INDEPENDENT AUDITORS' REPORT

To the Plan Committee and the Participants
Child Focus, Inc. 403(b) Annuity Plan

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of the Child Focus, Inc. 403(b) Annuity Plan, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the plan administrator by the custodians is complete and accurate.

The Plan had not maintained sufficient accounting records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficiently to determine the extent to which the financial statements may have been affected by these conditions.

As described in Note 10, the Plan has excluded from investments in the accompanying statements of net assets available for benefits, certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2018 and the supplemental schedule of assets (held at end of year) as of December 31, 2018 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Subject to certain limits, participants may contribute a portion of their compensation, as defined in the Plan. Effective June 1, 2018, the Plan was amended and restated to allow Roth contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts from other qualified plans (rollovers). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of pretax eligible compensation and their contributions invested in a designated fund until changed by the participant. The Sponsor makes matching contributions to eligible participants who have attained two years of service in an amount equal to 100% of the first 6% of elective deferrals. The Sponsor may also make additional discretionary contributions. The Sponsor made no discretionary contributions for 2018. Participants direct the investment of their contributions and Sponsor contributions into various investment options offered by the Plan.

Participant accounts

Each participant's account is credited with the participant's contribution and, if eligible, the Sponsor's matching contribution, as well as allocations of the Sponsor's discretionary contribution, if any, and an allocation of Plan earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, compensation or account balances, as defined. Allocations of plan earnings are based upon the performance of the investment funds chosen by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. A participant is 100% vested in all Sponsor contributions and earnings received thereon.

Payment of benefits

Participants are entitled to benefits upon termination of service, death, disability, or at normal retirement age as defined in the plan agreement. Upon termination of service, participants receive an annuity or have the option of electing another form of distribution. In the event of a participant's death, any remaining balance will be paid to designated beneficiaries.

In-service distributions are permissible from the Plan for participants that have obtained the age of 59 and 1/2. Participants electing in-service distributions may elect to receive all or a portion of their elective deferrals in a lump sum payment. The Plan permits distributions for financial hardships if certain requirements are met. Effective January 1, 2018, the Plan was amended and restated to allow matching contributions to be considered an eligible source of funds for hardship withdrawals from the Plan.

Benefits under the Plan due to a former participant whose balance does not exceed $5,000 and has terminated for reasons other than death, disability or retirement, shall be paid from his account as soon as administratively practicable. If the vested value of the participant's account is in excess of $5,000, the participant will not receive a distribution unless he has consented in writing.

Forfeited accounts
At December 31, 2018 and 2017, forfeited non-vested accounts totaled $885 and $1,811, respectively. These accounts will be used to reduce future Company contributions

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following are the significant accounting policies of the Plan:

Basis of accounting
The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition
Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits
Benefit distributions are recorded when paid.

Administrative expenses
Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to investment advisory services are charged to participant accounts and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments. Other administrative expenses are paid by the Plan, if not absorbed by the Sponsor.

Subsequent events
The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The Plan has evaluated subsequent events through the report date, the date the financial statements were available to be issued.

3. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY:

The Plan invests in a group annuity contract with Great-West Life & Annuity Insurance Company ("Great-West") totaling $27,902 for 2018 and $7,146 for 2017. Under this contract, the Plan invests in the Guaranteed Interest Fund. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Great-West is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the traditional fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan agreements (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without consent of the issuer.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,863,852	-	-	5,863,852
Total investments at fair value	$ 5,863,852	-	-	5,863,852

	Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,352,515	-	-	7,352,515
Total investments at fair value	$ 7,352,515	-	-	7,352,515

5. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS:

The Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodians, have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, the supplemental schedule of assets (held at end of year) as of December 31, 2018, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2018.

6. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS:

The Sponsor provides certain administrative services to the Plan for which no fees are charged. Certain Plan investments are investment funds managed by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, which are the custodians of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

7. PLAN TERMINATION:

Although it has not expressed the intent to do so, the Sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. TAX STATUS:

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code ("IRC"). While the Internal Revenue Service does not currently have an approval program for 403(b) plans, the Sponsor and the Plan's administrator believe that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC. Therefore, they believe the Plan was qualified as of the financial statement date.

9. RISKS AND UNCERTAINTIES:

Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. CONTRACTS EXCLUDED FROM INVESTMENTS:

As permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*, the Plan has elected to omit certain contracts from the investment balance reported on the Form 5500. These contracts were created prior to January 1, 2009 and contain fully vested, participant-directed investment accounts. Those accounts are owned by the individual participants for whom the accounts were initially established, and the Plan no longer has any obligation to such accounts.

11. DELINQUENT PARTICIPANT CONTRIBUTIONS:

During the plan year ended December 31, 2018, the plan sponsor failed to remit certain employee contributions totaling $602 within the period prescribed by the Department of Labor regulations. Delays in remitting contributions were due to administrative errors. The contributions, including lost earnings, were corrected during the plan year ending December 31, 2019.
