NOTE 1 — DESCRIPTION OF PLAN

The following brief description of the Protective Industrial Products, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, sponsored by Protective Industrial Products, Inc., is a defined contribution plan covering substantially all employees of Protective Industrial Products, Inc., its Subsidiaries, and Intermarket Apparel, LLC (collectively referred to as "the Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The purpose of the Plan is to enable eligible employees to save for retirement.

The Plan was adopted on January 1, 1974 and has been amended periodically. In 2016, the Plan was amended to consider years of service with the Company and acquired subsidiaries to satisfy the service requirements of employee eligibility under the Plan and to allow the entry dates for certain specified employees, who otherwise would not have been eligible.

Eligibility

Employees of the Company that attain the age of twenty-one and complete six consecutive months of service are generally eligible to participate in the Plan on the first day of each month after meeting the eligibility requirements. Employees covered by the terms of a collective bargaining agreement are excluded from the Plan unless the collective bargaining agreement specifies employees must be covered under the Plan. Also excluded are nonresident aliens who receive no earned income from the Company within the United States.

Contributions

The Plan allows employees to make pre-tax contributions from between 0% and 96% of compensation, subject to certain limitations, under the Internal Revenue Code (IRC). Each participant in the Plan may defer the maximum percentage of their compensation and dollar amount permissible under the IRC as a basic contribution to the Plan. Participants who are projected to be age 50 or older by the end of the calendar year are eligible to make catch-up contributions up to the dollar amount permissible under the IRC.

Employees who are qualifying contributing participants are eligible for matching contributions. The employer makes safe harbor matching contribution equal to 100% of the participant's deferrals that does not exceed 3% of the employee's compensation for the Plan year, plus 50% of the elective deferrals that exceeds 3% of compensation for the Plan year but does not exceed 5% of the participant's compensation for the Plan year. Matching contributions are not made on catch-up contributions.

The Company may make annual profit sharing contributions determined according to a discretionary formula in an amount determined each year by the managing body of the Company and will be allocated to each qualifying participant's account based on a pro rata allocation. This allocation is based on the qualifying participant's compensation in relation to the total compensation of all qualifying participants.

NOTE 1 — DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

The Company may make qualified non-elective contributions at their discretion. Any qualified non-elective contribution will be allocated to non-highly compensated participant's accounts based on a pro rata allocation.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the participating employers' contribution, (b) Plan earnings and losses, and c) an allocation of administrative expenses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is based on a participant's vested account.

Vesting

Participants are 100% vested in their contributions, rollover contributions, qualified non-elective contributions and employer profit sharing and any earnings thereon. Since January 1, 2009 employer safe-harbor matching contributions are 100% vested.

Investment Options

Participants self-direct their investments by choosing from a diversified portfolio of pooled separate accounts.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of the total vested account balance. The $50,000 will be reduced by the highest outstanding loan balance during the one year period ending on the day before the loan agreement becomes effective. Loans are secured by the balances in the participant's account. All loans shall bear interest based on the prime rate plus 1%. The loan rate will be determined on the date the loan is requested and shall remain fixed throughout the duration of the loan.

All loans must be repaid through payroll deductions on a per payroll basis.

In-service Withdrawals

In-service withdrawals are allowed at age 59½ against profit sharing and matching contributions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant whose benefit is more than $1,000, may elect to receive (a) a single lump-sum payment; (b) installments over a period of not more than the participant's life expectancy or (c) partial withdrawals. For participants who have balances of $1,000 or less, the value of the account will be made as a lump-sum distribution. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE 1 — DESCRIPTION OF PLAN (Continued)

Forfeited Accounts

Participant forfeitures of Company matching and profit-sharing contributions are used to reduce Company contributions or may be applied to expenses of the Plan. At December 31, 2018 and 2017, forfeited non-vested accounts totaled $4,503 and $4,456, respectively.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if the participant were to initiate permitted transactions under the terms of the plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis.

The Plan follows generally accepted accounting principles for *fair value measurements* which establish a framework for measuring fair value of investments. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for plan investments. The valuation methodology used for Collective Trust was changed from fair value to contract value in accordance with the adoption of recent accounting pronouncements.

Pooled separate accounts (mutual funds): Measured at fair value using net asset value (NAV) of shares held by the Plan at year end.

Collective Trust: Measured at contract value as the Collective Trust are fully benefit responsive.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company absorbs substantially all of the costs of administration of the Plan.

Participant Loans Receivable

Loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Reclassifications

Certain amounts in the 2017 financial statements have been reclassified to conform to the current year presentation.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

The Plan has evaluated subsequent events through October 9, 2019, the date the financial statements were available for issuance.

NOTE 3 — INVESTMENT IN COLLECTIVE TRUST

The Plan maintains a collective trust investment with Morley Capital Management (Morley). Morley maintains the contributions in a separate account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

NOTE 4 — FAIR VALUE

The table below sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018

NOTE 5 — PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA.

NOTE 6 — RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

NOTE 7 — TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The plan administrator has analyzed the tax positions taken by the Plan as required by generally accepted accounting principles, and has concluded that as of December 31, 2018, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 — RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 — PARTY IN INTEREST

Certain Plan investments are managed by Nationwide Life Insurance Company. Nationwide Financial Services, Inc. is the custodian of the Plan. Therefore, these transactions qualify as party in interest transactions.

NOTE 10 — INFORMATION PREPARED AND CERTIFIED BY NATIONWIDE

The plan administrator has elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-5(c) of the DOL's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Nationwide, the trustee of the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments as shown in the Statement of Net Assets Available for Benefits as of December 31, 2018 and 2017
