Note 1 - Plan Description

The following description of David S. Smith (Holdings) America, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a 401(k) salary reduction arrangement covering all employees of David S. Smith (Holdings) America, Inc. and David S. Smith America, Inc. (collectively, the "Sponsor") who are not subject to a collective bargaining agreement for which retirement benefits have been the subject of good faith negotiations or are not leased employees. Employees are required to be at least 21 years of age, complete six months of continuous service, and have at least 1,000 hours of service during the 12-month period beginning with the date the employee first performs an hour of service in order to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee Contributions

Participants may contribute pretax salary deferrals or Roth after-tax contributions up to 40 percent of annual compensation, as defined in the Plan, subject to the maximum tax-deferred limitation established by the Internal Revenue Code. Participants are automatically enrolled with a 5 percent deferral in the Plan within a reasonable period of time after meeting the eligibility requirements, unless they affirmatively decline to participate in the Plan. In addition to new participants, any eligible participant of the Plan who was contributing to the Plan at a rate of less than 5 percent was automatically enrolled at a contribution rate of 5 percent, unless the participant had previously opted out of the Plan. All participants who are contributing less than 10 percent on a pretax basis will have their contribution rate automatically increased 1 percent as of the first pay date following each January 1 up to a maximum 10 percent, unless the participant opts out of the Plan or changes their deferral rate. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

There were delinquent contributions of $666 and $3,838 during the plan years ended December 31, 2018 and 2017, respectively. The Sponsor corrected the 2018 and 2017 late contributions and remitted all lost earnings to the Plan during 2019 and 2018, respectively.

Matching Contributions

For the year ended December 31, 2018, the Sponsor made required matching contributions of 100 percent for the first 3 percent and an additional 50 percent of the next 2 percent of base compensation that a participant contributed to the Plan. Matching contributions are invested directly into various investment options as directed by the participant.

Discretionary Profit-sharing Contributions

The Sponsor may also make discretionary profit-sharing contributions at the option of the Sponsor's board of directors. Profit-sharing contributions are allocated according to the ratio of each participant's eligible compensation to the total eligible compensation paid to all participants for the plan year. The Sponsor made no discretionary contributions in 2018.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Sponsor's contribution and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Note 1 - Plan Description (Continued)

Vesting

Participants are immediately fully vested in their contributions, rollovers, and the Sponsor's safe harbor matching contributions to the Plan plus earnings thereon. Vesting in the Sponsor's discretionary contributions plus earnings thereon is based on years of continuous service beginning at 20 percent after two years of service and increasing 20 percent for each year of continuous service thereafter. A participant is 100 percent vested after six years of service with the Sponsor.

Participant Notes Receivable

Participants may borrow a minimum of $1,000 up to the maximum equal to the lesser of $50,000 or 50 percent of their vested account balances. The participant notes receivable are secured by the balance in the participant's account, and participant note receivable terms generally range from one to five years, unless the participant note receivable is for the purchase of a principal residence, in which case the participant note receivable term may be longer. The notes bear interest at 1 percent above the prime rate. Principal and interest are paid ratably through monthly payroll deductions.

Benefit Payments

Upon termination of employment, disability, or retirement, the participant or, in the case of death, the beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Hardship Withdrawals

Participants may request hardship withdrawals for extreme hardships, pursuant to plan requirements, not to exceed the total amount of employee contributions to date. Participants receiving hardship withdrawals are prohibited from contributing to the Plan for a period of six months from the date of the withdrawal.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions that would otherwise be made for the plan year.

Termination

While it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan document and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (the "Custodian") or its affiliates. Principal Trust Company is the custodian, as defined in the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value.

Note 2 - Summary of Significant Accounting Policies (Continued)

The common collective trust fund and pooled separate accounts are valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the funds' underlying assets. All other investments are valued based on quoted market prices reported in active markets. See Note 4 for additional information.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Sponsor.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 4, 2019, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company holds the Plan's investments and participant notes receivable and executes related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Custodian.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Note 4 - Fair Value Measurements (Continued)

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2018 and 2017:

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2018	
	Investments (at Fair Value)	Level 1
Mutual funds	$ 5,765,000	$ 5,765,000
Investments measured at NAV:		
Pooled separate accounts	14,853,774	
Common collective trust fund	1,375,339	
Total investments at fair value	$ 21,994,113	

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2017	
	Investments (at Fair Value)	Level 1
Mutual funds	$ 6,284,941	$ 6,284,941
Investments measured at NAV:		
Pooled separate accounts	14,368,915	
Common collective trust fund	1,179,519	
Total investments at fair value	$ 21,833,375	

There were no unfunded commitments or redemption restrictions on the investments described above.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2018.

Note 5 - Tax Status

The Plan has received a determination letter dated October 29, 2014 from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.
