INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
Globetrotters Engineering Corporation Employees' Profit Sharing & Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements (modified cash basis) of Globetrotters Engineering Corporation Employees' Profit Sharing & Retirement Savings Plan ("Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting, a comprehensive basis of accounting described in Note B, this includes determining the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D., which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2018 and 2017 and for the year ended December 31, 2018, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

As discussed in Note B., these financial statements were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

The supplemental schedule of assets (held at end of year) for the year ended December 31, 2018 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America, and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

GLOBETROTTERS ENGINEERING CORPORATION
EMPLOYEES' PROFIT SHARING & RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

A. Description of Plan

The following description of the Globetrotters Engineering Corporation ("Company") Employees' Profit Sharing & Retirement Savings Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General.* The Plan is a defined contribution plan covering all employees who have three months of service and are age twenty-one or older. The Plan covers employees of Globetrotters Engineering Corporation, Globetrotters International, Inc., Facilities Management Group LLC, and Shah PC. It is subject to the provisions of the Employee Retirement Income and Security Act (ERISA) of 1974.

2. *Contributions.* Each year, participants may contribute up to 50 percent of their pretax annual compensation, up to a maximum of $18,500 and $18,000 in 2018 and 2017, respectively, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company shall make a non-discretionary matching contribution of 50 percent of each participant's first 4 percent of contributions for the Plan year. In addition, the Company may also make a discretionary profit sharing contribution during any Plan year. Contributions are subject to certain limitations. The Plan also provides that participants who are age 50 or older, and who are making contributions to the Plan may also make a catch-up contribution (not previously made) of up to $6,000 in 2018 and 2017.

3. *Participant Accounts.* Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings, (c) forfeitures of terminated participants' non-vested accounts, and (d) administrative expenses. Allocations are based on participant earnings on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

4. *Vesting.* Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credit service.

5. *Notes Receivable from Participants.* Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of 50 percent of the vested portion of their account balance, not to exceed $50,000. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate determined by the Plan Administrator. The note is required to be paid (principal and interest) in amortized level payments, not less frequently than quarterly, over a period not extending beyond five years from the date of the note; provided, however, that if the proceeds of the note will be used to purchase a principal residence of the participant, the repayment schedule may be for a term up to ten years.

(continued)

A. Description of Plan (continued)

6. *Payments of Benefits.* On termination of service due to death (beneficiary), disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest (100 percent upon death) in his or her account in either a lump-sum amount, annuity, or installments. Alternatively, participants can choose to defer receipt of their distribution until, by law, minimum distributions are required. However, if the participant's vested account balance is $5,000 or less, the balance will be distributed in a lump-sum payment.

7. *Forfeited Accounts.* For the years ended December 31, 2018 and 2017 the Plan collected $8,115 and 12,597 of forfeited non-vested accounts. The Plan used $22,272 and $14,317 to reduce Company contributions for the years ended December 31, 2018 and 2017. For the years ended December 31, 2018 and 2017, forfeited non-vested accounts totaled $11,057 and $25,214, respectively.

B. Summary of Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the modified cash basis of accounting. The modified cash basis of accounting is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under the cash basis of accounting, income is recorded when received and expenses are recorded when paid. The modification is for the recording of investments at fair value (modified cash basis) rather than on a comprehensive cash basis of reporting as ascribed to in the auditor's report.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Quoted market prices are used to determine the fair value of investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded when received.

Fully Benefit-Responsive Investment Contracts
As described in the accounting guidance applicable to reporting of fully benefit-responsive investment contracts held by certain investment companies subject to the AICPA Investment Company Guide and contracts defined-contribution health and welfare and pension plans, and as discussed below under Accounting Guidance Adopted in 2015, investment contracts held by a defined-contribution plan are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the applicable accounting guidance, the Statement of Net Assets Available for Benefits and Statement of Changes in Net Assets Available for Benefits are prepared on a contract value basis for fully benefit-responsive investment contracts. The change in the difference between fair value (contract value for fully benefit-responsive investment contracts) and the cost of investments is reflected in the Statement of Changes in Net Assets Available for Benefits as a component of net appreciation in fair value of investments.

Payment of Benefits
Benefits are recorded when paid.

