## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Accounting Method** - The financial statements of the Plan are prepared on the accrual basis of accounting.

**Investment Valuation, Transactions and Income Recognition** -

*General* - Investments are carried at fair value, which is determined, presented and disclosed in accordance with Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820, *Fair Value Measurement and Disclosures,* and Accounting Standards Update (ASU) 2010-6, *Improving Disclosures about Fair Value Measurements.* Under FASB ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

FASB ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable input be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumptions about inputs that market participants would use in pricing the investments developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels, based on the inputs, as follows:

Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Valuations based on quoted prices in markets that are not active, quoted prices for similar investments in active markets or model-based valuations for which all significant assumptions are observable and can be corroborated by observable market data.

Level 3 - Valuations based on unobservable inputs that are supported by little or no market activity and are significant to the overall fair value measurement. Values are determined using proprietary pricing models, discounted cash flow models that include the investment entities' own judgments and estimations, or some other pricing method using unobservable inputs.

In determining fair value, FASB ASC 820 allows various valuation approaches. The specific methods for each of the Plan's investment classes are presented below.

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

*Inputs and Valuation Methods* -

*Mutual funds* - The fair value of the mutual funds is generally based on quoted market prices in active markets (Level 1).

*Common Collective Trust* - The fair value of the common collective trust does not have a readily determinable fair value and is valued based upon a net asset value practical expedient (Level 2).

*Valuation Methods, Consistency* - The valuation techniques used in the accompanying financial statements have been consistently applied.

*Transactions and Income Recognition* - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date.

**Expenses** - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

**Estimates** - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

**Participant Loans** - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

**Risks and Uncertainties** - The Plan invests in mutual funds. Such investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty with respect to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

## NOTE 2 DESCRIPTION OF THE PLAN

The following description of FCI Lender Servicers, Inc. 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the summary plan description for more complete information.

**General** – On January 1, 1999, FCI Lender Services, Inc. Inc. (the Sponsor) established the FCI Lender Servicers, Inc. 401(k) Profit Sharing Plan and Trust. The Plan was established to provide retirement benefits for eligible employees of the Sponsor. The Plan is financed by contributions from participants and by the net earnings of the investments of the Plan. This is a defined 401(k) plan covering all eligible employees of the Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

**Contributions** - Participants may elect to defer a portion of their compensation, not to exceed the legal maximum, as calculated in accordance with Internal Revenue Code. The limit for regular contributions for 2018 and 2017 was $18,500, and $18,000, respectively. The limit for catch-up contributions for 2018 and 2017 was $6,000. The Plan allows for non-elective employer contributions. Safe Harbor matching contributions are made equal to 100% of participant deferrals, not to exceed 3% of participant compensation as defined by the Plan, plus 50% of the next 2% of participant compensation, as applicable.

**Participation and Vesting** - After completing three months of continuous employment, an employee at least 21 years of age may participate in the Plan. Participants are fully vested in their contributions and employer matching contributions as of the first day of eligibility. Participants are 0% vested in employer non-elective contributions until 2 years of service time have been met, at which time, they are 20% vested per year each year until 6 years of service, at which time, they are 100% vested in employer non-elective contributions.

**Investment Options** - Contributions to the Plan are invested as directed by the participant in various mutual funds and a common collective trust. If participants do not direct the investment of their contributions, the contributions will be directed according to the provisions of the Plan.

Participants may evaluate their own investment goals and objectives and choose the mutual funds best suited to achieve those goals and objectives. Poor investment performance by the investments selected by the participants may cause their balances to be lower than the amounts contributed to the Plan.

**Notes Receivable from Participant** - Participants may borrow from their fund accounts a minimum of $500, up to a maximum of the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 2%. Principal and interest are paid ratably through payroll deductions.

## NOTE 2 DESCRIPTION OF THE PLAN (CONT'D)

**Payment of Benefits** - On termination of service due to death, disability, retirement or other termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or may request a direct rollover to another qualified plan that accepts direct rollovers. Upon termination of employment, the Plan allows for automatic lump-sum distribution of participant account balances. Upon termination, if the value of the vested account balance is $5,000 or less on the applicable valuation date as provided under the Plan, the Company can cash the entire vested account balance out of the Plan

**Forfeitures –** Forfeitures will be allocated in the same Plan Year in which the forfeitures occur and can be used to pay Plan expenses or reduce employer contributions. No forfeitures were used to reduce employer contributions in 2018 or 2017.

**Allocation Provisions –** Plan investment income from each investment selected by a participant is allocated to individual participant accounts proportionally based on the beginning of the year balance of a participant's account plus annual contributions.

## NOTE 3 PRIORITIES UPON TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan subject to the provisions of ERISA. Benefits would be distributed to the participants and their beneficiaries as if the Plan had not been terminated until all participants' accounts have been completely distributed to, or for the benefit of, the participants or their beneficiaries in accordance with the Plan.

## NOTE 4. TAX STATUS

The Plan adopted the ADP, LLC. Prototype Non-standardized Profit Sharing Plan With CODA, which received a favorable opinion letter from the Internal Revenue Service, dated July 8, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan's administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statement

## NOTE 5 FINANCIAL INFORMATION CERTIFIED BY THE CUSTODIANS
