Pratt & Whitney Puerto Rico, Inc. Retirement Plan

(Formerly known as Infotech Aerospace Services, Inc. Retirement Plan)

Notes to Financial Statements

December 31, 2018 and 2017

(1) Description of the Plan:

The following description of the Pratt & Whitney Puerto Rico, Inc. Retirement Plan (the "Plan") provides only general information. Effective February 8, 2018, the Plan Document was amended to change the name of the Plan from Infotech Aerospace Services, Inc. Retirement Plan to Pratt & Whitney Puerto Rico, Inc. Retirement Plan. Participants should refer to the Plan Agreement for a complete description of the Plan's provisions.

(a) General –

The Plan is a defined contribution profit sharing plan with cash or deferred arrangement, which became effective on January 1, 2006. The Plan was created for the purpose of providing retirement benefits to the employees of Pratt & Whitney Puerto Rico, Inc. ("Sponsor") and to encourage and assist them in adopting a regular savings program by means of payroll deduction through a plan that qualifies under the applicable laws of the Commonwealth of Puerto Rico. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan adopted the Trustee and Recordkeeping Services under the UBS Financial Services Incorporated of Puerto Rico ("Trustee") Master Retirement Plan.

Effective October 1, 2013, the Plan was amended to, among other changes, comply with those requirements established by the Internal Revenue Code for a New Puerto Rico ("IRC-NPR"). Some of the amendments included:

- to provide for automatic enrollment of all eligible employees in the Plan
- to provide for forfeitures to be used to reduce the Plan's administrative expenses and then to reduce any employer profit sharing contribution and/or matching contribution as of the end of the Plan year.

On April 5, 2018, the Plan was amended to include as an acceptable reason for a hardship withdrawal, a financial hardship by reason of Hurricane Maria as provided in Administrative Determination No.17-29, dated November 15, 2017 and issued by the Puerto Rico Treasury Department.

As of December 31, 2018 and 2017, there were 673 and 667 active participants in the Plan, respectively.

(b) Eligibility –

The Plan covers all employees of Pratt & Whitney Puerto Rico, Inc. (formerly Infotech Aerospace Services, Inc.) who have three (3) months of service and are age twenty-one (21) or older.

(c) Contributions –

Participants may contribute up to \$15,000 of pre-tax compensation, as established by Act No. 1 of January 31, 2011 of the Internal Revenue Code for a New Puerto Rico. Participants who have attained age fifty (50) before the end of the plan year are eligible to make catch-up contributions of \$1,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers contributions).

Pratt & Whitney Puerto Rico, Inc. Retirement Plan (Formerly known as Infotech Aerospace Services, Inc. Retirement Plan)

Notes to Financial Statements December 31, 2018 and 2017

Participants direct all or a portion of the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Sponsor may make matching contributions equal to a discretionary percentage, to be determined by employer. The Sponsor matches participant's contribution at 40 cents for each dollar up to a maximum of 6% of the participant's eligible compensation. The Sponsor matching contributions shall be invested in accordance with the participants' investment selections on file at the time of the matching contribution.

(d) Participant accounts –

An account is maintained for each participant, credited with the participant's contribution, the employer's matching contribution and allocation of investment income based on participant's compensation and account balances. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, on specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Vesting –

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Sponsor's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five (5) years of credited service, as defined.

(f) Participant loans –

Loans to participants from the Plan are not permitted.

(g) Excess contributions payable –

Amounts payable to participants for contributions in excess of amounts allowed by the Puerto Rico Treasury Department are recorded as a liability with corresponding reduction to contributions. See related Note (5).

(h) Payment of benefits –

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or periodic installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

(i) Forfeited accounts –

Forfeited non-vested accounts are allocated to all participants in proportion to each of their employer's matching contribution at the end of the plan year. As of December 31, 2018 and 2017, forfeited non-vested accounts, which are included in the Plan's assets, totaled to \$11,670 and \$2,507, respectively. There were no forfeitures used during the year ended December 31, 2018.

Pratt & Whitney Puerto Rico, Inc. Retirement Plan (Formerly known as Infotech Aerospace Services, Inc. Retirement Plan)

Notes to Financial Statements December 31, 2018 and 2017

(2) Summary of accounting policies:

(a) Basis of accounting –

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

(b) Basis of presentation –

The Plan's fiscal year ends on December 31st of each year. All references to years in these notes to the financial statements represent calendar years, unless otherwise noted. The Plan has evaluated subsequent events through October 7, 2019, the date the financial statements were available to be issued.

(c) Use of estimates –

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(d) Investment valuation and income recognition –

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note (4) for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in the fair value of investments includes the plan's gains and losses on investments bought and sold, as well as, held during the year.

(e) Benefit payments recognition –

Benefits paid directly to participants are recorded when paid. As of December 31, 2018 and 2017, benefits due to withdrawn participants that had not been paid aggregated to \$33,361 and \$1,525, respectively.

(f) Administrative expenses –

Administrative expenses are paid by the Plan, if they are not paid by the employer directly. If expenses are initially paid by the employer, the employer may be reimbursed from the Plan. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net asset available for benefits. In addition, certain investment related expenses are included as a reduction of investment income presented in the accompanying statement of changes in net assets available for benefits.

(g) Risks and uncertainties –

The Plan invests in various investments securities. Investments securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes should materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Pratt & Whitney Puerto Rico, Inc. Retirement Plan (Formerly known as Infotech Aerospace Services, Inc. Retirement Plan)

Notes to Financial Statements December 31, 2018 and 2017

(3) Information certified by the custodian:

Certain information related to investments disclosed in the accompanying financial statements and the Schedule of Assets (Held at End of Year), including investments held at December 31, 2018 and 2017, and net depreciation in fair value of investments and dividends for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Hand Benefits & Trust Company, the custodian of the Plan.

(4) Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2- Inputs to the valuation methodology include:
 - (a) Quoted prices for similar assets or liabilities in active markets;
 - (b) Quoted prices for identical or similar assets or liabilities in inactive markets;
 - (c) Inputs other than quoted prices that are observable for the asset or liability; and
 - (d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(5) Excess participant contributions:

The Plan failed to pass the Average Deferral Percentage (ADP) test for the Plan year ended December 31, 2017. Excess contributions amounting to \$2,884 were recorded as a liability in the accompanying statements of net assets available for benefits as of December 31, 2017. The Plan reimbursed the excess contributions to highly compensated participants during plan year 2018.

(6) Administrative fee:

The Trustee receives an administrative fee, for the services performed under the Plan Agreement, which is paid by the Plan Sponsor without reimbursement by the Plan. Administrative fees paid by the Plan's Sponsor for the year ended December 31, 2018 amounted to \$76,415.

During the year ended December 31, 2018, the Plan paid fees amounting to \$27,425, related to the purchase and sale of investments and distributions. These fees were deducted directly from each participant's account.

(7) Party-in-interest transactions:

In accordance with the Department of Labor's Regulation 2510.3-102, an employer is required to segregate participants' contributions from its general assets as soon as practical when amounts are contributed by participants or withheld from their wages for a pension benefit plan such as the Plan. During the years ended December 31, 2018 and 2017, there were unintentional delays in the remittance of participants' contributions withheld amounting to \$367,823 and \$257,521, respectively. The Plan Sponsor will absorb the costs incurred by the Plan as a result of the untimely remittances of the participants' contributions.

(8) Plan termination:

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.
