ALSTON CONSTRUCTION COMPANY, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

NOTE 1: **DESCRIPTION OF PLAN**

The following description of the Alston Construction Company, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan became effective January 1, 1991 to provide benefits for employees of Alston Construction Company, Inc. (the "Plan Sponsor"). The Plan covers all eligible employees who have attained the age of eighteen (18) years and have completed three (3) months of service. The Plan entry dates are the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Fidelity Management Trust Company serves as the Plan's trustee and third party administrator.

Plan Year
The Plan year begins January 1st and ends December 31st.

Contributions
The Plan allows for the following types of contributions:

- *Employee Salary Deferral 401(k) Contributions*
  The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Employees may voluntarily contribute up to 90% of their regular wages subject to various nondiscrimination tests and limitations prescribed by the Code. Upon eligibility, employees are automatically enrolled in the Plan. The automatic enrollment contribution percentage is 3% and increases by 1% each following year up to 6%. Employees may also affirmatively elect not to make elective deferral contributions. Employee salary deferrals include both pre-tax elective deferrals and Roth after-tax elective deferrals.

- *Discretionary Employer Matching Contributions*
  The Plan Sponsor may contribute an amount on behalf of each eligible participant, limited to a specified percentage of compensation or specified dollar amount. Discretionary employer matching contributions of $629,352 and $580,727 were made for the years ended December 31, 2018 and 2017, respectively.

- *Discretionary Qualified Employer Matching Contributions*
  The Plan Sponsor may make an additional matching contribution to the non-highly compensated employees in order to satisfy the ADP test on deferral contributions.

- *Discretionary Employer Non-elective Contributions*
  The Plan Sponsor may make discretionary non-elective contributions in an amount to be determined by the Board of Directors for each plan year.

- *Employer Qualified Non-elective Contributions*
  The Plan Sponsor may designate all or a portion of any non-elective contributions for a Plan year as "qualified non-elective contributions" and allocate them to non-highly compensated employees to help the Plan satisfy required nondiscrimination tests.

- *Employee Rollover Contributions*
  Employees may make rollover contributions from another qualified plan.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Participant Accounts and Allocations

Each participant's account is credited with the participant's contributions, employer contributions, rollover contributions, an allocation of Plan earnings and losses, and an allocation of certain Plan expenses, as defined by the Plan document. The yield (interest, dividends, and net realized and unrealized gains and losses) on investments is allocated to each participant's account based on each participant's pro rata share of the total investments in the particular fund. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's vested account. The Plan provides various investment options and allows participants to self-direct their investments.

Vesting

Participants are always 100% vested in their salary deferral contributions and investment gains and losses credited thereon. Employer contributions vest over a five-year period as follows:

1 year credited service	0%
2 years credited service	25%
3 years credited service	50%
4 years credited service	75%
5 years credited service	100%

Forfeitures may be used to reduce employer contributions to the Plan and offset certain administrative expenses of the Plan. Forfeitures available to be used to reduce employer contributions to the Plan and offset certain administrative expenses were $37,560 and $66,202, as of December 31, 2018 and 2017, respectively. Accumulated forfeitures in the amount of $114,886 and $63,505 were used to offset employer contributions for the years ended December 31, 2018 and 2017, respectively. No forfeitures were used to pay administrative expenses of the Plan for the years ended December 31, 2018 and 2017.

Retirement

Normal retirement under the Plan is age sixty-five (65).

Payment of Benefits

Payment of benefits may be made at the following times under the Plan: 1) normal retirement, 2) termination of employment of the participant, 3) death of the participant, 4) upon demonstration of financial hardship, 5) disability of the participant, or 6) in-service withdrawals for participants who have reached the age of 59 ½. The forms of benefit payments are available as a single lump sum or partial withdrawal.

Administrative Costs

Administrative costs of the Plan are shared by the Plan and the Plan Sponsor. Expenses related to specific participant transactions are charged to the respective participant's account.

