INDEPENDENT AUDITORS' REPORT

To the Participants and the Pension Investment Committee of
the Retirement Plan for Employees of Shop-Rite, Inc.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Retirement Plan for Employees of Shop-Rite, Inc., which comprise the statement of net assets available for benefits as of December 31, 2018, and the related statement of changes in net assets available for benefits for the year then ended, the statement of accumulated plan benefits as of December 31, 2017, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 6 and 7, which was certified by The Bank of New York Mellon and Massachusetts Mutual Life Insurance Company, the trustee and custodian, respectively, of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee and custodian hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the trustee and custodian as of December 31, 2018 and for the year then ended, that the information provided to the plan administrator by the trustee and custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2018 financial statements. Accordingly, we do not express an opinion on the 2018 financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of December 31, 2018 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – 2017 Financial Statements

The financial statements of the Plan as of December 31, 2017, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rule and Regulations for Reporting and disclosure under Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform and they did not perform any auditing procedures with respect to the information certified by the trustee and custodian of the Plan. Their report, dated October 12, 2018, indicated that (a) because of the significant of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2017 financial statements and (b) the form and content of the information included in the 2017 financial statements, other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2018

The form and content of the information included in the 2018 financial statements, other than that derived from the information certified by the trustee and custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN:

The Retirement Plan for the Employees of Shop-Rite, Inc. (the Plan) is a noncontributory defined benefit plan sponsored by Shop-Rite, Inc. (Shop-Rite) and electing participating subsidiaries (collectively the Sponsor). Shop-Rite, Inc. is a wholly owned subsidiary of Roundy's Supermarkets, Inc. Roundy's Supermarkets, Inc. is a wholly owned subsidiary of the Kroger Co (Kroger). The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Effective January 3, 2017, a portion of the Plan assets were transferred to The Kroger Co. Master Retirement Trust (Master Trust). Massachusetts Mutual Life Insurance Company (Mass Mutual) remains a custodian of a portion of the Plan's assets, which it administers.

Pension Benefits

The Plan has been frozen to all new participants and benefit accruals. The Sponsor contributes to the Plan based upon actuarial determinations.

Participants receive monthly pension benefits beginning at age 65 equal to the participant's benefit rate multiplied by a year of credited service factor as of the retirement date. Participants with 5 or more years of service are 100% vested. Participants age 55 with 10 or more years of vested service may elect early retirement payments at reduced benefit as defined by the Plan. Participants may elect various annuity options.

If an active participant with five years of vested service dies prior to their actual retirement date, unless an election to the contrary has been made, the participant's surviving spouse is entitled to a reduced benefit as defined by the Plan. The plan does not provide disability benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following describes the significant accounting policies followed in the preparation of these financial statements. The policies conform to generally accepted accounting principles.

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally

accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets, liabilities and changes therein, disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The actuarial present value of accumulated plan benefits is reported based on certain assumptions such as interest rates and employee demographics, which are subject to change. Inherent uncertainties in such assumptions in the near term could cause the values of actual accumulated plan benefits to differ materially from the amounts reported herein.

Risks and Uncertainties

The Plan invests in various investment securities through a Master Trust, as well as through Mass Mutual. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that the values of investment securities in the near term could differ materially from the amounts reported herein.

Organization

The Plan covered all employees, excluding any individual whom Shop-Rite does not file form W-2, any employee which coverage has not been extended, or any employee hired or rehired after August 13, 2017 at a location other than the Monroe, Wisconsin location.

Investment Valuation

A portion of the Plan investments consist of an ownership interest in the securities held in The Kroger Co. Master Retirement Trust (Master Trust) administered by a financial institution. The Plan had a 0.6% ownership interest in the Master Trust at December 31, 2018 and 0.6% ownership at December 31, 2017. Securities held in the Master Trust, (U.S. government obligations, corporate bonds and common and preferred stocks) traded on a national securities exchange were valued at the last reported sales price on the last business day of the year; listed securities for which no sale was reported on that date were valued at the last reported bid price. The fair values of alternative investments held in the Master Trust have been determined based on estimates using observable inputs, non-observable inputs, and information provided by the fund managers or general partners of the related investments.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which were attributable under the Plan's provisions to the services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, and (b) present employees or their beneficiaries. Benefits under the Plan are based on employees' number of pension credit years earned. The accumulated plan benefits for active employees are based on the number of pension credit years earned on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances -- retirement, death, disability, and termination of employment -- are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial method used in determining normal costs and prior service costs is the Projected Unit Credit Method.

