NOTE A – PLAN DESCRIPTION

The following description of the Tool Flo 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

GENERAL
The Plan is a defined contribution 401(k) plan sponsored by Tool Flo Manufacturing, Inc (the "Company" and "Employer"). with a plan year end of December 31st. The original Plan became effective September 1, 1997 and was most recently amended April 1, 2016. The provisions of the Plan are included in the official Plan document, which legally governs the operations of the Plan and is available for more detailed information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers all eligible employees of the Company.

ELIGIBILITY
All employees who are age 18 or older and have two months of service may elect to enter the Plan. In general, covered employees may enter the Plan on the first day of the month coinciding with or next following the date on which they satisfy the eligibility requirements.

PARTICIPANT AND COMPANY CONTRIBUTIONS
Each year, participants may elect to contribute between 1% and 50% of their eligible compensation to the Plan in pre-tax contributions, up to the maximum allowed under the Internal Revenue Code ("IRC"). After-tax Roth contributions are not permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also rollover funds from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for a discretionary Company match to all eligible participants. Participants are eligible for the match as soon as they enter the Plan. The discretionary Company match contribution for the years ended December 31, 2018 and 2017 were $142,486 and $133,616, respectively. The Plan also provides for a discretionary non-elective Company contribution. There were no non-elective contributions during 2018 or 2017. All Company contributions are invested as directed by the participant.

PARTICIPANT ACCOUNTS
Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, and (b) Plan earnings or losses and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING
Participants are immediately vested in their elective (voluntary) contributions and income or loss thereon. Vesting in Company contributions is based on years of continuous service. Participants are on a six year vesting schedule as follows:

Years of Service	Vesting %
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE A – PLAN DESCRIPTION – Cont.

NOTES RECEIVABLE FROM PARTICIPANTS
The Plan provides that participants can borrow funds of at least $500 up to a maximum equal to 50 percent of their vested account balance or $50,000. The loan is secured by the balance in the participant's account and bears a reasonable rate of interest (determined at the time the loan is made). The term of the loan cannot exceed five years, except if the loan proceeds are used to finance the purchase of a primary residence, in which case the loan term may not exceed thirty years. Principal and interest is paid ratably through payroll deductions.

BENEFIT PAYMENTS
Distributions of benefits are as defined in the Plan document. Generally, on termination of service, a participant or their beneficiary may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or roll over the vested balance into another qualified plan. Participants may also receive a lump sum amount upon demonstration of a financial hardship. In-service withdrawals once a participant reaches the age of 59 ½ are also permitted.

FORFEITED ACCOUNTS
Non-vested portions of participant accounts, if any, are forfeited upon termination of employment. Forfeited accounts may be used to pay expenses under the Plan, or to reduce employer contributions at the discretion of the Company. $3,170 was used in 2018 to reduce reduce employer contributions permitted under the Plan. The ending balance in the forfeiture account as of December 31, 2018 and 2017 was $13 and $1,790, respectively.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING
The financial statements of the Plan are prepared on the accrual basis of accounting.

INVESTMENT VALUATION AND INCOME RECOGNITION
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

USE OF ESTIMATES
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES RECEIVABLE FROM PARTICIPANTS
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

PAYMENT OF BENEFITS
Benefit payments to participants are recorded when paid.

NOTE B – SUMMARY OF ACCOUNTING POLICIES – Cont.

EXCESS CONTRIBUTIONS PAYABLE
Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the applicable participants before March 15, 2019.

OPERATING EXPENSES
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of the fair value of investments.

DATE OF MANAGEMENT REVIEW
Subsequent events were evaluated through October 4, 2019, which is the date the financial statements were available to be issued. Management is not required to and has not evaluated events or transactions that occurred after October 4, 2019.

NOTE C – UNAUDITED INVESTMENT INFORMATION CERTIFIED BY CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor Rules and Regulations and disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the custodian, Reliance Trust Company and was not subjected to any auditing procedures performed by the independent public accountants.

a. All investments shown in the accompanying statements of net assets available for benefits.
b. Net Investment income from the investments, as shown in the accompanying statement of changes in net assets available for benefits, including dividends and interest income and net realized and unrealized appreciation (depreciation) in the fair value of assets.

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation method include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset and liability; and • inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE D – FAIR VALUE MEASUREMENTS – Cont.

	If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement of the assets and liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no transfers between levels in 2018 or 2017.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

***Mutual* Funds:** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

***Common/Collective Trusts*:** Valued at the NAV of the units in the Goldman Sachs SV Collection Trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trusts, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 3,236,845	$ -	$ -	$ 3,236,845
Total Assets in the Fair Value Hierarchy	3,236,845	-	-	3,236,845
Other Investments Measured at Net Asset Value (a)	-	-	-	719,409
Investments at Fair Value	$ 3,236,845	$ -	$ -	$ 3,956,254

NOTE D – FAIR VALUE MEASUREMENTS – Cont.

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 3,480,344	$ -	$ -	$ 3,480,344
Total Assets in the Fair Value Hierarchy	3,480,344	-	-	3,480,344
Other Investments Measured at Net Asset Value (a)	-	-	-	389,697
Investments at Fair Value	$ 3,480,344	$ -	$ -	$ 3,870,041

(a) In accordance with Subtopic 820-10 certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2018 and 2017, respectively. There are no participant redemption restrictions for these investments, the redemption notice period is applicable only to the Plan.

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust Funds	$ 719,409	Not Applicable	Daily	30 Days

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust Funds	$ 389,697	Not Applicable	Daily	30 Days

NOTE E – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are shares in a Common Collective Trust (Goldman Sachs SV Collection Trust) and various mutual funds, which are all sponsored by the custodian, Reliance Trust Company and therefore, these transactions, as well as the notes receivable from participants, qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in the net appreciation in fair value of investments and are paid through revenue sharing, rather than a direct payout. Loan fees paid out of participant accounts to the record-keeper also qualify as a party in interest transactions.

Certain administrative expenses for legal, accounting and other services are rendered by parties in interest and are paid by the Company. The Company provides certain accounting and administrative services to the Plan for which it receives no compensation.

NOTE F – TAX STATUS

The Plan, which is a prototype plan sponsored by ADP, LLC. has received a favorable opinion letter from the IRS dated July 8, 2014 stating that the Plan document is designed in accordance with Section 401 of the Internal Revenue Code (IRC) and, therefore, the underlying trust is not subject to tax under IRC 501(a). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. As such, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE G – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts including employer contributions.