Notes Receivable from Participants

The Plan allows participants to borrow from their accounts. Loans may not exceed 50% of the vested balance in a participant's account or $50,000. The loans are secured by the balance in the participant's account and bear interest charged at a commercially reasonable rate as determined by the Plan's administrator. Principal and interest is paid ratably through monthly payroll deductions. Loan periods range from one to five years, except for loans made for the purchase of a primary residence, which may permit a longer repayment term.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting
The financial statements of the Plan are maintained on the accrual method of accounting in accordance with accounting principles generally accepted in the United States (U.S. GAAP).

Investment Valuation and Income Recognition
Investments in securities are stated at fair market value using quoted market prices when available. Cash and cash equivalents are valued at stated carrying values which approximates market value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in net (depreciation) appreciation. Increases in the values of investments are reflected in each participant's self-directed account. Investments are valued daily.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits
Benefits are recorded when paid.

Income Taxes
The Plan has adopted a volume submitter defined contribution plan which has obtained a favorable opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the Plan is acceptable under Section 401 of the Code. Although the Plan has since been amended, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of December 31, 2018 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however there are currently no audits for any tax periods in progress.

Estimates and Assumptions
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 4: **INFORMATION CERTIFIED BY THE PLAN TRUSTEE**

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Fidelity Management Trust Company, the trustee, as of December 31, 2018 and 2017, respectively:

	2018	2017
Mutual funds	$ 18,103,504	$ 17,857,551
Interest-bearing cash	$ 452,683	$ 437,635

Interest and dividends	$ 1,196,021	$ 844,328
Interest income, notes receivable from participants	$ 10,642	$ 7,408

NOTE 5: **RISKS AND UNCERTAINTIES**

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6: **PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are units of mutual funds managed by Fidelity Management Trust Company, the trustee as defined by the Plan document. Fees paid by the Plan for the investment management services are recorded in net appreciation in fair value of investments. Fees for certain administrative expenses are paid to Fidelity Investments Institutional Operations Company, Inc., the record keeper and third-party administrator of the Plan. Notes receivable from participants are considered party-in-interest transactions. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 7: **RECONCILIATION TO FORM 5500**

The following is a reconciliation of net assets available for benefits, and employee and employer contributions per Form 5500 to the financial statements:

	2018	2017

NOTE 8: **FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs other than level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets and liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

NOTE 8: **FAIR VALUE MEASUREMENTS (Continued)**

Level 1 Fair Value Measurements

Mutual Funds
Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The self-directed brokerage account includes mutual funds. The mutual funds held by the Plan are deemed to be actively traded.

Interest-Bearing Cash
Interest-bearing cash consists of money market funds which have quoted prices in active markets to preserve their value at $1.00 per share.

Common Stock
Common stock has a quoted price in active markets which can be observed daily.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018

NOTE 9: **PROHIBITED TRANSACTIONS**

During the year ended December 31, 2018, the Plan Sponsor failed to remit $177,492 of contributions to the Plan in a timely manner, as defined by ERISA. The Plan Sponsor intends to correct these instances subsequent to year-end.

NOTE 10: **SUBSEQUENT EVENTS**

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 8, 2019, the date the financial statements were available to be issued, and management has determined that no subsequent events have occurred that should be disclosed, other than the matter described below.

Effective April 15, 2019, the Plan was amended to limit the participating entities to only Alston Construction Company, LLC and Alston NY, LLC.

ALSTON CONSTRUCTION COMPANY, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

NOTE 1: **DESCRIPTION OF PLAN**

The following description of the Alston Construction Company, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan became effective January 1, 1991 to provide benefits for employees of Alston Construction Company, Inc. (the "Plan Sponsor"). The Plan covers all eligible employees who have attained the age of eighteen (18) years and have completed three (3) months of service. The Plan entry dates are the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Fidelity Management Trust Company serves as the Plan's trustee and third party administrator.

Plan Year
The Plan year begins January 1st and ends December 31st.

Contributions
The Plan allows for the following types of contributions:

- *Employee Salary Deferral 401(k) Contributions*
  The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Employees may voluntarily contribute up to 90% of their regular wages subject to various nondiscrimination tests and limitations prescribed by the Code. Upon eligibility, employees are automatically enrolled in the Plan. The automatic enrollment contribution percentage is 3% and increases by 1% each following year up to 6%. Employees may also affirmatively elect not to make elective deferral contributions. Employee salary deferrals include both pre-tax elective deferrals and Roth after-tax elective deferrals.

