INDEPENDENT AUDITORS' REPORT

To the Plan Administrator

AKRON GENERAL HEALTH SYSTEM 401(K) PLAN

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Akron General Health System 401(K) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2018, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2018 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company from January 16, 2018 to December 31, 2018 and State Street Bank and Trust from January 1, 2018 through January 15, 2018, the trustees of the Plan, except for comparing the information with the related information included in the 2018 financial statements. We have been informed by the plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the trustees as of December 31, 2018 and for the year then ended, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2018 financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2018 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2018 financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – 2017 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2017 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by State Street Bank and Trust, the trustee of the Plan. Their report, dated October 2, 2018, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

AKRON GENERAL HEALTH SYSTEM 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the Akron General Health System 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions.

General - The Plan is a retirement savings plan designed to invest voluntary pre-tax or Roth after-tax employee contributions and employer matching and basic contributions for the benefit of the participating employees of Akron General Health System ("System") and its affiliates, including Akron General Medical Center ("AGMC"), Lodi Community Hospital ("LCH"), Akron General Partners, Inc. ("AGP"), Edwin Shaw Rehabilitation Institute ("ESR"), and Visiting Nurse Service ("VNS") and Affiliates. The Plan was adopted by the System on January 1, 2003. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Due to changes made to the Akron General Medical Center Retirement Income Plan, effective August 31, 2009, again on December 31, 2011, and again on May 15, 2013, the System provides an additional match contribution for those participants impacted by the changes.

The Plan was restated and amended, effective July 1, 2010, to allow Roth contributions and incorporate automatic enrollment of new hires.

On November 1, 2015, the Cleveland Clinic Foundation ("CCF" or "Foundation") became the full member of Akron General Health System pursuant to a Member Substitution Agreement.

In 2016, the Plan was amended to provide that certain employees who transfer employment from CCF and its affiliates to an employer under the Plan will be given service credit for their employment with CCF and its affiliates prior to November 1, 2015 as if they were under the Plan at the time of such employment.

CCF, by action of its Board, has established a Retirement Committee to act on its behalf as the Plan Administrator. The Retirement Committee has overall responsibility for the operation and administration of the Plan, including actions with respect to contracts, trust, evaluation and engagement of investment fund managers and other Plan matters as required.

Eligibility - The majority of employees of the System are eligible to participate in the Plan. New hires are automatically enrolled in the Plan within 45 days of their start date, unless they affirmatively enroll before then or decline enrollment. Auto enrollment contributions are defaulted to 3%.

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Contributions - Employee Deferrals – Highly compensated participants are permitted to make contributions to the Akron General Health System Matched Retirement Savings Plan and are not permitted to make contributions to the Plan. Non-highly compensated participants may contribute amounts to the Plan up to the greater of the Internal Revenue Code ("IRC") Section 402 (g) limit or 70% of pre-tax annual compensation, as defined by the Plan. Eligible individuals may also contribute "catch up" contributions. The employee can designate their contributions as pre-tax contributions or after-tax "Roth" contributions.

Employer Contributions – The System may make matching contributions to the accounts of eligible participants. Matching contributions for highly compensated employees are based on amounts those employees contribute to the Akron General Health System Matched Retirement Savings Plan. Matching contributions for all eligible participants are determined as follows:

- a) Ohio Nurses Association ("ONA") Participants: 100% of the first 4% of compensation that a participant contributes to the Plan, plus 50% of the employee's payroll deferral percentage that is greater than 4%, but not in excess of 6% for ONA employees who complete one year of service.
- b) Effective January 1, 2018, United Steel Workers ("USW") Participants: 50% of the first 6% of compensation that a participant contributes to the Plan for USW employees. Additionally, USW participants no longer have a service requirement.
- c) Before January 1, 2018, USW employer contributions were as follows:
 - i. USW Participants Grandfathered in the Akron General Medical Center Retirement Income Plan ("Retirement Income Plan"): 100% of the first 3% of compensation that a participant contributes to the Plan for participants who complete one year of service.
 - ii. USW Participants Not Grandfathered in the Retirement Income Plan: 100% of the first 3% of compensation that a participant contributes to the Plan, plus 50% of the employee's payroll deferral percentage that is greater than 3%, but not in excess of 5% for non-bargaining employees who complete one year of service.
- d) Effective January 1, 2018, LCH, AGP and VNS Participants: 100% of the first 3% of compensation that a participant contributes to the Plan for participants who complete one year of service.
- e) Effective January 1, 2018, Non-Bargaining Participants: 100% of the first 3% of compensation that a participant contributes to the Plan, plus 50% of the employee's payroll deferral percentage that is greater than 3%, but not in excess of 5% for non-bargaining employees who complete one year of service.

 - v. Lodi Community Hospital, Akron General Partners and Visiting Nurse Service and Affiliates: 100% of the first 3% of compensation that a participant contributes to the Plan for participants who complete one year of service.

Rollover contributions from other Plans are also accepted, providing certain specified conditions are met.

Contributions are subject to limitations on annual additions and other limitations imposed by the IRC, as defined in the Plan agreement.

Certain contributions from the System totaling \$589,583 were erroneously remitted to the Akron General Health System Matched Retirement Savings Plan, which is also sponsored by the System, during 2018. These funds were transferred to the Plan in January 2019.

Participant investment account options - All current contributions to the Plan are deposited in accounts maintained by Fidelity Management Trust Company ("Fidelity"). Separate accounts are maintained for each participant. All contributions and earnings are to be invested as directed by the participants in any of the various mutual funds or guaranteed investment contracts held by Fidelity. Additionally, self-directed brokerage account investments are available through Fidelity Brokeragelink.

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Participant accounts - Each participant's account is credited with the participant's elective contributions, employer contributions, an allocation of earnings and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Any nonvested participant accounts are forfeited upon termination.

Vesting - Benefits are fully vested after three years of service.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest payments for loans are paid ratably through payroll deduction or directly to Fidelity.

Payment of benefits - On termination of service due to death, disability or retirement, or other reasons, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Benefit payments are subject to certain restrictions as defined in the Plan document. If the vested portion of a participant's account does not exceed \$5,000 upon termination of service, the Plan is permitted to make a lump sum distribution to the participant under certain conditions as defined in the plan document. The Plan also allows in-service distributions for participants age 59 ½ or older.

Forfeited accounts - At December 31, 2018 and 2017, forfeited non-vested accounts totaled \$739,322 and \$213,312, respectively. These accounts will be used to reduce future employer contributions. For the years ended December 31, 2018 and 2017, employer contributions were reduced by \$341,074 and \$218,945 respectively, from forfeited nonvested accounts.

(2) Summary of significant accounting policies

Basis of accounting - The Plan's transactions are reported on the accrual basis of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Master Trust - The investments of the Plan, along with the investments of certain other plans sponsored by the Foundation and its affiliates were pooled for investment purposes into a master trust effective January 16, 2018 pursuant to an agreement between Fidelity, the trustee, and the Foundation – The Cleveland Clinic Foundation DC Plans Master Trust. The Plan's interest in the Master Trust and all changes in that interest are presented in separate line items in both the statements of net assets available for benefits and the statements of changes in net assets available for benefits in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2017-06, *Plan Accounting: Defined Benefit Pension Plans (Topic 960): Employee Benefit Master Trust Reporting*. ASU 2017-16 also requires that the Plan disclose the general types of investments held by the Master Trust and also the dollar amount of the Plan's interest in each of those general types of investments. These disclosures are provided in Note 4. The pooling of the Plan's assets into the Master Trust had no impact on the Plan's net assets available for benefits.

New accounting pronouncement - In August 2018, the FASB issued ASU No. 2018-13, *Fair Value Measurement, Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. This ASU intends to improve the effectiveness of disclosures in the notes to financial statements by modifying disclosure requirements for fair value measurements. The ASU is effective for the Plan for annual and interim reporting periods beginning after December 15, 2019 with early adoption permitted. The Plan is currently assessing the impact that ASU 2018-13 will have on its consolidated financial statements and will adopt the provisions upon the effective date.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the System and are not included in the statements of changes in net assets available for benefits. The System may obtain reimbursement from the Plan for certain administrative expenses paid on behalf of the Plan. Investment related expenses are included in investment loss – participation in Master Trust or net appreciation of fair value of investments.

