DECEMBER 31, 2018 AND 2017

1. DESCRIPTION OF PLAN

The following description of FWD Media Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description ("SPD") for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan established on January 1, 2008, covering all eligible employees of FWD Media, Inc. and affiliates (collectively the "Plan Sponsor").

John Hancock Life Insurance Company of New York ("John Hancock" or the "Custodian") serves as the custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"), as amended.

Eligibility

All full-time employees, excluding union employees and nonresident aliens, are eligible to participate in the Plan upon the attainment of age 21 and the completion of three months of eligibility service. An eligible employee becomes a participant on the entry date coincident with or following the satisfaction of the eligibility requirements, provided that he or she is still an eligible employee as of such date. The Plan entry dates are the first day of each calendar month after the eligibility requirements have been met. A participant who resumes employment after termination of service with the Company shall become a participant immediately upon rehire.

The Plan does not include an auto-enrollment provision.

Contributions

Participants may contribute up to the maximum percentage or dollar amount of compensation permissible under Section 402(g) of the IRC, not to exceed limits of IRC Sections 401(k) and 415. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions are invested in various investment options as directed by the participants.

The Plan provides for matching contributions to eligible participants of 25% of the first 8% of the employee's contributions. For the year ended December 31, 2018, matching contributions were $193,030.

The Plan Sponsor, at its sole discretion, may also make a profit-sharing contribution for employees who have completed 1,000 hours of service during the Plan year and are employed on the last day of the Plan year. For the year ended December 31, 2018 and 2017, there were no profit-sharing contributions.

Participant Accounts

Each participant's account is credited with their elective contributions, the Plan Sponsor's matching, and discretionary profit-sharing contributions, and Plan earnings on such contributions and is charged with an allocation of administrative expenses. The benefit to which a participant is entitled to is represented by the vested balance in the participant's account.

Upon enrollment in the Plan, and anytime thereafter, a participant may elect from among several investment vehicles offered by the Plan to which contributions on their behalf shall be directed.

1. DESCRIPTION OF PLAN (CONTINUED)

Administrative Expenses

The Plan is responsible for the payment of administrative expenses and advisory fees. Certain Plan expenses are paid by the Plan Sponsor. Participant's specific transaction fees are paid by the participants by reducing the account balances of those participants initiating the transactions. Investment-related expenses are included in "Net depreciation in fair value of investments" in the accompanying statement of changes in net assets available for benefits.

Vesting

Participants are immediately vested in their voluntary contributions, including any income or loss thereon. Vesting in the Plan Sponsor's matching contributions and discretionary profit-sharing contributions is based on years of service as follows:

Years of Service	Vested Percentage
0 - 1	0%
2	20%
3	40%
4	60%
5	80%
6+	100%

Participants also become 100% vested upon retirement, death or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of a) $50,000 or b) 47.5% of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with market rates for similar loans. Participant loans generally must be fully repaid within five years. Loans for a primary residence may be repaid within a reasonable time based on the discretion of the loan administrator, but no longer than 30 years. Participants can have no more than one loan outstanding at any given time. At December 31, 2018, interest rates ranged from 4.50% to 4.75% maturing on various dates through June 2020.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or a participant's beneficiary may elect to receive 100% of the participant's vested interest in his or her account balance in either a lump-sum amount or in annual installments over a period of years in accordance with the Plan document. For termination of service due to other reasons, a participant may choose to have all or any part of their vested account balance distributed to them or leave their account under the Plan if their vested account is more than $5,000.

Forfeited Accounts

The portion of a participant's account balance which is not vested upon termination of employment is forfeited at the time of distribution. Forfeitures of nonvested accounts are available to reduce future employer contributions or to pay for the Plan's administrative expenses.

At December 31, 2018, and 2017, there were forfeitures from nonvested accounts amounting to $23,105, and $16,140, respectively. For the year ended December 31, 2018, no amounts from forfeited nonvested accounts were utilized to reduce employer contributions or administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan were prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

If a participant fails to make a payment when the loan is due under the terms of the loan, that participant will be in default. In the event of default, the loan shall become due and payable immediately and interest will continue to accrue until the entire loan balance is repaid. The Plan will take all reasonable actions to collect the balance owed on the loan. Under certain circumstances, the loan in default could be considered a distribution from the Plan and could be considered income to the participant. In any event, failure to repay a loan will reduce the benefit a participant would otherwise be entitled to from the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Under this standard, fair value is defined as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (Continued)

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Benefits Paid to Participants

Benefits are recorded when paid to Plan participants.

Subsequent Events

In accordance with FASB ASC 855, *Subsequent Events*, the Plan has evaluated subsequent events through October 1, 2019, the date on which these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The following is a summary of the investment information regarding the Plan as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included in the Plan's financial statements and supplemental schedule, that was prepared by, or derived from, information prepared by the Custodian, and furnished to the Plan administrator. The Plan administrator has obtained a certification from the Custodian that such information is complete and accurate.

