NOTE 1 — DESCRIPTION OF THE PLAN

The following summary plan description is provided for general information purposes and an overview of plan provisions. Participants of the Plan should refer to the Plan document for a more complete description of the Plan's provisions.

General

Accommodations Plus Inc. Profit Sharing Plan (the "Plan") is a defined contribution 401(k) profit sharing plan established to provide benefits to eligible employees, as defined by the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

All employees of the Accommodations Plus Inc. (the "Company" or the "Employer") who have completed 90 days of service and are age twenty-one or older are eligible to participate in the Plan.

Contributions

Participants may elect to defer a portion of their pre-tax eligible compensation, as defined in the Plan, through a payroll deduction. The amount an employee may contribute is limited to the maximum amount permitted under the Internal Revenue Code (the "IRC"). Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions up to a maximum permitted under the IRC.

Company Matching Contribution

Each Plan year, the Company may contribute to the Plan a discretionary matching contribution. All participants who made employee contributions during the Plan year are eligible for this matching contribution. The Company will decide each Plan year the amount of the employer matching contribution. During 2018 and 2017, the Board of Directors approved an employer match of 50% of the first 6% of the participant's eligible compensation.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, employer's contributions, and the allocated earnings of the Plan's investments, including net appreciation or depreciation in the value of the investments. Contributions are invested at the direction of the participant among the investment options available under the Plan.

NOTE 1 — DESCRIPTION OF THE PLAN (Continued)

Vested Benefits

Participants are fully vested in their voluntary contributions, rollovers, and actual earnings or losses thereon. A participant is vested in the Company matching contribution account according to the following schedule:

Years of Services	Vesting Percentage
Less than 1 year	0%
One year but less than two years	33%
Two years but less than three years	67%
Three or more years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts, upon the occurrence of events as specified in the Plan, up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance.

The loans are secured by the balance of the participant's account, which is collateralized by a promissory note executed by the participant. Repayment of the loan must be made within five years based on the type of loan, unless the loan is used to buy a principal residence in which case it is to be repaid over a period consistent with commercial home loan practices. The entire unpaid principal balance of the loan plus any accrued interest is due upon a participant's termination. The loans bear interest at a rate a bank or other lender would charge for making a loan in a similar circumstance. At December 31, 2018 and 2017, interest rates on participant loans ranged from 5.5% to 5.75%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of employment, retirement, disability, or death, the participant, or his or her beneficiary, may leave their account balance in the Plan or is entitled to receive a distribution of the participant's entire vested interest in the Plan. This distribution may be made in a single lump sum or equal installments over a certain period.

After age 59 ½, a participant may withdraw all or part of their salary deferral contribution, additional salary deferral contribution and earnings credited to those accounts, vested Company matching and discretionary retirement contributions and qualified plan rollovers. Prior to age 59 ½, a withdrawal is subject to hardship rules.

Forfeited Accounts

Forfeitures are used to offset employer contributions. For the years ended December 31, 2018 and 2017, forfeitures totaled $6,455 and $2,270, respectively. The Company used $6,455 of forfeitures to offset the employer match receivable as of December 31, 2018.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in pooled and separate are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments in group annuity insurance contracts are measured at contract value, which equals the value of deposits made to the contract plus earnings at guaranteed crediting rates, less withdrawals and fees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Reclassification

Certain amounts in the prior period financial statements have been reclassified to conform to the presentation of the current period financial statements. These reclassifications had no effect on the previously reported net increase in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 7, 2019, the date the financial statements were available to be issued.

NOTE 3 — FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board *Accounting Standards Codification* ("Codification"), *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the Codification are as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in inactive markets;
- Quoted prices for identical similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds – Valued at the daily closing price as reported by the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 — FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments as of December 31, 2018 and 2017:

	Investments as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 5,089,199	$ -	$ 5,089,199
Investments at fair value	$ -	$ 5,089,199	$ -	$ 5,089,199

	Investments as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 4,758,685	$ -	$ 4,758,685
Investments at fair value	$ -	$ 4,758,685	$ -	$ 4,758,685

NOTE 4 — GROUP ANNUITY INSURANCE CONTRACT

At December 31, 2018 and 2017, the Plan held an investment in the Best of America Guaranteed Fund Account ("BOA"), a group annuity insurance product of Nationwide Mutual Insurance Company ("Nationwide"). The contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. The Plan owns a promise from Nationwide to pay interest at crediting rates that are announced in advance and guaranteed for a specified period of time as outlined in the contract. The fair value of the BOA approximates the contract value, which totaled $336,905 and $256,548 at December 31, 2018 and 2017, respectively. Interest is credited by using a single interest rate that is applied to all contributions made to the product regardless of the timing of those contributions.

There are no events that would limit the ability of the Plan to transact at contract value paid either immediately or, depending upon the rate environment and cash flow levels, over time. There are no events that allow the issuer to terminate the contract and which require the Plan Sponsor to settle at an amount different than contract value.

NOTE 5 — INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520. 103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide Financial Services, Inc. has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, the schedule of assets (held at end of year) as of December 31, 2018, and the related investment activity reflected in the statement of changes in net assets available for benefits for the years ended December 31, 2018 and 2017.

NOTE 5 — INFORMATION CERTIFIED BY THE TRUSTEE (Continued)

Nationwide Financial Services, Inc. has certified to the Plan administrator that the following information is complete and accurate at December 31:

	2018	2017
Plan investments:		
Pooled separate accounts, at fair value	$ 5,089,199	$ 4,758,685
Insurance company general accounts, at contract value	336,905	256,548
Total investments	$ 5,426,104	$ 5,015,233

The net (depreciation) appreciation in value of the investments is as followed for the year ended December 31:

	2018	2017
Net (depreciation) appreciation in value		
Investments, at fair value	$ (283,939)	$ 538,055
Investments, at contract value	7,750	4,448
Total (depreciation) appreciation in value	$ (276,189)	$ 542,503

NOTE 6 — PLAN TERMINATION

Although the Company has not expressed any intention to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth under ERISA. In the event of the Plan's termination, participants will become fully vested in their employer contributions.

NOTE 7 — TAX STATUS

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated April 2, 2012, stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "Code"). In accordance with Revenue Procedure 2002-6 and Announcement 2001-77, the Plan Sponsor has determined that it is eligible and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 — RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
