NOTE 1 - PLAN DESCRIPTION

The following description of the CKM Industries 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provision.

General

The Plan is a defined contribution plan covering all eligible employees of CKM Industries, Inc. (the Company) who have completed six months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees oversee governance of the Plan by determining the appropriateness of the Plan's investment offerings and monitoring performance.

Contributions

The Company contributes, on behalf of each participant, an amount elected by the participant in his or her salary modification agreement. Participants can elect to contribute a percentage of their compensation to the Plan, subject to limitations contained in Internal Revenue Code Section 415, which generally apply to highly compensated employees. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, common/collective trusts, and a general account fund.

The Company contributes, on behalf of each participant, annual discretionary employer contributions. The Company will match 25% of the first 5% of the participant's elective salary deferral to contribute to the Plan. The Company's match will not exceed 6% of the participant's eligible compensation. The Company's total employer contributions for the years ending December 31, 2018 and 2017 were $35,149 and $45,452, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - PLAN DESCRIPTION (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Notes receivable are secured by the balance in the participant's account and bear interest rates of 4.25% to 6.25%, which is proportionate with local prevailing rates as determined by the Plan administrator upon issuance of the loan. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Benefits, normally paid in a lump sum, are distributed upon termination, retirement and hardship. No annuities are allowed in the Plan. In-service distributions are not permitted. Normal retirement age under the Plan is fifty-five and five years of participation.

Forfeited Accounts

Forfeited non-vested accounts totaled $46,108 and $34,054 at December 31, 2018 and 2017, respectively. If any funds were held in these accounts, the funds will be used to reduce the employer's contributions and pay expenses associated with the Plan. Any forfeitures attributable to matching contributions will be used to reduce any employer matching contributions.

Vesting

Participants are immediately vested in their contributions plus actual earnings. Years with less than 1,000 hours will not be counted as a year of service. Vesting in the Company's contributions is based on the number of years of service according to the following schedule:

Years of Services	Vesting Percentage
0 - 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through October 2, 2019, which is the date the financial statements were available to be issued.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenses
All operating expenses of the Plan are paid by the Company and are therefore excluded from these financial statements.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting
The Plan's financial statements are prepared using the accrual basis of accounting. Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to investments held with insurance contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value for the investment contract.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account are included in administrative expenses when incurred. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent note receivable is recorded as a benefit payment based on the terms of the Plan document. No allowance for credit losses was recorded at December 31, 2018 or December 31, 2017.

Payment of Benefits
Benefits are recorded when payable or when paid.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as accounts payable, with a correspondence reduction to contributions. The Plan distributed the excess contributions prior to March 15 of the following year. There were $11,307 and $49,079 in excess contributions for the years ended December 31, 2018 and 2017, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan entered into an investment contract with Voya Retirement Insurance and Annuity Company who maintains the contributions in registered investment companies (mutual funds), common collective trusts, and a fixed account. Investments held in mutual fund accounts and common collective trusts are maintained at fair value and the guaranteed-investment contract fixed account (non-benefit responsive investments) is maintained at contract value. The investments are not considered fully benefit responsive and are included in the statement of net assets available for benefits at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for the discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 3 - FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consists of observable inputs other than quoted prices for identical assets (Level 1), and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used only when Level 1 was not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were unavailable. There are no plan assets requiring the use of Level 3 input for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds are based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-ended mutual funds registered with the U.S. Securities & Exchange Commission. The funds must publish their daily net assets value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. Common/collective trust funds are valued at the net asset value of annuities held by the Plan at year end.

Level 2 Fair Value Measurements

The fair value of the general account investments is based on an actuarial formula as defined under the terms of the contract with no observable inputs.

Level 2 Fair Value Measurements

The fair value of the general account investments is based on an actuarial formula as defined under the terms of the contract with no observable inputs.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The fixed income account is part of Voya's general account and is subject to the claims of Voya's general creditors. Voya credits interest on contributions made to the fixed income account at a rate Voya declares for a period of time that it determines. Voya guarantees a minimum rate of interest of 1%. Guarantees are subject to Voya's claims paying ability.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

	Fair Value Measurements at the End of Reporting Period Used:			
	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2018				
Mutual funds	$ 2,396,173	$ 2,396,173	$ --	$ --
Fixed account	1,204,762	--	1,204,762	--
Common/Collective Trust	119,708	119,708	--	--
Total	$ 3,756,573	$ 2,515,881	$ 1,240,692	$ --
December 31, 2017				
Mutual funds	$ 2,642,384	$ 2,642,384	$ --	$ --
Fixed account	1,132,050	--	1,132,050	--
Total	$ 3,774,434	$ 2,642,384	$ 1,132,050	$ --

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2018 and 2017, are reported in net appreciation in fair values of investments. The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2018 and 2017, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE 4 - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

	2018	2017
Mutual funds	$ 2,396,173	$ 2,642,384
Fixed account	1,240,692	1,101,194
Common/Collective trust	119,708	--
Investment (loss) income	(236,108)	403,127

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination or complete discontinuance of contributions, participants would become 100 percent vested in their employer contributions.

NOTE 6 - TERMINATED EMPLOYEES

The Plan has a "cash out" provision whereby the Plan can distribute the vested account balance for terminated participants with account balances of $5,000 or less. The Plan did not record benefits payable for terminated participants at December 31, 2018 or December 31, 2017.

NOTE 7 - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated September 1, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan sponsor believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any periods in process. The Plan administrator believes it is no longer subject to income examinations for years prior to 2015.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - FIXED ACCOUNT SURRENDER AND TRANSFER LIMIT

Each calendar year, the Company limits the sum of partial surrenders plus transfers, from the fixed account, to 20% of that portion of the current value of the unallocated account held in the fixed account as of January 1 of the calendar year. These limits will be referred to as the fixed account surrender and transfer limit. Partial surrender or transfer requests for amounts invested in the fixed account that exceed the fixed account surrender and transfer limit in effect at the time the request is received by Voya will not be honored.

The fixed account surrender and transfer limit will apply to plan accounts if the participants are unduly influenced to transfer amounts from the fixed account prior to a full or partial surrender of the contract.

NOTE 10 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a group annuity contract with Voya Retirement Insurance and Annuity Company (Voya). Voya maintains the contributions in a general (fixed) account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the group annuity contract can be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2018 and 2017 was $1,240,692 and $1,101,194, respectively. Interest rates are established on the first day of each calendar month and apply to any regular ongoing contributions made to the general account in that month.

NOTE 10 - INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

Certain events limit the Plan's ability to transact at contract value with Voya. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or (d) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 11 - RECONCILIATION OF FORM 5500 TO FINANCIAL STATEMENTS

The following is a reconciliation of net assets available for benefits and net increase in net assets available for benefits per the audited financial statements to the Form 5500 for 2018 and 2017:
