Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Spirit AeroSystems Holdings, Inc. Pension Value Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, the related statements of changes in net assets available for benefits for the years then ended, the statement of accumulated plan benefits as of December 31, 2017, the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by The Bank of New York Mellon / BNY Mellon, N.A. (BNY Mellon), except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that BNY Mellon holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from BNY Mellon as of December 31, 2018 and 2017, and for the years then ended, that the information provided to the Plan Administrator by BNY Mellon is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of Plan management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by BNY Mellon, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Spirit AeroSystems Holdings, Inc. Pension Value Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information. The Retirement Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investments offerings and monitors investment performance.

General - On June 17, 2005, Spirit AeroSystems, Inc. (Company), a subsidiary of Spirit AeroSystems Holdings, Inc. acquired certain assets and assumed certain liabilities of The Boeing Company (Boeing). As part of the acquisition, the Company also assumed the liabilities of several qualified defined benefit pension plans.

The Plan covers employees who had accrued a benefit in the comparable Boeing plan as of June 16, 2005, were hired by the Company on June 17, 2005, and did not retire from Boeing by August 1, 2005. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Pension Benefits - Participants with five or more years of service are entitled to monthly pension benefits beginning at normal retirement age (65) except for the Pension Value Plan (Sub-Plan #4), which allows for pension benefits after three years of service. Upon retirement, the amount of benefits under the Plan is determined based on the heritage plan under which the participant was merged into the Plan as follows:

Employee Retirement Plan for IAM Employees (Sub-Plan #1) - the highest amount determined based upon three different computations: 1) Basic Benefit, 2) Complement Benefit, or 3) Final Average Benefit.

Employee Retirement Plan for IBEW, WEU and WTPU Employees (Sub-Plan #2) - the highest amount determined based upon three different computations: 1) Basic Benefit, 2) Complement Benefit, or 3) Final Average Benefit.

Employee Retirement Plan for UAW Employees (Sub-Plan #3) - \$52 per year of benefit service.

Pension Value Plan (Sub-Plan #4) - the highest amount determined based upon two different computations: 1) Credit-based Benefit (including Final Average Benefit, plus annual benefit interest credits), and 2) Minimum Benefit.

In general, the Plan provides for benefits to begin on the first day of the month on or after the participant's 65th birthday, with various options for early retirement or death. The Plan's normal form of benefit for a single participant is a Straight Life Annuity. For a married participant in Sub-Plan #1, Sub-Plan #2 and Sub-Plan #4, the Plan provides for a 50%, 75%, or 100% Joint and Survivor Annuity providing a lifetime benefit payable to the participant. For a married participant in the Sub-Plan #3, the Plan provides a 55% or 75% Joint and Survivor Annuity providing a lifetime benefit payable to the participant. Participants may elect to receive a lump-sum distribution of their cash account upon retirement or termination if balances are less than \$5,000.

PENSION VALUE PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN (CONTINUED)

Death Benefits - If an active participant in the Sub-Plan #1, Sub-Plan #2 and Sub-Plan #4 dies at age 55 or older, a death benefit equal to the value of the participant's accumulated pension benefits is paid to the participant's eligible surviving spouse as a 100% Surviving Spouse Annuity. If the active participant dies before age 55, the benefit will be paid to the participant's eligible surviving spouse as a 50% Joint and Survivor Annuity. If an active participant in the Sub-Plan #3 dies, a death benefit equal to the value of the participant's accumulated pension benefits is paid to the participant's eligible surviving spouse as a 55% Joint and Survivor Annuity.

Disability Benefits - Active participants in Sub-Plan #1, Sub-Plan #2 and Sub-Plan #3, who become totally disabled, receive disability benefits that are equal to the normal retirement benefits that they have accumulated as of the time they become disabled. Disability benefits are paid until normal retirement age, at which time, disabled participants begin receiving normal retirement benefits computed as though they had been employed to normal retirement age. Active participants in Sub-Plan #4 are not offered any disability benefits under the Plan.

Vesting Service - All participants are fully vested. Participants began accumulating vesting service during employment at Boeing (or its predecessors) and continue to earn additional vesting service during employment at the Company.

