1. Significant Accounting Policies

Basis of Accounting

The J. Crew Group, Inc. 401(k) Savings Plan (the "Plan") financial statements are prepared on the accrual basis of accounting.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

General

The Trustee of the Plan is Fidelity Management Trust Company ("Fidelity"). Fidelity is responsible for maintaining the Plan assets. Fidelity uses a daily valuation system for valuing plan investments, which is calculated using the net asset value for each investment option. Fidelity's valuation criteria has not changed from the year ended December 31, 2017.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in accordance with the accrual basis of accounting requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Benefit Payments

Benefits are recorded when paid.

Recent Accounting Guidance

In August 2018, the FASB issued ASU 2018-13, Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement. The objective of this guidance is to improve the effectiveness of disclosure for fair value measurements by adding, eliminating and modifying certain disclosure requirements. The ASU should be applied retrospectively and is effective for fiscal years beginning after December 15, 2019, and interim periods within those fiscal years. Early adoption is permitted. This standard has no impact on the Plan financial statements.

2. Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by J.Crew Group, Inc. and its subsidiaries (the "Company"). It is intended that the Plan be qualified and exempt under sections 401(a) and 501(a) of the Internal Revenue Code of 1986 (the "Code"), as amended from time to time, and meet the requirements of Section 401(k) of the Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All employees of the Company, as defined in the Plan, are eligible to participate in the Plan on the first of the month following 12 months of continuous service with 1,000 hours of work and attainment of age 21.

Contributions

The Plan permits an employee to reduce his or her salary under Section 401(k) of the Internal Revenue Code (the "IRC"). Deferrals may be made in amounts up to 25% of employee's compensation subject to the maximum amount allowed by the Internal Revenue Service which was $18,500 and 18,000 for 2018 and 2017 respectively. In addition, all participants who have attained the age of 50 before the close of the plan year are eligible to make an additional "catch-up" contribution up to $6,000 for the plan years ended December 31, 2018 and 2017. The employer will make a matching contribution in the amount of 100% of the first 3% and 50% of the next 2% of compensation deferred by the employee up to a maximum of $11,000 and $10,600 for 2018 and 2017 respectively.

Participant Account

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The Plan permits participants to direct the investment of future contributions and/or their account balance to one or more of the available investment vehicles. Participants are immediately vested in their elective contributions and employer contributions plus actual earnings thereon.

Forfeitures

Upon termination, participants forfeit their non-vested account balances. Forfeited amounts are retained by the Plan and are used to reduce the Company's future matching contributions. At December 31, 2018 and 2017, the non-vested forfeited amount totaled $43,790 and $38,863 respectively.

Investment Options

Each participant may elect that his or her contributions be invested in the following funds or any combination thereof:

Am. Beacon BW LG CP Val Inst	Fidelity Freedom 2040 Fund K
Artisan Mid Cap Instl. Fund	Fidelity Freedom 2045 Fund K
Fidelity Balanced Fund K	Fidelity Freedom 2050 Fund K

Participant Notes

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000, minus the participant's highest outstanding loan balance over the last twelve months, or 50% of their account balance. A participant's vested account balance will serve as collateral to the extent of the loan, plus interest. The maximum term for a note is 60 months (five years), unless the note is used to acquire the participant's principal residence. In that case, the maximum term for a note is 15 years. Note that are not repaid within the maximum term will be treated as a distribution from the Plan. Interest on the notes will be charged at the prevailing prime rate of interest plus 1% at the time the note is made. Participants do not share in the earnings from the Plan's investments to the extent of any outstanding loan, except that the interest paid on such loans is allocated directly to the participant's account.

At December 31, 2018 and 2017, participant notes outstanding totaled $2,791,711 and $2,882,356, respectively, with maturity dates through 2033 at rates ranging from 3.25% to 9.50%.

Payments of Benefits

Participants will receive lump-sum benefit distributions of their entire account balance no later than April 1st, following the close of the year following the later of the attainment of age of 70 ½ or retirement. The normal retirement age under the Plan is 59 ½. Withdrawals are permitted prior to reaching the normal retirement age in case of disability, death, or termination of employment.

Unallocated Assets

The Plan maintains a mutual fund account to hold employee and employer contributions prior to the allocation to individual participant accounts.

3. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants at the measurement date. The guidance establishes a three level fair value hierarchy that prioritizes the inputs used to measure fair value. The three levels of the hierarchy are defined as follows:

Level 1 – Inputs are unadjusted quoted prices in active markets for identical assets or liabilities. This category includes actively traded mutual funds.

Level 2 – Observable inputs other than quoted prices included in Level 1, including quoted prices for identical assets or liabilities in inactive markets, quoted prices for similar assets or liabilities in active markets, inputs other than quoted prices that are observable for the asset or liability and inputs derived principally from or corroborated by observable market data. This category includes a money market fund which can be redeemed at net asset value.

Level 3 – Unobservable inputs reflecting management's own assumptions about the inputs that market participant would use in pricing the asset or liability based on the best information available. The Plan has no level 3 investments at December 31, 2018 and 2017.

If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

3. Fair Value Measurements (continued)

The following tables set forth the financial assets of the Plan by level within the fair value hierarchy, at December 31, 2018 and 2017:

	Fair Value Measurements at December 31, 2018

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination participants would become 100% vested in their employer contributions.

6. Differences Between Financial Statements and Form 5500

7. Information Prepared and Certified by Trustee

All investment information included in the Plan financial statements has been derived from information certified as complete and accurate by the Trustee in accordance with 29 CFR 2520.103-5(d) of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The following has been certified as complete and accurate by the Trustee as of December 31, 2018 and 2017:

	2018	2017
Investments	$ 166,937,834	$ 178,931,432

8. Transactions with Parties-in-Interest

Accounting fees, and certain administrative expenses relating to the maintenance of participant eligibility records are paid by the Company and, accordingly, are not included in the financial statements of the Plan.

During 2018 and 2017 the Plan's assets were invested in mutual funds (see schedule of Assets (Held at End of Year)) that were managed by Fidelity Investments. Fidelity Investments is a related party, as defined by the Plan to Fidelity Management Trust Company. Therefore, transactions with Fidelity Management Trust Company qualify as party-in-interest transactions.

9. Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with Section 401(a) of the Internal Revenue Code ("IRC"). Although the Plan has been amended and restated since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance

with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2015.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. Subsequent Events

The Company has evaluated all subsequent events through September 27, 2019, the date the financial statements were issued and determined that no additional disclosures were necessary.

1. Significant Accounting Policies

Basis of Accounting

The J. Crew Group, Inc. 401(k) Savings Plan (the "Plan") financial statements are prepared on the accrual basis of accounting.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

General

The Trustee of the Plan is Fidelity Management Trust Company ("Fidelity"). Fidelity is responsible for maintaining the Plan assets. Fidelity uses a daily valuation system for valuing plan investments, which is calculated using the net asset value for each investment option. Fidelity's valuation criteria has not changed from the year ended December 31, 2017.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in accordance with the accrual basis of accounting requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Benefit Payments

Benefits are recorded when paid.

Recent Accounting Guidance

In August 2018, the FASB issued ASU 2018-13, Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement. The objective of this guidance is to improve the effectiveness of disclosure for fair value measurements by adding, eliminating and modifying certain disclosure requirements. The ASU should be applied retrospectively and is effective for fiscal years beginning after December 15, 2019, and interim periods within those fiscal years. Early adoption is permitted. This standard has no impact on the Plan financial statements.

2. Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by J.Crew Group, Inc. and its subsidiaries (the "Company"). It is intended that the Plan be qualified and exempt under sections 401(a) and 501(a) of the Internal Revenue Code of 1986 (the "Code"), as amended from time to time, and meet the requirements of Section 401(k) of the Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All employees of the Company, as defined in the Plan, are eligible to participate in the Plan on the first of the month following 12 months of continuous service with 1,000 hours of work and attainment of age 21.

Contributions

The Plan permits an employee to reduce his or her salary under Section 401(k) of the Internal Revenue Code (the "IRC"). Deferrals may be made in amounts up to 25% of employee's compensation subject to the maximum amount allowed by the Internal Revenue Service which was $18,500 and 18,000 for 2018 and 2017 respectively. In addition, all participants who have attained the age of 50 before the close of the plan year are eligible to make an additional "catch-up" contribution up to $6,000 for the plan years ended December 31, 2018 and 2017. The employer will make a matching contribution in the amount of 100% of the first 3% and 50% of the next 2% of compensation deferred by the employee up to a maximum of $11,000 and $10,600 for 2018 and 2017 respectively.

