1. Description of the Plan

The BDT Capital Partners, LLC Retirement Savings Plan ("the Plan") is a defined contribution plan offered to employees of BDT Capital Partners, LLC ("BDT" or the "Company"). A Benefits Committee, appointed by BDT, controls and manages the operation and administration of the Plan. Fidelity Management Trust Company ("Fidelity") is the trustee and Custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All employees at least 21 years of age are considered to be eligible employees. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Contributions — Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) matching contributions made by the Company, (iii) discretionary contributions made by the Company; and (iv) participant rollovers from another qualified Plan. Participants have the option to make Roth elective salary reduction contributions to the Plan.

Participants may elect to contribute a percentage of their compensation, excluding bonuses and commissions, to the Plan each year, subject to contribution limit as set by the Internal Revenue Code (IRC). Such contributions are excluded from the participant's taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions in excess of contribution limit as set for by the IRC.

BDT makes a non-elective matching contribution to each participant's account equal to 3% of the amount of the participant's salary. The maximum contribution amount eligible to be matched is limited at the IRC maximum. Additional profit sharing contributions may be made at the discretion of BDT. BDT made a $1,662,468 (4%) discretionary profit sharing contribution to the Plan for the year ended December 31, 2018.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain IRC limitations.

Participant Accounts — Individual accounts are maintained for each participant of the Plan. Each participants' account is credited with the participant's contribution, related BDT matching and profit sharing contributions, and Plan earnings. Participant accounts are also charged with withdrawals and an allocation of Plan losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting — Participants are vested immediately in their contributions and BDT matching contributions, plus actual earnings thereon. Vesting in BDT's discretionary profit sharing contributions is based on years of service subject to the vesting scheduled outlined below.

1 year of service	0% vested
2 years of service	20% vested
3 years of service	40% vested
4 years of service	60% vested
5 years of service	80% vested
6 years of service	100% vested

Investments — Participants may direct the investment of their contributions, BDT Contributions and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. The Plan offers a range of target date funds, equity funds, fixed income funds and a money market fund. Participants may direct their investments through a trustee

sponsored brokerage account, which offers the option to invest in a variety of individual stocks and mutual funds.

Payment of Benefits — Upon termination of service with BDT (including termination of service due to death, disability, or retirement), the vested interest will be distributed to participant or (or beneficiary) as soon as administratively practicable. Participants may also request hardship distributions in accordance with Plan Document.

Forfeited Accounts — When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account as defined by the Plan, represents a forfeiture. The Plan document permits the use of forfeitures to either reduce future BDT contributions or Plan administrative expenses for the plan year. As of December 31, 2018 and 2017, forfeited nonvested accounts available for Plan use was $563 and $2,095, respectively.

Termination of the Plan — The Plan is intended to be permanent, but could be terminated at any time subject to the provisions set forth in the ERISA, at which time contributions and allocations will cease. Participants will have a 100% vested interest in their Participant Accounts as of the termination date. Distribution of the Accounts will occur within a reasonable time after termination.

2. Summary of Significant Accounting Policies

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits Payable — Benefits are recorded when paid. As of December 31, 2018 and 2017 there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan, but had not been paid.

Administrative Expenses – Administrative expenses of the Plan are paid by BDT or the Plan, as provided in the Plan document.

3. Information Certified by the Trustee

The following is a summary of the unaudited information regarding the Plan as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Fidelity, the trustee of the Plan and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

Supplemental Schedule-

All Investment balances and information included in the Supplemental Schedule of Assets (Held at End of Year), excluding the level of investments in Note 4, Fair Value Measurements.

4. Fair Value Measurements

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). The three levels of the fair value hierarchy are described as follows:

Level I — Investments traded in an active market which are valued based on quoted prices for identical assets as of the measurement date

Level II — Investments which are valued based on observable market inputs that are readily available or Level I investments where there is a contractual restriction as of the measurement date

Level III — Investments which are valued based on significant unobservable market inputs as of the measurement date

As of December 31, 2018	Target Date Funds	Equity and Fixed Income Funds	Money Market Fund	Total
Level I	$ 13,556,430	$ 10,772,519	$ 3,377	$ 24,332,326
Level II	--	--	--	--
Level III	--	--	--	--
Total	$ 13,556,430	$ 10,772,519	$ 3,377	$ 24,332,326

As of December 31, 2017	Target Date Funds	Equity and Fixed Income Funds	Money Market Fund	Total
Level I	$ 12,431,176	$ 10,220,259	$ 4,248	$ 22,655,683
Level II	--	--	--	--
Level III	--	--	--	--
Total	$ 12,431,176	$ 10,220,259	$ 4,268	$ 22,655,683

The Plan's policy is to recognize transfers to/from Level I, Level II, and Level III at the time of transfer utilizing the fair value as of the transfer date. During the year ended December 31, 2018, the Plan recognized no transfers between levels.

Mutual Funds — Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

5. Income Tax

The Plan uses a prototype plan document sponsored by Fidelity Management and Research Company. Fidelity Management and Research Company received an opinion letter from the IRS, dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon exemption by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Exempt Parties-in-interest Transactions

Certain Plan investments as of December 31, 2018 and 2017 are shares of mutual funds managed by Fidelity Management and Research Company. Fidelity Investments Institutional Operations Company, an affiliate of Fidelity Management Trust Company, is the recordkeeper as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fidelity Investments Institutional Operations Company and Fidelity Management Trust Company are underlying business units of Fidelity Management and Research Company. Fees paid by the Plan for the investment management services are included as a reduction of the return on each fund.

7. Subsequent Events
