once vested and following a termination of employment, employees may elect to receive their benefit in the form of a lump sum, life annuity, or joint and survivor annuity in accordance with the terms of the Plan documents.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Bargained Cash Balance Program #2: Under the Bargained Cash Balance Program #2, employee pension benefits are calculated using a cash balance formula applying pay and interest credits, as defined in the Plan documents, which are credited to a hypothetical account. Employees become eligible to participate in the Bargained Cash Balance Program #2 if they have completed one year of service and are vested after three years of service. Once vested and following termination of employment, employees may generally elect to receive their benefit in the form of an annuity or a joint and survivor annuity (and for certain bargained groups a lump sum) in accordance with the terms of the Plan documents.

Effective on and after October 30, 2012, the Bargained Cash Balance Program #2 was partially frozen for program participants from Bargaining Unit Connecticut Information Systems LLC and CWA District 1 ("District 1"). Interest credits for District 1 employees continue to accrue; however, the program participants do not receive additional basic benefit credits or supplemental pay credits after the effective date. Effective on and after October 30, 2012, the Bargained Cash Balance Program #2 was closed to new, rehired, or transferred employees from District 1.

Effective on and after November 30, 2012, the program was also frozen for program participants from Bargaining Unit CWA District 3 ("District 3"). Interest credits for District 3 employees continue to accrue; however, the program participants do not receive additional basic benefit credits or supplemental pay credits after the effective date. In addition, effective on and after November 30, 2012, the Bargained Cash Balance Program #2 was closed to new, rehired or transferred employees from District 3.

Effective on and after August 31, 2013, the Bargained Cash Balance Program #2 was frozen for program participants from Bargaining Unit CWA District 4 ("District 4"). Interest credits for District 4 employees continue to accrue; however, the program participants do not receive additional basic benefit credits or supplemental pay credits after the effective date. In addition, effective on and after August 31, 2013, the Bargained Cash Balance Program #2 is closed to new, rehired or transferred employees from District 4.

Effective on and after August 31, 2014, the Bargained Cash Balance Program #2 was frozen for program participants from Bargaining Unit IBEW Local 1269 (former Pacific Bell Employees). Interest credits for former Pacific Bell Employees continue to accrue; however, the program participants do not receive additional basic benefit credits or supplemental pay credits after the effective date. In addition, effective on and after April 30, 2015, the Bargained Cash Balance Program #2 is closed to new, rehired or transferred employees from IBEW Local 2139, and was also frozen for program participants from Bargaining unit IBEW Local 2139.

Southwest Program: Under the Southwest Program, employee pension benefits for bargained employees are generally calculated using a pension benefit formula consisting of a basic monthly pension benefit, a percentage of supplemental monthly pay and years of service according to job classification as defined in the Plan documents. Employees of certain collectively bargained units become eligible to participate in the Southwest Program if they have completed one year of service and are vested after five years of service (effective January 1, 2010, for active employees represented by certain, but not all, collective bargaining agreements, three years of service). Once vested and following a termination of employment, employees may elect to receive their benefit in the form of a lump sum, life annuity, or joint and survivor annuity in accordance with the terms of the Plan documents.

Effective on and after December 31, 2014, the Southwest Program was frozen for program participants from Bargaining Unit CWA District 6 ("District 6"). Once vested and following a termination of employment, employees may elect to receive their benefit in the form of a lump sum if elected within the applicable time period specified under the Plan, life annuity, or joint survivor annuity in accordance with the terms of the Plan documents.

Effective on and after August 31, 2014, the West Program was frozen for program participants from Bargaining Unit IBEW Local 1269. Participants will no longer accrue benefits under the Plan. In addition, effective on and after April 30, 2015, the West Program is closed to new, rehired or transferred employees from IBEW Local 2139, and was also frozen for program participants from Bargaining unit IBEW Local 2139.

Southeast Program: Under the Southeast Program, employee pension benefits are generally calculated using a cash balance formula applying pay and interest credits, determined by reference to pension bands, as defined by the Plan documents, that are credited to a hypothetical account. Benefits prior to January 1, 1999, remain under the traditional dollar per year of service annuity pension formula. Employees of certain collectively bargained units become eligible to participate in the Southeast Program immediately and are vested after five years of service (effective January 1, 2010, for active employees, three years of service). Once vested and following a termination of employment, employees may elect to receive their benefit in the form of a lump sum, life annuity, joint and survivor annuity, or a combination of lump sum and annuity in accordance with terms of the Plan documents.

