NOTE 1 - Description of the Plan

The following description of the Modern Disposal Services, Inc. 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Modern Disposal Services, Inc., Lewiston Trucking, Inc., Modern Landfill, Inc., Modern Recycling, Inc., Natural Environmental, Inc., H2GRO, LLC (2017 only), Buffalo Recycling Enterprises, LLC and effective September 1, 2018 Modern Portable Toilets, Inc. (the Participating Companies) who have completed 90 days of service (one year of service in 2017) and attained age twenty-one. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Restatement of Existing Plan and Amendment

Effective January 1, 2018, a new plan adoption agreement was entered into with the Principal Financial Group that is a restatement of the existing Plan. The new adoption agreement is essentially the same as the prior one with some changes including a 90 day versus 1 year eligibility requirement, a Roth contribution option, loans without a hardship purpose and other revisions as stated in the agreement. H2GRO, LLC is not included in the Plan in 2018 since they are no longer in business. Effective September 1, 2018 the Plan was amended to cover the employees of Modern Portable Toilets, Inc.

Contributions

Each year, participants may contribute up to 75% of their compensation on a pre-tax basis, as defined in the Plan and effective January 1, 2018, participants may elect to designate all or any portion of their elective deferral contributions as Roth post-tax contributions. Those who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions to the Plan. Participants direct their contributions into various investment options offered by the Plan. Contributions are subject to certain statutory limitations.

The Participating Companies provide matching contributions based on a discretionary percentage allocated proportionate to the participant's elective deferral. The matching contribution for 2018 and 2017 was 50% of the participant's elective deferral up to 6% of their compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Participating Companies' matching contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - Description of the Plan (Continued)

Vesting

Participants are immediately vested in all contributions withheld from employees plus actual earnings thereon. Vesting in the Participating Companies' contribution portion of their accounts is based upon years of service. A participant is 100% vested after three years of credited service or upon death (if an employee). No vesting occurs during the first two years of service.

Forfeitures

Forfeitures of participants unvested employer matching contributions and earnings thereon may be used to pay administrative expenses of the Plan or to reduce employer contributions. In 2018 no forfeitures were used to pay administrative expenses or reduce employer contributions and in 2017 $444 of forfeitures were used against administrative expenses. As of December 31, 2018, there are $8,243 of forfeitures that remain unallocated and available for 2019.

Operating Expenses

In the year ended December 31, 2018, none of the Plan's administrative expenses were paid by any of the Participating Companies.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their account balance. In 2017 and prior years, the loans were only available if they were used for specific purposes as described in the Plan. The loans are secured by the vested balance in the participant's account and bear interest. For 2018, the interest rate is determined by the loan administrator and was prime plus 2%. For 2017 and prior, the interest rates were set at prime rate plus 1%. All loans are required to be repaid within five years, unless such loan is for the purchase of a participant's primary residence, in which case the loan must be repaid within ten years from the date of the loan. Principal and interest is paid ratably through weekly payroll deductions. In the event of default, the Plan has the right to pursue any remedy available by law to satisfy the amount due.

Payment of Benefits

On a participants retirement date, the vested account shall be distributed to the participant in a single sum payment, a fixed period installment option or a fixed payment installment option. For a death benefit, a single sum payment or any annuity that is an optional form of retirement benefit. If the value of a participant's vested account balance does not exceed $5,000, the participant's entire vested account shall be distributed as of the earliest of his retirement date, the date he dies, or the date he has a severance from employment for any other reason. Other withdrawals are permitted for the vested portion of rollover contributions, hardship withdrawals (as defined by the Plan) and participants who have attained the age of 59 1/2.

NOTE 2 - Summary of Significant Accounting Policies

Plan Termination

The Company expects to continue the Plan indefinitely, but reserves the right to terminate the Plan in whole or in part at any time upon giving written notice to all parties concerned. In the event of Plan termination (or partial termination), the account of each participant (or the participants deemed to be affected by a partial termination) shall be 100% vested and nonforfeitable as of the effective date of the termination (or partial termination).

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued interest. Related fees are charged directly to the borrowing participant's account and are included in the administrative expenses when incurred. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded. If any payment of principal or interest remains unpaid for more than 90 days after due, the loan is in default and the participant shall than be treated as having received a deemed distribution.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid and include deemed distributions of participant loans.

NOTE 3 - Fair Value Measurements

The fair value measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments in which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Level 2 Fair Value Measurements

The fair value of the underlying funds and securities is used to determine the net asset value (NAV) of the common/collective trust and pooled separate accounts both of which are not publicly quoted. The common/collective trusts invest in growth and value stocks of small, medium and large market capitalization companies, fixed-income securities, domestic and foreign securities, investment companies (including index funds), securitized products, U.S. government and U.S. government-sponsored securities and derivatives. The pooled separate accounts are all index-based stock investments and invest in the stocks of the index they track through a group annuity contract.

Common/Collective Trusts Valued at Net Asset Value

In each of the years 2017 and 2018, the Plan had a stable value investment fund which are common collective trust funds that are valued at NAV per share since there is no public market for the funds. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund, minus its liabilities, then divided by the number of shares outstanding. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

NOTE 3 - Fair Value Measurements (Continued)

The following table sets forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

	Investments at Fair Value as of December 31, 2018

(a) In accordance with ASC Topic 820, the net asset per unit are not classified in the fair value hierarchy and are included to permit reconciliation to the statements of net assets available for benefits

Investment Income for the year ending December 31, 2018 is composed of the following:

Realized Gain on Sale of Investments	$ 375,499
Unrealized Gain (Loss) on Investments	(2,040,095)
Dividends	12,810
	(1,651,786)

Certified Investments

The investments and notes receivable from participants held at December 31, 2018 and 2017, and investment income for the year ended December 31, 2018, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Plan's custodian.

NOTE 4 - Party-In-Interest Transactions

The Plan receives services from a third party contract administrator, an asset custodian, an investment advisor and a certified public accounting firm that qualify as party-in-interest transactions. The fees paid by the Plan in 2018 for these services amounted to $54,681.

NOTE 5 - Tax Status

On March 31, 2016, the Plan adopted the CCH Incorporated DBA FTWilliam.com Volume Submitter Profit Sharing Plan with CODA (cash or deferred arrangement). The CCH Incorporated DBA FTWilliam.com plan received an Internal Revenue Service determination letter March 31, 2014 in which they stated that the plan is acceptable under section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and the related trust is tax-exempt.

Effective April 1, 2016 there was a restatement of the previously-adopted Plan. The only change to the Plan was that the employer matching contribution was changed to 50% of the participant's elective deferral of the first 6% of eligible compensation (from the first 10%). Participant contributions in excess of 6% of eligible compensation are not considered for matching employer contributions.

On January 1, 2018, the Plan adopted the Principal Life Insurance Company Prototype Non-standardized Profit Sharing Plan with CODA (cash or deferred arrangement). This Prototype Non-standardized Profit Sharing Plan received an Internal Revenue Service determination letter March 31, 2014 in which they stated that the plan is acceptable under section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and the related trust is tax-exempt.

The Plan files an annual Federal Form 5500 which is subject to audit. The tax years that remain subject to examination are 2014 through 2017. The Plan trustees believe that there are no tax exposures.

NOTE 6 - Risks and Uncertainties

The Plan participants invest in various investment securities. These investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - Evaluation of Subsequent Events

Management has evaluated subsequent events through October 8, 2019, the date which the financial statements were available to be issued and no material subsequent events have occurred that are required to be recognized or disclosed in the financial statements.
