Associated administrative expenses of the Plan are paid by the Partnership with minimal fees paid by the Plan participants.

Forfeitures - On or before each anniversary date, any amounts that become forfeitures since the last anniversary date may be made available to be used to pay administrative expenses of the Plan. The remaining forfeitures, if any, shall be used to reduce employer contributions. For the period of July 1, 2018 to December 31, 2018, forfeitures on behalf of employees amounted to $57.

Contributions - Participants may elect to contribute up to the amount allowable under the current IRS rules and regulations. Pursuant to the Plan document, the Partnership may make discretionary employer contributions which are determined by Partnership management on an annual basis. For the 2018 plan year, the match has equaled 56% of the employees' elective deferrals. The Partnership may also make additional discretionary matching or pro-rata employer contributions as deemed necessary by Partnership management. For the period of July 1, 2018 to December 31, 2018 matching contributions amounted to $76,277. The Plan is participant directed, and participants may change their contribution rates and investment options at any time. Rollover contributions are permitted only by employees who have satisfied the conditions for participation.

Participant Accounts - Each participant's account is credited with the participant's contribution, benefit payments or withdrawals, the employer's contributions, and allocation of the Plan's earnings or losses. Earnings and losses are allocated daily based on the ratio of an individual's account balance to the total account balances of all participants in the same investment. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Payment of Benefits - Benefits under the Plan are payable in a lump sum of cash or property allocated to the participants account for any of the following reasons: a) retirement on or after age 59 1/2, b) hardship, c) total and permanent disability, d) death, e) termination of employment, f) a federally declared disaster, g) participant's service in the uniformed services while on active duty for a period of at least 30 days, h) plan termination, or i) required distributions for participants turning 70 ½ years of age. Benefits are recorded when paid.

For vesting purposes, a participant must complete 1,000 hours of service in the first 12 months of employment or during any subsequent Plan year to qualify for a year of service.

Plan Termination - Although it has not expressed the intention to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires trustees to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Basis of Presentation - The accompanying financial statements have been prepared on the accrual basis of accounting and present the net assets available for plan benefits and changes in those net assets.

Federal Income Taxes - The Internal Revenue Service (IRS) has determined and informed the Plan administrator by a letter dated March 31, 2014, that the Prototype Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Therefore, no provisions for income taxes has been included in the Plan's financial statements.

5. **PROHIBITED TRANSACTIONS**

According to Department of Labor Regulation 2510.3-102, all participant contributions are considered to be employee contributions under ERISA and generally constitute Plan assets that should be credited to participant accounts as soon as practicable, but in no event more than the 15th business day following the end of the month in which amounts are contributed by employees or withheld from their wages. 6. **FAIR VALUE MEASUREMENTS**

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1: Unadjusted quoted prices in active markets for identical assets and have the highest priority;
Level 2: Observable inputs other that quoted prices for identical assets; or
Level 3: Unobservable and have the lowest priority.

6. **FAIR VALUE MEASUREMENTS** (continued)

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 and Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements: The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual fund held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	2018 Fair Value Measurements Using		
	Level 1	Level 2	Level 3
Registered Investment Companies	$ 336,326	$ -	$ -

9. RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

10. PARTIES-IN-INTEREST

Certain fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party-in-interest transactions; see also footnote 2.