Effective on and after November 30, 2012, the Southeast Program was partially frozen for program participants. Interest credits continue to accrue; however, the program participants do not receive additional basic benefit credits after the effective date. Effective on and after November 30, 2012, the Southeast Program was closed to new, rehired, or transferred employees.

East Program: Under the East Program, employee pension benefits are generally calculated using a cash balance formula applying pay and interest credits, as defined by the Plan documents, which are credited to a hypothetical account. Employees of certain collectively bargained units become eligible to participate in the East Program if they have completed one year of service and are vested after five years of service (effective January 1, 2010, for active employees, three years of service). Once vested and following a termination of employment, employees may elect to receive their benefit in the form of a lump sum, life annuity, joint and survivor annuity, life annuity with a lump sum to surviving spouse or estate, or a combination of lump sum and life annuity in accordance with the terms of the Plan documents.

Effective on and after October 30, 2012, the East Program was partially frozen for program participants, as defined by the Plan documents. Interest credits continue to accrue; however, the program participants do not receive additional basic benefit credits or promotion credits after the effective date. In addition, effective on and after October 30, 2012, the East Program is closed to new, rehired, or transferred employees.

In late 2012, YP (the former Plan sponsor) began outsourcing certain functions resulting in a reduction in the workforce. All active participants of the Plan that were terminated as a result of the reduction in workforce were fully vested in their benefits if they were not already fully vested.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Midwest Program: Under the Midwest Program, employee pension benefits for bargained employees are generally calculated using a pension benefit formula consisting of a basic monthly pension benefit, a percentage of supplemental monthly pay and years of service according to job classification, as defined by the Plan documents. Employees of certain collectively bargained units become eligible to participate in the Midwest Program if they have completed one year of service after attaining the age of 21 and are vested after five years of service. Once vested and following a termination of employment, employees may elect to receive their benefit in the form of a lump sum, life annuity, or joint and survivor annuity in accordance with the terms of the Plan documents. Effective on and after August 31, 2013, the Midwest Program was frozen to program participants from District 4. Participants will no longer accrue benefits under the Plan.

Funding Policy: Contributions are actuarially determined and funded in accordance with provisions of ERISA. The Company's funding policy is to contribute an amount at least equal to the minimum legal funding requirement established by ERISA. For the Plan years ended December 31, 2018 and 2017, the Company's contributions to the Plan satisfied the minimum funding required under the ERISA.

Termination of the Plan: Although the Company has not expressed any intention to do so, it may terminate the Plan at any time. The rights of all affected employees to benefits accrued upon termination are nonforfeitable. Upon termination, the accrued benefits of all affected participants shall become allocated in accordance with the guidelines prescribed by the Plan and ERISA and its related regulations.

If the Plan terminates, whether that be voluntary, involuntary or distressed, the PBGC insures certain benefits under the Plan. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pension benefits. However, the PBGC does not guarantee all types of benefits provided by covered plans and the amount of benefit protection is subject to certain limitations. Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency at that time of the Plan's net assets to provide those benefits, the priority of those benefits to be paid and the level and type of benefits guaranteed by the PBGC at that time.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition: The Plan's interest in the Master Trust investments as of December 31, 2018 are stated at fair value. See Note 5, *Fair Value Measurements*, for additional information. The Plan participated in the Master Trust as of July 1, 2018. Purchases and sales of the Plan's interest in Master Trust investments are recorded on a trade-date basis. The Plan presents in the Statements of Changes in Net Assets Available for Benefits, the Plan's interest in the Master Trust investment gain (loss), which consists of the Plan's pro rata interest in realized gains (losses), the unrealized appreciation (depreciation) of investments, dividend and interest income, and expenses. Dividend income of the Master Trust is recorded on the ex-dividend date. Interest income of the Master Trust is recorded on the accrual basis. Fees paid by the Master Trust for investment management services are reflected as a reduction of the investment return earned by such investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Plan's investments as of December 31, 2017 are stated at fair value. See Note 5, *Fair Value Measurements*, for additional information. For the period January 1, 2018 through June 30, 2018 and the year ended December 31, 2017: a) purchases and sales of securities are recorded on a trade-date basis, b) interest income is recorded on the accrual basis, c) dividends are recorded on the ex-dividend date and d) net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held.

Estimates: The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make significant estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from those estimates. The most significant of these estimates relates to the determination of the accumulated plan benefits and the Plan's funded status. See Note 1, *Description of Plan – Funding Policy* and Note 3, *Actuarial Present Value of Accumulated Plan Benefits* for additional information. Actual results could differ from these estimates and such differences could be material.

Actuarial Present Value of Accumulated Plan Benefits: Accumulated plan benefits are those estimated future periodic payments, including lump sum distributions that are attributable under the Plan's provisions to the service that employees have rendered to the Company's participating subsidiaries as of the valuation date (or freeze date as applicable). See Note 3, *Actuarial Present Value of Accumulated Plan Benefits*, for additional information. Accumulated plan benefits include benefits expected to be paid to employees or their beneficiaries upon retirement, death, disability or termination. Accumulated plan benefits for plan participants are based on census data and the plan provisions in effect at the beginning of the Plan year for the respective component programs. Benefits payable upon retirement, death, disability, or withdrawal are included to the extent that they are deemed attributable to employee service rendered as of the valuation date (or freeze date as applicable).

The Plan's actuary estimates the actuarial present value of accumulated plan benefits. This is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The effect of any plan amendments on accumulated plan benefits is recognized at the time such amendments are approved.

Risks and Uncertainties: The Plan's investments and investments held through the Master Trust are exposed to various risks such as interest rate, liquidity, market, and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Payments of Benefits: Benefits paid directly to participants are recorded upon distribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenses and Administrative Costs: The Plan incurs administrative expenses directly related to the Plan within the extent permitted by applicable laws and Plan document. These expenses are reported on the statements of changes in net assets available for benefits as administrative expenses. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the Plan as a reduction of investment return and included in investment income (loss) reported by the Plan. Any other expenses incurred by the Plan but not paid by the Plan are paid by the Company, as provided by the Plan document.

New Accounting Standard: In February 2017, the Financial Accounting Standards Board issued Accounting Standard Update ("ASU") 2017-06, *Employee Benefit Plan Master Trust Reporting (Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965))*. Under this ASU, the presentation and disclosure requirements were clarified for employee benefit plans that hold interests in master trusts. The ASU requires reporting of a plan's interest in a master trust and the change in the value of that interest as separate line items on the plan's financial statements. The ASU also requires disclosing (1) the master trust's investment by general type of investment, (2) the master trust's other assets and liabilities, and (3) the dollar amount of the plan's interest in the master trust's investments (for each general type) and other assets and liabilities. No longer required is disclosing the percentage interest in the master trust for plans with divided interests. The ASU is effective for fiscal years beginning after December 15, 2018, with early adoption permitted. Retrospective application is required. Plan management adopted this standard as of December 31, 2018. The adoption of this standard had no effect on the Plan's net assets available for benefits or changes therein.

Subsequent Events: Effective July 15, 2019, the Company's legal name became Thryv Holdings, Inc. Plan management has evaluated subsequent events for recognition and disclosure through October 9, 2019, the date the financial statements were available to be issued.

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

The significant assumptions used to determine the actuarial present values of accumulated plan benefits as of December 31, 2017 are as follows:

Expected long-term rate of return on investments	5% (net of administrative expenses 2.92%)
Retirement age	Graded from 45 to 65
Cash balance interest crediting rates	2.80% (All programs except Bargained Cash Balance #2); 4.5% (Bargained Cash Balance #2)
Cash balance conversion rates	2.80% (All programs except East); As defined in plan document (East)
Mortality	RP-2014 Fully Generational mortality tables using Scale MP-2018

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. An actuarial valuation of the Plan's accumulated plan benefits as of December 31, 2018 has not been completed as of the date of the financial statements.

Non-vested benefits	<u>3,012,313</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 135,865,892</u>

The changes in the actuarial present value of accumulated plan benefits for the year ended December 31, 2017 are as follows:

Actuarial present value of accumulated plan benefits at December 31, 2016	\$ 143,919,948
Increase (decrease) during the year attributable to:	
Increase for interest	4,329,529
Benefits paid	(16,525,793)
Change in actuarial assumptions and methods	6,033,483
Other changes	<u>(1,891,275)</u>
Actuarial present value of accumulated plan benefits at December 31, 2017	<u>\$ 135,865,892</u>

The change in the actuarial present value of accumulated plan benefits attributable to the increase in actuarial assumptions was due to a change in the assumed rate of return and a change in the mortality improvement scale.

