December 31, 2018 and 2017

NOTE 1 – GENERAL DESCRIPTION OF THE PLAN

The following brief description of the Riccelli Enterprises, Inc. (the "Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description or Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) deferred savings plan covering all full-time employees of the Company who have three months of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants who meet the eligibility requirements are entitled to defer up to 75% of eligible compensation into the Plan up to Internal Revenue Service ("IRS") limits as their pre-tax contribution and may direct their contributions into any of the investment options under the plan. Matching contributions are allowed under this plan at the discretion of the Company. The Company matches 40% of the first 10% of a participant's contribution.

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution, employer matching contributions, allocations of Plan earnings or losses, which are allocated proportionately among all participants based on their investment in each fund and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.25%, which is commensurate with local prevailing rates at the time of the loan. Principal and interest are paid ratably through weekly payroll deductions.

A participant vests according to the following schedule.

2	20%
3	40%

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a ten-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. A financial hardship withdrawal provision is available, enabling a participant to withdraw an amount to cover an immediate and heavy financial need, in accordance with current Internal Revenue Service regulations.

Forfeited Accounts

Participants that have terminated employment prior to full vesting in the employer contributions forfeit their non-vested portion of the employer contribution. The forfeited contributions are placed in an interest-bearing cash account and used to reduce current and future contributions to the Plan. At December 31, 2018 and 2017, there was approximately $2,000 and $37,000, respectively, available in forfeited accounts. These amounts will be used to reduce future contributions to the Plan. During the year ended December 31, 2018, employer contributions were reduced by approximately $34,000 through the utilization of forfeitures.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

The accounting principles and practices which affect the more significant elements of the financial statements are:

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for funds held in the common collective trust. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to the common collective trust because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant note receivable to be in default, the note receivable balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES – Continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for common collective trusts which are presented at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. The Plan presents in the statements of changes in net assets available for benefits, the net appreciation or depreciation in the fair value of its investments which consists of the realized gains and losses and the unrealized appreciation and depreciation of those investments.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and withdrawals are charged directly to the participant's account and are included in administrative expenses. Custodial fees charged by the trustee are charged to administrative expenses. Investment related expenses are included in net investment gain from investments.

Risks and Uncertainties

The Plan provides for various investment options in any combination of a variety of mutual funds. Investments in mutual funds are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain mutual funds and the level of uncertainty related to changes in the value of mutual funds and securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2019, which is the date the financial statements were available to be issued. The Plan has determined that no such events have occurred.

NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

NOTE 3 – INCOME TAX STATUS

The Employer has adopted the Lifetime Benefit Solutions Prototype Non-Standardized Profit Sharing Plan. The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service ruled that the prototype plan of Lifetime Benefit Solutions is acceptable under Section 401(a) of the Internal Revenue Code ("IRC") and, therefore, is not subject to federal income tax under present law. Although the plan has been amended and restated since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE 4 – FAIR VALUE

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") No. 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities that the Plan can access at the measurement date.

NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

NOTE 4 – FAIR VALUE – Continued

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Common Collective Trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that the securities liquidations will be carried out in an orderly business manner.

NOTE 4 – FAIR VALUE – Continued

Money Market Funds: Valued at cost which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 2,047	$ 0	$ 0	$ 2,047
Mutual Funds	5,169,083	0	0	5,169,083
Common Collective Trust (a)	0	0	0	163,166
Investments at Fair Value	$ 5,171,130	$ 0	$ 0	$ 5,334,296

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 37,528	$ 0	$ 0	$ 37,528
Mutual Funds	5,418,342	0	0	5,418,342
Common Collective Trust (a)	0	0	0	114,251
Investments at Fair Value	$ 5,455,870	$ 0	$ 0	$ 5,570,121

(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Common Collective Trust Fund	$ 163,166	N/A	Daily	30 Days

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust Fund	$ 114,251	N/A	Daily	30 Days

NOTE 5 – FINANCIAL INFORMATION CERTIFIED BY PLAN TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator has obtained a certification from Nationwide Trust Company, trustee of the Plan, that all of the information provided by them is complete and accurate. Information included in the accompanying financial statements as of and for the year ended December 31, 2018 and 2017 pertaining to investments, interest and dividend income, net investment gain (loss), notes receivable from participants, interest income on notes receivable from participants and all information in the supplemental schedule, is presented in reliance solely upon the certifications.

NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

NOTE 6 – PARTY IN INTEREST TRANSACTIONS

Nationwide Trust Company is the Trustee of the Plan and Lifetime Benefit Solutions serves as the Third-Party Administrator. As such, transactions between these parties and the Plan qualify as party-in-interest transactions. Fees paid by the Plan for the services amounted to approximately $45,000 and $46,000 for the years ended December 31, 2018 and 2017, respectively. Transactions involving notes receivable from participants also qualify as party-in-interest transactions.

NOTE 7 – PLAN TERMINATION

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.
