NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

NOTE 1 – PLAN DESCRIPTION

The following brief description of the SIMONA America, Inc. 401(k) Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering substantially all full-time employees of SIMONA America, Inc. (the “Company” or “Plan Sponsor”) who have completed one year of service and attained the age of twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Effective September 26, 2018 the Plan was amended to reduce the participation age requirement to eighteen years of age. Effective January 3, 2019 the Plan was amended to reduce the years of service needed to participate in the plan to six months.

During 2018, the Plan Sponsor acquired Premier Material Concepts, LLC (“PMC”). In June 2019, assets from the PMC qualified plan in the amount of \$2,410,898 were transferred into the Plan.

Contributions

Each year, participants may contribute up to 92% of annual compensation, as defined by the Plan document, up to the maximum limits of the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participant contributions to the Plan are recorded in the period that payroll deductions are made from participants.

The Company makes a matching contribution equal to 100% of the first 4% of compensation that a participant contributes to the Plan. A discretionary profit-sharing contribution may also be made by the Company. Contributions are determined annually by the Company’s board of directors and are based upon profitability.

Rollovers

Participants may transfer eligible cash distributions from any other employer sponsored qualified plan under Section 401(a) or 403(a) of the IRC into the Plan by a direct transfer from such other plan. Additionally, the Plan will accept a participant rollover contribution of the portion of a distribution from an Individual Retirement Account or Annuity under Section 408(a) or 408(b) that is eligible to be rolled over and would otherwise be includable in gross income.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon and for employer matching contributions. Participants become 100% vested in profit sharing contributions after three years of credited service.

SIMONA AMERICA, INC. 401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

As of December 31, 2018 and 2017, there were \$2,653 and \$1,245 of forfeited non-vested accounts, respectively. Forfeitures totaling \$2,620 were used to reduce Company matching contributions or pay Plan expenses during the year ended December 31, 2018.

Participant Accounts

Each participant account is credited with the participant's contribution and allocations of (a) the Company's matching and profit-sharing contributions and (b) the Plan's earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants may elect their allocation percentage among investment options with varying degree of risk. Participants may change their investment directive at any time during the year.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 95% of one-half the vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions. Terms range from one to five years or greater for the purchase of a primary residence.

Notes are in default when payments are not made by the end of the calendar quarter following the quarter in which the payment was due, if there is still an outstanding balance on the note's maturity date, or employment with the Plan Sponsor is terminated, and the full amount of the loan balance is not repaid by the last day of the calendar quarter in which the termination occurred. In the event of default, the entire outstanding note balance, consisting of the missed payments, remaining principal, and all accrued but unpaid interest, will be reported to the Internal Revenue Service ("IRS") as taxable income. If a note has not been fully repaid by the end of its term, the outstanding balance will be treated as a deemed distribution and will be reported to the IRS as taxable income.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested account balance. In addition, the Plan allows for hardship and in-service distributions if certain criteria are met.

Administrative Expenses

Trustee fees may be paid from the assets of the Plan or by the Company, at its discretion. Other administrative expenses, such as legal and professional fees, are paid by the Company.

Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may vary from those estimates.

Fair Value of Financial Instruments

Fair value estimates are made at a specific point in time based on relevant market information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

Investment Valuation and Income Recognition

The Plan's investments are participant-directed accounts that are held by the trustee. The Plan's investments in mutual funds are stated at fair value at December 31, 2018 and 2017. The Plan's investment in a fully benefit-responsive investment contract is stated at contract value at December 31, 2018 and 2017.

The Plan is in a benefit-responsive group annuity contract with MetLife. MetLife maintains the Plan's investment in their general accounts and is contractually required to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the group annuity contract held by the Plan is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by the manager of the Fund, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain employer-initiated events (e.g., divestitures, corporate relocations, layoffs, retirement incentive programs, partial or total plan terminations) are not eligible for book value disbursements even from fully benefit-responsive contracts. These events may cause liquidation of all or a portion of the group annuity contract at a market value adjustment.

SIMONA AMERICA, INC. 401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

Investment income consists of dividend and interest income. The net appreciation (depreciation) of investments consists of realized gains or losses and the unrealized appreciation (depreciation) on those investments. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Realized gains and losses from security transactions are reported based on historical cost.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded upon distribution.