NOTE 4 - MASTER TRUST (UNAUDITED)

The Plan became a participating plan in the Master Trust as of July 1, 2018. The Master Trust was established for the investment of assets of the Plan and one other Company sponsored defined benefit retirement plan. Each participating plan has a divided interest in the Master Trust. The value of the Plan's interest in the Master Trust is based on the beginning of year (period) value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. Total investment income (loss) (including net appreciation (depreciation) in the fair value of investments) of the Master Trust is allocated to the individual plans based upon whether it is related to a specific plan (100% allocation to that plan) or based on the amount invested by each Plan.

NOTE 5 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received for an asset or paid to transfer a liability (exit price) in an orderly transaction between market participants on the measurement date in the principal or most advantageous market for the asset or liability. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

(Continued)

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

Level 1: Inputs include observable, quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted market prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs include unobservable inputs for the asset or liability based on the best information available. Inputs should reflect the judgments and the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value within the Master Trust as of December 31, 2018:

Cash and cash equivalents (comprised of a collateralized institutional bank deposit account): Fair value is the value of the bank account (Level 2 inputs).

Hedge funds: As of December 31, 2018, the Master Trust investment in hedge funds is primarily comprised of an investment in the SEI Hedge Fund SPC ("SEI Fund"). Only the CPPDM holds an interest in hedge funds as of December 31, 2018. The SEI Fund is comprised of various segregated portfolios, each of which is considered a separate hedge fund. The Master Trust has a direct investment holding in Segregated Portfolio N of the SEI Fund. Segregated Portfolio N is valued at net asset value ("NAV") as reported by fund managers in audited fund investment statements.

The SEI Fund's primary objective is to facilitate the unique investment objectives of investment management clients via the segregated portfolios, which are customized to implement the investment strategy of each shareholder of the class of participating shares designed to such segregated portfolio. Each segregated portfolio will invest in a broad range of hedge funds and other alternative investment products. Segregated Portfolio N invests in various hedge funds. The investments strategies of Portfolio N vary, but include an event driven strategy, a relative value strategy and a global macro strategy. An event driven strategy uses different investment approaches to profit from reactions to various events. A relative value strategy seeks to take advantage of mispricing between two related and often correlated securities with the expectation that the pricing discrepancy will be resolved over time. A global macro strategy focuses on international investments. The Master Trust had no unfunded commitments related to its hedge fund investment.

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

In general, the terms and conditions upon which the Master Trust may redeem funds from its hedge fund investment are as follows:

	<u>Notice Period</u>	<u>Other Restrictions</u>
Monthly	45 days	15% master fund level gate; 5% fee first year
Quarterly	45 to 90 days	10%-25% investor level gate, 15%-25% master fund level gate, 5% fee first year
Annual	90 days	25% master fund level gate, 3% early fee
Other	*	*

*All or a portion may be held in side-pockets, liquidation share classes or as a private investment which have restricted liquidity.

Mutual funds: Valued at quoted market prices reported in the active market where the funds are traded (Level 1 inputs).

U.S. government securities (comprised of U.S. treasury securities): U.S. government securities are stated at fair value based on multiple pricing services, based on a bid evaluation process using observable, market-based inputs effective the last day of the plan year (Level 2 inputs).

Following is a description of the valuation methodologies and inputs used for assets measured at fair value within the Plan as of December 31, 2017:

Money market fund: Fair value is estimated to approximate the cost basis of the deposit account balance, based upon the liquidity of the account and the credit quality of the issuer (Level 2 inputs).

Mutual funds: Valued at quoted market prices reported in the active market where the funds are traded (Level 1 inputs).

U.S. government securities (comprised of U.S. treasury securities): U.S. government securities are stated at fair value based on multiple pricing services, based on a bid evaluation process using observable, market-based inputs effective the last day of the plan year (Level 2 inputs).

Corporate bonds: Stated at fair value based on a bid evaluation process using observable, market-based inputs effective the last day of the plan year (Level 2 inputs).

Fixed income securities, including mortgage-backed securities and corporate-backed securities: Valued by an independent pricing service that is widely used by market participants. The pricing services' internal models use inputs that are observable such as issue details, interest rates, yield curves, prepayment speeds, credit risks/spreads and default rates (Level 2 inputs).

