Contributions

Each year, participants may elect to contribute up to 75% of their annual compensation as defined by the Plan document. Participant contributions can be made on a pre-tax, Roth, or on an after-tax basis, subject to annual limitations under the Internal Revenue Code (the "Code"). Participants may also contribute amounts representing distributions from other qualified plans. Any newly hired employee that is eligible for the Plan, will have 2% of their eligible compensation contributed on a pre-tax basis of the Plan as soon as feasible following 30 days from the date of hire unless the participant makes a contrary election.

The Company makes a matching contribution equal to 50% of employees' contributions up to 8% of eligible compensation for all eligible employees. In addition, the Company may make a discretionary profit sharing contribution that ranges from 0%-5% depending on the eligible employees respective business unit's EBITDA performance. For the years ended December 31, 2018 and December 31, 2017, the Company awarded \$0 and \$271,371, respectively, in profit sharing.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts is based on years of continuous service. Participants vest 33% after one year, 66% after two years, and 100% after three years of credited service, as defined by the Plan document. In the event of the Company's complete discontinuance of contributions to the Plan or upon any full or partial termination of the Plan, all amounts credited to a participant's account shall become 100% vested.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and allocations of Plan earnings or losses. Allocations of Plan earnings are made to each participant's account based upon participant account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their accounts into the various investment options offered by the Plan.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of a) \$50,000 less the highest outstanding total note receivable balance during the previous twelve-month period or b) 50% of the participant's vested account balance. The participant may have a maximum of three loans outstanding at any point in time. The notes receivable are secured by the balance in the participant's account and bear interest at the fixed rate of prime plus 1% at the time the note is made. At December 31, 2018 and 2017, interest rates on outstanding notes receivable range from 4.00% to 8.25%. Note terms shall not exceed 5

years except where the note is for the purchase of the participant's principal residence, in which case the note term shall not exceed 10 years. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

A participant may elect to receive the value of the vested interest in his or her account upon termination of employment, death, disability or retirement. A participant whose vested benefit does not exceed \$1,000 will receive their benefit as a single lump-sum distribution. Participants who terminate with vested benefits greater than \$1,000 and less than \$5,000 will automatically receive the value of the vested balance in their account as a rollover into an Individual Retirement Account. A participant whose vested benefit is greater than \$5,000 is eligible to have their balance remain in the plan, and, at their discretion, determine the distribution of their account balance.

Forfeitures

Forfeitures of participant's non-vested account balances may be used to reinstate previously forfeited account balances of former participants or be used to pay any administrative expenses of the Plan. The remaining forfeitures, if any, may be used to reduce the contributions of the Company. For the years ended December 31, 2018 and December 31, 2017 there was no use of forfeitures required for reinstating or administrative expenses. For the years ended December 31, 2018 and December 31, 2017 the Company used \$30,429 and \$40,776 of forfeited non-vested accounts to reduce Company contributions.

Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to certain collective bargaining agreements and the provisions of ERISA. In the event of termination of the Plan, the account balances of all affected participants shall become fully vested and non-forfeitable.

Administrative Expenses

The Plan provides that the administrative costs and expenses of the Plan, including trustee and management fees, are paid through participants' accounts, the forfeitures account, and by the Company. Fees for participant loans are paid by the participants receiving the loans.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Except for the Plan's investment in a Guaranteed Investment Contract ("GIC"), the Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for a discussion of fair value measurements.

December 31, 2018 and 2017

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized in the period earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid. Accordingly, benefits payable to participants who have elected to withdraw from the Plan, but have not yet been paid, have not been accrued.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE C - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three Levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies

or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily quoted Net Asset Value ("NAV") of shares held by the Plan at year end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

Asset	Measurements at Reporting Date Using			Total
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Investments measured at fair value				
Mutual funds	<u>\$65,508,544</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$65,508,544</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

Asset	Measurements at Reporting Date Using			Total
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

NOTE D - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company, (collectively, the "Trustee" or "Great-West"), held the Plan's assets and executed investment transactions as of December 31, 2018 and 2017 and for the year ended December 31, 2018.

The financial information related to investments, notes receivable from participants, interest and dividend income, interest income on notes receivable from participants and net appreciation in fair value of mutual funds included in the Plan's financial statements and the supplemental schedule have been derived from information certified as complete and accurate by the Trustee.

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2008, the Plan entered into a benefit-responsive investment contract, the Key Guaranteed Portfolio Fund ("Fund"), a general account product of Great-West. Great-West maintains the contributions to this Fund in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Because the fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Fund.

Contract value represents contributions made under the contract, plus earnings and transfers in, less participant withdrawals, administrative expenses and transfers out. Great-West is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are provisions in the investment contract that prevent the immediate and full payout of the contract value for certain plan-initiated transactions. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) plan termination, (5) bankruptcy, (6) mergers, and (7) early retirement incentives. The Plan does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

There are no reserves against the Fund's value for credit risk of the contract issuer or otherwise. The crediting interest rate was 1.70% and 1.25% in 2018 and 2017, respectively. The rate may never be less than 0%. The interest rate to be credited to the Fund holder will be determined by Great-West prior to the last day of the previous calendar quarter.

NOTE F - TAX STATUS

On March 31, 2008, the Internal Revenue Service ("IRS") stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("Code"). The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt. The Plan has received a determination letter specific to the Plan itself dated March 1, 2017. There have been no plan amendments subsequent to the date of the determination letter.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS.

NOTE G - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain legal and accounting fees and certain administrative expenses are paid by the Company or from the plan expense account. Additionally, the Key Guaranteed Portfolio Fund and the Great-West Lifetime Funds are managed by Great-West. Great-West is the Trustee of the Plan assets and, therefore, these investments represent exempt party-in-interest transactions.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities,

Emerald Performance Materials, LLC Retirement Savings Plan

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

December 31, 2018 and 2017

it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE I - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31:

	<u>2018</u>	<u>2017</u>
Net assets available for benefits per the financial statements	\$84,407,791	\$94,058,002
Less: Company contribution receivable 2017	<u>-</u>	<u>271,371</u>
Net assets available for benefits per the Form 5500	<u>\$84,407,791</u>	<u>\$93,786,631</u>

The following is a reconciliation of change in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2018:

Net decrease per the financial statements	\$ 9,650,211
Plus: Company contributions receivable, 2017 paid in 2018	<u>271,371</u>
Net decrease per the Form 5500	<u>\$ 9,378,840</u>

Contributions receivable are not reported on the Form 5500 as the Form 5500 is prepared on the cash basis of accounting.

NOTE J - SUBSEQUENT EVENTS

Subsequent events are defined as events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are issued or are available to be issued. The Plan has evaluated subsequent events through October 9, 2019, the date on which the financial statements were available to be issued.
