ADAMS-ROBINSON ENTERPRISES, INC. EMPLOYEE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2018 AND 2017

1. DESCRIPTION OF PLAN

The following description of the Adams-Robinson Enterprises, Inc. Employee 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution savings plan established by Adams-Robinson Enterprises, Inc. (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan trustees oversee the governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's trustees. An eligible employee is any person employed by Adams-Robinson Enterprises, Inc. who has completed one year of continuous service and is employed on the next entry date. An eligible employee enters the Plan the first day of the quarter that coincides with or next follows the day he or she becomes an eligible employee. Eligibility to receive employer safe harbor matching contributions coincides with the participation eligibility requirements. The Company also makes prevailing wage contributions to the Plan on behalf of eligible employees. Employees (other than highly compensated employees) who are performing services for the Company under a public contract subject to the Davis-Bacon Act or any state or municipal prevailing wage law are eligible to receive prevailing wage contributions under the Plan beginning on their first day of employment with the Company.

Contributions - Each year, participants may contribute up to 100% of eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, a money market fund, and a guaranteed investment contract as investment options for participants. The Company makes safe harbor matching contributions in an amount equal to 100% of elective deferral contributions that are not in excess of 3% of Plan compensation, plus 50% of elective deferral contributions that exceed 3% of Plan compensation but do not exceed 5% of Plan compensation. In addition, the Company may be required to make prevailing wage contributions on behalf of eligible employees. Company safe harbor matching contributions for the years ended December 31, 2018 and 2017 were \$145,861 and \$139,787, respectively. Company prevailing wage contributions for the years ended December 31, 2018 and 2017 were \$8,395 and \$182,133, respectively. Contributions are subject to certain statutory limitations.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's safe harbor matching contributions, (b) the Company's prevailing wage contributions, and (c) the Plan's earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participants' compensation, earnings or account balances, as provided in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions and the Company's safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's prevailing wage contributions plus actual earnings thereon is based on years of service. Participants' vested interests in Company prevailing wage contributions increase from 20% after the first year of service to 100% after the sixth year.

Notes Receivable From Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by their highest outstanding note balance during the preceding twelve months. Notes receivable must be repaid within five years unless the purpose is to acquire, construct or reconstruct a principal residence. Each note is secured by the balance in the participant's account and bears a fixed rate of interest of prime plus one percent. Interest rates range from 4.25% to 6.25% at December 31, 2018 and from 4.25% to 5.25% at December 31, 2017. Principal and interest is paid ratably through weekly automatic payroll deductions.

Payment of Benefits - Upon termination of employment, participants receive vested interests either in a lump-sum amount or over a period of time not to extend beyond the participant's life expectancy (or the life expectancy of the participant and his designated beneficiary). There were no benefits payable to terminated participants at December 31, 2018 and 2017.

Forfeiture Accounts - Forfeitures of nonvested account balances are first used to reduce administrative expenses and then used to reduce the employer's future safe harbor matching contributions. Forfeitures used to reduce administrative expenses were \$1,469 in 2018 and \$1,546 in 2017. Forfeitures used to reduce employer safe harbor matching contributions were \$10,615 in 2018 and \$0 in 2017. Forfeited nonvested accounts payable at December 31, 2018 and 2017 were \$1,888 and \$12,109, respectively.

Tax Status - The Internal Revenue Service has determined and informed the Company by an opinion letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. Tax years 2015 and later remain open and subject to examination.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

The Plan has evaluated subsequent events through October 10, 2019, the date the financial statements were available to be issued.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Contracts - Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

ASU 2015-12 clarifies that the measurement and presentation requirements of a fully benefit-responsive investment contract apply only to direct investments. The Plan has an indirect investment in the PNC Investment Contract Z Fund, a guaranteed investment contract with PNC Bank, National Association, as part of its common/collective trust at December 31, 2018 and 2017. Therefore the statements of net assets available for benefits presents the fair value of the investment contract.

Investment Valuation and Income Recognition - Investments are required to be reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 4 for discussion of fair value investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Excess Contributions - Contributions made by certain active participants during a plan year are returned to them in order to satisfy the relevant nondiscrimination provisions of the Plan. There were no excess deferral contributions payable at December 31, 2018 and 2017.

Payment of Benefits - Benefits are recorded when paid.

Expenses of the Plan - Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. Fees for the administration of notes receivable from participants and benefits paid to participants are included in administrative expenses and charged directly to the participant's account.

3. INVESTMENTS

The following information included in the Plan's financial statements and supplemental schedule as of and for the years ended December 31, 2018 and 2017 was obtained from data prepared by PNC Bank, National Association, the trustee of the Plan. The plan administrator has obtained certification from the trustee that such information is complete and accurate. The following represents the values of the investments in the separate identifiable funds administered by the trustee:

	2018	2017
Investments, at fair value	\$ 6,322,582	\$ 6,599,496
Notes receivable from participants	196,228	206,450
Interest and dividends	330,729	270,391
Interest income on notes receivable from participants	10,527	8,437
Other income	1,730	
Net appreciation (depreciation) in fair value of investments	(740,560)	709,823

4. FAIR VALUE MEASUREMENTS

The Plan's measurement of fair value for assets and liabilities is based on the framework established in the fair value accounting guidance. The framework is based on the inputs used in valuation, gives the highest priority to quoted prices in active markets, and requires that observable inputs be used in the valuations when available. The three levels of the hierarchy are as follows:

- Level 1: observable inputs such as unadjusted quoted prices in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included in active markets that are observable either directly or indirectly
- Level 3: unobservable inputs in which there is little or no market data, which requires the Plan to develop its own assumptions

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual and money market funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively

traded. Money market funds are valued at the NAV based on the market value of the underlying assets in the money market fund.

Common/collective trust funds: Valued at the NAV of shares held by the Plan at year end, as reported to the Plan by the trustee. A fund's NAV reflects an exit price, is the same for all holders of the fund, and provides the basis for current transactions.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different valuation methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Money market funds		\$ 334,935		\$ 334,935
Mutual funds	\$ 5,946,947			5,946,947
Common/collective trust funds		40,700		40,700
Total investments at fair value	<u>\$ 5,946,947</u>	<u>\$ 375,635</u>		<u>\$ 6,322,582</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Money market funds		\$ 374,483		\$ 374,483
Mutual funds	\$ 6,182,824			6,182,824

Net decrease in net assets	<u>\$ (10,221)</u>	<u>\$ (43)</u>

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. RELATED PARTY AND PARTY-IN-INTEREST

Certain Plan assets are invested in a common/collective trust with PNC Bank, National Association. PNC Bank, National Association is the trustee as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions.