Benefit Service - Benefit service is part of the benefit formula used to calculate the minimum benefit under the Plan. Benefit service was frozen as of June 16, 2005; participants do not earn additional benefit service during employment with the Company. Prior to June 17, 2005, participants earned benefit service from the later of the date they were hired by Boeing or transferred into a specific Plan.

Funding policy - The Company's funding policy is to make periodic contributions to the Plan as determined by the Plan's actuary. No employee contributions are permitted. Due to the funded status of the Plan, no contributions were made in 2018 or 2017.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates - The accompanying financial statements are prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect: (1) the reported amounts of assets and liabilities, (2) disclosures such as contingencies, and (3) the reported amounts of revenues and expenses included in such financial statements. Actual results could differ from those estimates. The Plan uses an actuary to determine the actuarial present value of accumulated plan benefits. A change in the actuarial assumptions used could significantly change the amount of the actuarial present value of accumulated plan benefits reported in the accompanying financial statements.

**SPIRIT AEROSYSTEMS HOLDINGS, INC.
PENSION VALUE PLAN**

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Valuation of Investments and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors. The purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change includes the Plan's gains and losses on investment purchases and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits - Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' years of credited service. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated Plan benefits is determined by the Plan's actuary, Mercer, Inc. (Mercer), and is that amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the actuarial computations at January 1, 2018 and 2017, were as follows:

	2018	2017
Investment return	4.80%	5.50%
Mortality	MILES-2010 Generational Tables	MILES-2010 Generational Tables
Retirement age	Assumed Retirement Tables	Assumed Retirement Tables
Discount rate	3.59%	4.15%

The actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2018 and 2017. A full list of assumptions can be located in the full report provided by Mercer dated June 2018.

Benefit Payments - Benefits are recorded when paid.

**SPIRIT AEROSYSTEMS HOLDINGS, INC.
PENSION VALUE PLAN**

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses - The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent Events - These financial statements considered subsequent events through September 16, 2019, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE BANK OF NEW YORK MELLON / BNY MELLON, N.A. (UNAUDITED)

The following is a summary of the information as of December 31, 2018 and 2017, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by The Bank of New York Mellon / BNY Mellon, N.A. (BNY Mellon) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from BNY Mellon that information provided to the Plan Administrator by BNY Mellon related to the following is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information below, the fair values in Note 4, and the fair values in the supplemental schedule related to the following assets:

	<u>2018</u>	<u>2017</u>
Investments at fair value:		
Commingled Equity and Bond Funds	<u>\$ 1,303,791,867</u>	<u>\$ 1,410,267,370</u>

BNY Mellon also certified to the completeness and accuracy of (\$74,951,261) and \$179,826,309 of net change in fair value of investments and interest and dividends of \$25,828 and \$25,819 for the years ended December 31, 2018 and 2017, respectively.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The following describes three levels of inputs that may be used to measure fair value:

**SPIRIT AEROSYSTEMS HOLDINGS, INC.
PENSION VALUE PLAN**

NOTES TO FINANCIAL STATEMENTS

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Commingled Equity and Bond Funds - These investments are valued at the closing price reported by BNY Mellon. These investments are not being traded in an active market, but are backed by various investment securities managed by the BNY Mellon. Fair value is being calculated using inputs that rely on the BNY Mellon's own assumptions which are based on underlying investments traded on an active market.

The Plan's financial instruments that are valued on a recurring basis in accordance with the above fair value hierarchy is as follows (there are no Level 1 or 3 assets):

	<u>Fair Value as of December 31, 2018:</u>	
	<u>Level 2</u>	<u>Fair Value (Unaudited)</u>
Investments:		
Commingled Equity and Bond Funds	<u>\$ 1,303,791,867</u>	<u>\$ 1,303,791,867</u>
	<u>Fair Value as of December 31, 2017:</u>	
	<u>Level 2</u>	<u>Fair Value (Unaudited)</u>
Investments:		
Commingled Equity and Bond Funds	<u>\$ 1,410,267,370</u>	<u>\$ 1,410,267,370</u>

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets are managed by BNY Mellon and Mercer (parties-in-interest) and, therefore, these transactions qualify as parties-in-interest transactions. Total expenses incurred directly by the Plan for professional expenses and contract administrative expenses were \$2,244,909 and 2,309,491 for 2018 and 2017, respectively.

SPIRIT AEROSYSTEMS HOLDINGS, INC.
PENSION VALUE PLAN

NOTES TO FINANCIAL STATEMENTS

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

In the event of termination of the Plan, a portion of the benefits under the Plan is insured by the Pension Benefit Guaranty Corporation (PBGC), a U.S. Government agency. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

7. TAX STATUS

The IRS has determined and informed the Company by a letter dated April 13, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated the Plan's tax positions and concluded that it had taken no uncertain tax positions that require recognition or disclosure in the financial statements. No provision or liability for income taxes has been included in the financial statements.

8. RISKS AND UNCERTAINTIES

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Mortality sponsor elections			
• Healthy participants	Section 430(h)(3) prescribed separate generational annuitant and nonannuitant mortality tables. For the 2018 valuation, tables are based on the Society of Actuaries (SOA) RP-2014 mortality table, with improvements beyond 2006 removed, and the MP-2016 improvement scale.		
• Pre-1995 disabilities	Revenue Ruling 96-7 table for participants who became disabled before 1995		
• Post-1994 disabilities	Revenue Ruling 96-7 table for participants who became disabled after 1994 and are eligible for Social Security disability benefits		
Cash balance plans			
• Interest accumulation rate	5.25% per year on Spirit AeroSystems Holdings, Inc. Pension Value Plan cash balances.		
Other economic assumptions			
• Salary increases	Not applicable because of the frozen nature of the plan.		
• Social Security taxable wage base increases	Not applicable because of the frozen nature of the plan.		
• Inflation	Not applicable because of the frozen nature of the plan.		
• Expected investment return	6.00% for 2016; 5.50% for 2017 and 4.80% for 2018.		
• Expenses	Projected expenses are assumed to be equal to the prior year's actual expense.		

*Schedule SB, Part V — Statement of Actuarial Assumptions/Methods***RATIONALE FOR ECONOMIC ASSUMPTIONS**

- Discount rate sponsor elections – This is an IRS prescribed assumption.
- Mortality sponsor elections – Given Spirit's election to use generational tables, the mortality rates are prescribed by IRS Section 430 and relevant regulations.
- Cash balance interest accumulation rate – Based on plan provisions
- Expected investment return – The expected rate of return on plan assets is based on a blend of the hypothetical past performance of the plan's target asset mix, and the median simulated investment return using capital market assumptions published in Mercer Investment Consulting's Capital Markets Outlook for the plan's target asset mix. The expected return on assets assumption is net of an adjustment of 10 bps for expenses assumed to be paid from plan assets.
- Expenses – The expense assumption is based on the actual expenses paid from plan assets for the previous year.

- **Withdrawal** – The withdrawal rates are based on an Experience Analysis performed in 2016 using data from 2011 through 2014. The non-hourly withdrawal rates were updated as a result of the 2016 experience review. The assumption is reviewed annually for reasonableness.
- **Retirement age** – The retirement rates are based on an Experience Analysis performed in 2016 using data from 2011 through 2014. The assumption is reviewed annually for reasonableness.
- **Spouse assumptions** – Spouse assumptions were updated as a result of a 2016 experience study using data from 2011 through 2014. These assumptions are reviewed annually for reasonableness.
- **Form of payment** – The form of payment assumptions are based on an Experience Analysis performed in 2016 using data from 2011 through 2014 as well as expectations regarding future plan experience based on the value of the subsidy included in the J&S pop-up forms of payment.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

ACTUARIAL METHODS

Asset Methods – Effective January 1, 2010

The asset valuation method is an average of the adjusted market value for each year during the last 2 years preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110% and no less than 90% of the fair market value, as defined in IRC Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Participant Methods – Effective January 1, 2008

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor provides us with data (via Mercer Outsourcing) on all employees as of the valuation date, but only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Insurance contracts:** The plan does not have any insurance contracts.

