1. Plan Description

The following description of The Caddell Dry Dock & Repair Co., Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering employees of The Caddell Dry Dock & Repair Co., Inc. (the "Company") who have at least one month of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is an adoption of a TD Ameritrade Trust Company Non-Standardized 401(k) Profit Sharing Plan, effective January 1, 2015. A subsequent adoption agreement became effective June 20, 2017. The adoption had no effect on the Plan benefits.

Contributions

Each year, participants may contribute through salary reduction up to 90% of eligible compensation as defined by the Plan, subject to annual statutory limit determined by the Internal Revenue Code ("IRC"). Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions in accordance with provisions of the IRC. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are enrolled in the Plan, unless they affirmatively elect not to participate. Automatically enrolled participants initial deferral amount is set at 3% of eligible compensation with a 1% increase each year up to a maximum of 10%. If the automatically enrolled participant has not selected the investment, the contributions are invested in a designated balanced fund until changed by the participant.

The Employer may make a discretionary matching contribution equal to a uniform percentage of the participant's salary deferral, determined by the employer. In addition, the Employer may make a discretionary profit sharing contribution. During the years ended December 31, 2018 and 2017, the Company elected not to make any Employer contributions.

Participant accounts

Each participant's account is credited with the participant's contribution, employer contributions, if any, and an allocation of Plan earnings. Participant accounts are charged with direct expenses and an allocation of Plan expenses. Allocations are based on participant earnings, account balances or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the individual participant's vested account.

1. Plan Description, continued

Vesting

Participants are immediately vested in their salary reduction contributions and rollover accounts plus actual earnings thereon. Vesting in employer discretionary contributions are based on years of service. Such contributions, if any, vest in accordance with the Plan's vesting schedule. A participant is vested after six years of credited service.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance. Loan terms range from one to five years, however if the loan is for the purchase of a principal residence, the Plan Administrator may permit a longer repayment term. Loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent, which is fixed at the time of the loan. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the participant's vested interest in his or her account, a partial withdrawal or in installments over a period not greater than the participant's or the participant's spouse's assumed life expectancy determined at the time of distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Participants are eligible for in-service distributions from their account upon attaining the age of 59½ years. Hardship withdrawals are also permitted.

Forfeited accounts

Forfeited non-vested account balances, may be applied to pay Plan expenses, or may be used to reduce future employer contributions. At December 31, 2018 and 2017, forfeited, non-vested accounts were $14,743, for both years.

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies, continued

Investment valuation and income recognition

Investments are stated at fair value based upon the certification statement from TD Ameritrade Trust Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded when they are paid to the Plan. Net appreciation (depreciation) in the statement of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold as well as held during the years.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent participant loans are recorded as distribution based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of participants accounts are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of the fair value of investments.

3. Information Certified by TD Ameritrade Trust Company

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the Custodian, TD Ameritrade Trust Company had supplied the Plan's administrator with a certification as to the completeness and accuracy of all information regarding investment assets, notes receivable from participants, transactions, and income presented in the Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017 and the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018 and the Supplemental Schedule of Assets Held at End of Year as of December 31, 2018.

4. Fair Value Measurements

FASB ASC 820, "*Fair Value Measurements*" establishes a framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs derived principally from, or corroborated by, observable market data, by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of units held by the Plan at year end. The NAV per unit is calculated daily and is based on the value of the underlying investments held by the trust. The NAV is used as a practical expedient to estimate fair value.

4. Fair Value Measurements, continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2018 and 2017.

	Assets at fair value as of December 31, 2018			
Description	Level 1	Level 2	Level 3	Total
Assets:				
Mutual funds	$ 6,207,634	$ -	$ -	$ 6,207,634
Total assets in the fair value hierarchy	6,207,634	-	-	6,207,634
Investments measured at net asset value (a):				
Common collective trust	-	-	-	899,223
Investments at fair value	$ 6,207,634	$ -	$ -	$ 7,106,857

	Assets at fair value as of December 31, 2017			
Description	Level 1	Level 2	Level 3	Total
Assets:				
Mutual funds	$ 6,163,962	$ -	$ -	$ 6,163,962
Total assets in the fair value hierarchy	6,163,962	-	-	6,163,962
Investments measured at net asset value (a):				
Common collective trust	-	-	-	865,802
Investments at fair value	$ 6,163,962	$ -	$ -	$ 7,029,764

(a) In accordance with Subtopic ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the fair value of the Plan's investments presented in the statements of net assets available for benefits.

4. Fair Value Measurements, continued

Investments Measured Using The Net Asset Value per Share Practical Expedient

In accordance with the fair value measurements and disclosure guidelines; the following table summarizes investments for which fair value is measured using the net asset value per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment	2018 Fair value	2017 Fair value	Unfunded commitments	Redemption frequency and notice period
Common collective trust – Reliance Trust Company Stable Value Fund	$ 899,223	$ 865,802	N/A	Daily

5. Related Party Transactions and Party-in-Interest Transactions

A party-in-interest is defined under DOL Regulations as any fiduciary of the Plan any party rendering service to the Plan, the employer and certain others. As described in Note 2, certain fees are paid from the Plan assets. Therefore, payments to such service providers by the Plan qualify as party-in-interest. The Plan makes loans to participants and therefore, these transactions qualify as parties-in-interest transactions.

Certain Plan investments include shares of mutual funds and common collective trust managed by TD Ameritrade Trust Company. TD Ameritrade Trust Company was the trustee and custodian as defined by the Plan until June 20, 2017. Subsequent to that, TD Ameritrade Trust Company is the Custodian of the Plan. These transactions qualify as party-in-interest transactions. Fees incurred by the Plan for record-keeping, custodial and trustee services are included in net appreciation (depreciation) in the fair value of investments as they are paid through revenue sharing, rather than a direct payment.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right to terminate the Plan, subject to the provisions of ERISA. Upon Plan termination, participants become 100% vested in their account balance. The net assets of the Plan will be allocated as prescribed by ERISA and regulations pursuant thereto.

7. Tax Status

The Plan has adopted the TD Ameritrade Trust Company Non Standardized 401(k) Profit Sharing Plan. The IRS has determined and informed TD Ameritrade Trust Company by an advisory letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the advisory letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various financial risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. Subsequent Events

The Plan has evaluated subsequent events through October 11, 2019, which is the date the financial statements are available for issuance.