Derivative Financial Instruments

The Master Trust enters into swap contracts to manage market exposure and risk to achieve the investment objectives. These contracts involve elements of market risk in excess of amounts recognized in the statements of net assets available for benefits. The credit risk associated with these contracts is minimal because collateral is exchanged daily and the Master Trust deals only with high caliber counterparties.

During 2018 and 2017, the Master Trust had equity contracts and fixed income contracts. Payments are made or received by the Master Trust monthly, depending on the daily fluctuation in the value of the underlying contracts.

At December 31, 2018 and 2017, the Master Trust had equity futures contracts with notional amounts of approximately ($28) million and ($163) million, respectively. At December 31, 2018 and 2017, the Master Trust had fixed income future contracts with notional amounts of approximately $621 million and $2,150 million, respectively. Notional amounts do not quantify risk or represent assets or liabilities of the Master Trust but are used in the calculation of cash settlements under the contracts.

The fair value of futures contracts included in the Master Trust is not material at December 31, 2018 and 2017 because settlements are made by cash monthly or quarterly. Collateral is exchanged daily. Collateral held is not reflected in the financials whereas collateral provided is reflected. Changes in fair value are accounted for as net appreciation/depreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or Kroger, as provided by the Plan document. Expenses paid by Kroger are excluded from these financial statements.

Other

Purchases and sales of securities are reflected on a trade date basis. Gain or loss on sales of securities is based on average cost. Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis.

In accordance with the policy of stating investments at fair value, net unrealized appreciation or depreciation for the year is reflected in the statement of changes in net assets available for benefits.

Reclassifications

Certain amounts in the 2017 financial statements have been reclassified to conform to the current year presentation.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2019, the date the financial statements were available to be issued.

3. FUNDING POLICY:

Funding for the Plan is based upon a review of specific requirements and upon evaluation of the assets and liabilities of the Plan.

Contributions are determined pursuant to actuarial calculations and are made to the Plan in accordance with the funding requirements prescribed by the Employee Retirement Income Security Act of 1974 (ERISA). These requirements generally require a contribution sufficient to fund the current year service cost and a portion of any unfunded past service liability. The yield (interest, dividends, and net realized and unrealized gains and losses) on investment of the Plan serves to reduce future contributions that would otherwise be required to provide for the defined level of benefits under the Plan. The Plan has met the ERISA minimum funding requirements. No

contributions were made for the 2018 Plan year. Contributions of $1 million were made for the 2017 Plan year.

4. TERMINATION PRIORITIES:

While Shop-Rite has not expressed any intent to discontinue its contributions, it is free to do so at any time, subject to penalties set forth by ERISA. In the event such discontinuance results in the termination of the Plan, the Plan provides that the net assets of the Plan shall be allocated among the participants and beneficiaries of the Plan in the order provided for in ERISA, and any amounts remaining after said allocation will be returned to Shop-Rite. To the extent unfunded vested benefits exist, ERISA provides that such benefits are payable by the PBGC to participants, up to specified limitations, as described in ERISA.

5. ACCUMULATED PLAN BENEFITS:

Consulting actuaries from Mercer estimate the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The more significant assumptions underlying the actuarial computations are:

Interest rate	7.50%.
Employee turnover	Annual rate of termination is based on a study of Shop-Rite's actual experience.
Mortality basis	Pre-retirement: MRP-2007 (RP-2014 adjusted to remove post-2007 improvement projections), blue collar, employee, with generational projection using MMP-2016 scale. Post-retirement: MILES-CGFD (Mercer Industry Longevity Experience Study 2010 rates for the Consumer Goods, Food and Drink Industry group), blue collar, annuitant, with generational projection using the MMP-2016 scale.

Retirement:

Normal retirement	The first of month coinciding with or next following the attainment of age 65 and five years of participation service.
Early retirement	The first of month coinciding with or next following the attainment of age 55 and ten years of participation service.
Asset valuation method	Market value of assets.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2018. Had the valuation been performed as of December 31, 2018, there would be no material variances.

6. UNAUDITED INFORMATION:

The Plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for the Reporting and Disclosure under ERISA. Accordingly, the information with respect to investments and investment transactions at December 31, 2018 and 2017, and for the years then ended, has not been audited by the independent auditors.

As of December 31, 2018 and 2017, the Bank of New York Mellon, the trustee for the Plan, and Mass Mutual, a custodian for the Plan, hold the Plan's investment assets and execute transactions therein. The financial information relating to the assets is included in the accompanying financial statements and is based on information certified by the trustee and custodian. The information certified by the trustee and custodian, which has not been audited by independent public auditors, is summarized as follows (in thousands):

	December 31, 2018	December 31, 2017
Investment in Master Trust	$ 17,757	$ 18,180
Changes in Net Assets		
Additions/Deductions:		
Net unrealized depreciation in fair value of investments	$ (1,658)	$ (180)
Interest, dividend & other income	410	173
Gain realized on disposition of investments	700	1,541
Net income (loss) from investment in Master Trust	$ (548)	$ 1,534
Investments held by Mass Mutual	$ 115	$ 108
Net unrealized appreciation in fair value of investments held by Mass Mutual	$ 2	$ 2

7. INVESTMENT IN MASTER TRUST (Unaudited):

Investments held by the Plan at December 31, 2018 and 2017 and the related income or loss for the years then ended are (in thousands):

	December 31, 2018		December 31, 2017	
	Fair Value	Loss on Investment in Master Trust	Fair Value	Income on Investment in Master Trust
Interest in the Kroger Co. Master Retirement Trust	$ 17,757	$ (548)	$ 18,180	$ 1,534

The income or loss on the investment in the Master Trust is comprised mainly of changes in the fair value of the investments held in the Master Trust. The changes in net unrealized appreciation (depreciation) represent changes in the difference between cost and fair market value of investments held during 2018 and 2017.

The Master Trust holds assets for trading purposes relating to this plan and four other employee defined benefit plans administered by Kroger. The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. The investment income and expenses of the Master Trust are allocated to each plan based on the relationship of the Plan's investment balances to the total Master Trust investment balances. At December 31, 2018 and 2017, the Plan's ownership interest in the Master Trust was 0.6% and 0.6%, respectively. The following is summarized financial data related to the Master Trust at December 31, 2018 and 2017, and for the years then ended (in thousands):

8. FAIR VALUE MEASUREMENTS:

Generally accepted accounting principles provide the framework for measuring fair value, and expand disclosures about fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (exit price) regardless of whether an observable liquid market price exists.

Professional standards establish the fair value hierarchy that categorizes the inputs to valuation techniques that are used to measure fair value into three levels:

- Level 1 includes observable inputs which reflect quoted prices for identical assets or liabilities in active markets at the measurement date.
- Level 2 includes observable inputs for assets or liabilities other than quoted prices included in Level 1 and it includes valuation techniques which use prices for similar assets and liabilities.
- Level 3 includes unobservable inputs which reflect the reporting entity's estimates of the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2018 and 2017.

- Cash and Cash Equivalents: The carrying value approximates fair value.
- Corporate Stocks: The fair values of these securities are based on observable market quotations for identical assets and are valued at the closing price reported on the active market on which the individual securities are traded.
- Corporate Bonds: The fair values of these securities are primarily based on observable market quotations for identical or similar bonds, valued at the closing price reported on the active market on which the individual securities are traded. When such quoted prices are not available, the bonds are valued using a discounted cash flows approach using current yields on similar instruments of issuers with similar credit ratings, including adjustments for certain risks that may not be observable, such as credit and liquidity risks.
- U.S. Government Securities: Certain U.S. government securities are valued at the closing price reported in the active market in which the security is traded. Other U.S. government securities

are valued based on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar securities, the security is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks.

- Mutual Funds/Collective Trusts/Comingled Funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held are deemed to be actively traded. The collective trust/comingled funds are public investment vehicles valued using a NAV as a practical expedient provided by the manager of each fund. The NAV is based on the underlying net assets owned by the fund, divided by the number of shares outstanding. The NAV's unit price is quoted on a private market that is not active. However, the NAV is based on the fair value of the underlying securities within the fund, which are traded on an active market, and valued at the closing price reported on the active market on which those individual securities are traded. The significant investment strategies of the funds are as described in the financial statements provided by each fund. There are no restrictions on redemptions from these funds.

- Hedge Funds: Hedge funds are private investment vehicles valued using a NAV provided by the manager of each fund. The NAV is based on the underlying net assets owned by the fund, divided by the number of shares outstanding. The NAV's unit price is quoted on a private market that is not active. The NAV is based on the fair value of the underlying securities within the fund, which are typically traded on an active market, and valued at the closing price reported on the active market on which those individual securities are traded. For investments not traded on an active market, or for which a quoted price is not publicly available, a variety of unobservable valuation methodologies, including discounted cash flow, market multiple and cost valuation approaches, are employed by the fund manager to value investments. Fair values of all investments are adjusted annually, if necessary, based on audits of the Hedge Fund financial statements; such adjustments are reflected in the financial statements.

- Private Equity: Private equity investments are valued based on the fair value of the underlying securities within the fund, which include investments both traded on an active market and not traded on an active market. For those investments that are traded on an active market, the values are based on the closing price reported on the active market on which those individual securities are traded. For investments not traded on an active market, or for which a quoted price is not publicly available, a variety of unobservable valuation methodologies, including discounted cash flow, market multiple and cost valuation approaches, are employed by the fund manager to value investments. Fair values of all investments are adjusted annually, if necessary, based on audits of the private equity fund financial statements; such adjustments are reflected in the financial statements.

- Real Estate: Real estate investments include investments in real estate funds managed by a fund manager. These investments are valued using a variety of unobservable valuation methodologies, including discounted cash flow, market multiple and cost valuation approaches, by the fund manager to value investments.

- Pooled Separate Accounts: The fair value of pooled separate accounts represents the NAV of the fund shares. The NAV is based on the value of the underlying assets owed by the funds, reinvestment of all dividends and capital gains received, any revenue sharing the custodian expects to receive from the fund company, fees calculated on a daily basis and based on the underlying assets in the Plan and then divided by the number of units outstanding as determined by the custodians.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

9. TAX STATUS:

The Plan obtained its latest determination letter dated August 16, 2012, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. Plan management and Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

10. RELATED PARTY TRANSACTIONS:

The Bank of New York Mellon is the trustee of the Plan as well as the Master Trust. The Plan pays trustee fees through the Master Trust to the Bank of New York Mellon. As described in Note 2, the Plan paid certain expenses related to operations and investment activity to various service providers, including Mass Mutual, a custodian of the Plan. These transactions are party-in-interest transactions under ERISA.

For the years presented, the Plan sponsor provided administrative services to the Plan without charge.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

RATIONALE FOR SIGNIFICANT ECONOMIC ASSUMPTIONS

- **Funding segment rates –** These are IRS prescribed rates. The plan sponsor elected this methodology (segment rates with no look-back months) from alternative IRS prescribed options.

- **Expected investment return (funding) –** The expected rate of return on plan assets is based on the median simulated investment return using capital market assumptions published in Mercer Investment Consulting's Capital Market Outlook for the Plan's target asset mix, net of an adjustment of 20 basis points for expenses assumed to be paid from plan assets.

- **Funding expense load –** Expected 2018 expenses based on prior year expenses adjusted for expected change in PBGC premium, rounded to the nearest thousand.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

RATIONALE FOR SIGNIFICANT DEMOGRAPHIC ASSUMPTIONS

- **Funding mortality –** Prescribed by the IRS and based on The Kroger Co.'s election.

- All other demographic assumptions remain unchanged from those used by the prior actuary. Please refer to MassMutual Financial Group's actuarial reports titled *Actuarial Valuation Report for Retirement Plan for Employees of Shop-Rite, Inc., Plan Year: January 1, 2017 through December 31, 2017, Measurement Date: January 1, 2017, Contract Number: SA 12842-02*, dated October 12, 2016 and *Financial Accounting Standards Board ASC 715 January 30, 2016 Expense and Disclosure Report for Shop-Rite, Inc. Retirement Plan Fiscal year: December 19, 2015 through January 30, 2016 Measurement Date: January 30, 2016*, dated February 5, 2016 for summaries of the rationale documented by the prior actuary.

ACTUARIAL METHODS FOR FUNDING

Asset Methods

The asset valuation method is an average of the adjusted market value for each year during the last 2 years preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110% and no less than 90% of the fair market value, as defined in IRC Section 430.

The characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Participant Methods

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** We have relied upon the data provided by the plan sponsor regarding which participants should be included in our calculations.

- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.

- **Insurance contracts:** The plan does not have any insurance contracts.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

Minimum Funding Methods

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.

- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual is the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Schedule SB, line 24 — Change in Actuarial Assumptions

The following changes were made since the January 1, 2017 valuation:

- The expense component of normal cost increased from $66,000 to $90,000 to reflect our expectations for the current plan year.

- The expected investment return was updated from 7.04% to 5.23%.

Schedule SB, Part V — Summary of Plan Provisions

SUMMARY OF MAJOR PLAN PROVISIONS

Effective date and plan year	Original plan: January 1, 1976 Restated plan: January 1, 2012 Plan year: January 1 – December 31
Status of the plan	Plan participation was closed on August 13, 2007. Any Participant on that date will continue as a Participant. No other person shall become a Participant after that date. Benefit accruals were frozen effective December 31, 2012.
Significant events that occurred during the year	None
DEFINITIONS	
• Covered employees	Any employee who is not an officer or manager of Shop-Rite, Inc. and is hired on or before August 13, 2007.
• Participation	Each eligible employee shall become a Participant on the first January 1 worked; provided he is 21 or his 21st birthday will be reached by the next July 1. Shop-Rite employees hired after August 13, 2007 shall not be eligible to participate in the Plan.
• Employee contributions	None
• Vesting service	Years of employment with Shop-Rite, Inc during which an employee is compensated for 500 or more hours.
• Credited service	Calendar years of employment in which the employee is credited with 1,800 or more hours. If the participant is credited with fewer than 1,800 hours but at least 900 hours, one-half year of credited service is given. If the participant is credited for fewer than 900 hours but at least 500 hours, one-quarter year of credited service is given. No credit is given for fewer than 500 hours. For Employees at the Monroe, Wisconsin facility, no credited service after September 1, 2012 will be granted. For Employees at a facility other than Monroe, Wisconsin, no credited service after December 31, 2012 will be granted.
• Accrued benefit	The Normal Retirement Benefit as calculated using Credited Service to the earlier of the date of determination and freeze date. The accrued benefits for employees at the Monroe, Wisconsin facility were frozen as of September 1, 2012. The accrued benefits for other employees were frozen as of December 31, 2012.
NORMAL RETIREMENT	
• Eligibility	The first day of the calendar month coincident with or next following the later of age 65 and 5 years of participation.

Schedule SB, Part V — Summary of Plan Provisions

• Benefit	A monthly benefit equal to: **Shop-Rite Employees** $10.50 times credited service to December 31, 1986 plus $12.00 times credited service from January 1, 1987 to December 31, 1987 plus $13.50 times credited service from January 1, 1988 to December 31, 1988 plus $15.00 times credited service from January 1, 1989 to December 31, 1989 plus $17.00 times credited service from January 1, 1990 to December 31, 1990 plus $18.50 times credited service from January 1, 1991 to December 31, 1991 plus $20.00 times credited service from January 1, 1992 to December 31, 1992 plus $21.00 times credited service from January 1, 1993 to December 31, 1993 plus $22.00 times credited service from January 1, 1994 to December 31, 1994 plus $23.00 times credited service from January 1, 1995 to December 31, 1995 plus $24.00 times credited service from January 1, 1996 to December 31, 1996 plus $25.00 times credited service from January 1, 1997 to December 31, 1997 plus $26.00 times credited service from January 1, 1998 to December 31, 1998 plus $28.00 times credited service from January 1, 1999 to December 31, 1999 plus $30.00 times credited service from January 1, 2000 to December 31, 2000 plus $32.00 times credited service from January 1, 2001 to December 31, 2001 plus $34.00 times credited service from January 1, 2002 to December 31, 2004 plus $36.00 times credited service from January 1, 2005 to December 31, 2005 plus $38.00 times credited service from January 1, 2006 to December 31, 2006 plus $40.00 times credited service from January 1, 2007 to December 31, 2007 plus $43.00 times credited service after December 31, 2007.

Schedule SB, Part V — Summary of Plan Provisions

EARLY RETIREMENT	Monroe Employees $23.00 times credited service from January 1, 1991 to December 31, 1998 plus $25.00 times credited service from January 1, 1999 to December 31, 200 plus $28.00 times credited service from January 1, 2002 to December 31, 2002, plus $30.00 times credited service from January 1, 2003 to December 31, 2003, plus $32.00 times credited service after December 31, 2003.
• Eligibility	The first day of the calendar month coincident with or next following the later of attainment of age 55, and completion of 10 years of vesting service.
• Benefit	Accrued Benefit reduced ½ of one-percent for each month of the first 60 months by which the early retirement date precedes normal retirement date and reduced 1/3 of one-percent for each month in excess of 60 months that early retirement date precedes normal retirement date.
LATE RETIREMENT	
• Eligibility	Termination of employment after having reached normal retirement.
• Benefit	Greater of accrued benefit on late retirement date and the accrued benefit on normal retirement date actuarially increased to late retirement date.
DEFERRED VESTED	
• Eligibility	100% vested after five years of vesting service
• Benefit	Accrued Benefit payable as early as age 55 based on the early retirement reduction schedule.
DISABILITY	
• Eligibility	No special provisions
PRE-RETIREMENT DEATH	
• Eligibility	Five years of vesting service
• Benefit before retirement	The surviving spouse receives a survivor annuity as if participant separated from service on date of death, survived to the earliest retirement age, commenced payments under the 50% joint and survivor annuity and died on the day after benefits commenced.
• Benefit after retirement	None except as provided by the annuity form elected.

Schedule SB, Part V — Summary of Plan Provisions

FORM OF BENEFITS	
• Automatic form for unmarried participants	Single Life Annuity
• Automatic form for married participants	Actuarially equivalent Joint and 50% Survivor Annuity
• Optional forms	100%, 75%, or 50% contingent annuity options, certain and continuous options, annuity certain options, or life annuity.
• Actuarial equivalence basis	- Mortality: 1971 Group Annuity table, blended 50% male and 50% female - Interest rate: 6.00%
MISCELLANEOUS	
• Maximum benefits	Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2018, the limit is $220,000.

Benefits Included or Excluded

Unless noted below, all benefits provided by the plan, as restated and amended through the Fourth Amendment, are included in this valuation:

- **Plan amendments excluded:** None

- **Late retirement increases:**
  - *Active participants:* The plan applies late retirement actuarial increases for all participants who defer retirement beyond their normal retirement date and this valuation includes those increases.

  - *Deferred vested participants:* Current deferred vested participants over normal retirement age are valued including the late retirement actuarial increase.

- **Internal Revenue Code limitations:** The limitations of Internal Revenue Code Section 415(b) and 401(a)(17) have been incorporated into our calculations.

- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60% of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.

Schedule SB, Part V — Summary of Plan Provisions

Additional Benefits Included or Excluded

- **IRC Section 436 benefit restrictions:**
  - *Unpredictable contingent event benefits:* This valuation excludes restricted contingent event benefits that occurred before the valuation date but includes contingent event benefits which are expected to occur on or after the valuation date regardless of anticipated funding-based limitations.
  - *Plan amendments:* See above.
  - *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
  - *Benefit accruals:* The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.
- **Unpredictable contingent event benefits:** The plan does not have any unpredictable contingent event benefits.

PLAN PROVISION CHANGES SINCE PRIOR VALUATION

- Maximum benefit amounts under IRS rules were updated from 2017 to 2018.

Schedule SB, line 22 — Description of Weighted Average Retirement Age

The weighted average retirement age is equal to the normal retirement age of 65.