Minimum Funding Methods – Effective January 1, 2008

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual are the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V — Summary of Plan Provisions

<ul style="list-style-type: none"> Accrued benefit 	Frozen as of 6/17/2005. Benefit is the greater of the Minimum Benefit (\$60 times benefit service) or the sum of the Boeing PVP Plan Cash Balance benefit plus Heritage Boeing benefit plus Heritage BNA benefit plus Heritage MDC benefit. The Boeing PVP Plan Cash Balance earned as of 6/17/2005 is accumulated with interest at 30-Year Treasury rates (minimum of 5.25% and maximum of 10%) until benefit commencement, divided by an annuity factor (132 for retirements and 132 to 180 for terminations dependent on benefit commencement age).	Frozen as of 6/17/2005. Greater of the Standard Benefit, the Alternate Benefit, or the Old Alternate Benefit. The Standard Benefit is \$60 times benefit service. The Alternate Benefit is the Core Benefit (1.025% times final average monthly earnings times benefit service) plus the Excess Benefit (.45% times excess if any of final average monthly earnings over \$3,862 times benefit service). The Old Alternate Benefit (active participants as of 1/1/1993) is 1.5% times final average monthly earnings times benefit service minus 1.25% times Social Security PIA times benefit service.	Frozen as of 6/17/2005. Benefit is \$52 times benefit service.

Schedule SB, Part V — Summary of Plan Provisions

<ul style="list-style-type: none"> • 2014 Supplemental Window Benefit 	<p>For any 2014 Window Eligible Participant as defined in Amendment Four, an additional one-time benefit is payable from the plan (defined as the 2014 Supplemental Window Benefit). This benefit is defined as a hypothetical cash amount, equal to 2% of the participant's Base Pay times the total number of 2014 Window Years of Service (equal to vesting service in plan). In no case is the participant's 2014 Supplemental Window Benefit less than \$30,000 or more than 50% of the participant's 2014 Base Compensation.</p> <p>The 2014 Supplemental Window Benefit is payable as either a lump sum or a single life annuity for single participants, and married participants could also elect either the Joint and Survivor with 50% continued and with pop-up (QJSA), or a Joint and Survivor with 75% continued and with pop-up (QOSA). The life annuity is calculated as the actuarial equivalent of the lump sum under IRS 417(e) assumptions. The joint and survivor optional forms of payment were calculated using the same factors as are reflected for the accrued benefit under the plan.</p>

MISCELLANEOUS			
• Maximum compensation	Compensation for any 12-month period used to determine accrued benefits may not exceed the limits in IRC Section 401(a)(17) for the calendar year in which the 12-month period begins. This limit is indexed annually.		
• Maximum benefits	Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2018, the limit is \$220,000.		

Benefits Included or Excluded

Unless noted below, all benefits provided by the plan, as restated and amended through January 1, 2018, are included in this valuation:

- **Plan amendments excluded:** None.
- **Late retirement increases:**
 - *Active participants:* The plan provides suspension of benefits notices to active participants who work past age 65. Late retirement actuarial increases are reflected in the valuation for participants who do not receive suspension notices in a timely manner.
 - *Deferred vested participants:* Current deferred vested participants over normal retirement age are valued including the late retirement actuarial increase.
- **Internal Revenue Code limitations:** The limitations of Internal Revenue Code Section 415(b) and 401(a)(17) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60% of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.

Schedule SB, Part V — Summary of Plan Provisions

PLAN PROVISIONS SPECIFIC TO FUNDING

Additional Benefits Included or Excluded

- **IRC Section 436 benefit restrictions:**
 - *Unpredictable contingent event benefits:* This valuation excludes restricted contingent event benefits that occurred before the valuation date but includes contingent event benefits which are expected to occur on or after the valuation date regardless of anticipated funding-based limitations.
 - *Plan amendments:* See above.
 - *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
 - *Benefit accruals:* The plan's funding target does not reflect any limitation on benefit. The target normal cost does not reflect any limitation on benefit accruals.
- **Unpredictable contingent event benefits:** The plan does not have any unpredictable contingent event benefits.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Spirit AeroSystems Holdings, Inc. Pension Value Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, the related statements of changes in net assets available for benefits for the years then ended, the statement of accumulated plan benefits as of December 31, 2017, the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by The Bank of New York Mellon / BNY Mellon, N.A. (BNY Mellon), except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that BNY Mellon holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from BNY Mellon as of December 31, 2018 and 2017, and for the years then ended, that the information provided to the Plan Administrator by BNY Mellon is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of Plan management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by BNY Mellon, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PENSION VALUE PLAN**

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Spirit AeroSystems Holdings, Inc. Pension Value Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information. The Retirement Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investments offerings and monitors investment performance.

