NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF PLAN:

The following description of the Exa Corporation 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering substantially all full-time employees of Exa Corporation (the "Company") who have attained age 21. Part-time employees and interns may be eligible for participation subsequent to completion of 1,000 hours of service within a plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to 60% of their gross compensation, as defined by the Plan, on a pre-tax basis, subject to Internal Revenue Code ("IRC") limitations. Participants who are at least age 50 may make an additional "catch-up" contribution subject to IRC limitations. Participants may also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements. The Company may elect to make discretionary matching contributions for eligible participants. During 2018, the Company matched 50% of each participant's contributions up to 6%, for a maximum match of 3% of eligible plan compensation. The Company may also make discretionary non-elective contributions for employees who are employed on the last day of the plan year or have completed 501 hours of service. During the year ended December 31, 2018, no discretionary non-elective contributions were made to the Plan.

Participant Accounts

Each participant's account is credited or charged with the contributions, investment income, and administrative expenses. Investment income, including realized and unrealized gains and losses, and expenses are allocated to participants' accounts based on each participant's account balance within each fund. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document.

Vesting

Participants are immediately vested in their deferral, rollover contributions and actual earnings thereon. Participants become 100% vested in the Company's contributions and earnings thereon upon death, disability or attainment of normal retirement age. Otherwise, a participant's interest in the Company's contributions and earnings thereon vests according to the following schedule:

EXA CORPORATION 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

<u>Completed Years of Service</u>	<u>Vesting Percentages</u>
0	0%
1	50%
2	100%

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of a participant's account represents a forfeiture, as defined by the Plan. If a forfeiting participant is re-employed and fulfills certain requirements, as set forth in the Plan, the participant's account will be restored. Any remaining forfeitures shall be used to pay plan expenses or to reduce Company contributions. Forfeitures of \$9,705 were used to reduce employer contributions, and \$500 were used to pay plan expenses during 2018. The outstanding balance in forfeitures at the time of the merger was \$74,033 was transferred to the Dassault Systemes Employee Savings Plan Plus plan. Unallocated forfeitures were \$0 and \$54,553 as of December 31, 2018 and 2017, respectively.

Distribution of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Participants may elect a distribution in the form of a lump sum.

A participant may also request a withdrawal upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate.

Notes Receivable from Participants

A participant shall be entitled to a loan up to the lesser of 50% of the participant's vested account balance or \$50,000. The minimum loan amount that may be taken is \$1,000. Loans must bear a reasonable rate of interest. Loans are collateralized by the participant's vested interest in the Plan, and are supported by a promissory note. All loans must be repaid within 5 years unless the proceeds are used to purchase a primary residence, in which case a longer repayment period may be allowed. No more than two loans may be outstanding at any time. Participant loans are valued at the unpaid principal balance plus any accrued but unpaid interest and categorized as notes receivable from participants on the statements of net assets available for plan benefits. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

NOTES TO FINANCIAL STATEMENTS

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Expenses of the Plan

Substantially all of the administrative expenses incurred by the Plan are paid by the Company. Participant transaction and investment fees incurred by the Plan are paid by the Plan.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

EXA CORPORATION 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

C. FAIR VALUE MEASUREMENTS:

Accounting standards establish a framework for measuring fair value. That framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 - Inputs to the valuation methodology that are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds – Valued at the net asset value of the shares held by the Plan at year end as determined by quoted market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no assets held for investment as of December 31, 2018.

EXA CORPORATION 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 23,893,704	\$ 23,893,704	\$ -	\$ -
Total investments in the fair value hierarchy	\$ 23,893,704	\$ 23,893,704	\$ -	\$ -

D. TAX STATUS:

The Plan has adopted the volume submitter profit sharing plan document of Fidelity Management & Research Company. The volume submitter sponsor received a favorable opinion letter dated March 31, 2014 in which the Internal Revenue Service stated that the form of the volume submitter plan was in compliance with the applicable requirements of the IRC. The Plan has since been amended. However, the plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC, and that the related trust is therefore tax-exempt.

E. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedule. The trustee has certified as to the completeness and accuracy of the investments (including notes receivable from participants) held by the Plan as of December 31, 2018 and 2017, the investment earnings and other investment-related transactions of the Plan for the year ended December 31, 2018, and the information contained in the supplemental Schedule of Assets (Held at End of Year).

F. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and transactions with investment funds managed and held by the trustee are considered party-in-interest transactions.

G. PLAN TERMINATION:

The Plan was established with the intention that it will continue indefinitely. However, the Company reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their accounts.