Income Taxes

The Income Taxes Topic of the Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017 and for the year ended December 31, 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

New Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, "Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement," which is part of the FASB disclosure framework project to improve the effectiveness of disclosures in the notes to the financial statements. The amendments in the new guidance remove, modify and add certain disclosure requirements related to fair value measurements covered in Topic 820, "Fair Value Measurement." The new standard is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted for either the entire standard or only the requirements that modify or eliminate the disclosure requirements, with certain requirements applied prospectively, and all other requirements applied retrospectively to all periods presented. Management is currently evaluating the effect that the provisions of ASU 2018-13 will have on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2019, the date the financial statements were available to be issued.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements, which was prepared by the trustee, as of December 31, 2018 and 2017, and for the year ended December 31, 2018, and furnished to the Plan Sponsor. The Plan Sponsor has obtained certifications from the trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that such information is complete and accurate.

Interest and dividends	\$ 354,224	N/A
Net depreciation in the fair value of mutual funds	\$ (707,191)	N/A

NOTE 4 – INVESTMENTS

Fair value is a market-based measurement that is determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, the Plan uses a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1: Observable inputs such as quoted prices in active markets;
- Level 2: Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3: Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. Valuation methodologies used for assets and liabilities measured at fair value are as follows:

- Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methods used to value investments.

NOTE 5 – TAX STATUS

The Plan is operating under a prototype non-standardized profit-sharing plan with cash or deferral arrangement which received an opinion letter dated April 10, 2014 from the IRS indicating this plan was an acceptable plan under Section 401 of the IRC for use by employers for the benefit of their employees. An employer who adopts this plan will be considered to have a plan qualified under Code section 401(a), provided all the terms of the plan are followed and the eligibility requirements and contribution or benefit provisions are not more favorable to officers, owners, or highly compensated employees than for other employees. Although the Plan has been amended, the Plan Sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are held by Mid Atlantic Trust Company and administered by Paychex. Fees incurred by the Plan for investment manager services are included in net appreciation in the fair value of mutual funds, as they are paid through revenue sharing, rather than a direct payment.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

NOTE 1 – PLAN DESCRIPTION

The following brief description of the SIMONA America, Inc. 401(k) Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering substantially all full-time employees of SIMONA America, Inc. (the “Company” or “Plan Sponsor”) who have completed one year of service and attained the age of twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Effective September 26, 2018 the Plan was amended to reduce the participation age requirement to eighteen years of age. Effective January 3, 2019 the Plan was amended to reduce the years of service needed to participate in the plan to six months.

During 2018, the Plan Sponsor acquired Premier Material Concepts, LLC (“PMC”). In June 2019, assets from the PMC qualified plan in the amount of \$2,410,898 were transferred into the Plan.

Contributions

Each year, participants may contribute up to 92% of annual compensation, as defined by the Plan document, up to the maximum limits of the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participant contributions to the Plan are recorded in the period that payroll deductions are made from participants.

The Company makes a matching contribution equal to 100% of the first 4% of compensation that a participant contributes to the Plan. A discretionary profit-sharing contribution may also be made by the Company. Contributions are determined annually by the Company’s board of directors and are based upon profitability.

Rollovers

Participants may transfer eligible cash distributions from any other employer sponsored qualified plan under Section 401(a) or 403(a) of the IRC into the Plan by a direct transfer from such other plan. Additionally, the Plan will accept a participant rollover contribution of the portion of a distribution from an Individual Retirement Account or Annuity under Section 408(a) or 408(b) that is eligible to be rolled over and would otherwise be includable in gross income.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon and for employer matching contributions. Participants become 100% vested in profit sharing contributions after three years of credited service.

SIMONA AMERICA, INC. 401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

Forfeited Accounts

Forfeitures attributable to Company profit sharing contributions are used to reduce the Company matching contributions or profit-sharing contributions or to pay Plan expenses. As of December 31, 2018 and 2017, there were \$2,653 and \$1,245 of forfeited non-vested accounts, respectively. Forfeitures totaling \$2,620 were used to reduce Company matching contributions or pay Plan expenses during the year ended December 31, 2018.

