Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Core BTS 401(k) Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Minnesota Life Insurance Company ("Minnesota Life"), the trustee of the plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that Minnesota Life holds the Plan's assets and executes investment transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the Plan Administrator by Minnesota Life is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental schedule of assets (held at end of year) as of December 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of Plan

The following description of the Core BTS 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan was established on February 5, 2004 for the purpose of providing retirement benefits for the employees of Core BTS, Inc. ("the Company"). The Plan is a defined contribution plan covering all eligible employees of the Company who have completed three months of service, have reached 21 years of age and are not covered under a collective bargaining agreement. The entry dates for this Plan are the first day of each calendar month of the Plan year coinciding with the date the employee meets the eligibility requirements. Employees are eligible for discretionary Company contributions after three months of service and 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Minnesota Life Insurance Company ("Minnesota Life") is the trustee of the Plan.

Contributions: Each year, participants may contribute to the Plan an amount equal to a percentage of the participants' compensation not to exceed certain limitations of the Internal Revenue Code, as defined by the Plan. Participants may contribute amounts representing rollovers from other qualified plans and eligible participants may make catch-up contributions in accordance with Internal Revenue Service regulations. The Plan also permits participants to make Roth 401(k) contributions to the plan. Participants direct their contributions into various investment options offered by the Plan.

The Plan sponsor matches dollar-for-dollar the first 3% of the participant's compensation deferred and 50% of the next 2% deferred. The Plan sponsor may also make discretionary contributions.

Vesting: Participants are immediately vested in their contributions, including rollover contributions. Employer discretionary and matching contributions vest at a rate of 20% per year after two years of vesting service (vested 20% at the end of the second year of service and 20% annually thereafter with 100% at the end of the sixth year of service).

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Forfeitures: If a participant terminates employment with the Company at a time when the participant does not have a fully vested account, the non-vested employer contributions and actual earnings thereon are forfeited. Forfeitures may be used to reduce future employer matching contributions, discretionary employer profit sharing contributions or cover future administrative expenses. During the year ended December 31, 2018, $149,415 was used to reduce employer matching contributions. Forfeitures available at December 31, 2018 and 2017 totaled $79,980 and $96,274, respectively.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. All loans must be repaid in level payments on at least a quarterly basis over a five-year period unless the loan is for the purchase of a principal residence in which case the loan may be repaid over a ten-year period. The loans are secured by the balance of the participant's vested account and bear interest at a rate commensurate with market rates ranging from 4.25% - 8%.

Note 1. Description of Plan (Continued)

Payment of benefits: Benefits are payable upon reaching early retirement age of 59-1/2, normal retirement age of 65, total and permanent disability, termination, or death in the form of a lump sum payment. Separated participants with a balance of $5,000 or less may be paid out without the participant's consent. Participants may be entitled to a hardship withdrawal of their vested benefits if they qualify under the criteria established by the Plan.

Plan termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in all employer contributions with all rights to any amounts in their respective accounts.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments in pooled separate accounts are participant-directed and reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments in the guaranteed investment contract is fully benefit-responsive and measured at contract value for the portion of the net assets available for benefits attributable to the investment contract. Contract value represents contributions made under the contract plus earnings less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in dividend income.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Expenses, including Minnesota Life's custodial and administrative fees, are paid by the Plan. Administrative expenses for loans are paid by the participant. Certain other expenses including audit and accounting fees are paid by the Company. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. Administrative expenses paid by the plan were $8,092 for the year ended December 31, 2018.

Notes receivable from participants: Notes receivable from participants is measured as their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Note 2. Significant Accounting Policies (Continued)

Recently issued accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement,* which modifies the disclosure requirements for fair value measurements by removing, modifying, and adding certain disclosures, ASU 2018-13 is effective for the Plan for fiscal years beginning after December 31, 2019. The Plan is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements.

Subsequent events: The Plan has evaluated subsequent events through October 10, 2019, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification ("Codification"), *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the Codification are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 3. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled Separate Accounts: Valued at the unit price reported by the sponsoring insurance company. The underlying investments owned can include publicly quoted mutual fund shares and common stocks, corporate bonds quoted at closing price or quoted using pricing models of similar securities, other collective trust funds or pooled separate accounts quoted using the unit value of the account or fund, or guaranteed insurance contracts priced by the sponsoring insurance company using applicable interest rates and contract provisions. The unit price is based on the fair value of the underlying investments owned, less any accrual of fees and expenses borne by the account, and divided by the number of units outstanding. The unit price is quoted on the active private market on which participants can transact daily with no significant redemption restrictions on these investments.

The table sets forth by level, within the fair value hierarchy, the Plan's assets at fair market value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total

Note 4. Information Certified By Minnesota Life

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Minnesota Life, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

Note 4. Information Certified By Minnesota Life (Continued)

	2018	2017
Shares of registered investment companies	$ 26,527,182	$ 28,925,684
Guaranteed investment contract	535,592	598,138
Participant notes receivable	491,478	485,828
	$ 27,554,252	$ 30,009,650

Minnesota Life certified to the completeness and accuracy of $1,795,282 of net depreciation in fair value of investments, and $26,809 of interest income related to notes receivable from participants for the year ended December 31, 2018.

Minnesota Life also certified the completeness and accuracy of notes receivable from participants of $491,478 and $485,828 as of December 31, 2018 and 2017, respectively.

Note 5. Guaranteed Investment Contract

Minnesota Life maintains the contributions in a guaranteed return account ("GRA"). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. As the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by Minnesota Life, represents contributions made under the contract plus earnings less participant withdrawals and administrative expenses. Participants ordinarily direct the withdrawal or transfer of all or a portion of their investment contract at contract value. Contract value approximates fair value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon by the issuer, but it may not be less than 1.5% for 2018. Such interest rates are set monthly and effective on the first day of the month. The average and actual yield at December 31, 2018 was 1.5%.

Since the GRA is an obligation of Minnesota Life, the occurrence of an event that limits the ability of the fund to transact at contract value with Minnesota Life and the participants in the fund is not probable. The GRA is a non-tradable obligation of Minnesota Life and it has no stated maturity. However, if an event should occur such that realization of a full contract value for a particular investment contract is no longer probable (for example, a significant decline in creditworthiness of Minnesota Life), the GRA will no longer be considered fully benefit-responsive.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

- Amendments to the Plan documents (including complete or partial Plan termination or merger with another plan
- Changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions
- Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan
- Failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA

Note 5. Guaranteed Investment Contract (Continued)

The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6. Related-Party Transactions

The expenses of administering the Plan are paid by the Plan to the extent not paid by the Company. The Company provides various recordkeeping and administrative services for the Plan for which it receives no compensation. Certain plan investments are units in a guaranteed return account and pooled separate accounts managed by Minnesota Life Insurance Company, the trustee of the plan, and therefore these transactions qualify as a party-in-interest transactions. The Plan paid Minnesota Life Insurance Company $8,092 for the year ended December 31, 2018. In addition, loans to participants qualify as party-in-interest transactions.

Note 7. Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 31, 2014 that the Plan based on its initial filing as a Prototype Plan, is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statement. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks And Uncertainties

The Plan provides investments in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.
