Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Fort Sill Apache Industries 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Reliance Trust Company ("Reliance"), the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule of assets held at end of year. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2018 and 2017, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the financial statements referred to in the first paragraph.

Other Matters

The supplemental Schedule of Assets Held at End of Year on page 12 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

FORT SILL APACHE INDUSTRIES 401(K) PLAN

December 31, 2018

NOTE A--DESCRIPTION OF THE PLAN

The following description of the Fort Sill Apache Industries 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of Fort Sill Apache Industries, LLC ("Industries"), Apache Homelands Industries, Fort Sill Apache Construction, and Fort Sill Apache Technology (collectively referred to as the "Employers"), who are age twenty-one or older and are not covered under another retirement plan or a collective bargaining agreement. Employees may begin participating in the Plan at the beginning of the month occurring after the employee has met the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was enacted effective May 1, 2016.

Contributions: Participants may make voluntary contributions to the Plan up to the lesser of their annual compensation or the annual limitations imposed by the Internal Revenue Service ("IRS"). The IRS limit was $18,500 for 2018 and $18,000 for 2017. Plan participants age 50 and older were eligible to make a catch-up contribution of an additional $6,000 to the Plan for 2018 and 2017. The Company also makes a prevailing wage contribution monthly for eligible participants. Rollover and transfer contributions are permitted under the Plan agreement. For the year ended December 31, 2018, the Employers made a matching contribution to the Plan equal to 100% of salary deferrals up to 1% of compensation and 50% of salary deferrals for the next 5% of compensation, for a maximum match of 3.5%.

Participant Accounts: Each participant's account is credited with the participant's contributions, Employers' matching contributions, and Plan earnings. Allocations are based on a participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions, employer matching contributions, and actual earnings thereon.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes receivable are secured by the balance in the participant's account and bear interest at reasonable rates determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

NOTE A--DESCRIPTION OF THE PLAN--CONTINUED

Payment of Benefits: Participants who terminate employment due to death, permanent disability or normal retirement may receive all benefits in a lump-sum payment equal to the value of the participant's interest. Participants receiving required minimum distributions at age 70½ may receive such distributions in periodic installments. For termination of service due to other reasons, a participant may receive the value of their vested interest as a lump-sum distribution. At December 31, 2018, net assets available for benefits included approximately $3,510,000 relating to former participants who have elected, for the present time, to leave their balances intact with the Plan.

Administration: An Industries employee serves as the plan administrator having overall responsibility for the Plan. This includes the power to interpret the provisions of the Plan, determine questions concerning eligibility, participation and benefits, and such other powers and duties as are necessary to the operation of the Plan. The Employers pays all administrative costs of the Plan.

Investment Options: The investments are allocated to a selection of common collective trusts and mutual funds as directed by the Plan's participants.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Notes Receivable from Participants: Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant's loan balance is reduced and a benefit payment is recorded.

Income Tax Status: The Internal Revenue Service has ruled that the Plan qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations prior to 2016.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--CONTINUED

Payment of Benefits: Benefits are recorded when paid.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value estimates. Changes in the market value of investments are recognized at the time of the valuation of the Plan's portfolio as performed by Reliance Trust Company, as custodian agent. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Plan Termination: Although it has not expressed any intent to do so, the Employers have the right under the Plan document to discontinue their contributions at any time and to terminate the Plan subject to provisions of ERISA.

Subsequent Events: Subsequent events have been evaluated through August 16, 2019, which is the date the financial statements were available to be issued.

NOTE C--INVESTMENT CONCENTRATION, RISKS AND UNCERTAINTIES

As of December 31, 2018, approximately 24% of Plan assets consist of one mutual fund and one common collective trust investment.

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE D--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820-10-35-39 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at the price. The mutual funds held by the Plan are deemed actively traded.

NOTE D--FAIR VALUE MEASUREMENTS--CONTINUED

Stable value fund: A stable value fund is a form of common collective trust fund which is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require twelve months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy (if applicable), the Plan's assets at fair value as of December 31:

	2018			
Investments	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 2,913,417	$ -	$ -	$ 2,913,417
Investments measured within the fair value hierarchy	$ 2,913,417	$ -	$ -	2,913,417
Common collective trusts *				1,165,960
Total Plan investments				$ 4,079,377

NOTE D--FAIR VALUE MEASUREMENTS--CONTINUED

	2017			
Investments	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 3,496,855	$ -	$ -	$ 3,496,855
Investments measured within the fair value hierarchy	$ 3,496,855	$ -	$ -	3,496,855
Common collective trusts *				1,207,068
Total Plan investments				$ 4,703,923

** - Certain investments measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value of investments in the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.*

NOTE E--INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company ("Reliance"), the Plan custodian, certified that the following data included in the accompanying financial statements and supplementary schedule of assets held at end of year is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2018 and 2017.
- Investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2018.
- Schedule H, Line 4i--schedule of assets held at end of year as of December 31, 2018.

The Plan's independent auditors did not perform audit procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary schedule.

NOTE F--STABLE VALUE FUND

The Plan invests in a common collective trust fund (the Invesco Stable Asset Fund) whose underlying assets are fully benefit-responsive investment contracts. This stable value fund seeks to provide preservation of principal and provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. The stable value fund offers five classes of units (Tier 1 through Tier 5) with identical investment objectives for each class of unit. Each class of unit declares income dividends daily and thereby maintains a net asset value of $1 per unit. The underlying investments of the stable value fund consist of conventional guarantee investment contracts ("GICs"), synthetic guarantee investment contracts ("wrap contracts") and cash equivalents. The GICs are typically issued with a fixed crediting rate and a fixed maturity date that does not change over the life of the contract. Whereas, wrap contracts typically reset on a monthly or quarterly basis as negotiated with the issuer and do not have a final stated maturity date. Gains and losses on the underlying portfolio are amortized over the duration of the investment, through adjustments to the future interest crediting rate. A number of factors can influence future crediting rates of wrap contracts, which may include but are not limited to: portfolio cash flows, underlying portfolio performance, current market interest rates for reinvestment, duration posture, change in crediting ratings, default or bankruptcy by an asset or wrap issuer, the unexpected receipt of principal and interest payments, extraordinary withdrawals and certain wrap contract terms, including wrap fees.

NOTE G--TRANSACTIONS WITH EXEMPT PARTIES-IN-INTEREST

The Plan holds notes receivable from participants; these transactions qualify as exempt party-in-interest transactions under ERISA.

NOTE H--RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the Form 5500 to the accompanying financial statements for the year ended December 31:

	2018	2017
