1) Plan Description

General

The following description of the M-L Holdings Company Savings Investment Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan under Section 401(k) covering substantially all employees of M-L Holdings Company and affiliated participating employers (collectively, the Employer). Employees who have three months of service with the Employer and are at least eighteen years old, with the exception of certain employees, most notably those covered by a collective bargaining agreement, are eligible to participant in the Plan. Affiliated participating employers include: Power Equipment Company, Inc.; Power Screening, LLC; McClung-Logan Equipment Company, Inc.; McClung-Logan Crane & Equipment Company; CSI Acquisition Company, LLC; UCR Acquisition Company, LLC; Harbert Machine & Welding, LLC; Komptech Americas, LLC; Creative Wire Specialties, LLC; MCR Acquisition Company, LLC; M-L Environmental, LLC; and MRT Acquisition Company, LLC. Effective January 1, 2017 and October 5, 2017, WCSC Acquisition Company, LLC and CC Acquisition Company, LLC were added as affiliated participating employers, respectively. Effective March 28, 2018, Harbert Machine & Welding, LLC was removed as a participating employer. Effective October 1, 2018, Crane Rental Company was added as an affiliated participating employer.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

MassMutual Retirement Services (MassMutual) is the recordkeeper that processes and maintains the records of participant data and Reliance Trust Company (Reliance) serves as the trustee. Plan investment advice is provided by an outside certified financial professional. M-L Holdings Company serves as the Plan administrator and is responsible for the day-to-day operations and oversight of the plan.

Vesting

Participants are immediately vested in their salary deferrals, rollover contributions and related earnings. Vesting in the Employer's matching and non-elective contributions is based on years of continuous service as follows:

Years of service	Percentage vested
1	25%
2	50%
3	75%
4 or more	100%

A participant's account becomes 100% vested in their matching and non-elective contributions, regardless of years of service, at age 59 1/2 or in the event of permanent disability, death, or by reason of, and as part of, a partial Plan termination.

1) Plan Description (Continued)

Participant Contributions

Participants may elect to contribute a percentage of their eligible pre-tax compensation up to the amount allowable under current income tax regulations. Participants who elect to contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Participants may elect to contribute Roth deferrals. A Roth deferral is an elective deferral the participant irrevocably designates as a Roth Deferral and which is subject to income tax when the contribution is made to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to limitations imposed by the Internal Revenue Code (the Code). Participants are permitted to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such rollover contributions are deposited in the appropriate investment funds in accordance with the participant's election and the Plan's provisions.

Effective January 1, 2017, the Plan was amended to include an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 2% of eligible compensation.

Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Employer Contributions

As defined in the Plan document, the Employer may match a portion of the participant contributions on a discretionary basis. During the year ended December 31, 2018, the Employer match totaled $594,106.

The Employer may also make a discretionary non-elective contribution on behalf of eligible participants. Such contributions shall be allocated to participants based on the ratio that each participant's compensation bears to the total compensation paid to all eligible participants. The Employer did not make any non-elective contributions to the Plan for the year ended December 31, 2018.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer matching contributions and allocations of Employer discretionary non-elective contributions and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

Terminating participants of the Plan are paid the current value of the vested balance in their Plan accounts as soon as administratively feasible. Unvested amounts are forfeited and are used to offset Plan expenses and reduce the Employer contribution(s). As of December 31, 2018 and 2017, unallocated forfeitures totaled $49,087 and $61,471, respectively. During 2018, the total unvested amount forfeited, including earnings, was $18,561. The Plan used $20,345 of unallocated forfeitures to cover Plan expenses and $10,600 to reduce employer contributions during the year ended December 31, 2018.

1) Plan Description (Continued)

Payment of Benefits

Benefit payments are available to participants upon normal retirement (age 65), early retirement (age 59 ½), termination of employment, death, or disability. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed by the participant may be withdrawn for a hardship purpose. Participants are entitled to a benefit equal to the vested portion of their account which will be distributed in the form of a lump sum payment. Distributions are subject to the applicable provisions of the Plan agreement. Certain income taxes and penalties may apply to withdrawals or distributions prior to age 59 ½.