General - On June 17, 2005, Spirit AeroSystems, Inc. (Company), a subsidiary of Spirit AeroSystems Holdings, Inc. acquired certain assets and assumed certain liabilities of The Boeing Company (Boeing). As part of the acquisition, the Company also assumed the liabilities of several qualified defined benefit pension plans.

The Plan covers employees who had accrued a benefit in the comparable Boeing plan as of June 16, 2005, were hired by the Company on June 17, 2005, and did not retire from Boeing by August 1, 2005. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Pension Benefits - Participants with five or more years of service are entitled to monthly pension benefits beginning at normal retirement age (65) except for the Pension Value Plan (Sub-Plan #4), which allows for pension benefits after three years of service. Upon retirement, the amount of benefits under the Plan is determined based on the heritage plan under which the participant was merged into the Plan as follows:

Employee Retirement Plan for IAM Employees (Sub-Plan #1) - the highest amount determined based upon three different computations: 1) Basic Benefit, 2) Complement Benefit, or 3) Final Average Benefit.

Employee Retirement Plan for IBEW, WEU and WTPU Employees (Sub-Plan #2) - the highest amount determined based upon three different computations: 1) Basic Benefit, 2) Complement Benefit, or 3) Final Average Benefit.

Employee Retirement Plan for UAW Employees (Sub-Plan #3) - \$52 per year of benefit service.

Pension Value Plan (Sub-Plan #4) - the highest amount determined based upon two different computations: 1) Credit-based Benefit (including Final Average Benefit, plus annual benefit interest credits), and 2) Minimum Benefit.

In general, the Plan provides for benefits to begin on the first day of the month on or after the participant's 65th birthday, with various options for early retirement or death. The Plan's normal form of benefit for a single participant is a Straight Life Annuity. For a married participant in Sub-Plan #1, Sub-Plan #2 and Sub-Plan #4, the Plan provides for a 50%, 75%, or 100% Joint and Survivor Annuity providing a lifetime benefit payable to the participant. For a married participant in the Sub-Plan #3, the Plan provides a 55% or 75% Joint and Survivor Annuity providing a lifetime benefit payable to the participant. Participants may elect to receive a lump-sum distribution of their cash account upon retirement or termination if balances are less than \$5,000.

PENSION VALUE PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN (CONTINUED)

Death Benefits - If an active participant in the Sub-Plan #1, Sub-Plan #2 and Sub-Plan #4 dies at age 55 or older, a death benefit equal to the value of the participant's accumulated pension benefits is paid to the participant's eligible surviving spouse as a 100% Surviving Spouse Annuity. If the active participant dies before age 55, the benefit will be paid to the participant's eligible surviving spouse as a 50% Joint and Survivor Annuity. If an active participant in the Sub-Plan #3 dies, a death benefit equal to the value of the participant's accumulated pension benefits is paid to the participant's eligible surviving spouse as a 55% Joint and Survivor Annuity.

Disability Benefits - Active participants in Sub-Plan #1, Sub-Plan #2 and Sub-Plan #3, who become totally disabled, receive disability benefits that are equal to the normal retirement benefits that they have accumulated as of the time they become disabled. Disability benefits are paid until normal retirement age, at which time, disabled participants begin receiving normal retirement benefits computed as though they had been employed to normal retirement age. Active participants in Sub-Plan #4 are not offered any disability benefits under the Plan.

Vesting Service - All participants are fully vested. Participants began accumulating vesting service during employment at Boeing (or its predecessors) and continue to earn additional vesting service during employment at the Company.

Benefit Service - Benefit service is part of the benefit formula used to calculate the minimum benefit under the Plan. Benefit service was frozen as of June 16, 2005; participants do not earn additional benefit service during employment with the Company. Prior to June 17, 2005, participants earned benefit service from the later of the date they were hired by Boeing or transferred into a specific Plan.

