NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

1. DESCRIPTION OF PLAN

The following description of the Foran Glennon Palandech Ponzi & Rudloff P.C. Profit Sharing Plan and Trust (the "Plan") is provided for general information purposes only. Users of these financial statements should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established by Foran Glennon Palandech Ponzi & Rudloff P.C. (the "Corporation") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All employees, as defined in the plan document, which have reached the age of 21, are eligible to participant in the Plan. Upon entering in the Plan, a participant may direct employer and employee contributions to any combination of various investment options.

Plan Administration - The Plan is administered by the Plan's Administrative Committee. The recordkeeping, maintenance and custody of the Plan's assets is administered by Empower Retirement, a subsidiary of Great-West Life & Annuity Insurance Corporation ("Great-West").

Contributions – Participants may contribute 100% of their compensation, as defined in the plan document, up to the maximum annual dollar limit allowable by the Internal Revenue Service (IRS), which was $18,500 and $18,000 for the years ended December 31, 2018 and 2017, respectively. Participants may direct the investment of their contributions and the Corporation's contributions into one more investment options offered by the Plan, including various mutual funds, fixed income fund, or other funds available through a self-directed brokerage account. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Plan participants who are eligible to make salary deferrals and have attained age 50 by December 31 of a calendar year may make "catch-up" contributions in addition to regular salary deferrals for that year. Catch-up contributions are limited by the IRS to $6,000 for each of the years ended December 31, 2018 and 2017.

The Corporation may make discretionary matching contributions equal to a percentage of eligible employees' elective contributions. Employees must have a year of service, as defined by the plan document, and be employed on the last day of the plan year to be eligible for employer contributions. The Corporation did not make any discretionary matching contributions during the years ended December 31, 2018 and 2017.

The Corporation contributes to the Plan, on behalf of each eligible participant as defined in the plan document, a "safe harbor" non-elective contribution of 3% of each participant's eligible compensation (as defined by the Plan), subject to the IRS maximum amount. For the year ended December 31, 2018, safe harbor contributions were $117,292.

The Corporation may make additional discretionary profit sharing contributions (where no match is required) to the Plan, allocated to eligible participants based on their designated categories, as detailed within the plan document. For the year ended December 31, 2018, discretionary profit sharing contributions were $633,920.

Participant Accounts - Each participant's account is credited with the participant's elective contributions, rollover contributions, an allocation of the Corporation's contributions, and Plan earnings or losses (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balance, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts - As of December 31, 2018 and 2017, forfeited nonvested accounts totaled $32,209 and $10,422, respectively. These accounts can be used to reduce future Corporation contributions. During the year ended December 31, 2018, $10,422 was used from forfeited nonvested accounts to reduce employer contributions.

Notes Receivable from Participants - Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance from their fund accounts, whichever is less. The loans are secured by the balance in the participant’s account. Any loans made must bear a reasonable rate of interest, considering all relevant factors, including current bank interest rates, as determined by the Administrative Committee or Plan Administrator. As of December 31, 2018 and 2017, the interest rate charged was the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions.

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan.

Administrative Expenses – Certain administrative operating expenses of the Plan are paid by the Corporation, as provided in the plan agreement.

Vesting - Participants are immediately vested in their salary reduction, rollover contributions, employer “safe harbor” contributions, plus earnings thereon. Corporation matching contributions, profit sharing contributions, and earnings thereon, vest in accordance with provisions of the plan document as follows:

Vesting Years of Service	Percentage Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants who leave the Plan because of death, normal retirement, or total and permanent disability, as defined in the Plan, are considered 100% vested.

Payment of Benefits - Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan document.

The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment, periodic installments, or rollover to an individual retirement account or another qualified retirement plan. Once a participant reached the age 59½, in-service distributions are allowed. Participants experiencing financial hardship may withdraw a portion of their account balance as defined in the plan document.

Benefits are recorded when paid. No amounts were allocated to accounts of persons who have elected to withdraw from the Plan but were not yet paid as of December 31, 2018 and 2017.

Plan Termination – Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates - The preparation of the financial statements in conformity with U.S. GAAP requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition - The Plan's investments are generally stated at their fair values with the exception of the Key Guaranteed Portfolio Fund (a group annuity contract), which is stated at contract value in the statements of net assets available for benefits at December 31, 2018 and 2017. The mutual funds and self-directed brokerage accounts are stated at fair value based upon quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties - The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

3. PARTIES-IN-INTEREST

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and transactions with investment funds managed and held by the trustee are considered party-in-interest transactions. Certain fees paid by the Plan to Great-West for investment management services are included in net appreciation in fair value of investment, rather than a direct payment.

4. FAIR VALUE MEASUREMENTS

Accounting Standards Codification Topic 820 ("ASC 820") defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities they are required to be recorded at their fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance. ASC 820 also establishes a fair value hierarchy which requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

A financial instrument's categorization within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The standard establishes three levels of inputs that may be used to measure fair value:

- Level 1 - quoted prices in active markets for identical assets or liabilities;
- Level 2 - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

The Plan's valuation methodology used to measure the fair values of mutual funds were derived from quoted market prices as all of these instruments have active markets.

The plan sponsor is responsible for the determination of fair value. Accordingly, they perform periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 12,261,238	$ -	$ -	$ 12,261,238
Self-directed brokerage accounts	2,712,801	-	-	2,712,801
Investments, at fair value	$ 14,974,039	$ -	$ -	$ 14,974,039

	December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 13,985,503	$ -	$ -	$ 13,985,503
Self-directed brokerage accounts	2,735,671	-	-	2,735,671
Investments, at fair value	$ 16,721,174	$ -	$ -	$ 16,721,174

5. GROUP ANNUITY CONTRACT

The Plan has a fully benefit responsive group annuity contract with Great West, called the Key Guaranteed Portfolio Fund. The insurance company maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses.

Since the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contracts by the Plan, (2) layoffs, (3) Plan termination, (4) bankruptcy, (5) and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value.

The insurance company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the insurance company. Such interest rates are reviewed on a quarterly basis for resetting. The contract does not have a majority date. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The average yield earned by the Plan for the group annuity contract is derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2018 and 2017 was 1.10% and 1.10%, respectively. The actual average yield earned by the Plan for the group annuity contract is derived by averaging the Plan's quarterly interest rates. The average for 2018 and 2017 was 1.10% and 1.10%, respectively

6. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investment and participant loans, as shown in the statement of net assets available for benefits as of December 31, 2018 and 2017.
- Investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2018.
- Schedule H, line 4i – Schedule of Assets (Held at End of Year) – December 31, 2018.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

7. TAX STATUS

The IRS ruled on March 31, 2014 that the Prototype Non-Standardized Profit Sharing Plan with CODA (the Volume Submitter of Great-West, upon which the Plan is based) qualified under Section 401(a) of the Internal Revenue Code (IRC) and the related trust was, therefore, not subject to tax under present income tax law. The Plan is required to operating in conformity with the IRC to maintain its qualification. The Plan Administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan’s qualified status.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS or DOL. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015.

8. SUBSEQUENT EVENTS

The Corporation has evaluated subsequent events occurring through September 25, 2019, the date that the financial statements were available to be issued, for events requiring recording or disclosure in the Plan's financial statements.
