SCHURZ COMMUNICATIONS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Schurz Communications, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for more complete information.

General: The Plan was established, effective October 31, 1969. The Plan was amended effective December 31, 2004 to change the Plan year end to December 31 and restated January 1, 2016. The Plan is a defined contribution plan covering substantially all employees of Schurz Communications, Inc. ("Sponsoring Employer") and its affiliated employers (individually and collectively referred to as the "Company", "Employer" and "Plan Administrator"). For all employees hired on or after January 1, 2008 and before January 1, 2014, unless an election is made prior to sixty days following an employee's entry date, all eligible employees will automatically have three percent of their eligible compensation withheld as an elective deferral provided they have been given thirty day advanced notification of the automatic enrollment feature and of the ability to elect a different percentage, including zero percent. The automatic enrollment feature includes annual increases of one percent following a full Plan year until six percent deferral is attained. Effective December 31, 2013, the Plan was amended to set the automatic enrollment deferral percentage at six percent of eligible compensation for all employees, who have not elected otherwise prior to sixty days following their entry dates, hired after January 1, 2014. With this amendment, no annual automatic increase will be applied with respect to the automatic contribution level for such participants. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. A portion of the administrative costs related to the Plan are absorbed by the Company. Effective January 1, 2016, the Plan was amended to become a single employer 401k Plan.

On February 15, 2016, Schurz Communications Inc. completed the sale of all its television and radio stations to Gray Television. The sale included approximately 40% of Schurz's employees. All participants that terminated employment because of the sale became fully vested in their employer balance upon the transaction date.

On March 1, 2018, Schurz Communications, Inc. completed the purchase of Hiawatha Broadband Communications, Inc. The Hiawatha Broadband Communications, Inc. 401(k) Plan was merged into the Schurz Communications, Inc. Plan on April 23, 2018, resulting in transfers into the Plan of approximately \$2MM.

Contributions: Each year, participants may contribute up to 50% of pretax annual eligible compensation, as defined in the Plan, not to exceed the applicable dollar limit established by the Internal Revenue Service (the "IRS") each year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. In addition, the Plan allows for elective deferral "catch-up" contributions under Internal Revenue Code Section 414(v) for those participants who have attained age 50 by the close of the Plan year. Employer matching contributions are safe-harbor, matching 100% of the first 1% and 50% of the next 5% of deferred compensation. The matching contributions are allocated to the participant based upon each individual participant's salary reduction contribution during the Plan year, subject to certain limitations. Roth elective deferrals are permitted by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and Plan earnings and is charged with withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100 percent vested after two years of credited service. Non-vested Employer contributions that are forfeited are used to reduce future Employer contributions. For the years ended December 31, 2018 and 2017, the Plan used \$125,504 and \$42,152, respectively, of forfeitures to offset Employer contributions. The Plan had \$13,933 and \$79,544 of forfeited non-vested funds available to reduce future Employer contributions to the Plan as of December 31, 2018 and 2017, respectively.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Payment of Benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum, a series of equal or unequal monthly, quarterly, semiannual or annual installments over a specified time, or non-periodic partial payments equal to the value of his or her vested interest in the Plan.

Withdrawals may also be made when a participant attains age 59 ½ or demonstrates financial hardship. Certain in-service withdrawals are also permitted.

Investment Options: Upon enrollment in the Plan, a participant may direct contributions into any of the investment options offered by the Plan. Participants may change their investment options daily.

Loans: The Plan provides that participants can borrow from their accounts in the Plan. These loans are secured by the balance in the participant's account. These loans must be at least \$1,000 but are limited to the lesser of \$50,000 or 50% of the participant's vested account balance. Loan issuances are treated as a transfer between a participant's investment fund(s) and the loans receivable in a participant's account. Interest rates are determined for each loan based on the prime rate plus 1% in effect at the beginning of the month in which the loan was made. Loan principal and interest payments are made in accordance with the note's amortization schedule, and are made via payroll withholding.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The accounting principles and procedures followed by the Plan conform to accounting principles generally accepted in the United States of America. The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 5. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Payment of Benefits: Plan benefits are recorded when paid.

(Continued)

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Risks and Uncertainties: The Plan provides for various investment options including any combination of certain mutual funds and a collective trust. The underlying investment securities are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its operations at any time, subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participants will become 100% vested in their accounts.

**NOTE 4 - INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS –
UNAUDITED INFORMATION**

Fidelity Management Trust Company, the trustee of the Plan, holds investment assets and executes transactions therein, and substantially all information pertaining to the Plan's investments included in the financial statements has been certified as complete and accurate by them including notes receivable from participants and the associated interest income. This information has not been audited by independent accountants.

NOTE 5 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Collective trusts: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. Included is a stable value fund that invests in investment contracts (wrap contracts) issued by insurance companies and other financial institutions, fixed income securities, and money market funds with the objective of providing a high level of return that is consistent with also providing stability of investment return, preservation of capital and liquidity to pay plan benefits of its retirement plan investors. The remaining collective trust funds' investment objectives are to invest in a diversified portfolios of underlying trusts that represent various asset classes and sectors with time horizons identified in the names of each collective trust fund. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

		Fair Value Measurements at December 31, 2018 Using

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Certain professional fees related to the administration of the Plan were paid by the Company on behalf of the Plan. Fees charged by the trustee to administer participant loans, which consist of a loan initiation fee and quarterly maintenance fees, are paid by the participants. The fees paid by the participants for these services amounted to \$162,573 for the year ended December 31, 2018.

The Plan invests in certain mutual funds that are managed by Fidelity Investments, Inc., an affiliate of the Plan trustee and, therefore, qualify as party-in-interest investments. Investment management fees are netted into the returns of the mutual funds.

Notes receivable from participants also reflect party-in-interest transactions.

NOTE 7 - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated July 3, 2017 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

NOTE 7 - TAX STATUS (Continued)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE 8 - SUBSEQUENT EVENT

Plan management has evaluated subsequent events for recognition and disclosure through September 30, 2019, which is the date the financial statements were available to be issued.

On February 1, 2019, Schurz Communications, Inc. divested of its Publishing subsidiaries. Impacted employees were permitted to participate in a group transfer of their 401k accounts to the Buyer's Plan, resulting in transfers of approximately \$8.15MM on April 5, 2019.
