1. DESCRIPTION OF PLAN

The following description of the Phoenix Vanguard Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Phoenix Vanguard Inc. (the "Company"), excluding union employees who are covered by a collective bargaining agreement, leased employees and other employee under Code Section 410(b)(6)(C) for purpose of elective deferrals, voluntary contributions, matching contributions and profit sharing contributions. The Plan also excludes nonresident aliens who received no earned income which constitutes income from services performed within the United States for purpose of elective deferrals, voluntary contribution and profit sharing contributions. Pre-tax elective deferrals and matching contributions are available for all employees who have attained 21 years of age and have 3 months of service. Profit sharing contributions are available for all employees who have attained 21 years of age and have 2 years of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective March 1, 2018, Principal Life Insurance Company and Principal Trust Company ("Principal") became the insurance company and trust company of the Plan, respectively. The Plan transferred substantially all of its assets from Mid Atlantic Trust Company to Principal on April 11, 2018.

Contributions

Contributions to the Plan may be pre-tax Salary Deferrals. Participants who have attained age of 50 before the end of the Plan year are eligible to make catch-up contributions. Rollover contributions are subject to the terms of the Plan and are fully vested and non-forfeitable. The Company may contribute either matching contributions or profit sharing contributions. The Company did not make any contributions to the Plan for the year ended December 31, 2018. Contributions are subject to certain statutory limitations.

The Plan includes an automatic enrollment feature under which newly eligible employees are automatically enrolled to make pre-tax contributions into the Plan at a rate of 3% of compensation, and their accounts under the Plan are automatically invested in the Plan's Qualified Default Investment Alternative ("QDIA"), unless the employee elects otherwise. The Plan has elected the Principal LifeTime Hybrid CIT as its QDIA. Participants direct their accounts into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution as well as allocations of the employer contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, profit sharing contributions, plus actual earnings thereon.

Vesting in the employer matching contributions and earnings is based on years of continuous service as follows:

Years of Service	Percent Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50 percent of their account balance. Notes receivable from participants are secured by the balance in the participant's account. The interest rates on outstanding loans range from 4.50% to 5.25% per annum. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant shall receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Participants shall be entitled to receive in-service withdrawals upon attainment of age 59½ or as a hardship distribution, as defined in the Plan agreement.

Forfeited Accounts

At December 31, 2018 and 2017, forfeited non-vested accounts totaled $0 and $2,121, respectively. The Company uses forfeited accounts to reduce employer contributions or to pay administration expenses. For the year ended December 31, 2018, $2,086 of forfeiture accounts were used to pay administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding deduction to contributions. At December 31, 2018, excess contributions payable were $21,867 and were remitted back to participants prior to March 15 of the subsequent year. There were no excess contributions payable at December 31, 2017.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net change in fair value of investments.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEES AND INSURANCE COMPANY

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Plan's trustee and insurance company.

	2018	2017
At December 31,		
Investments, at fair value	$ 2,210,836	$ 2,259,032
Investments, at contract value	17,868	
Notes receivable from participants	35,770	
For the year ended December 31, 2018		
Net change in fair value of investments	$ (238,090)	
Interest and dividends	13,891	
Interest income from notes receivable	2,356	

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds
Valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Account
Pooled Separate Accounts are not publicly quoted and are priced at net asset value. ASC 820 allows NAV per share to serve as a practical expedient to estimate fair value.

Collective Investment Trust
Collective Investment Trusts are not publicly quoted and are priced at net asset value. ASC 820 allows NAV per share to serve as a practical expedient to estimate fair value.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 739,874	$ -	$ -	$ 739,874
Total assets in the fair value hierarchy	739,874	-	-	739,874
Investments measured at net assets value[(a)]	-	-	-	1,470,962
Investments at fair value	$ 739,874	$ -	$ -	$ 2,210,836

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 2,259,032	$ -	$ -	$ 2,259,032
Total assets in the fair value hierarchy	2,259,032	-	-	2,259,032
Investments measured at net assets value[(a)]	-	-	-	-
Investments at fair value	$ 2,259,032	$ -	$ -	$ 2,259,032

[(a)] In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Gains and losses included in the statement of changes in net assets available for benefits for the year ended December 31, 2018, are reported in net change in fair value of investments.

The Plan's policy is to recognize transfers between Level 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2018, there were no significant transfers between Level 1 and 2 and no transfers into or out of Level 3.

Investments Measured Using the Net Asset Value per Share Practical Expedient
The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2018. There were no investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017.

	Fair Value at 12/31/18	Unfunded Commitments	Redemptions Frequency (if currently eligible)	Redemption Notice Period
Collective Investment Trust	$ 1,375,171	N/A	Daily	1 day
Pooled Separate Accounts	95,791	N/A	Daily	1 day
	$ 1,470,962			

5. GUARANTEED INVESTMENT CONTRACT WITH PRINCIPAL LIFE INSURANCE COMPANY

In 2018, the Plan entered into a fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company ("Principal Life"). Principal Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Principal Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2018 was $17,868. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1% or greater than 3%. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Principal Life. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The Plan Sponsor may terminate the agreement prior to the scheduled maturity date based on the terms detailed in the agreement.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants will become 100% vested in their employer contributions.

7. TAX STATUS

The Plan has adopted a prototype non-standardized profit sharing plan with CODA and is relying on an opinion letter received from CCH Incorporated DBA FTWILLIAM COM dated March 31, 2014 stating that the Internal Revenue Service has determined that the prototype plan adopted by the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

Principal Life Insurance Company is the trustee of the Plan's investments and therefore certain transactions qualify as party-in-interest transactions. For the year ended December 31, 2018, administrative fees of approximately $10,084 were paid to Principal Life Insurance Company.

Orenda Retirement, LLC is the third party administrator of the Plan and therefore certain transactions qualify as party-in-interest transactions. For the year ended December 31, 2018, administrative fees of approximately $1,663 were paid to Orenda Retirement, LLC.

Merrill Lynch is the investment advisor of the Plan and therefore certain transactions qualify as party-in-interest transactions. For the year ended December 31, 2018, administrative fees of approximately $5,853 were paid to Merrill Lynch.

Participant contributions not transmitted by the Company within the time period set forth in the Department of Labor's regulation CFR 2510.3-102 are considered nonexempt prohibited transactions under ERISA. Participant contributions remitted during the year that constitute nonexempt prohibited transactions are reported by the Plan in the accompanying supplemental schedule as required.

10. SUBSEQUENT EVENTS

In preparing the accompanying financial statements, the Plan has reviewed events that have occurred after December 31, 2018, through the date of issuance of these financial statements on September 19, 2019.