- *Discretionary Employer Matching Contributions*
  The Plan Sponsor may contribute an amount on behalf of each eligible participant, limited to a specified percentage of compensation or specified dollar amount. Discretionary employer matching contributions of $629,352 and $580,727 were made for the years ended December 31, 2018 and 2017, respectively.

- *Discretionary Qualified Employer Matching Contributions*
  The Plan Sponsor may make an additional matching contribution to the non-highly compensated employees in order to satisfy the ADP test on deferral contributions.

- *Discretionary Employer Non-elective Contributions*
  The Plan Sponsor may make discretionary non-elective contributions in an amount to be determined by the Board of Directors for each plan year.

- *Employer Qualified Non-elective Contributions*
  The Plan Sponsor may designate all or a portion of any non-elective contributions for a Plan year as "qualified non-elective contributions" and allocate them to non-highly compensated employees to help the Plan satisfy required nondiscrimination tests.

- *Employee Rollover Contributions*
  Employees may make rollover contributions from another qualified plan.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Participant Accounts and Allocations

Each participant's account is credited with the participant's contributions, employer contributions, rollover contributions, an allocation of Plan earnings and losses, and an allocation of certain Plan expenses, as defined by the Plan document. The yield (interest, dividends, and net realized and unrealized gains and losses) on investments is allocated to each participant's account based on each participant's pro rata share of the total investments in the particular fund. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's vested account. The Plan provides various investment options and allows participants to self-direct their investments.

Vesting

Participants are always 100% vested in their salary deferral contributions and investment gains and losses credited thereon. Employer contributions vest over a five-year period as follows:

1 year credited service	0%
2 years credited service	25%
3 years credited service	50%
4 years credited service	75%
5 years credited service	100%

Forfeitures may be used to reduce employer contributions to the Plan and offset certain administrative expenses of the Plan. Forfeitures available to be used to reduce employer contributions to the Plan and offset certain administrative expenses were $37,560 and $66,202, as of December 31, 2018 and 2017, respectively. Accumulated forfeitures in the amount of $114,886 and $63,505 were used to offset employer contributions for the years ended December 31, 2018 and 2017, respectively. No forfeitures were used to pay administrative expenses of the Plan for the years ended December 31, 2018 and 2017.

Retirement

Normal retirement under the Plan is age sixty-five (65).

Payment of Benefits

Payment of benefits may be made at the following times under the Plan: 1) normal retirement, 2) termination of employment of the participant, 3) death of the participant, 4) upon demonstration of financial hardship, 5) disability of the participant, or 6) in-service withdrawals for participants who have reached the age of 59 ½. The forms of benefit payments are available as a single lump sum or partial withdrawal.

Administrative Costs

Administrative costs of the Plan are shared by the Plan and the Plan Sponsor. Expenses related to specific participant transactions are charged to the respective participant's account.

Notes Receivable from Participants

The Plan allows participants to borrow from their accounts. Loans may not exceed 50% of the vested balance in a participant's account or $50,000. The loans are secured by the balance in the participant's account and bear interest charged at a commercially reasonable rate as determined by the Plan's administrator. Principal and interest is paid ratably through monthly payroll deductions. Loan periods range from one to five years, except for loans made for the purchase of a primary residence, which may permit a longer repayment term.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting
The financial statements of the Plan are maintained on the accrual method of accounting in accordance with accounting principles generally accepted in the United States (U.S. GAAP).

Investment Valuation and Income Recognition
Investments in securities are stated at fair market value using quoted market prices when available. Cash and cash equivalents are valued at stated carrying values which approximates market value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in net (depreciation) appreciation. Increases in the values of investments are reflected in each participant's self-directed account. Investments are valued daily.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits
Benefits are recorded when paid.

Income Taxes
The Plan has adopted a volume submitter defined contribution plan which has obtained a favorable opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the Plan is acceptable under Section 401 of the Code. Although the Plan has since been amended, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of December 31, 2018 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however there are currently no audits for any tax periods in progress.

Estimates and Assumptions
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 4: **INFORMATION CERTIFIED BY THE PLAN TRUSTEE**

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Fidelity Management Trust Company, the trustee, as of December 31, 2018 and 2017, respectively:

	2018	2017
Mutual funds	$ 18,103,504	$ 17,857,551

Interest and dividends	$ 1,196,021	$ 844,328
Interest income, notes receivable from participants	$ 10,642	$ 7,408

NOTE 5: **RISKS AND UNCERTAINTIES**

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6: **PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are units of mutual funds managed by Fidelity Management Trust Company, the trustee as defined by the Plan document. Fees paid by the Plan for the investment management services are recorded in net appreciation in fair value of investments. Fees for certain administrative expenses are paid to Fidelity Investments Institutional Operations Company, Inc., the record keeper and third-party administrator of the Plan. Notes receivable from participants are considered party-in-interest transactions. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 7: **RECONCILIATION TO FORM 5500**

The following is a reconciliation of net assets available for benefits, and employee and employer contributions per Form 5500 to the financial statements:

NOTE 8: **FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs other than level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets and liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

NOTE 8: **FAIR VALUE MEASUREMENTS (Continued)**

Level 1 Fair Value Measurements

Mutual Funds
Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The self-directed brokerage account includes mutual funds. The mutual funds held by the Plan are deemed to be actively traded.

Interest-Bearing Cash
Interest-bearing cash consists of money market funds which have quoted prices in active markets to preserve their value at $1.00 per share.

Common Stock
Common stock has a quoted price in active markets which can be observed daily.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018

NOTE 9: **PROHIBITED TRANSACTIONS**

During the year ended December 31, 2018, the Plan Sponsor failed to remit $177,492 of contributions to the Plan in a timely manner, as defined by ERISA. The Plan Sponsor intends to correct these instances subsequent to year-end.

NOTE 10: **SUBSEQUENT EVENTS**

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 8, 2019, the date the financial statements were available to be issued, and management has determined that no subsequent events have occurred that should be disclosed, other than the matter described below.

Effective April 15, 2019, the Plan was amended to limit the participating entities to only Alston Construction Company, LLC and Alston NY, LLC.

- *Discretionary Employer Matching Contributions*
  The Plan Sponsor may contribute an amount on behalf of each eligible participant, limited to a specified percentage of compensation or specified dollar amount. Discretionary employer matching contributions of $629,352 and $580,727 were made for the years ended December 31, 2018 and 2017, respectively.

- *Discretionary Qualified Employer Matching Contributions*
  The Plan Sponsor may make an additional matching contribution to the non-highly compensated employees in order to satisfy the ADP test on deferral contributions.

- *Discretionary Employer Non-elective Contributions*
  The Plan Sponsor may make discretionary non-elective contributions in an amount to be determined by the Board of Directors for each plan year.

- *Employer Qualified Non-elective Contributions*
  The Plan Sponsor may designate all or a portion of any non-elective contributions for a Plan year as "qualified non-elective contributions" and allocate them to non-highly compensated employees to help the Plan satisfy required nondiscrimination tests.

- *Employee Rollover Contributions*
  Employees may make rollover contributions from another qualified plan.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Participant Accounts and Allocations

Each participant's account is credited with the participant's contributions, employer contributions, rollover contributions, an allocation of Plan earnings and losses, and an allocation of certain Plan expenses, as defined by the Plan document. The yield (interest, dividends, and net realized and unrealized gains and losses) on investments is allocated to each participant's account based on each participant's pro rata share of the total investments in the particular fund. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's vested account. The Plan provides various investment options and allows participants to self-direct their investments.

Vesting

Participants are always 100% vested in their salary deferral contributions and investment gains and losses credited thereon. Employer contributions vest over a five-year period as follows:

1 year credited service	0%
2 years credited service	25%
3 years credited service	50%
4 years credited service	75%
5 years credited service	100%

Forfeitures may be used to reduce employer contributions to the Plan and offset certain administrative expenses of the Plan. Forfeitures available to be used to reduce employer contributions to the Plan and offset certain administrative expenses were $37,560 and $66,202, as of December 31, 2018 and 2017, respectively. Accumulated forfeitures in the amount of $114,886 and $63,505 were used to offset employer contributions for the years ended December 31, 2018 and 2017, respectively. No forfeitures were used to pay administrative expenses of the Plan for the years ended December 31, 2018 and 2017.