	2018 (Audited)	2017 (Compiled)
Investments:		
Pooled separate accounts	$ 6,890,337	$ 6,734,668
Cash	23,105	16,140
Notes receivable from participants	3,623	15,522
Total certified assets	$ 6,917,065	$ 6,766,330

Net depreciation in fair value of investments	$ (522,275)
Other income	$ 1,266
Interest on notes receivable from participants	$ 428

5. FAIR VALUE MEASUREMENTS

The following tables summarize the Plan's investments measured at fair value on a recurring basis, categorized by U.S. GAAP's valuation hierarchy as of December 31, 2018 and 2017:

Description	Fair Value at December 31, 2018 (Audited)	Level 1	Level 2	Level 3
Investments in fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at NAV [1]	6,890,337			
Investments at fair value	$ 6,890,337			

Description	Fair Value at December 31, 2017 (Compiled)	Level 1	Level 2	Level 3
Investments in fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at NAV [1]	6,734,668			
Investments at fair value	$ 6,734,668			

[1] Includes pooled separate accounts which are measured at net asset value ("NAV") as a practical expedient and are not classified in the fair value hierarchy. The fair value amounts presented in this table are shown for the purpose of reconciling to the statement of net assets available for benefits. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

5. FAIR VALUE MEASUREMENTS (CONTINUED)

There has been no change in the methodology used at December 31, 2018 and 2017. The following is a description of the valuation methodology used for assets measured at fair value.

Pooled separate accounts are valued at the NAV per unit as reported by the sponsor of the collective trust funds and are derived from the exchange where the underlying securities are generally traded and redeemable daily. The units of the pooled separate accounts are determined at the close of each business day and are adjusted for dividends or distributions received by the Custodian and the daily equivalent of any fees charged.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. NET ASSET VALUE PER SHARE

The following tables set forth a summary of the Plan's investments with a reported NAV per share at December 31, 2018 and 2017:

7. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Additionally, certain administrative expenses are paid directly by the Plan Sponsor.

Plan investments are invested in pooled separate accounts managed by the Custodian. Accordingly, these transactions qualify as party-in-interest transactions.

8. PLAN TERMINATION

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer discretionary contributions and would be entitled to the entire amount of their account balance.

9. TAX STATUS

The Plan uses a prototype non-standardized 401(k) profit-sharing plan document sponsored by its third party administrator, which received an opinion letter from the Internal Revenue Service ("IRS"), dated April 10, 2014, and states that the non-standardized 401(k) profit-sharing plan document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

FWD MEDIA INC 401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

1. DESCRIPTION OF PLAN

The following description of FWD Media Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description ("SPD") for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan established on January 1, 2008, covering all eligible employees of FWD Media, Inc. and affiliates (collectively the "Plan Sponsor").

John Hancock Life Insurance Company of New York ("John Hancock" or the "Custodian") serves as the custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"), as amended.

Eligibility

All full-time employees, excluding union employees and nonresident aliens, are eligible to participate in the Plan upon the attainment of age 21 and the completion of three months of eligibility service. An eligible employee becomes a participant on the entry date coincident with or following the satisfaction of the eligibility requirements, provided that he or she is still an eligible employee as of such date. The Plan entry dates are the first day of each calendar month after the eligibility requirements have been met. A participant who resumes employment after termination of service with the Company shall become a participant immediately upon rehire.

The Plan does not include an auto-enrollment provision.

Contributions

Participants may contribute up to the maximum percentage or dollar amount of compensation permissible under Section 402(g) of the IRC, not to exceed limits of IRC Sections 401(k) and 415. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions are invested in various investment options as directed by the participants.

The Plan provides for matching contributions to eligible participants of 25% of the first 8% of the employee's contributions. For the year ended December 31, 2018, matching contributions were $193,030.

The Plan Sponsor, at its sole discretion, may also make a profit-sharing contribution for employees who have completed 1,000 hours of service during the Plan year and are employed on the last day of the Plan year. For the year ended December 31, 2018 and 2017, there were no profit-sharing contributions.

Participant Accounts

Each participant's account is credited with their elective contributions, the Plan Sponsor's matching, and discretionary profit-sharing contributions, and Plan earnings on such contributions and is charged with an allocation of administrative expenses. The benefit to which a participant is entitled to is represented by the vested balance in the participant's account.

Upon enrollment in the Plan, and anytime thereafter, a participant may elect from among several investment vehicles offered by the Plan to which contributions on their behalf shall be directed.

1. DESCRIPTION OF PLAN (CONTINUED)

Administrative Expenses

The Plan is responsible for the payment of administrative expenses and advisory fees. Certain Plan expenses are paid by the Plan Sponsor. Participant's specific transaction fees are paid by the participants by reducing the account balances of those participants initiating the transactions. Investment-related expenses are included in "Net depreciation in fair value of investments" in the accompanying statement of changes in net assets available for benefits.