A Revenue Credit Account is maintained at Fidelity which is funded quarterly based on revenue sharing on covered investments, as defined, in excess of a quarterly participant fee. The Revenue Credit Account may be used to reimburse the System for fees and expenses or to pay such vendors directly for services provided to the Plan. Amounts not used to pay expenses of the Plan may be allocated to Plan participants. During 2018 and 2017, the Plan earned revenue credits of \$42,145 and \$0, respectively, which is reported in the financial statements as other income.

(2) Summary of significant accounting policies (continued)

Investment valuation and income recognition – Investments, including investments held in the Master Trust, are reported at fair value (except for the fully benefit-responsive investment contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment trustees. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2018 and 2017. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the plan document.

Reclassification - Certain items from the 2017 financial statements have been reclassified to conform to the 2018 presentation. Such reclassifications had no effect on previously reported net assets available for benefits.

(3) Information prepared and certified by the trustees

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity (January 16, 2018 to December 31, 2018) and State Street Bank and Trust (January 1, 2018 through January 15, 2018), the trustees of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate with respect to investments:

- Investments at fair value
- Investments at contract value
- Notes receivable from participants
- Net investment loss – participation in Master Trust
- Net appreciation in fair value of investments
- Dividends and interest
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(5) Fair value measurements

Authoritative guidance provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed brokerage accounts: Accounts primarily hold investments in mutual funds.

(5) Fair value measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Master Trust's investments at fair value at December 31, 2018:

	Master Trust Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,591,433,365	\$ -	\$ -	\$ 1,591,433,365

Investments at fair value	<u>\$ 1,668,113,873</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,668,113,873</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2017 (prior to establishment of the Master Trust):

	Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 221,773,877	\$ -	\$ -	\$ 221,773,877
Self-directed brokerage accounts	1,024,069	-	-	1,024,069
Investments at fair value	<u>\$ 222,797,946</u>	<u>\$ -</u>	<u>\$ -</u>	<u>222,797,946</u>
Investments measured at NAV (a)(b)				<u>26,033,430</u>
Total investments at fair value				<u>\$ 248,831,376</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.
- (b) The common/collective trust listed above is redeemed on a daily basis and does not have any redemption restrictions. Additionally, there are no unfunded commitments.

AKRON GENERAL HEALTH SYSTEM 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(6) **Fully benefit-responsive investment contracts**

The Master Trust holds certain fully benefit-responsive guaranteed investment contracts (GIC) issued by Metlife and Prudential Insurance Company of America ("Prudential") at December 31, 2018. In 2017, a single contract with Prudential was held by Fidelity. Contributions to these contracts are maintained in the general accounts of the contract issuers. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed for a specified period of time as outlined in the GIC. The crediting interest rate is based on a formula agreed upon with the issuers, but may not be less than 1.5 to 3.0%. The interest rates are reviewed on a quarterly or annual basis for resetting using a portfolio rate approach where a single interest crediting rate is applied to all contributions made regardless of the timing of those contributions. The contracts are evergreen and do not have maturity dates.

The GICs meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Fidelity, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on each issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuers. Such events could include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. These events could cause contract value to be reduced subject to the application of market value adjustments, as defined in the contract. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

There are no events that permit the issuers to terminate the contracts which would require the Plan to transact at amounts different than the contract value.

AKRON GENERAL HEALTH SYSTEM 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(7) **Related party transactions and party-in-interest transactions**

Fees for legal, accounting, trustee, and other services are paid by the System. Administrative fees, including penalties for withdrawals, charged by Fidelity and State Street Bank (the trustees) are deducted from the individual accounts of applicable participants. Other party-in-interest transactions include the purchase and sale of investments through the trustees. Such transactions are exempt from being prohibited transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are deducted from the NAV of the respective mutual fund, rather than through a direct payment.

(8) **Plan termination**

Although it has not expressed any intent to do so, the System reserves the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in benefits accrued to the date of termination.

(9) **Tax status**

The Internal Revenue Service ("IRS") has determined and informed the System by letter dated March 19, 2018, that the Plan and the related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2018 and 2017, there were no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, currently no audits for any tax periods are in progress.

(10) **Risks, uncertainties and concentrations**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

(11) **Subsequent events**

The Plan has evaluated events that have occurred subsequent to the year ended December 31, 2018 through October 3, 2019, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
