Note 1 - Plan description

The following description of the Educate, Inc. 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all part-time and full-time regular employees of Educate, Inc. (the "Company"). Participants must complete one year of service with 800 hours of service, and be employed as of the last day of the Plan year in order to be eligible for employer matching and discretionary contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All investment programs are participant-directed. As of December 31, 2018, the Plan offered 28 investment options into which participants may direct their investments. Participants have the opportunity to change their investment options daily.

Contributions

Participants may contribute any percentage of their pretax annual compensation, not to exceed net take-home pay, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participant contributions are subject to certain annual limitations set forth by the Internal Revenue Service ("IRS"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. For the year ended December 31, 2018, the Company made a discretionary matching contribution equal to up to 30% of the first 5% of a participant's compensation that is deferred to the Plan. As of December 31, 2018 and 2017, $112,487 and $74,542 of such contributions remain receivable, respectively.

Participant accounts

Each participant account is credited with the participant's contribution and an allocation of: (a) the Company's contribution; (b) Plan earnings; and (c) forfeitures of additional Company discretionary contributions related to terminated participants' nonvested accounts, if any. Allocations are based on participant earnings or account balances, as defined. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Company's discretionary matching contributions plus earnings thereon is based on years of continuous service at a rate of 33⅓% per year, including the first year of service. A participant is 100% vested after three years of service.

Notes receivable from participants

Participants may borrow from their account balances a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. Principal and interest are repaid ratably through payroll deductions over loan terms, which generally do not exceed five years. Interest is charged at a rate between 4.25% and 6.00% per annum on all outstanding loans as of December 31, 2018.

Payment of benefits
On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Hardship withdrawal is allowed but is limited to certain types of contributions, as defined.

Forfeited accounts
Participants terminating employment prior to becoming 100% vested forfeit any nonvested contributions and earnings thereon. Forfeitures may be used to reduce employer contributions, pay administrative expenses of the Plan or to restore participant account balances required to be reinstated during the plan year if a participant resumes employment with the Company and other relevant conditions are satisfied. At December 31, 2018 and 2017, forfeited nonvested accounts totaled $358 and $436, respectively. During 2018, employer contributions were reduced by $372 from forfeited nonvested accounts.

Note 2 - Summary of significant accounting policies

Basis of accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants
Participant notes receivable are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent events
The Plan has evaluated subsequent events through October 10, 2019, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,110,268	$ -	$ -	$ 9,110,268
Total assets in the fair value hierarchy	9,110,268	-	-	9,110,268
Investments measured at NAV (a)	-	-	-	136,258
Total investments at fair value	$ 9,110,268	$ -	$ -	$ 9,246,526

	2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,288,212	$ -	$ -	$ 10,288,212
Total assets in the fair value hierarchy	10,288,212	-	-	10,288,212
Investments measured at NAV (a)	-	-	-	62,107
Total investments at fair value	$ 10,288,212	$ -	$ -	$ 10,350,319

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

For the years ended December 31, 2018 and 2017, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Fair value of investments in entities that use NAV

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2018 and 2017, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

2018	Fair value	Underfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
INVESCO Stable Value Trust	$ 136,258	N/A	Daily	24 Months

2017	Fair value	Underfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
INVESCO Stable Value Trust	$ 62,107	N/A	Daily	24 Months

Note 4 - Related party transactions and party-in-interest transactions

Certain Plan investments are shares of mutual funds managed by American Funds. American Funds is the third-party administrator as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fees paid by the Plan to Capital Research & Management Company for recordkeeping services amounted to $1,605 for the year ended December 31, 2018. Fees paid by the Plan and deducted from participant accounts for administrative expenses amounted to $25,400 in 2018.

Note 5 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6 - Tax status

The Internal Revenue Service (the "IRS") has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). Although the Plan has been amended since receiving this determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2018 and 2017, and investment income and interest income on notes receivable from participants for the year ended December 31, 2018, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee of the Plan.

Note 9 - Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018 and 2017 to Form 5500:
