As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by John Hancock Life Insurance Company and Northern Trust Company, (collectively the "Custodians"), except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodians hold the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodians as of December 31, 2018 and 2017 and for the year ended December 31, 2018, that the information provided to the Plan Administrator by the Custodians are complete and accurate.

Their report, dated October 15, 2018, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Custodians, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note A – Description of Plan

The following description of the Greenspoon Marder 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established effective January 1, 1991 and amended and restated January 1, 2014. All employees of Greenspoon Marder, LLP and affiliates (the "Plan Sponsor"), with exception of union employees, leased employees and nonresident aliens, are immediately eligible to participate upon attaining the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration

The Plan is administered by Kenneth F. Hackett & Associates, Inc. ("Hackett & Associates") and the Plan Sponsor. Hackett & Associates serves as record keeper, maintains participant account records and prepares periodic valuations and reports. The Custodians of the Plan are The Northern Trust Company ("Northern Trust") for non-participant directed investments and John Hancock Life Insurance Company (U.S.A.) ("John Hancock") for participant directed investments.

Contributions

Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to Internal Revenue Code ("IRC") limitations. The maximum employee deferral for the years ended December 31, 2018 and 2017 was $ 18,500 and $18,000, respectively. A participant who has attained the age of 50 may also make catch up contributions, subject to IRS limitations of $6,000 for December 31, 2018 and 2017. The Plan also accepts eligible rollover distributions from qualified plans.

Employees are eligible for the Plan Sponsor matching and profit sharing contribution upon attainment of the age of 21 and the completion of one year of service. For the purpose of matching and profit sharing contributions, employees may enter the Plan on January 1, April 1, July 1, or October 1 coinciding with or next following the date they satisfy the eligibility requirements. For the year ended December 31, 2018, the plan did not have any profit sharing contribution.

The Plan Sponsor may make matching contributions, at its discretion to be determined each year, to each participant's accounts. Participants must be employed on the last day of the Plan year to receive the Sponsor's discretionary match. The discretionary match for the year ended December 31, 2018 was 25% of participants' deferrals, which was an employer receivable of $811,794.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching or non-elective contribution amounts, if applicable. Each participant's account shall be allocated earnings, gains, expenses, and losses with respect to the investments of the participant's account. Allocations of Plan earnings or losses are based on each participant's investment fund balance in proportion to the total investment fund balance.

Note A – Description of Plan (continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings or losses thereon. Vesting in Sponsor matching and profit sharing contributions is based on years of continuous service. A year of service is earned in each Plan year in which an employee completes at least 1,000 hours of service. A participant is 100% vested upon death, disability, retirement age, or after six years of credited service as follows:

Years of Services	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Distribution of Benefits

On termination of service due to death, disability or retirement, upon reaching the age of 59½ or for a qualifying hardship, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, as defined in the Plan agreement. If the participant's vested account balance exceeds $1,000, the Plan will allow the participant to elect when to commence distribution or permit a direct rollover to another qualified plan or IRA. If the vested account balance does not exceed $1,000, the Plan will distribute the balance in a lump-sum.

Investment Options

Under the Plan, participants currently have participant and non-participant directed investments for a total of 134 investment options. Participants may change their investment elections daily through a telephone access system or online system for participant directed investments. Investments with Northern Trust are non-participant directed and managed by Northern Trust.

Notes Receivable from Participants

Participant loans are not permitted by the Plan.

Forfeitures

At December 31, 2018 and 2017, forfeited non-vested accounts totaled approximately $8,000 and $14,000. These accounts will be used to pay Plan expenses and future Plan Sponsor matching contributions with any remaining amount. During the year ended December 31, 2018, the Company used approximately $21,000 to reduce contributions.

Note A – Description of Plan (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, each participant's account will become fully vested and nonforfeitable. All appropriate accounting provisions of the Plan will continue to apply until the accounts of all participants have been distributed.

Note B – Summary of Significant Account Policies

Basis of Presentation

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the changes in net assets available for benefits and disclosure of contingent assets and liabilities during the reporting period. Actual results could differ from these estimates.

Valuation of Investments

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contracts, which are reported at contract value as described in Note G. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded at the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments, and investment management service expenses are included in administrative expenses.

Fair Value Measurements

The FASB has established a framework for measuring fair value in ASC 820, *Fair Value Measurements*. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note B – Summary of Significant Accounting Policies (continued)

Fair Value Measurements (continued)

Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds held in pooled separate accounts ("PSA"): PSAs are valued at the net asset value ("NAV") provided by the custodian. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the trust, minus its liabilities, divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different that the reported NAV. There were no unfunded commitments to purchase investments at December 31, 2018 and 2017. Participant-directed redemptions have no restrictions and are recorded at the end of every business day.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Note C – Certified Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by the Custodians, except for comparing such information to the related information included in the financial statements and supplemental schedule. The Plan Administrator has obtained a certification from the Custodians that the information provided to the Plan Administrator by the Custodians as of December 31, 2018 and 2017, and for the year ended December 31, 2018, is complete and accurate. Such information includes all investments, investment income, and the information in the supplemental schedule of assets (held at end of year).

Note D – Income Tax Status

The Plan is a volume submitter profit sharing plan, sponsored by Sunguard Business Systems LLC, designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Sunguard Business Systems LLC received an opinion letter from the IRS, dated March 31, 2014, which states that the volume submitter plan was in compliance with the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRS.

The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements. The Plan is no longer subject to examination by taxing authorities for years prior to 2016.

Note E – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note F – Party-In-Interest Transaction

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an Plan Sponsor whose employees are covered by the Plan. Certain mutual funds and the fixed income annuity contract is managed by the Custodians. Transactions related to this investment qualify as party-in-interest transactions. Fees paid to the Custodians by the Plan for investment services amounted to approximately $214,000 during the year ended December 31, 2018.

Note G – Fully Benefit-Responsive Investment Contracts

Fully benefit-responsive investment contracts, at contract value, on the statement of net assets consist of the following investment(s):

Investment Type	Investment name	December 31, 2018	December 31, 2017
Guaranteed interest account	3 Year Compound	$ 33,355	$ 31,527

Note G – Fully Benefit-Responsive Investment Contracts (continued)

The Plan invests in guaranteed interest account (3 Year Compound, "the Fund") provided through a group annuity contract. The Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. As described in Note B, because the guaranteed interest account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest account. The investments are included in the financial statements at contract value as reported to the Plan by the Fund. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The fixed income annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Fair value of the investment contract at December 31, 2018 and 2017 closely approximates contract value and such, there is no adjustment reflected in the accompanying Statements of Net Assets Available for Benefits.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan,) (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures of spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exempt under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note H – Subsequent Events

Subsequent events have been evaluated through October 1, 2019, which is the date the financial statements were available to be issued.