B. Summary of Accounting Policies (continued)

Notes Receivable From Participants
Notes receivable from participants are measured at their unpaid principal balance. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded for the years ending December 31, 2018 and 2017. If a participant ceases to make loan repayments and the Plan Administrator deems the participant to be in default, the participant loan is reduced and a benefit payment is recorded.

Risks and Uncertainties
The Plan provides for various investment options in a combination of mutual funds to the participants. The participants' investments in these securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the future Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Estimates
Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts and disclosures. Actual results could differ from those estimates.

C. Certified Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the custodian of the plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, the Supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2018 and the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018.

D. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the employer contributions in their account.

E. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan administrator has analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

F. Related-Party Transactions

The Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to $41,105 for the year ended December 31, 2018.

G. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available per the financial statements at December 31, 2018 and 2017 to Form 5500.

	2018	2017
Net assets available for benefits per the financial statements	$ 12,708,413	$ 13,625,678
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	(13,960)	(884)
Net Assets per the Form 5500	$ 12,694,453	$ 13,624,794

The following is a reconciliation of net loss per the financial statements at December 31, 2018 to Form 5500.

	2018
Net decrease per the financial statements	$ (917,265)
Less: 2018 Adjustment from contract value to fair value for fully benefit-responsive investment contracts	(13,960)
Plus: 2017 Adjustment from contract value to fair value for fully benefit-responsive investment contracts	884
Net Loss per the Form 5500	$ (930,341)

H. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, if fair value focuses on the price that would be received to sell the asset or paid to transfer the liability regardless of whether an observable liquid market price existed (an exit price). An exit price valuation will include margins for risk even if they are not observable. As the Plan is released from risk, the margins for risk will also be released through net realized capital gains (losses) in changes in net assets. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Inputs to the valuation methodology include quoted prices for similar assets or liabilities in inactive markets.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Level 3 assets and liabilities measured at fair value are based on one or more of the three valuation techniques:

- Market approach – Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities.
- Cost approach – Amount that would be required to replace the service capacity of an asset (replacement cost).
- Income approach – Techniques that convert future amounts to a single present amount based on market expectations (including present value techniques, option pricing models, and lattice models).

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

H. Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Interest bearing cash: Valued at quoted market prices.

Mutual funds: Valued at the net asset value of shares (NAV) held by the Plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

Guaranteed investment contract: The fair value of the guaranteed investment contract has been determined to approximate contract value. Contract value is based upon a cost approach, which is equal to principal plus accrued interest.

The following tables set forth by level, within the fair value hierarchy, are the Plan's assets at fair value as of December 31, 2018 and 2017.

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Interest Bearing Cash	$ 58,193	$ 0	$ 0	$ 58,193
Mutual Funds	11,208,735	0	0	11,208,735
Total Assets at Fair Value	$ 11,266,928	$ 0	$ 0	$ 11,266,928

	Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Interest Bearing Cash	$ 67,448	$ 0	$ 0	$ 67,448
Mutual Funds	12,088,923	0	0	12,088,923
Total Assets at Fair Value	$ 12,156,371	$ 0	$ 0	$ 12,156,371

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net depreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

I. Common/Collective Trust

The Fidelity Stable Value Portfolio ("Portfolio") is a collective trust investment and not a mutual fund. The trust is managed by Fidelity Management Trust Company and seeks to preserve principal while maintaining a stable net asset value of $1 per share. The Portfolio invests in short-term bonds, U.S. treasury bonds, corporate bonds, mortgage-backed securities, commercial mortgage-backed securities, asset-backed securities, derivative instruments, including futures, options and swaps. Third party wrap contracts are utilized to maintain a constant net asset value and to provide for the payment of participant-directed withdrawals and exchanges at contract value in most circumstances.

The Portfolio also invests in guaranteed investment contracts that provide for a guaranteed return on principal invested over a specified time period. Since the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefit.

The guaranteed investment contract is presented on the face of the Statements of Net Assets Available for Benefits at contract value.

Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2018 and 2017 was $1,346,671 and $1,390,269, respectively.

The average yields earned by the guaranteed investment contract are as follows:

	2018	2017
Based on actual earnings	2.55%	2.25%
Based on interest rate credited to participants	1.74%	1.39%

K. Subsequent Events

The Plan had no material subsequent events. The Plan has evaluated subsequent events through September 30, 2019, the date the financial statements were available to be issued