Funding policy - The Company's funding policy is to make periodic contributions to the Plan as determined by the Plan's actuary. No employee contributions are permitted. Due to the funded status of the Plan, no contributions were made in 2018 or 2017.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates - The accompanying financial statements are prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect: (1) the reported amounts of assets and liabilities, (2) disclosures such as contingencies, and (3) the reported amounts of revenues and expenses included in such financial statements. Actual results could differ from those estimates. The Plan uses an actuary to determine the actuarial present value of accumulated plan benefits. A change in the actuarial assumptions used could significantly change the amount of the actuarial present value of accumulated plan benefits reported in the accompanying financial statements.

**SPIRIT AEROSYSTEMS HOLDINGS, INC.
PENSION VALUE PLAN**

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Valuation of Investments and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors. The purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change includes the Plan's gains and losses on investment purchases and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits - Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' years of credited service. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated Plan benefits is determined by the Plan's actuary, Mercer, Inc. (Mercer), and is that amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the actuarial computations at January 1, 2018 and 2017, were as follows:

	2018	2017
Investment return	4.80%	5.50%
Mortality	MILES-2010 Generational Tables	MILES-2010 Generational Tables
Retirement age	Assumed Retirement Tables	Assumed Retirement Tables
Discount rate	3.59%	4.15%

The actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2018 and 2017. A full list of assumptions can be located in the full report provided by Mercer dated June 2018.

Benefit Payments - Benefits are recorded when paid.

2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses - The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent Events - These financial statements considered subsequent events through September 16, 2019, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE BANK OF NEW YORK MELLON / BNY MELLON, N.A. (UNAUDITED)

The following is a summary of the information as of December 31, 2018 and 2017, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by The Bank of New York Mellon / BNY Mellon, N.A. (BNY Mellon) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from BNY Mellon that information provided to the Plan Administrator by BNY Mellon related to the following is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information below, the fair values in Note 4, and the fair values in the supplemental schedule related to the following assets:

	<u>2018</u>	<u>2017</u>
Investments at fair value:		
Commingled Equity and Bond Funds	<u>\$ 1,303,791,867</u>	<u>\$ 1,410,267,370</u>

BNY Mellon also certified to the completeness and accuracy of (\$74,951,261) and \$179,826,309 of net change in fair value of investments and interest and dividends of \$25,828 and \$25,819 for the years ended December 31, 2018 and 2017, respectively.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The following describes three levels of inputs that may be used to measure fair value:

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Commingled Equity and Bond Funds - These investments are valued at the closing price reported by BNY Mellon. These investments are not being traded in an active market, but are backed by various investment securities managed by the BNY Mellon. Fair value is being calculated using inputs that rely on the BNY Mellon's own assumptions which are based on underlying investments traded on an active market.

The Plan's financial instruments that are valued on a recurring basis in accordance with the above fair value hierarchy is as follows (there are no Level 1 or 3 assets):

	<u>Fair Value as of December 31, 2018:</u>	
	<u>Level 2</u>	<u>Fair Value (Unaudited)</u>
Investments:		
Commingled Equity and Bond Funds	<u>\$ 1,303,791,867</u>	<u>\$ 1,303,791,867</u>
	<u>Fair Value as of December 31, 2017:</u>	
	<u>Level 2</u>	<u>Fair Value (Unaudited)</u>
Investments:		
Commingled Equity and Bond Funds	<u>\$ 1,410,267,370</u>	<u>\$ 1,410,267,370</u>

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets are managed by BNY Mellon and Mercer (parties-in-interest) and, therefore, these transactions qualify as parties-in-interest transactions. Total expenses incurred directly by the Plan for professional expenses and contract administrative expenses were \$2,244,909 and 2,309,491 for 2018 and 2017, respectively.

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

In the event of termination of the Plan, a portion of the benefits under the Plan is insured by the Pension Benefit Guaranty Corporation (PBGC), a U.S. Government agency. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

7. TAX STATUS

The IRS has determined and informed the Company by a letter dated April 13, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated the Plan's tax positions and concluded that it had taken no uncertain tax positions that require recognition or disclosure in the financial statements. No provision or liability for income taxes has been included in the financial statements.

8. RISKS AND UNCERTAINTIES

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