Vesting

Participants are immediately vested in their voluntary contributions, including any income or loss thereon. Vesting in the Plan Sponsor's matching contributions and discretionary profit-sharing contributions is based on years of service as follows:

Years of Service	Vested Percentage
0 - 1	0%
2	20%
3	40%
4	60%
5	80%
6+	100%

Participants also become 100% vested upon retirement, death or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of a) $50,000 or b) 47.5% of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with market rates for similar loans. Participant loans generally must be fully repaid within five years. Loans for a primary residence may be repaid within a reasonable time based on the discretion of the loan administrator, but no longer than 30 years. Participants can have no more than one loan outstanding at any given time. At December 31, 2018, interest rates ranged from 4.50% to 4.75% maturing on various dates through June 2020.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or a participant's beneficiary may elect to receive 100% of the participant's vested interest in his or her account balance in either a lump-sum amount or in annual installments over a period of years in accordance with the Plan document. For termination of service due to other reasons, a participant may choose to have all or any part of their vested account balance distributed to them or leave their account under the Plan if their vested account is more than $5,000.

Forfeited Accounts

The portion of a participant's account balance which is not vested upon termination of employment is forfeited at the time of distribution. Forfeitures of nonvested accounts are available to reduce future employer contributions or to pay for the Plan's administrative expenses.

At December 31, 2018, and 2017, there were forfeitures from nonvested accounts amounting to $23,105, and $16,140, respectively. For the year ended December 31, 2018, no amounts from forfeited nonvested accounts were utilized to reduce employer contributions or administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan were prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

If a participant fails to make a payment when the loan is due under the terms of the loan, that participant will be in default. In the event of default, the loan shall become due and payable immediately and interest will continue to accrue until the entire loan balance is repaid. The Plan will take all reasonable actions to collect the balance owed on the loan. Under certain circumstances, the loan in default could be considered a distribution from the Plan and could be considered income to the participant. In any event, failure to repay a loan will reduce the benefit a participant would otherwise be entitled to from the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Under this standard, fair value is defined as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (Continued)

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Benefits Paid to Participants

Benefits are recorded when paid to Plan participants.

Subsequent Events

In accordance with FASB ASC 855, *Subsequent Events*, the Plan has evaluated subsequent events through October 1, 2019, the date on which these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The following is a summary of the investment information regarding the Plan as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included in the Plan's financial statements and supplemental schedule, that was prepared by, or derived from, information prepared by the Custodian, and furnished to the Plan administrator. The Plan administrator has obtained a certification from the Custodian that such information is complete and accurate.

	2018 (Audited)	2017 (Compiled)
Investments:		
Pooled separate accounts	$ 6,890,337	$ 6,734,668
Cash	23,105	16,140
Notes receivable from participants	3,623	15,522
Total certified assets	$ 6,917,065	$ 6,766,330

Net depreciation in fair value of investments	$ (522,275)
Other income	$ 1,266
Interest on notes receivable from participants	$ 428

5. FAIR VALUE MEASUREMENTS

The following tables summarize the Plan's investments measured at fair value on a recurring basis, categorized by U.S. GAAP's valuation hierarchy as of December 31, 2018 and 2017:

Description	Fair Value at December 31, 2018 (Audited)	Level 1	Level 2	Level 3
Investments in fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at NAV [1]	6,890,337			
Investments at fair value	$ 6,890,337			

Description	Fair Value at December 31, 2017 (Compiled)	Level 1	Level 2	Level 3
Investments in fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at NAV [1]	6,734,668			
Investments at fair value	$ 6,734,668			

[1] Includes pooled separate accounts which are measured at net asset value ("NAV") as a practical expedient and are not classified in the fair value hierarchy. The fair value amounts presented in this table are shown for the purpose of reconciling to the statement of net assets available for benefits. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

5. FAIR VALUE MEASUREMENTS (CONTINUED)

There has been no change in the methodology used at December 31, 2018 and 2017. The following is a description of the valuation methodology used for assets measured at fair value.

Pooled separate accounts are valued at the NAV per unit as reported by the sponsor of the collective trust funds and are derived from the exchange where the underlying securities are generally traded and redeemable daily. The units of the pooled separate accounts are determined at the close of each business day and are adjusted for dividends or distributions received by the Custodian and the daily equivalent of any fees charged.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. NET ASSET VALUE PER SHARE

The following tables set forth a summary of the Plan's investments with a reported NAV per share at December 31, 2018 and 2017:

7. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Additionally, certain administrative expenses are paid directly by the Plan Sponsor.

Plan investments are invested in pooled separate accounts managed by the Custodian. Accordingly, these transactions qualify as party-in-interest transactions.

8. PLAN TERMINATION

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer discretionary contributions and would be entitled to the entire amount of their account balance.

9. TAX STATUS

The Plan uses a prototype non-standardized 401(k) profit-sharing plan document sponsored by its third party administrator, which received an opinion letter from the Internal Revenue Service ("IRS"), dated April 10, 2014, and states that the non-standardized 401(k) profit-sharing plan document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.