Notes Receivable from Participants

The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the participant's vested balance. Such notes must be repaid to the Plan within a five year period, unless the note is used to purchase a principal residence.

Interest rates on these notes range from 4.25% to 7%, and mature on various dates through March 2028. The specific terms and conditions of such notes are established by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

2) Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

2) Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)
Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded based on the terms of the Plan document.

Administrative Expenses
A portion of the Plan administration and recordkeeping fees are paid directly by the Employer and are excluded from these financial statements. Fees related to specific participant transactions are charged directly to the participant's account. Investment related expenses are included in net depreciation in fair value of investments.

3) Information Certified by Trustee

The Plan administrator has elected the alternative method of annual compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, information certified by Reliance, the trustee, as of December 31, 2018 and 2017 and for the year ended December 31, 2018, was not audited, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedules.

A summary of the Plan's financial information, which has been prepared and certified to as complete and accurate by the trustee, is presented as follows:

December 31,	2018	2017
Investments, at fair value	$ 15,954,751	$ 16,159,013
Investments, at contract value	$ 2,539,905	$ 1,784,729
Notes receivable from participants	$ 450,208	$ 349,189

For the Year Ended December 31,	2018
Dividends and interest	$ 875,742
Net depreciation in fair value of investments	$ 1,923,666
Interest on notes receivable from participants	$ 21,472

See accompanying independent auditor's report.

4) Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2
Inputs other than quoted prices included within level 1, that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant for the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds
Valued at quoted market prices in an exchange and active market.

4) Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	$15,954,751	$ -	$ -	$15,954,751

	December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	$16,159,013	$ -	$ -	$16,159,013

5) Guaranteed Investment Contract With Insurance Company

The Plan has a fully benefit-responsive investment contract with MassMutual. MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2018 and 2017 was $2,539,905 and $1,784,729, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting and may not be less than zero percent.

The Plan’s ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the Plan’s ability to transact at contract value with the issuer. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan Administrator does not believe that any events which would limit the Plan’s ability to transact at contract value with Plan participants are probable of occurring.

See accompanying independent auditor’s report.

5) Guaranteed Investment Contract With Insurance Company (Continued)

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6) Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participant accounts will become fully vested.

7) Tax Status

The Plan is using a prototype plan approved by the Internal Revenue Service (IRS) and accordingly, has neither applied for nor received a determination letter from the IRS. The Employer believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8) Party-in-Interest Transactions

Certain Plan investments are managed by MassMutual. Some fees incurred by the Plan for third party services, such as investment management, are included in net depreciation in fair value of investments as they are paid through revenue sharing rather than a direct payment. During the year ended December 31, 2018, the Plan made direct payments to MassMutual of $98,846 which was not covered by revenue sharing. Additionally, Hertzbach & Company, P.A. provides the annual plan audit. Total audit fees paid by the Plan during the year was $17,600.

All of these party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

9) Non-Exempt Transactions

For the years ended December 31, 2018, 2017, 2016 and 2015, Plan management identified untimely remittances of participant contributions and loan repayments to the Plan in the amount of $73,652, $20,789, $68,772, and $45,017, respectively. As of the date of this report, untimely remittances in the amount of $72,827, $68,772, and $45,017 have been corrected for 2018, 2016, and 2015, respectively. Plan management intends to correct the remaining deficiencies for 2018 and 2017 by remitting lost earnings to the Plan.

10) Risks and Uncertainties

The Plan invests in various financial instruments that, in general, are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in future statements of net assets available for benefits.

See accompanying independent auditor's report.

11) Subsequent Events

Management has evaluated events and transactions for potential recognition or disclosure through the independent auditor's report date, October 10, 2019, the date the financial statements were available to be issued. There were no material events that required recognition or disclosure in the financial statements.

See accompanying independent auditor's report.