Participant Accounts

Each participant account is credited with the participant's contribution and allocations of (a) the Company's matching and profit-sharing contributions and (b) the Plan's earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants may elect their allocation percentage among investment options with varying degree of risk. Participants may change their investment directive at any time during the year.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 95% of one-half the vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions. Terms range from one to five years or greater for the purchase of a primary residence.

Notes are in default when payments are not made by the end of the calendar quarter following the quarter in which the payment was due, if there is still an outstanding balance on the note's maturity date, or employment with the Plan Sponsor is terminated, and the full amount of the loan balance is not repaid by the last day of the calendar quarter in which the termination occurred. In the event of default, the entire outstanding note balance, consisting of the missed payments, remaining principal, and all accrued but unpaid interest, will be reported to the Internal Revenue Service ("IRS") as taxable income. If a note has not been fully repaid by the end of its term, the outstanding balance will be treated as a deemed distribution and will be reported to the IRS as taxable income.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested account balance. In addition, the Plan allows for hardship and in-service distributions if certain criteria are met.

Administrative Expenses

Trustee fees may be paid from the assets of the Plan or by the Company, at its discretion. Other administrative expenses, such as legal and professional fees, are paid by the Company.

SIMONA AMERICA, INC. 401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may vary from those estimates.

Fair Value of Financial Instruments

Fair value estimates are made at a specific point in time based on relevant market information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

Investment Valuation and Income Recognition

The Plan's investments are participant-directed accounts that are held by the trustee. The Plan's investments in mutual funds are stated at fair value at December 31, 2018 and 2017. The Plan's investment in a fully benefit-responsive investment contract is stated at contract value at December 31, 2018 and 2017.

The Plan is in a benefit-responsive group annuity contract with MetLife. MetLife maintains the Plan's investment in their general accounts and is contractually required to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the group annuity contract held by the Plan is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by the manager of the Fund, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain employer-initiated events (e.g., divestitures, corporate relocations, layoffs, retirement incentive programs, partial or total plan terminations) are not eligible for book value disbursements even from fully benefit-responsive contracts. These events may cause liquidation of all or a portion of the group annuity contract at a market value adjustment.

SIMONA AMERICA, INC. 401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

Investment income consists of dividend and interest income. The net appreciation (depreciation) of investments consists of realized gains or losses and the unrealized appreciation (depreciation) on those investments. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Realized gains and losses from security transactions are reported based on historical cost.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded upon distribution.

Income Taxes

The Income Taxes Topic of the Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017 and for the year ended December 31, 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

New Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, "Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement," which is part of the FASB disclosure framework project to improve the effectiveness of disclosures in the notes to the financial statements. The amendments in the new guidance remove, modify and add certain disclosure requirements related to fair value measurements covered in Topic 820, "Fair Value Measurement." The new standard is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted for either the entire standard or only the requirements that modify or eliminate the disclosure requirements, with certain requirements applied prospectively, and all other requirements applied retrospectively to all periods presented. Management is currently evaluating the effect that the provisions of ASU 2018-13 will have on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2019, the date the financial statements were available to be issued.

The Plan Sponsor has obtained certifications from the trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that such information is complete and accurate.

NOTE 4 – INVESTMENTS

Fair value is a market-based measurement that is determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, the Plan uses a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1: Observable inputs such as quoted prices in active markets;
- Level 2: Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3: Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. Valuation methodologies used for assets and liabilities measured at fair value are as follows:

- Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methods used to value investments.

NOTE 5 – TAX STATUS

The Plan is operating under a prototype non-standardized profit-sharing plan with cash or deferral arrangement which received an opinion letter dated April 10, 2014 from the IRS indicating this plan was an acceptable plan under Section 401 of the IRC for use by employers for the benefit of their employees. An employer who adopts this plan will be considered to have a plan qualified under Code section 401(a), provided all the terms of the plan are followed and the eligibility requirements and contribution or benefit provisions are not more favorable to officers, owners, or highly compensated employees than for other employees. Although the Plan has been amended, the Plan Sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are held by Mid Atlantic Trust Company and administered by Paychex. Fees incurred by the Plan for investment manager services are included in net appreciation in the fair value of mutual funds, as they are paid through revenue sharing, rather than a direct payment.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.