Limited liability corporations and limited partnerships: These investments are valued at net asset value as reported by the fund managers in unaudited fund investment statements. This category includes investments that seek to achieve capital appreciation in a wide range of asset classes using proprietary investment systems developed by the investment manager. Certain types of these investments may not be redeemable by the Plan at the NAV at measurement date, although they can be redeemed within 90 days following such date.

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

The preceding valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. The Plan has established a policy of recognizing transfers between levels in the fair value hierarchy as of the end of a reporting period.

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets carried at fair value at December 31, 2018:

	Fair Value Measurements at December 31, 2018 Using

NOTE 6 - INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

Substantially all investment information for the Plan disclosed in the financial statements as of December 31, 2018 and 2017, and for the years then ended, was obtained or derived from the information provided to the Plan administrator and certified as complete and accurate by the Trustee. This information has not been audited by independent accountants.

NOTE 7 - INCOME TAXES

The Internal Revenue Service has determined and informed the Company by a letter dated April 17, 2015 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE 7 - INCOME TAXES (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor (“DOL”) regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan invests in certain investments managed by Wells Fargo Bank N.A. as of December 31, 2018 and 2017. As such, these investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Amounts paid by the Plan to parties in interest included fees paid for investment management, administrative, legal, audit and actuarial services. These transactions are also exempt from the prohibited transaction rules.

Schedule SB, line 24—Change in Actuarial Assumptions

The funding valuation reflects the following assumption changes

- A change in the cash balance interest crediting rate for all Programs except BCB2 from 3.00% for 2017-2019, and 3.60% for 2020+ to 2.80% for 2018-2020, and 3.45% for 2021+.
- A change in the cash balance annuity conversion rate for all Programs except East Enhanced Program from 3.00% for 2017-2019, and 3.60% for 2020+ to 2.80% for 2018-2020, and 3.45% for 2021+.
- A change in the mortality assumption for lump sums from the 2017 plan year IRC section 417(e) table for 2017 lump sums, with estimated IRC section 417(e) table for lump sums with commencement dates after 2017 projected based on Scale AA to the published IRC section 417(e) table for lump sums with 2018 and 2019 payment dates, with estimated IRC section 417(e) table for lump sums with commencement dates after 2019 projected based on the standard version of MP-2017.
- A change in the benefit commencement age and form of payment for Midwest and West not-retirement eligible active participants and all participants that terminated during the prior plan year (other than the Southeast Pre-99 Benefit and Southwest) from 100% age 65 single life annuity to 50% immediate lump sum and 50% age 65 single life annuity.

The above changes were made to better reflect the anticipated plan experience. The funding non-prescribed assumption changes did not reduce the funding shortfall more than the thresholds stated in Internal Revenue Code Section 430(h)(5), so approval of the Commissioner is not required.

Schedule SB, line 24—Change in Actuarial Assumptions

The funding valuation reflects the following assumption changes

- A change in the cash balance interest crediting rate for all Programs except BCB2 from 3.00% for 2017-2019, and 3.60% for 2020+ to 2.80% for 2018-2020, and 3.45% for 2021+.
- A change in the cash balance annuity conversion rate for all Programs except East Enhanced Program from 3.00% for 2017-2019, and 3.60% for 2020+ to 2.80% for 2018-2020, and 3.45% for 2021+.
- A change in the mortality assumption for lump sums from the 2017 plan year IRC section 417(e) table for 2017 lump sums, with estimated IRC section 417(e) table for lump sums with commencement dates after 2017 projected based on Scale AA to the published IRC section 417(e) table for lump sums with 2018 and 2019 payment dates, with estimated IRC section 417(e) table for lump sums with commencement dates after 2019 projected based on the standard version of MP-2017.
- A change in the benefit commencement age and form of payment for Midwest and West not-retirement eligible active participants and all participants that terminated during the prior plan year (other than the Southeast Pre-99 Benefit and Southwest) from 100% age 65 single life annuity to 50% immediate lump sum and 50% age 65 single life annuity.

The above changes were made to better reflect the anticipated plan experience. The funding non-prescribed assumption changes did not reduce the funding shortfall more than the thresholds stated in Internal Revenue Code Section 430(h)(5), so approval of the Commissioner is not required.