Participant Account

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The Plan permits participants to direct the investment of future contributions and/or their account balance to one or more of the available investment vehicles. Participants are immediately vested in their elective contributions and employer contributions plus actual earnings thereon.

Forfeitures

Upon termination, participants forfeit their non-vested account balances. Forfeited amounts are retained by the Plan and are used to reduce the Company's future matching contributions. At December 31, 2018 and 2017, the non-vested forfeited amount totaled $43,790 and $38,863 respectively.

Investment Options

Each participant may elect that his or her contributions be invested in the following funds or any combination thereof:

Am. Beacon BW LG CP Val Inst	Fidelity Freedom 2040 Fund K
Artisan Mid Cap Instl. Fund	Fidelity Freedom 2045 Fund K
Fidelity Balanced Fund K	Fidelity Freedom 2050 Fund K

Fidelity Freedom 2025 Fund K	GS Small Cap Value Instl. Fund

Participant Notes

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000, minus the participant's highest outstanding loan balance over the last twelve months, or 50% of their account balance. A participant's vested account balance will serve as collateral to the extent of the loan, plus interest. The maximum term for a note is 60 months (five years), unless the note is used to acquire the participant's principal residence. In that case, the maximum term for a note is 15 years. Note that are not repaid within the maximum term will be treated as a distribution from the Plan. Interest on the notes will be charged at the prevailing prime rate of interest plus 1% at the time the note is made. Participants do not share in the earnings from the Plan's investments to the extent of any outstanding loan, except that the interest paid on such loans is allocated directly to the participant's account.

At December 31, 2018 and 2017, participant notes outstanding totaled $2,791,711 and $2,882,356, respectively, with maturity dates through 2033 at rates ranging from 3.25% to 9.50%.

Payments of Benefits

Participants will receive lump-sum benefit distributions of their entire account balance no later than April 1st, following the close of the year following the later of the attainment of age of 70 ½ or retirement. The normal retirement age under the Plan is 59 ½. Withdrawals are permitted prior to reaching the normal retirement age in case of disability, death, or termination of employment.

Unallocated Assets

The Plan maintains a mutual fund account to hold employee and employer contributions prior to the allocation to individual participant accounts.

3. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants at the measurement date. The guidance establishes a three level fair value hierarchy that prioritizes the inputs used to measure fair value. The three levels of the hierarchy are defined as follows:

Level 1 – Inputs are unadjusted quoted prices in active markets for identical assets or liabilities. This category includes actively traded mutual funds.

Level 2 – Observable inputs other than quoted prices included in Level 1, including quoted prices for identical assets or liabilities in inactive markets, quoted prices for similar assets or liabilities in active markets, inputs other than quoted prices that are observable for the asset or liability and inputs derived principally from or corroborated by observable market data. This category includes a money market fund which can be redeemed at net asset value.

Level 3 – Unobservable inputs reflecting management's own assumptions about the inputs that market participant would use in pricing the asset or liability based on the best information available. The Plan has no level 3 investments at December 31, 2018 and 2017.

If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

3. Fair Value Measurements (continued)

The following tables set forth the financial assets of the Plan by level within the fair value hierarchy, at December 31, 2018 and 2017:

	Fair Value Measurements at December 31, 2018

Mutual funds	$ (22,857,959)

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination participants would become 100% vested in their employer contributions.

6. Differences Between Financial Statements and Form 5500

7. Information Prepared and Certified by Trustee

All investment information included in the Plan financial statements has been derived from information certified as complete and accurate by the Trustee in accordance with 29 CFR 2520.103-5(d) of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Total	$ (10,573,168)	$ 30,052,425

8. Transactions with Parties-in-Interest

Accounting fees, and certain administrative expenses relating to the maintenance of participant eligibility records are paid by the Company and, accordingly, are not included in the financial statements of the Plan.

During 2018 and 2017 the Plan's assets were invested in mutual funds (see schedule of Assets (Held at End of Year)) that were managed by Fidelity Investments. Fidelity Investments is a related party, as defined by the Plan to Fidelity Management Trust Company. Therefore, transactions with Fidelity Management Trust Company qualify as party-in-interest transactions.

9. Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with Section 401(a) of the Internal Revenue Code ("IRC"). Although the Plan has been amended and restated since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance

with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2015.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. Subsequent Events

The Company has evaluated all subsequent events through September 27, 2019, the date the financial statements were issued and determined that no additional disclosures were necessary.