Retirement

Normal retirement under the Plan is age sixty-five (65).

Payment of Benefits

Payment of benefits may be made at the following times under the Plan: 1) normal retirement, 2) termination of employment of the participant, 3) death of the participant, 4) upon demonstration of financial hardship, 5) disability of the participant, or 6) in-service withdrawals for participants who have reached the age of 59 ½. The forms of benefit payments are available as a single lump sum or partial withdrawal.

Administrative Costs

Administrative costs of the Plan are shared by the Plan and the Plan Sponsor. Expenses related to specific participant transactions are charged to the respective participant's account.

Notes Receivable from Participants

The Plan allows participants to borrow from their accounts. Loans may not exceed 50% of the vested balance in a participant's account or $50,000. The loans are secured by the balance in the participant's account and bear interest charged at a commercially reasonable rate as determined by the Plan's administrator. Principal and interest is paid ratably through monthly payroll deductions. Loan periods range from one to five years, except for loans made for the purchase of a primary residence, which may permit a longer repayment term.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting
The financial statements of the Plan are maintained on the accrual method of accounting in accordance with accounting principles generally accepted in the United States (U.S. GAAP).

Investment Valuation and Income Recognition
Investments in securities are stated at fair market value using quoted market prices when available. Cash and cash equivalents are valued at stated carrying values which approximates market value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in net (depreciation) appreciation. Increases in the values of investments are reflected in each participant's self-directed account. Investments are valued daily.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits
Benefits are recorded when paid.

Income Taxes
The Plan has adopted a volume submitter defined contribution plan which has obtained a favorable opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the Plan is acceptable under Section 401 of the Code. Although the Plan has since been amended, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of December 31, 2018 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however there are currently no audits for any tax periods in progress.

Estimates and Assumptions
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 4: **INFORMATION CERTIFIED BY THE PLAN TRUSTEE**

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Fidelity Management Trust Company, the trustee, as of December 31, 2018 and 2017, respectively:

Interest income, notes receivable from participants	$ 10,642	$ 7,408

NOTE 5: **RISKS AND UNCERTAINTIES**

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6: **PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are units of mutual funds managed by Fidelity Management Trust Company, the trustee as defined by the Plan document. Fees paid by the Plan for the investment management services are recorded in net appreciation in fair value of investments. Fees for certain administrative expenses are paid to Fidelity Investments Institutional Operations Company, Inc., the record keeper and third-party administrator of the Plan. Notes receivable from participants are considered party-in-interest transactions. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 7: **RECONCILIATION TO FORM 5500**

The following is a reconciliation of net assets available for benefits, and employee and employer contributions per Form 5500 to the financial statements:

NOTE 8: **FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs other than level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets and liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

NOTE 8: **FAIR VALUE MEASUREMENTS (Continued)**

Level 1 Fair Value Measurements

Mutual Funds
Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The self-directed brokerage account includes mutual funds. The mutual funds held by the Plan are deemed to be actively traded.

Interest-Bearing Cash
Interest-bearing cash consists of money market funds which have quoted prices in active markets to preserve their value at $1.00 per share.

Common Stock
Common stock has a quoted price in active markets which can be observed daily.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018

NOTE 9: **PROHIBITED TRANSACTIONS**

During the year ended December 31, 2018, the Plan Sponsor failed to remit $177,492 of contributions to the Plan in a timely manner, as defined by ERISA. The Plan Sponsor intends to correct these instances subsequent to year-end.

NOTE 10: **SUBSEQUENT EVENTS**

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 8, 2019, the date the financial statements were available to be issued, and management has determined that no subsequent events have occurred that should be disclosed, other than the matter described below.

Effective April 15, 2019, the Plan was amended to limit the participating entities to only Alston Construction Company, LLC and Alston NY, LLC.
